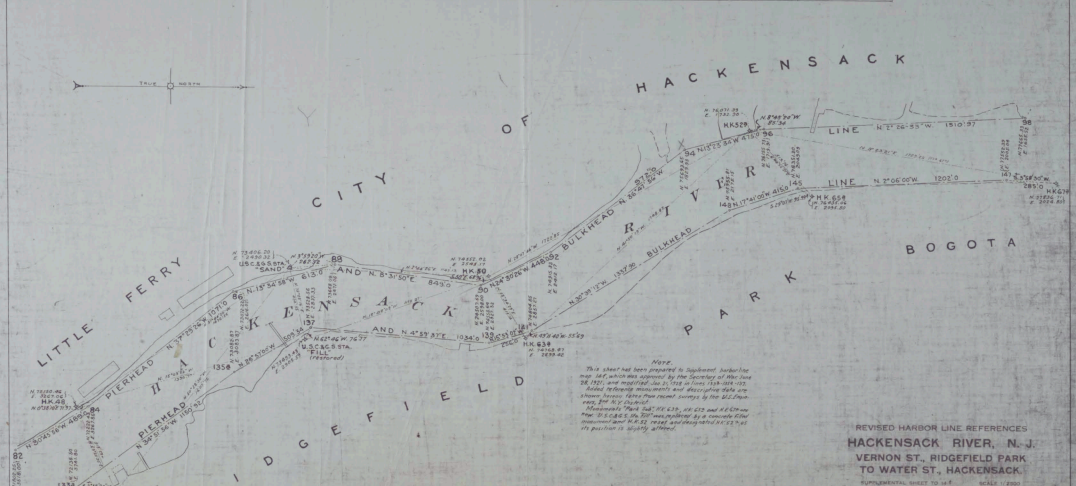
WAR DEPARTMENT.

CORPS OF ENGINEERS, U.S. ARMY.



NOTE.

This sheet has been prepared to supplement harbor line map No. 8 which was approved by the Secretary of War June 28, 1921, and modified Jan. 21, 1928 as lines 159-164-165. Added hydrographic measurements and descriptive data are based on the most recent surveys by the U.S. Engineers, 1927 to 1929.

Monumental "Park Sub" (U.S.C.&G.S. Sta. 1927) and U.S.C.&G.S. Sta. "Fill" was replaced by a concrete filled monument June 8, 1928 and designated H.K. 63 as its position is slightly altered.
