Decisions

- Upgrade to release 4.0 scheduled for next week. Isaiah will inform the user community.
- IMLS grant for NJVid will be submitted. Grant is a partnership among William Paterson University (WPU), NJEdge.net and Rutgers. WPU and NJEdge.net will manage the effort with WPU building the user interface. Management software, WMS and the Search Interface will be contributed by Rutgers.
- Initial dialogue has occurred with Northwestern University, Penn State University and Princeton University regarding a partnership around WMS. A meeting will be set up where these three institutions will send representatives to Rutgers for a WMS overview and tutorial. The target date for the meeting is early April.
- An RUCore demonstration will be presented at the open forum following the faculty meeting on March 2. Included will be a demonstration of the dynamic search portal, and a development version of the faculty deposit module.

To-Do
