GENERAL HEADQUARTERS

DETROIT, MICH.,

Febr. 24th 17.

Joseph Yannarelli,  
Org. textile workers  
paterson N. J.

Dear fellow worker:

Your favor reporting varies activity and sending receipt for \$50,00 send you from this office to hand.

I have send to John C. Butterworth reas. of N. A. Comm. of Textile workers \$ 40,00 on account of money due on per capita. voted by Conference, and asked him to pay you.

I should think that you will have to hand him a bill for money due you since you started to work under direction of the committee, older indebtedness should be settled by itself. from present Membership amount will average about \$ 35,00 a month, so its evident the committee must secure income otherwise to be able to meet its expences. What ever you can do to help along in this respect you should do.

I know full well, that organizers work, at this time brings small returns, and then to make it still harder it is not paid on time. To change this all must cooperate, and when plans are made, all should know were the money is to come from, and if none is insight, then we must act accordingly.

If our work shall be carried on successfully we must in addition to proper education also learn to produce the cash, to pay for it. If we did not know this we have to learn it. false modesty should not stand in the way. I hope Fellow Worker Yannarelli, you will be wide awake to help solve this task.

Glad to know you will be in Easton, for the Ball. Sorry to learn Comrade Katz is sick, I hope it is not serious, if you learn more let me know. How is Local 41 getting on.? If some of these fake Unions disappear, our movement ought profit accordingly. I have send a bundle I U. News to Rubenstein but shall send a bundle to your address. Let me know how it should be addressed.

I hope Bakers in Passaic, will let use of Label alone, it will do them little good, Price will be to high, I will write them so.

Yours with best wishes,

*H. Richter*
