Christmas Greetings

HERE'S HOW TO GET RID OF THAT 'TIRED' FEELING

By STEVE ELLINGSON

"All right, so you come home at night tired from lifting 100 pound sack of flour all day, or keeping figures in the accounting office, or sewing shoes in the shoe factory, or grinding paint in a paint mill. At least you got nothing to worry about until the next day. You can leave your work at the plant," says Cleo. And Cleo should know, she's the smartest dog in the country.

She goes on, "I like the entertainment business. Working on NBC's, The People's Choice show is a real pleasure, even the rehearsals are fun. Jackie Cooper and all the others are easy to get along with. The thing that drives me crazy is putting the pup, my little nephew, to bed nights."

"If that mischievous pup doesn't behave, I'm afraid I shall go to the mans, and anybody knows, that's worse than going to the dogs. With me, this pup has gotten to be a 24 hour problem. I can't sleep nights for worry and we actresses must look fresh for the cameras each morning. Oh my! what shall I do?" Cleo sighed, in dog talk, of course.

Well—here was a lady in distress, as you can see from the picture. What Cleo needed was a real comfortable bed so she could get her rest. We designed the one pictured and she dearly loves it.

This is a dog bed that anyone can build with the full size pattern. It may be made large or small to accomodate a dog of any size. It also may be built for cats. The pad, which you may either purchase or make yourself, is supported by ropes woven between the sides.

All you need do is trace the full size pattern on wood, then saw out the parts and finally put them together. The pattern gives all the particulars that you will need.

To obtain the full size dog or cat bed pattern No. 170 send 50c in coin to Steve Ellingson, The Chronicle, Van Nuys, Calif. Patterns for Christmas:

SILENT NIGHT

Silent night, Holy night!
All is calm, all is bright
'Round yon Virgin Mother and Child,
Holy infant so tender and mild;
Sleep in heavenly peace,
Sleep in heavenly peace.

Silent night, Holy night!
Shepherds quake at the sight!
Glories stream from heaven afar,
Heav'nly hosts sing Alleluia;
Christ the Saviour is born,
Christ the Saviour is born!

Silent night, Holy night!
Son of God, love's pure light,
Radiant beams from Thy holy face,
With the dawn of redeeming
grace,
Jesus, Lord, at Thy birth,
Jesus, Lord, at Thy birth.

AWAY IN A MANGER

Away in a manger, no crib for a bed,
The little Lord Jesus laid down His
sweet head;
The stars in the sky, looking down
where He lay,
The little Lord Jesus, asleep on the
hay.

The cattle are lowing, the poor Baby
wakes,
But little Lord Jesus, no crying he
makes;
I love Thee, Lord Jesus! look down
from the sky,
And stay by my cradle till morn-
ing is nigh.

Be near me, Lord Jesus, I ask Thee to
stay
Close by me for ever and love me,
I pray;
Bless all the dear children in Thy
tender care,
And take us to heaven, to live with
Thee, there.

O COME, ALL YE FAITHFUL

O come, all ye faithful,
Joyful and triumphant,
O come ye, O come ye to Bethlehem;
Come and behold Him,
Born the King of angels.

CHORUS:

O come, let us adore Him,
O come let us adore Him,
O come, let us adore Him,
Christ the Lord.

God of God, Light of Light,
Lo! He abhors not the Virgin's
womb;
Very God, Begotten, not created.

Chorus

Sing, choirs of angels,
Sing in exultation,
Sing, all ye citizens of heav'n above;
Glory to God in the Highest.

Chorus

O LITTLE TOWN OF BETHLEHEM

O little town of Bethlehem,
How still we se thee lie!
Above thy deep and dreamless sleep
The silent stars go by;
Yet in thy dark street shineth
The everlasting light;
The hopes and fears of all the years
Are met in thee tonight.

For Christ is born of Mary,
And gathered all above,
While mortals sleep, the angels keep
Their watch of wond'ring love.
O morning stars, together
Proclaim the holy birth,
And praises sing to God our King,
And peace to men on earth.

JOY TO THE WORLD

Joy to the world! the Lord is come:
Let earth receive her King;
Let every heart prepare Him room,
And heaven and nature sing,
And heaven and nature sing,
And heaven, and heaven and
nature sing.

Joy to the world! the Saviour reigns:
Let men their songs employ;
While fields and floods, rocks, hills
and plains,
Repeat the sounding joy,
Repeat the sounding joy,
Repeat, repeat the sounding joy.

No more let sin and sorrow grow,
Nor thorns infest the ground;
He comes to make His blessings flow
Far as the curse is found,
Far as the curse is found,
Far as, far as the curse is found.

THE FIRST NOEL

The first Noel the angel did say
Was to certain poor shepherds in
fields as they lay;
In fields where they lay keeping their
sheep
On a cold winter's night that was
so deep.
Noel, Noel, Noel, Noel,
Born is the King of Israel.

They looked up and saw a Star
Shining in the East, beyond them
far,
And to the earth it gave great light,
And so it continued both day and
night.
Noel, Noel, Noel, Noel,
Born is the King of Israel.

SUBURBAN

Wayne cats and dogs will have to get used to being pursued by a Democrat after all these years.

* * *

Three outfits made us change our minds about moving south this last near-blizzard: The First Aid Squad — out all hours; Home Fuel Oil Co.; and The Burghardt boys over at the Flying Service on Hamburg Turnpike.

* * *

You think you have trouble getting into that size 30 girdle — wait until you see the big squeeze needed to get the Wayne school budget through.

* * *

If Herb Hinchman sells or leases his private "Industrial Park" will he insist on the "no dancing, no gambling" stipulation as he did with local church groups who sought his other property?

* * *

If Dockery sticks to his campaign promises in Pompton, and we think he will, the name "Hickory Dockery" is inevitable!

* * *

Meteoric Rise Department — Dan's Steak House, just a couple of years on the scene, already the mecca of gourmets from Manhattan, the Oranges, Short Hills, etc., and a regular stage stop of the Florida bound from New England.

* * *

Hope there's truth to rumor that the old, almost venerable Clifton department store "Avato's" is going to locate on the Hamburg Turnpike site next to about-to-open "V" Bowl.

* * *

No Yule bedecked structure in the Pompton area is going to come anywhere near the beauty of the Chancel window of the new Lutheran Church on Hamburg Turnpike. Next evening there's snow on the ground take a ride past and see stained glass at its loveliest first fashioned in Chartres, France, some 700 or 800 years ago.

* * *

They are seriously mentioning a "shake-up" in the Totowa Police Department.

* * *

There is very little precise news on the course of the Expressway through Wayne. This we can pass on, however, as a warning to golf addicts: play on the eighth and ninth holes of the Wayne Country Club is going to be mighty hazardous.

* * *

The joint efforts of Democrats and Republicans, aided by independent voters, turned the trick this week in defeating a referendum to change the borough's form of government. The Ben Rabin forces took a "terrific" five-to-one drubbing. More than 50 per cent of the town's eligible voters turned out.

* * *

Vic Birrer, active in the legion and Wayne Township recreation projects, is preparing to get equally active in local political affairs. He has developed quite some formidable backing.

* * *

Wayne Township, according to the mayor, is as big in area as Manhattan Island.

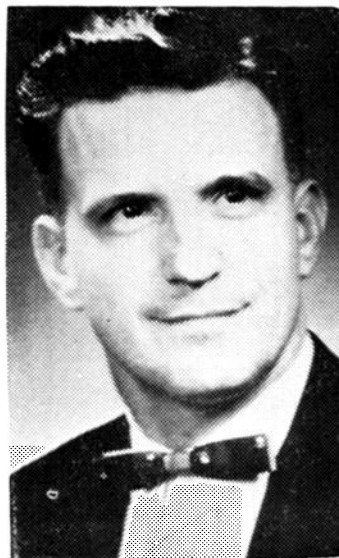

* * *

The move to establish a county vocational school is rapidly gaining momentum in every municipality. It looks like some definite action may be forthcoming soon.

* * *

Though the prospects of a White Christmas appear to be somewhat dim, we wish to extend sincere holiday greetings to all our readers and hope they will continue to read our column whether they agree with viewpoints expressed or not. Merry Christmas.

Christmas

"And the Lord God formed man of the dust of the ground, and breathed into his nostrils the breath of life; and man became a living soul." Genesis 2:7

These are the words from the book of Genesis which tell of the creation of man. Who can say what meaning they hold?

All evidence of human existence disappears a comparatively small way back along the shadowy corridors of time. Man is a rank newcomer among all the multitudinous variety of creatures which inhabit the earth. Despite its apparently late emergence on the scene, the human mind sets man apart from all other life. It holds within its concepts the spiritual center of his being. Its unexplored depths of understanding are the wellspring from which will flow the creative, questing, imaginative ideas that have the power to change the character and face of the world we live in.

That the mind of man could have evolved through some natural process of selection in so short a time seems utterly impossible to many learned students of the subject. Some have called human evolution "explosive" in its rapidity. Perhaps, as some have said, a spiritual force no science can discover created this marvelous mechanism against all the apparent laws of nature. The ability to believe in such a spiritual force is part of the essential nature of all humanity and lends meaning and substance to individual lives, hopes and aspirations.

Once again this Christmas season Christians everywhere will rejoice within their hearts as they commemorate the birth of Him whose teachings of humility, faith, responsibility and love hold the answer to most of the world's problems.

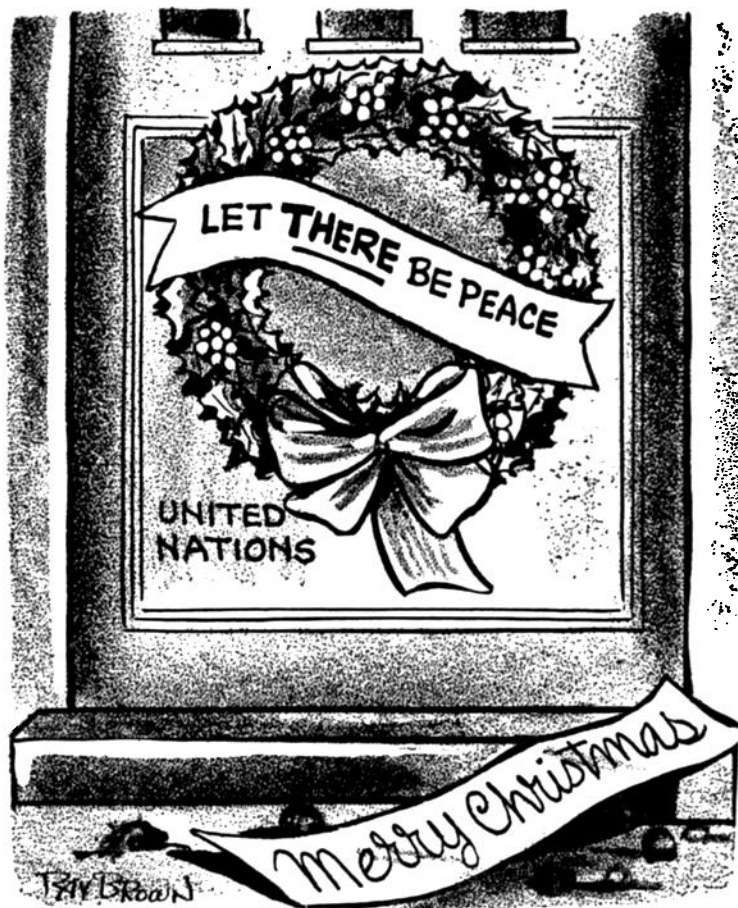

A sublimation of human nature which resulted in fewer actions being motivated by greed, jealousy, and hope of selfish gain would make it mandatory for nations to observe a code of honor in their dealings just as responsible individuals must. It is not too much to believe that the spiritual force that created the marvel of the human mind will show the way to the wisdom and strength necessary to make this a better world—one of peace founded on fair dealing and trust between all peoples.

Christmas Greetings

Christmas In The Home —

The Editor Speaks

VINCENT S. PARRILLO

Christmas is a magical season. There are many traditional customs which warm the heart and bring happy hours. It is a joyous season for the kids and old folks as well.

The trimming of the tree, stringing popcorn, plum pudding and a generally double-rich diet throughout the Christmas celebration; these are among the customs prevalent. But there is one custom that intrigues girls, including my wife, but doesn't make much of an impression on me.

I know kissing is a world-wide custom. Everybody does it and I suppose everybody likes it. But at Christmas time it becomes a real process with mistletoe stuck in every corner of the house to trap me into kissing. Why? Who needs mistletoe?

It seems in the old days, when kissing was more or less by appointment only, a man or woman could demand as many kisses from the one underneath it as there were berries on the sprig. I'll bet the girls were looking for it by the bushel, putting up only the sprigs with most berries. I don't think they count berries any more! At least, I never had the experience. You smooch once and that's it. But I can't see any reason for sticking mistletoe all over the place.

I think if a man or woman wants to be kissed, especially during the holiday season, all you have to do is lean forward. Unless, of course, it's a perfect stranger. Then it's different. I guess you need mistletoe. But I remember once a few years ago at a party I, — well, I better not relate that story. My wife has a habit of reading this column and she might not understand. I guess mistletoe is okay to have around the house. But remember, if you run short, or if there isn't any around, just lean forward a little with you favorite girl. Who needs mistletoe?

Anyway, Merry, Merry Christmas to you all, with or without mistletoe!

Let's Talk

Politics

—by O JAY

The opinions expressed in this column are exclusively those of the writer and do not necessarily reflect the policy and opinion of The Chronicle.

Christmastide finds the politicians imbued with the same fever of expectancy as that of a 10-year old boy, bug eyed, waits for Santa's arrival with his first two-wheeler.

As always, Old St. Nicholas cannot make everyone happy no matter how hard he tries. So you can look forward to a number of disappointed politicoes who will have to swallow the bitter pill and continue to wait.

Thus far, there is no definite information leaking out as to the county's next prosecutor. One thing we can say is that were it not for his age, in all probability, Harry Schoen would have been the organization's choice to replace Charles S. Joelson. However, it may develop that Joelson will remain providing certain concessions are made to the county Democratic leadership.

Unquestionably, the present staff will be re-shuffled. Santa Claus is reportedly considering Martin Verp as the next city attorney, and Marty deserves the consideration . . . Another choice spot is the one held by Harry Zax as counsel to the Paterson Housing Authority. Some Democrat will receive this Christmas gift in August of 1958. That's when Zax's term expires . . . There is talk that Joseph La Cava, GOP counsel to the Plant Management Commission, seeks to hold his spot on the basis of veterans' tenure, but this is a gift to present to a Democrat. Joe will have to take the matter to court . . . If he does . . . it is doubtful whether he can prevail! . . . Republicans and Democrats alike are forecasting a further strengthening of Democratic chances in 1958 . . . both nationally and on a local level! From this corner it would appear that one of the men most likely to succeed will be Joe Abbott.

Frankly, Joe is worthy of much more than he has been shooting for despite several defeats! . . . Another Christmas bonanza will be the naming of a successor to Jack Greene of the City's Welfare Department. Greene leaves his post on January 31, but the assignment could be made any time . . . Watch for a sleeper on this one and don't say we didn't tell you.

The whole county's talking about state-senator elect Anthony J. Grossi's plans to open an up-county office to meet the needs of the "forgotten citizens" of the area . . . Grossi's intentions bespeak a fruitful tenure aimed at benefitting the greatest number as opposed to the "privileged few" . . . It will be a happier Christmas for many people secure in the knowledge that their interests will have a "devotee" in Trenton . . . 'Tis said that Fred Ardis has been proffered the post as mayoralty secretary but would rather remain where he is . . .

Dick Schiffman's package from Santa may be the announcement that he will be named first assistant on the prosecutor's staff . . . Almost a surety is the replacement of Archie Krieger . . . Santa, they say, is looking toward Clifton and Stanley Wolak for the spot. . . ! John Bergin of Passaic will most likely get his Christmas wish and remain on the prosecutor's staff . . . although the County organization was a little miffed when Bergin returned to the staff after having been "knocked off" with the untimely demise of Bernard Stafford . . . Bergin did not consult the leadership when Joelson beckoned.

DISABILITY — Congress is expected to start work on a statute spelling out how the "inability" of a President to continue duties should be determined. President Eisenhower's plan would leave the decision to the Vice President. Some lawmakers feel a Vice President could be accused of either "undue reluctance" or "undue haste" to succeed to the "powers and duties" of the Presidency, and think no man should assume the responsibilities of Chief Executive under such a cloud. Another plan has been worked out by Rep. Kenneth B. Keating of New York. He has offered an intermediate statute providing for an "inability council" drawn from the executive, legislative and judicial divisions of the Government, such council to have power to resolve all questions raised by Presidential disability. The Keating statute may provide an "inability council" consisting of members from the executive and legislative branches only, since some lawmakers think the judiciary should not be a party to its decisions.

Alternative plans may be presented. Lawmakers are aware that the subject is of profound importance, even though the problem involved might arise with extreme infrequency.

DEBT LIMIT — As of the start of this month, the U. S. national debt stood at \$274,411,223,093.95—less than \$589 million under the \$275 billion debt ceiling. A breakthrough of the ceiling was averted by two devices — the Defense Department's decision to stretch out Air Force payments to manufacturers for work in progress, and a decision to have the Federal National Mortgage Association borrow \$750 million from private investors.

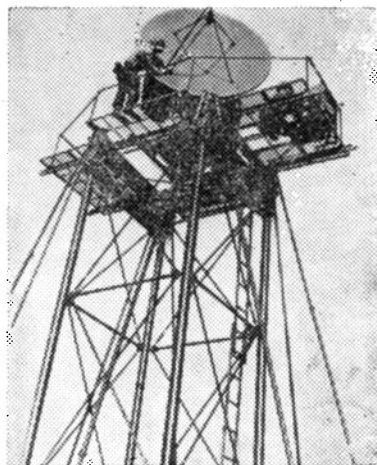

In Congress it is felt that a debt limit is useful for forcing executive economy. The amount has been changed frequently. The first debt limit, in 1938, put the ceiling at \$45 billion. The debt then stood at about \$37 billion. Shortly thereafter came World War II. Congress five times raised the ceiling, once to \$300 billion. It went back to \$275 billion after the war. In recent years Congress has thrice voted temporary one-year increases.

DARING SUPERSTITION THE HARD WAY — Cypress Gardens, Fla. — It's supposed to be unlucky to walk under a ladder, but whether the alleged jinx holds true for skiing is a moot point. Anyway, Nancy Rideout, U.S. Water Ski Jumping Champion, is doing it here for the opening shot of the World Water Ski Tournament at Cypress Gardens.

STORM RADAR — Wash., D.C. — Two Signal Corps soldiers set up a portable storm radar, the Army's new weather eye for spotting significant storms at distances of 200 miles. The 25-foot tower can be set up in a day to allow Army scientists to predict within minutes when a storm will strike any spot within range.

THE SHOWCASE

By D. G.

Andy Griffith and Erin O'Brien, co-starring in "Onionhead", didn't recognize one another on the Warner Bros. lot the other day. Reason being he had a shaven-noggin for a sequence in the comedy-drama, while Erin had her locks covered with a blonde wig for a test scene.

While in Japan for Warner Bros.' "Sayonara", Marlon Brando and Nancy Umeki took time out from filming to duet a Japanese song for a local TV show. Miss Umeki, a Japanese songstress who plays Red Buttons' wife in the picture, got her start in American show business on the Arthur Godfrey show.

Walt Disney's next feature cartoon will be "The 101 Dalmatians," story about two dogs that track down an evil woman who kidnaps Dalmatians for fur coats.

Victor McLaglen, now in Italy starring in "The Italians Are Crazy," celebrated his 71st birthday Dec. 10 . . . Audrey Hepburn and Mel Ferrer will take in new Broadway shows before she leaves for the Belgian Congo to film "The Nun's Story" for Warner Bros.

James Whitmore, the destroyer skipper in Alan Ladd's "The Deep Six," will be in New York Christmas for rehearsals on "Winesburg, Ohio," in which he'll co-star with Dorothy McGuire and Leon Ames.

Lovely Kathryn Grayson, known for her beautiful soprano voice, tries a change of pace for her "Playhouse 90" debut. In the Dec. 26 drama, Miss Grayson plays an Indian girl and doesn't sing a note! The play, a thrilling western titled "Lone Woman", co-stars Scott Brady, Vincent Price, Raymond Burr and Jack Lord.

* A Wonderful Christmas
* TO ALL OUR READERS *

Happiness is not so much in having or sharing. We make a living by what we get, but we make a life by what we give.

A sailor who had been a farm boy in civilian life was interviewed on a quiz show. "Do you expect to go back to the farm?" asked the M.C. "Oh, no," answered the sailor. "After all those knots I learned to tie in the Navy I wouldn't dare to milk a cow."

Jan Murray tells about the American visitor in a Bulgarian restaurant who complained to the waiter that his soup tasted like a rubber tire. "That's Communist progress," the waiter beamed. "After only one generation, we've replaced the horse with the automobile."

Label on the notebook of a high school student: "Closed on Sundays and Holidays."

"How about giving me one, to get rid of me?"

This Bowling World

By JOE RICHARDSEN

In the World Bowling Tourney at Chicago viewed over Channel Four by millions of bowling fans, the two top performers in the tournament, were 31 year old Don Carter, of St. Louis, and Mrs. Marion Ladewig, a 43 year old Grandma, from Grand Rapids, Michigan.

Don averaged 213 for 64 games, to beat his St. Louis teammate, Tom Hennessey, by a 2.28 Peterson points margin.

The only bowler from the Garden State, Lou Campi, finished high in the standings, placing fifth, with a 16.22 Peterson points total.

Carter, by copping the title, continues as the top male kegler. His next stop will be the National Bowling Proprietors Match games championships in Minneapolis, Minnesota, starting January 10, 1958.

In the Women's division, the lovely Grandma, Mrs. Ladewig, topped the field. She outdistanced 29 year Phyllis Grant, of Brant, New York, by a 10:38 Peterson point spread.

In the men's field, Carter had 313:36 followed by Hennessey's 311:08, while Ed Lubanski, ex-minor league baseball pitcher, wound up in third spot with a total of 304.35.

This Week In **AMERICAN HISTORY**

BY WILLIAM BRODIE

MACHINE AGE BEGINS IN UNITED STATES

The machine age in America can be said to have got its start on December 20, 1790. On that date, in Pawtucket, Rhode Island, a young Englishman started the cotton-spinning machines he had built from memory. His name was Samuel Slater, age 22.

This was the time of great industrial changes. The Industrial Revolution had come to England with important machine inventions, such as the spinning jenny, the water frame, the spinning mule, and the power loom. Moreover, with these, as well as other machines of that time, steam was now used.

These industrial inventions brought changes that deeply affected the life of the people. The home was replaced by the factory for the production of needed goods. The family spinning wheel had to give way to the new factory machinery, just as the hand loom gave way to the power loom. Because these inventions were made and first used in England, the Industrial Revolution got its start and early development there.

The English manufacturers were jealous of their new machines and the increased production that went with them. They wanted to have a monopoly on these machines. So the British Parliament passed strict laws against shipping machines, or models, or even plans of them, out of England. But no law, no matter how strictly enforced, could hinder an able mind and good memory.

Samuel Slater was born in 1768. At the age of 15 he was apprenticed to a partner of Arkwright, one of the English inventors of cotton-spinning machinery. Young Slater was exceptionally capable. He acquired an excellent knowledge of the new manufacturing machinery.

In 1789, at the age of 21, Slater heard that rewards were being offered in America to the builders of cotton-spinning machines. With that inducement he emigrated to America. He could not bring any plans of machines with him but he felt sure that he would be able to use his expert knowledge from memory.

In New York he got in touch with a cotton-spinning firm of Rhode Island. Moses Brown, one of the owners of the firm, wrote to Slater, "If thou canst do this thing I invite thee to come to Rhode Island and have credit of introducing cotton manufacture into America."

Young Slater accepted the offer. Working with his own hands and entirely from memory of what he had learned in England he built his machinery. At Pawtucket, on December 20, 1790, he "started three cards, drawing and roving, together with 72 spindles."

This was the first such machinery to be operated in this country, the solid beginning of the machine age in the United States. To Samuel Slater deservedly went the title of "Father of American manufactures."
