

GEOLOGICAL SURVEY OF NEW JERSEY.

MAP OF ZINC MINES. SUSSEX COUNTY.

Geo. H. Cook, State Geologist

John C. Smock Asst. Geologist

Surveyed & Drawn by

G. M. Hopkins C.E.

1867.

Scale, 8 inches per Mile.

0 10 20 30 40 50 60 70 80 90 100 110 120 130 140 150 160 170 180 190 200 Feet.

Note The figures on the contour lines give the heights, in feet, above mean tide, and the contour lines show where the surface is of that height.
