HISTORY:

The Passaic area Chamber of Commerce had its start in 1885 as the Citizens Improvement Association. This grew and developed into the Passaic Board of Trade in 1895. In 1921, the directors of the Passaic Board of Trade changed the name to the Passaic Chamber of Commerce and incorporated the organization as such in 1926. Continued growth in services and facilities backed by membership support from without the core city led the Board of Directors in 1961 to incorporate and change the organization's name to the Passaic area Chamber of Commerce.

Area Covered: Carlstadt, Clifton, Elmwood Park, East Rutherford, Garfield, Hasbrouck Heights, Lodi, Lyndhurst, Nutley, Passaic, Rutherford, Teterboro, Wallington and Wood-Ridge.

The Passaic area Chember of Commerce members assisted and coordinated by the Officers, Board of Directors, and Staff:

a. Continually analyze the important elements relating to community progress. Some projects are long range and some are short term.

b. The Chambers primary purpose, however, is to exploit to the maximum the economic potential of the community. It must therefore be active in all aspects of the community - such as

1. Living Conditions
2. Education
3. Recreation
4. Spiritual
5. Government
6. Cultural etc.

c. Therefore the Chamber tries to meet these objectives through the various Chamber departments.

1. Area development
2. Government affairs
3. Passaic area manufacturers council
4. Retail affairs
5. Civic development
6. Organizational affairs

There are three types of people in *any city* . . .
1. Those who live off it;
2. Those who live in it; and
3. Those who live for it.

The first type are non-productive - taking all they can get and putting nothing back in.

The second type live in the city not concerned about any of the activities in the city unless of course it affects them individually in some way.

The third type are those who recognize their political, social and economic duties and responsibility with a positive attitude. They are willing to give of their time and energy to make the community a better place to live in. We like to believe that this third group are our Passaic Area Chamber of Commerce members working for the welfare of the Passaic area.

The Passaic area Chamber of Commerce is an independent, non-profit, non-partisan, and non-sectarian organization of business and professional men and women and other citizens who are vitally concerned with the community they serve.

As a voluntary organization, the Chamber of Commerce operates through membership investments of time and money.
