ALTHOUGH THE REPUBLICAN-controlled legislature passed a special bill enabling G.O.P. Mayoralty Candidate William P. Furrey to obtain a leave of absence from his post on the Board of Tax Assessors in order to seek office, the latter has as yet failed to assert his privilege . . . he'll probably wait until November 7 . . . if he's a winner, he'll invoke the bill . . . if not, he'll stay on his tax board job . . . how can a guy go wrong?

SPEAKING OF FURREY REMINDS us that the Republican leadership is concentrating its efforts mainly upon electing its mayoralty candidate and is doing comparatively little as far as the county ticket is concerned . . . which is a tip-off on how the G.O.P. views matters in the approaching election.

WONDER WHAT'S HOLDING up the annual blast of the Republican party against WPA administration in Passaic county? . . . it wouldn't be an election without it, would it?

WHEN THE NOD FOR county clerk was given to Thomas F. Vigorito by Democratic big-wigs, they probably intended it to be a gesture toward representation for Italian-Americans on the ticket . . . however, now that he has injected so much fight and color into the campaign, certain leaders are growing a little skeptical, and even apprehensive . . . they figure that perhaps Italian-Americans have finally secured an entering wedge into the management of the party—something they've been denied for many, many years.

JOSEPH CAPPA, THE other Italian-American representative on the Democratic ticket, looks like one of the bright boys of the party these days . . . his presence on the ticket gives the party some badly-needed new blood . . . Cappa will poll a strong vote, especially in the suburbs, those who are following the campaign tell us.

FROM THE SEVENTH ward comes word that things will start humming soon . . . that section of the city, always a Democratic stronghold, has been rather slow in starting this year . . . especially those who supported Gavin in the Primary election . . . but they're saying the boys are ready to wind up the campaign as it never has been done before.

IF KEARNEY SUPPORTERS in the Ninth Ward don't watch out, Arthur Lauer, Republican candidate for alderman in that district may sneak through to victory . . . a World War Veteran, successful business man and resident of that ward all his life, he is putting up a

Approve Plan To Cut Hotel's Taxes In Half

Approval of a plan to cut taxes on the Alexander Hamilton Hotel property in half was secured by the Bondholders' Protective Committee of the Alexander Hamilton Hotel Corporation from the Board of Finance this morning.

The Hotel Corporation now pays a total of \$41,255 a year in taxes. Under the new plan, its financial structure could be strengthened by dropping the taxes to \$20,000.

However, before taxes can be reduced, the legality of the plan must first be ascertained and permission must be obtained from Walter R. Darby, state commissioner of local government.

Bad Check Case To Grand Jury

Robert Horan of 73 Auburn street was at liberty this week in \$100 bail on a charge of issuing a worthless check in the amount of \$28. He is awaiting the action of the Grand Jury.

The complainant against Horan is Stern, Inc., of Market and Summer streets.

Board Of Finance Fails To Act On Ordinance To Set Up City Housing Authority In Paterson

O'Dea Leads Move To Delay Reading; Mrs. Kerr Produces "Red Herring"

A unanimous vote of the three members of the Board of Finance who attended this morning's meeting resulted in the postponement of action on the passage of an ordinance to create a Housing Authority for the City of Paterson.

It was Commissioner Richard E. O'Dea who suggested that action on the Housing ordinance be deferred until a later date. Commissioner Fred LaBaugh seconded the motion and it was passed unanimously

when Finance Board President Samuel Grobart concurred with his colleagues.

To Act Next Month

As a result, Mayor Bernard L. Stafford will have to wait until November before he can appoint a Housing Authority for the City of Paterson.

Although they voted to delay the reading of the ordinance, none of the commissioners expressed any opposition to a project in Paterson.

O'Dea Comments

"This Board has the responsibility for creating this Housing authority," O'Dea explained

in moving for a postponement of action, "and it seems to me we should be familiar with what properties might be demolished and where a low-cost, slum-disappearance project might be built."

"It is a question to be decided on the point of whether the city needs Housing. The city has no control over the Housing authority, but neither is it liable for its debts," Mayor Stafford remarked.

The Board of Finance then voted to defer its action.

Mrs. Kerr's 2 Cents

Another note was struck by Mrs. Emma Kerr, of the Taxpayers league, who interrupted the meeting to charge that Communists were sponsoring the movement for Housing.

"Why," she exclaimed, "the ones who chiefly fought for housing before Mayor Stafford's fact-finding committee last summer were Communists. Why should Americans pay for a project sponsored by them?"

O'Dea Doesn't Think So

"Housing tends toward government ownership," she persisted, "and that's Communism." "Oh, I can't see it that way," Commissioner O'Dea answered her.

The ordinance will probably be put up for its first reading at the next Board of Finance meeting. If it is approved at that time, it will be given two more readings before it goes into effect and result in the appointment of a Housing Authority in Paterson.

Pre-Marital Blood-Test Law Already Producing Benefits

760 Persons Were Carriers Of Syphilis In 1938 State Report Shows

New Jersey's premarital blood test law, in effect one year, is paying dividends, according to the venereal disease division of the New Jersey Health Department which characterizes it as "a sound procedure in public health."

Figures released by the Health Department show that of a total of 62,764 persons who submitted to blood tests according to the law, 760 were found to be infected with syphilis.

More Than One Percent

This represents slightly more than one percent of the applicants, a figure that is close to the prediction made by health authorities before the law went into effect.

While there was a reduction in the number of marriages in this state immediately after the law went into effect, they returned to normal in the succeeding months.

Equally Divided

Carriers of syphilis were found to be equally distributed between males and females, State Health Director J. Lynn Mahaffey said.

The total number of syphilis cases reported to the department during 1938 was 14,232. This represents 3.22 percent of the state's population.

Conference On Safety To Be Held Here

County Officials To Ponder Solution Of Accident Problems

County Court House Will Be Scene Of Conclave Next Wednesday Night

The County Administration building will be the scene of a Passaic county conference on Safety next Wednesday evening at 8 o'clock. The meeting will be in accord with a state-wide movement under the sponsorship of the Motor Vehicle department, it was announced.

Scheduled to take part in the conference are the mayors, magistrates and chiefs-of-police of all Passaic county municipalities, as well as members of the Board of Freeholders and of the county engineers' staff.

2,755 Accidents

According to a report issued for Passaic county by the Motor Vehicle department, a total of 2,755 accidents occurred in the county during 1938. These are merely those accidents that were reported to the authorities. Of these, 44 resulted in fatal accidents, and a total of 2,001 persons was injured.

Estimates of the economic loss alone are given as \$1,545,675 for the county. This is taken from figures of the National Safety Council. Only 5.6 percent of the drivers involved in accidents here were non-residents of the county.

Pedestrians, it was pointed out, were involved in 736 accidents during 1938.

Problem In Large Cities

The greatest precautions will have to be taken in Paterson and Passaic where the greatest number of accidents occurred. In these cities a marked rise in pedestrian accidents was noted, comprising one-third of all accidents.

Of the total number of fatal pedestrian accidents in the county, 74.2 percent happened in Passaic and Paterson, the report stated.

As a result a serious problem lies ahead of all safety agencies, and it will be the purpose of the conference here on Wednesday to take steps toward its solution.

Miss Delker To Wed J. Grimes

St. Anthony's church in Hawthorne will be the scene of the marriage of Miss Harriet Delker, daughter of Mrs. Harriet Delker of Hawthorne, to James Grimes on Wednesday.

Miss Delker was tendered a shower recently by Miss Marion Lamela. The Elmwood Country Club was the scene of the affair.

Paterson Boy Scouts will make their annual pilgrimage to the grave of Theodore Roosevelt Saturday.

BEEFSTEAK

Dinner Will Be Held By Entree Nouns November 12

The Entree Nouns society will sponsor a beefsteak dinner at its headquarters on Sunday evening, November 12.

In charge of arrangements for the occasion is a committee headed by Wilmer J. Dugan.

Vets To Mark Armistice Day At Military Ball

The Alexander Hamilton Post, Veterans of Foreign Wars, will mark Armistice day at a military ball which will be held at post headquarters, 167 Van Houten street on the eve of that holiday.

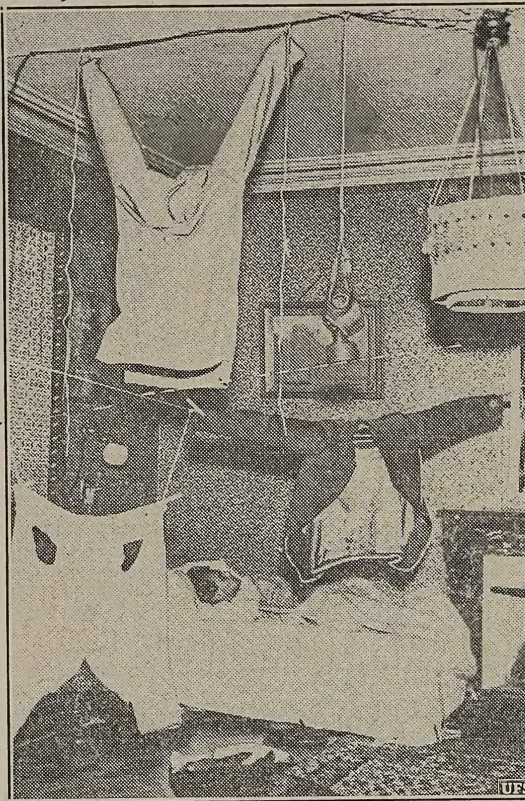

Coincident with this announcement, the post asked local factories and places of business to cooperate in the observance of Armistice Day by closing their premises for the day. It feels that such action should be taken in order to accord full meaning to the campaign for peace in these troubled times.

The next event on the calendar of the post will be a beefsteak dinner which will be held on Saturday, October 28.

CANDIDATE—Calling for a change in the aldermanic post in the Sixth Ward, Samuel M. Le Vine, well-known lower Main street business man, has entered the campaign as the Democratic candidate for that office. Le Vine is well-known as a sponsor of civic and athletic enterprises and is a past president of the Lower Main Street Merchants' Association.

PATERSON IS READY

Opponents of a low-cost housing project in Paterson, and they are the usual run-of-the-mine reactionaries, appear to be gleeful over the announcement that a project of that type in the near future is unlikely because no Federal funds are available for it.

The news of the exhaustion of funds for this purpose is being treated in the daily press as something in the nature of a surprising development. Yet readers of The Messenger will recall that in its issue of July 27, 1939, they were informed that funds were not available for a project in this city.

Mayor Bernard L. Stafford was perfectly aware of this development when he recently set the machinery in motion for the creation of a Paterson Housing Authority.

Mayor Stafford's action is a far-sighted one for it is obvious that the exhaustion of finances is merely a temporary condition and that Federal low-cost housing is here to stay until the nation's economic status reaches such a point of improvement that private enterprise will take up the current slack in low-cost housing construction.

It is hardly likely, in the face of public opinion, that Federal housing will be completely abolished even if there is a change to a Republican national administration in 1940.

There is too much at stake, socially and economically, for a nation to continue to tolerate the existence of slums within its confines. Not only is Federal housing a business stimulus, but it represents a major stride toward the creation of a better social order—and also represents an effective means of putting a halt to the growth of alien "isms" here with their Utopian promises.

What Mayor Stafford, by his action, has done is to tell Federal authorities that when they decide to replenish funds for low-cost housing, Paterson desires to be the first community to receive consideration.

Thanks to his persistence, the machinery will be completely in order long before the opportunity comes. In other words, today, tomorrow or the next day, as far as low-cost housing is concerned, Paterson is ready.

BUSINESS CAN HELP ITSELF

Business men have a vital interest in rehabilitation of the railroads, for wholly selfish reasons, if no other. The railroad industry is a mainstay of the durable goods industries which are the backbone of a stable economy in this country.

According to the Association of American Railroads: "In the eight-year period from 1923 through 1930, for instance, the total purchases by the railroads of materials used in improving plant and equipment amounted to six and three-quarter billion dollars. This is apart from \$11,000,000,000 paid out in the same period for expendable supplies, including everything from coal to paper clips." But from the years 1931 through 1938, plant and equipment spending totaled only \$2,000,000,000 and purchases of expendable supplies but \$5,000,000,000. In other words, total railroad expenditures in the latter period were nearly \$11,000,000,000 less than during the former period.

The loss of this \$11,000,000,000 meant industrial retrenchment, unemployment and reduced payrolls from Maine to California. It adversely affected the cash drawers of every enterprise in the country. It wasn't spent because railroad earnings have been so low that it wasn't there to spend—due largely to subsidized railroad competition, and the existence of chaotic transportation regulation which is inequitable and out of date.

In the past few weeks the railroads have vividly demonstrated their desire to go ahead. In order to make certain that there shall be no failure of transportation in these days

WAR JAM—Deeming the campaign in Poland ended, Germany rushes troops to Western Front where France is attacking. This scene, passed by German censor, shows traffic jam on road somewhere in Germany. Instead of trudging along highway, soldiers at left ride to front in motor cars.

of world crisis, they are putting tremendous quantities of additional equipment into service. They are spending money for this purpose that they have not yet earned, because of their strong realization of their obligation to the industries and people of the nation. But progress of this kind cannot be carried on indefinitely under an unsound transportation policy. It is high time for business men in all fields to think about their own stake in a prosperous railroad industry.

Much to their surprise, everything was going along smoothly until—a former public official who had been, until a relatively short time ago, an idol of that bailiwick, walked into the meeting. Then things started to happen.

Supports Commissioner Sceery In His Fight For Such A Project

Finance Commissioner Richard E. O'Dea this week came to the support of Parks Commissioner Edward Sceery in the latter's campaign for a public swimming pool in Pennington Park.

"I'm thoroughly in accord with Commissioner Sceery's ideas about a swimming pool for our city's underprivileged youngsters," O'Dea declared. I think we should thoroughly investigate the possibility of using Passaic river water and having it filtered through the sand and charcoal system which is inexpensive.

"The main thing to be considered," he emphasized, "seems to be the fact that we are a metropolitan city of 140,000 people and have no place whatever where our people of limited means can conveniently go for a swim in hot weather.

"A swimming pool in Paterson during the weather of last July and August would have been a God-send to thousands," O'Dea concluded.

As We Like It

(Continued from Page 4) attending the meeting."

Everything went black for the speaker at this point . . . when he recovered his composure, he found himself doused with the brew, and the boys who had spat it at him leaving the place, saying over their shoulders: "It's lousy beer!"

Those rumors of a reconciliation between the Hennesseys and the Devlins in Passaic are a little premature, it seems . . . the boys still aren't talking to each other, and City Leader Hennessey isn't recognizing any ward leaders in that town.

—by "YANK"

They're talking basketball already, so perhaps it might not be a bad idea for us to join the conversation.

Most of it concerns the new rules adopted by the American Basketball League this season. Not that there's anything radically changed, except for the fact that the boys will be playing one-hand dribble instead of the two-handed game.

Some observers we were listening to were of the opinion that the change in rules would ease the old-time stars like Al Kellett, and the other knock 'em down-and-break-their-bones type out of the game, but that isn't our opinion.

We doubt if the adoption of one-hand dribble rules will speed the pro game up materially. We've been watching the Boosters for a long time now, and from all appearances, the two-hand dribble boys did all right in their showing here, and will continue to do so in the big time.

How will that affect Paterson's "Fishy" Rabinowitz? There are several interesting theories regarding that. There are a group of players and coaches who insist that "Fishy" will not be able to get away with as many tricks as he used to and that his effectiveness will be impaired.

Here, again, it is appropriate to point out that "Fishy" has always been playing the one-hand dribble game with the Boosters and found it to his liking, as the box-scores show.

Of course, he hasn't scored as highly in Booster games as in American League games, but you can blame that on the fact that the Paterson court is a rather small one, and a little fellow like the "Fish" can get all tangled up in legs and arms here.

The "Fish" incidentally seems to be doing a lot of traveling lately. He doesn't seem to be able to stick to one club, having been traded from Kingston to Jersey City and now to Philadelphia in the short space of two years. But he always manages to land where they'll pay his price.

Suburban 11's Busy Saturday

Suburban high school football teams will be busy in this area Saturday.

Butler's undefeated eleven, fresh from a 54 to 0 victory over Hawthorne, meets Boonton at Boonton, Bogota plays at Ramsey and Tenafly meets Ridgewood at the latter's field.

EDUCATED TOE—Here's Al Sadusky, the Panthers' stellar tackle who booted three field goals in as many tries for the Cats in their game with the Union City Rams last Sunday. Sadusky, a former Western-Maryland University star, stands 6 feet 4 inches in his socks and weighs 230 pounds. This is his second season with the locals.

Bears Present Major Threat To Panthers' Streak Sunday

Southern Division Leaders To Invade Hinchliffe Stadium For Loop Game

The Paterson Panthers, riding on the crest of a comfortable lead in the Northern Division of the American Professional Football Association, will encounter one of their most severe tests of the season at Hinchliffe stadium Sunday afternoon where they will meet the powerful Newark Bears, leaders of the Southern division of the circuit.

STREAK ENDS

The Paterson Panthers' latest winning streak came to an end at Wilmington, Del., last night when the locals dropped a 9 to 7 decision to the Clippers in a night contest. The Clippers scored all their points in the third period and managed to stave off a last period rally by the Panthers which saw Simmons cross the goal line after taking a pass from Warwick.

The Bears are a farm club of the National League Chicago Bears and have a star-studded lineup which has registered victories over Wilmington and Jersey City. Wearing their colors are such outstanding pigskin toters as Rudy Choborda, Charlie Eilers, stellar forward pass combination which upset the Jersey City Giants last Sunday by a 6 to 5 score.

The out-of-town delegates of the Passaic County Scholastic League, Passaic and Clifton, will both see action Saturday against non-league opponents. Passaic will travel to Jersey City to meet Dickinson and is favored to come home with a triumph to salve some of the wounds the Indians received when they dropped a 12 to 6 verdict to Garfield last Saturday.

Clifton meets Lyndhurst at the latter's field and hopes are not too bright for the Mustangs who are still seeking their first victory.

The Panthers, going great guns lately, are all set for this major invasion and have found a new offensive weapon in husky Al Sadusky, whose educated toe booted three perfect field goals in Sunday's triumph at the expense of the Union City Rams by a 16 to 10 score.

Because of the shortened hours of daylight, Sunday's game will start promptly at 2 o'clock, the Panther management announced.

Passaic, Clifton Take To Road

The out-of-town delegates of the Passaic County Scholastic League, Passaic and Clifton, will both see action Saturday against non-league opponents.

Passaic will travel to Jersey City to meet Dickinson and is favored to come home with a triumph to salve some of the wounds the Indians received when they dropped a 12 to 6 verdict to Garfield last Saturday.

Clifton meets Lyndhurst at the latter's field and hopes are not too bright for the Mustangs who are still seeking their first victory.

TOURNEY BEGINS

Play in the 4-wall handball championship tourney began at the Y.M.C.A. this week.

Colts Rate As Underdogs In Clash With Heavy Bengal 11; Star Back Out For 4 Weeks

Ironically enough, it wasn't until the final play of last week's game with Bayonne that Stanczak was injured, and that mishap may very well cost Coach Lou Grower his best chance at the state title since he took over the reins as grid mentor at the local institution.

Disastrous Loss

Stanczak's loss also may mean the county scholastic league title inasmuch as he will most likely be on the sidelines when Central faces its most dangerous loop rival, Passaic high, in a couple of weeks.

The rest of the Central squad is in good shape and will attempt to give a good account of itself Saturday. Bloomfield will outweigh the locals by some 10 pounds to a man, but the Colts hope to balance this disadvantage with their shifty and tricky offense which has piled up three decisive victories to date.

Important Contest To Be Played At Bloomfield Stadium Before Record Crowd

Central high school's undefeated football team will encounter its sternest test of the young season at Bloomfield Saturday where it will meet Coach Bill Foley's powerful Bengals in a game that will start at 2:30 o'clock.

RAY STANCZAK

The Colts, who would have been favored to repeat their victory of last year over the Bloomfield eleven, will be handicapped by the absence from their lineup of their star back, Ray Stanczak, who will be confined to the sidelines for approximately a month with a torn cartilage in his knee.

Bengals Favored

As a result, the Bengals are now favored to stop the Colts' mad forage toward the state crown. They, too are undefeated.

Emerson Next Foe For Ghosts This Saturday

Eastside high school's scrappy football team will travel to Hudson county Saturday afternoon to meet Emerson high school's eleven in what promises to be an interesting schoolboy gridiron contest.

The Ghosts will be out to get back into winning stride after dropping their first game of the year to Phillipsburg by a 14 to 0 score last week.

Hopes for a victory Saturday are bright inasmuch as Jack Cleeland, backfield ace who was badly missed last week, will return to the lineup against Emerson. Cleeland and Smith have borne the brunt of the offensive work for the Eastside gridders this season.

Emerson boasts an undefeated record, while Eastside has split even in its three contests to date, winning one, losing one, and tying one game.

UNDEFEATED

Form Cage Loop Here On Monday

Formation of a Heavyweight basketball league in Paterson will take place on Monday at a meeting in the City Hall annex, according to an announcement by Recreation Supervisor Alfred P. Cappio.

Teams which have already indicated their interest in such a league are the Vaughans, the Y.M.H.A., the Panthers, the Redwoods, the Colored Eagles, the Mahoney Colts and the Warner Brothers.

They will all be represented at the session.

Handball Tourney Enters 2nd Round

Play in the second round of the 4-wall handball tournament will be held at the Paterson Y.M.C.A. Monday night.

Among those who survived the first round of play were J. Bissett, T. Lyons, C. Ragusa, W. Dapolito, A. Stavros, G. Wolcott and A. Condon.

RIVOLI

With joyous Jane Withers the bravest little Ma'amsele in all France and those roisterous Ritz Brothers in the army, you're promised a whole kit bag and kiboodle of fun—and thrills too—in "Pack Up Your Troubles."

Jane Withers and the Ritz Bros. in "Pack Up Your Troubles" the new 20th Century-Fox comedy, which is at the Rivoli theater.

The Ritzes are a trio of vaudeville actors who enlist and find their way to France on a transport as nursemaids to a herd of army mules. Jane is the gay little Ma'amsele who befriends the Ritzes and adopts their baby mule, Margie.

The newest in the Crime Club Series "The Witness Vanishes," a Universal picture is also at the Rivoli theater.

REGENT

Closing its run at the Regent theater Friday is a double feature which consists of "Miracles For Sale" with Robert Young and Florence Rice, and "Mutiny on the Blackhawk" with Richard Arlen and Andy Devine.

Opening Saturday and playing through Tuesday is another fine double bill which is headed by "Goodbye Mr. Chips" and stars Robert Donat and Greer Garson. The film is said to be Donat's finest screen effort to date.

The other feature on the program is "The Star-Maker," Bing Crosby's latest picture. It features a supporting cast which is headed by Linda Ware, Louise Campbell and Ned Sparks.

U. S. THEATER

Now playing at the U. S. theater is one of the timeliest films made in recent years.

It is "U-Boat 29" a Columbia production which vividly depicts the horrors of naval warfare. In the cast are Conrad Veidt, Valerie Hobson, and Sebastian Shaw.

The co-feature is based on the equally timely subject of juvenile delinquency. It is "Parents On Trial," also a Col-

umbia production, and its cast is headed by Jean Parker and Johnny Downs.

Selected short subjects complete the bill.

MAJESTIC

Ken Murray's boy-friend, Oswald, the famous "Oh, Yeah!" man of radio will head a sparkling vaudeville show at the Majestic theatre beginning with this Friday's matinee. His famous cry is known to millions and he promises to be as funny on the stage as on the radio or screen.

On the same bill will be Fred Lightner, Cheri and Tomastia revue, Hughes and Taylor, and Calyton and Phillips.

Besides this top-flight array of in the flesh entertainment there will be the usual screen fare, including Anna Sten in "Exile Express."

FABIAN

Thrilling story of those little-known days of the World War when U-Boats attacked Atlantic Coast shipping and improvised sub-chasers with untrained men went out to meet the menace, "Thunder Afloat" brings Wallace Beery to the screen of the Fabian in one of his best two-fisted roles, opening today.

As a tugboat captain who tries to fight the war single-handed after a submarine has sunk his beloved craft, Beery is supported by Chester Morris and by

WALLACE BEERY

Virginia Grey.

Marking the return to the screen of Franchot Tone after a sojourn on the Broadway stage, "Fast and Furious," this week's co-feature affords the young actor a new type of role. In this comedy-mystery he plays the book expert-amateur detective husband of Ann Sothern and is given free rein to show his flair for comedy.

GARDEN

The novel read by millions, "Here I Am A Stranger," is brought to thrilling life to become the most dramatic picture of the day.

And now it is this 20th Century-Fox drama which opens today at the Garden theater. Richard Greene, the screen's popular young favorite, surpasses his performance in "Kentucky." The film features Richard Dix in another dramatic conquest, at

the head of a cast including Roland Young, Gladys George and others.

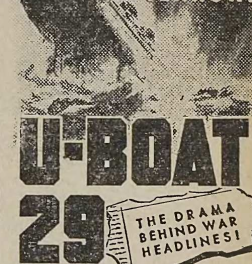

The famous aviator Roscoe Turner, now appearing in Republic's "Flight At Midnight," at the Garden theater, is the only two-time winner of the

Thompson Trophy, the most distinguished prize in speed.
