Dear Friend:

This committee, representing some of the largest Hebrew Organizations in the state, representing thousands of citizens, men who have been constantly active during recent years in the interests of their race in New Jersey, has been formed to acquaint you with the facts that you must face in casting your votes of the coming election. Your attention is drawn to the two issues which vitally affect every citizen of Hebrew extraction, the KU KLUX KLAN and the exclusion of Jews from the United States by the Republican Immigration Law. The enclosed pamphlets will show that the Democratic party is the only one which stands to protect the Jew on these issues.

The Democratic Party, in its state platform adopted at Trenton, denounced the Klan by name and pledged itself to drive it out of existence; the Republican Party on the same day at the same place voted down the same plank because it wanted the votes of the Klansmen in New Jersey. John W. Davis, the Democratic candidate for President, has denounced the Klan by name and challenged his Republican opponent to do likewise. President Coolidge ignored his challenge and has been absolutely silent on this important question. This is an endorsement of the Klan and its stand against the Jew. HENRY FORD, a bitter enemy of the Jew, is his close friend and principal adviser. Charles G. Dawes, Republican candidate for Vice-President, in his public speeches praises the Klan and its members. He went to Maine to advocate the election of Ralph O. Brewster, now Governor, who acknowledges that he organized the Klan in that state.

Frederick W. Donnelly, Democratic candidate for United States Senator in New Jersey, like John W. Davis, is fighting the Klan tooth and nail. Senator Walter E. Edge, his opponent, has the endorsement and active support of the Klan.

The Ku Klux Klan is working to drive every Jew from business and industry. If they are successful now there may never be another opportunity to protect our homes and firesides.

The Johnson Immigration Bill, a Republican Administration measure, was passed by a Republican Congress and signed by the same President Coolidge, now a candidate. This law is aimed exclusively at the Jew. The same bill had been vetoed by Democratic Presidents three times. The Republicans, by the passage of this law, tell us that they want no more Jewish immigrants in this country.

The Democratic party is fighting our battles and it is our duty to vote for John W. Davis, Frederick W. Donnelly and the rest of the Democratic candidates.

Respectfully yours,
