THE MUSIC CENTER is a going concern thanks to the untiring energy of Miss Katharine Hopkins and her staff. The building that was once the Health Center has been given over to a kindergarten, dancing, dramatics, instrumental music. The children are interested. FEVEREY WENT OUT with a rush of parties. Mrs. Elizabeth Stewart whose daughter, Lillie, just recovered from a serious injury, gave a party to friends who lent aid and comfort during the illness. Seventy-five guests were present.

The Columbians entertained themselves and friends with a dance and supper.

There were two wedding parties—each with more than three hundred guests. The second wedding on Sunday, February 27th, was stopped by the police. The guests, after their Russian custom, began to celebrate the wedding with native music and folk dances. Parents and children were all present enjoying themselves when the police interfered. They could eat and drink, get married, make merry on Sunday but they could not have music or dance.

AN EFFORT IS BEING MADE to start a workshop but there is need of tools. Boys want to make radios, fix things, and so learn to use their hands, is a good way to keep them from loafing around dumps and tracks. If you have any tools you can spare they will be gratefully received.

MISS BLANCHARD'S CLASSES in cooking and candy are doing real work. Their chocolates can't be beat. Caramels are fine, bonbons excellent. If you want candy send in orders. The money will be used for additional dormitories at the Pomona Camp.

THERE ARE TEN CLASSES in sewing, weaving and manual art under Miss Morrison and Mrs. Gaskill. Your old yarn would be gratefully appreciated.
