

Board of Education
CITY HALL
JERSEY CITY, N.J.

G. FRED EGE
SECRETARY

December 21st, 1916.

Miss Cornelia F. Bradford,
174 Grand Street,
Jersey City.

My dear Miss Bradford:-

At a meeting of the Board of Education on December 20th, 1916, I was directed by resolution offered by Mr. Loughran and unanimously adopted, to convey to you the appreciation by the members of the Board of your indefatigable efforts to obtain a new school No. 16, which culminated Wednesday, December 20th, in the laying of the cornerstone of the handsome structure in course of erection at Sussex and Washington Streets. The members of the Board consider that you made this new school possible and it is their hope that when the proposed plan of naming schools in addition to designating them by numbers is adopted that new school No. 16 will also be "The Cornelia F. Bradford School".

With the best wishes of the Board and myself at this season of the year, I am

Yours very truly,

Secretary.
