Building a huge parking deck in Westfield will cost a lot more than 12 million bucks.

Rally to "Dump the Deck"

Saturday, June 23 at 10:00 am on Elm Street near Trader Joe's

Bring your children, babies and strollers and join together with other Westfield residents to let the Mayor and Town Council know that we are united in our concerns over the proposed parking deck at Elm & Prospect Streets. Vital issues such as the safety of our children, the increase in traffic, pollution, crime and a $12 million tax expenditure must not be overlooked!
