Board Cuts Teachers' Pay; Fumes Disable 12 Firemen

Total Reduction In Salary Mounts To 25 Per Cent

Board Also Decides To Abandon
Public School Number 24

Beginning July 1, teachers and other employees of the Board of Education will receive a five percent cut in their base salaries, that body announced last night after its regular meeting. The salary slash is the second to be imposed upon the group and brings the total reduction up to 25 per cent.

At the same time, the board announced that it will no longer maintain Public School No. 24 in the interests of economy.

Action Surprises

The action of the board was an unexpected move. Last night's meeting having been scheduled as a routine convocation. The reduction will apply to both high and low salaried employees and will continue in force until June 30, 1937.

Miss Mattle S. Doremus, vice-president of the New Jersey Teachers' Association, representing the teachers, were taken by surprise as a result of the board's action.

"Awful Blow"

"It will be an awful blow to the teachers," said Miss Doremus. "The trend all over the United States is toward reduction of pay cuts, wholly or in part. I'm not blaming the board, but I certainly can't be criticized for planning the blame elsewhere."

"This is the last straw and certainly very discouraging," was Miss Robinson's comment. "It shows very clearly that some means of revenue other than a real estate tax must be provided for supporting education."

L'Alba Italiana To Hold Sports Dance June 26

Anna Di Gangi Heads Committee
In Charge Of 5th Annual
Affair

The fifth annual sports dance of L'Alba Italiana will be held at the Alps Casino on June 26. It was announced this week by Anna Di Gangi, chairman of the social committee of that organization. The affair is expected to be the most successful in the history of the society.

Dances will be placed on the program and the lawn of the Alps Casino will accommodate the large crowd which is expected to attend the affair. (Continued on page 3)

Italian Alliance With Germany, Austria Looms

Chamberlain Urges League Drop
Sanctions Against Italy

Vienno—Rumors of an Italo German-Austrian alliance flew thickly here after an all night conference between Australian business leaders, Dr. Hjalmar Schacht and Franz von Papen, Nazi minister to Austria at the German legation.

Previously, Italian diplomatic representatives had warned France that unless sanctions were lifted against Italy, the government headed by Premier Mussolini would withdraw from the League of Nations and would seek an alliance with Germany.

Underway

Yesterday's developments seemed to strengthen the belief that negotiations for such a move were already underway.

A. A. Neville, Chamberlain, British Chancellor of the Exchequer, told the 1900 Club last night in London that a continuance of sanctions against Italy for her invasion of Ethiopia is the very midsummer of madness.

Beyond It, Power

"If we have retained any vestige of common sense," Chamberlain declared, "we must admit we have tried to impose on the League a task beyond its powers."

British public opinion as a result was concerned with the question of whether Chamberlain spoke for himself or for the whole cabinet.

Aged Man Dies After Being Hit By Automobile

Police Hold Driver For
Carelessness

Struck by an automobile at Market and Oliver Streets last night, Philip Diodato, 75, of 70 Jersey St. died last night at St. Joseph's hospital as a result of internal injuries received in the accident.

The driver, Benjamin Croce of 287 Edmond Avenue, was meanwhile held by the police on a charge of careless driving. He, however, contended that last night's heavy rain made it difficult for him to see the aged man crossing the street and that he had made every effort to avoid striking Diodato.

Croce removed Diodato to St. Joseph's hospital immediately after the accident where it was said that death was caused as a result of internal injuries and compound fracture of both legs.

Nomination Won On First Ballot; Borah Draws 19

Convention To Select Vice-Presidential Candidate Today

Cleveland—The Republican National Convention last night nominated Governor Alf Landon of Kansas as its candidate for the presidency of the United States in a tumultuous demonstration that lasted nearly an hour in the huge auditorium here. The action of the convention was unanimous.

When the roll was originally called the vote read 984 for Landon and 19 for Borah, but a later motion by the Wisconsin delegation to make the choice unanimous was carried without a dissenting vote.

Vice President

The convention recessed until this morning when it will convene again to select a vice presidential candidate to run on the ticket with Governor Landon. The most likely nominee seemed to be Colonel Knox, Chicago publisher who controlled the second largest amount of delegates to the convention. He had withdrawn his candidacy yesterday morning in favor of the Kansas governor.

Every aspirant for the nomination, with the exception of Senator Borah who had left for Washington earlier in the day, took the platform to second the nomination of Landon. They included Senator Vandenberg of Michigan, Colonel Knox, Robert Taft, Ohio's favorite son entry, and the Governor of Maryland, Harry W. Nice.

ADVANCE FORUM BOAT RIDE COMMITTEE TO MEET TODAY

The Advance Forum committee on the scheduled boat ride will meet this morning at 9:15 in lawyer Al Gallo's office, 45 Church Street. Mr. Gallo who is the chairman of the committee will render a report and final preparations will be made.

At the last meeting the committee voted to make the affair open to friends of ten members.

ARMY WILL ACCEPT 50 ENLISTMENTS FROM LOCAL AREA

Sergeant John G. Goodwin, in charge of army recruiting here, announced yesterday, that there are 50 vacancies for enlistment for service in the Panama Canal zone. They include infantry, artillery, engineer and air corps positions.

Successful applicants for these positions will sail for Panama on July 1 from Brooklyn on an army transport.

Badoglio Returns To Rome To Direct Defense

Is Succeeded By General Graziani
As Viceroy Of Ethiopia

Rome—Premier Benito Mussolini yesterday delegated the duty of reorganizing all of Italy's defensive forces to Marshal Pietro Badoglio, 68 year old conqueror of Ethiopia.

Badoglio who had resigned as vice roy of Ethiopia was thus returned to his former duties as chief of the Italian general staff. He will have supervision over the army, navy and air forces.

Move Popular

The general Italian populace applauded the decision to keep the Marshal at home. It is expected that he will be in charge of the huge mobilization of millions of Italians which will coincide with the date when the League of Nations again assembles to discuss sanctions on June 30.

Marshal Rudolph Graziani, meanwhile, was named the new viceroy of Ethiopia to succeed Marshal Badoglio. He was in command of Italy's southern army in the Ethiopia campaign.

Welfare Board May Co Sponsor Camp Project

Valley View Board Refuses To
Run Camp

The Passaic County Welfare League will in all probabilities replace the Valley View Sanatorium board of managers as co-sponsors of the proposed fresh air camp for children located at the abandoned CCC camp at Smith Mills.

Dr. J. O'Grady, president of the sanatorium's Board of Managers in a letter to Freeholder Scheidemann stated that although entirely in favor of the principal, he considered it illegal to spend Valley View Sanatorium funds for non-tuberculous purposes. He also added that the site itself is unfit for a children's recreation camp.

Going To Open Soon
Freeholder Scheidemann defended the plan, declaring that the state and government officials have already inspected the camp and found the same suitable for use as a fresh air camp for children. He denied that the camp would use sanatorium funds by saying that all funds for the project are to be provided by the Board of Freeholders.

In the meanwhile work is continued on the camp and it was announced that within a few weeks it will be opened for a ten week period.

Market Street Fire Exacts Heavy Toll On Property

Smoke From Two-Alarm Blaze
Overcomes Fire-Fighters

A two alarm fire in the cellar of a three story building at 230 Market Street brought injuries to almost a score of firemen early last night, 12 of whom required medical treatment as a result of exposure to heavy clouds of smoke issuing from the flaming building.

Two of the victims, John Carroll, of Engine Company No. 1, and Edward Hettmann, of Engine Company No. 5, were removed to St. Joseph's hospital where they were reported to be resting comfortably last night.

First Aid Treatment

The remainder received first aid treatment at the hands of doctors.

Damage Heavy

Thousands of spectators crowded adjoining streets to watch the firemen battle the conflagration. Damage, as yet unestimated, will run into the thousands. (Continued on page 8)

Frisco Dance Studios To Present Revue

Featuring Paterson's Foremost
Dancing, Singing and Comedy
Stars In Gala Revue

Anthony Frisco, of the Frisco Dance Studio, of Broadway, and at present producing his sixth annual Revue in a special interview to the Press stated that after years of hard and tedious work he sincerely believes that this year's Revue will be the Acme of Musical Shows. The main aim has been to produce something new and different and after observing a rehearsal three weeks before show time we (Continued on page 8)

PETER MURNER RE-ELECTED PRESIDENT P. B. A. LOCAL

The Patrolmen's Benevolent Association at a meeting Wednesday evening re-elected Traffic Officer Peter Murner president of the local for another year. This marks the fourth successive term for officer Murner. He is one of the most popular members in the local police force. Harry Gourley legislative delegate was also re-elected.

Other officers re-elected were: James Cosine, recording secretary; John L. Colligan, treasurer; Samuel Cochrane, financial secretary; Edward Hennessy, sergeant at arms; Felix T. Smith, Walter Clegg and Edwin Keys, board of trustees; John Keefe, Leo Sherrin and Albert Luce, custodians; Andrew Spaulding, and James Hines, alternate delegates.

Pictorial Review of Governor Alfred M. Landon of Kansas

GOVERNOR ALFRED M. LANDON

Paterson Youths Charged With Assaulting Girl

Paterson detectives held one man Tuesday and are still seeking two others for alleged criminal assault on a sixteen year old girl whom they are alleged to have held prisoner in Paterson all Saturday night.

The arrest was revealed Tuesday with the arraignment of Joseph Siervo, 70 Madison Street, Paterson, on a charge of criminal assault before Acting Police Recorder Albert Turetsky. Siervo was held without bail for the Grand Jury.

According to Acting Detective Captain James Smith, the girl Beale Lammone, of 35 River Street, was walking along Market Street, Paterson, early Saturday night when two youths whose names have not been revealed, halted her from their passing car.

She accepted an invitation to a ride and was taken to Garret Mountain Reservation, where Park policemen prevented them from parking. The youths are alleged to have taken her to a garage in the Sandy Hill section of Paterson and to have kept her there until 3 o'clock Sunday morning, beating her and criminally assaulting her.

Then they took her to Siervo's home, where Siervo is alleged to have held her prisoner until 8 o'clock. He also is alleged to have assaulted her. He took her home Sunday morning and made an engagement for Sunday night. Questioned by her parents as to her whereabouts Saturday night, the girl told what had happened. Her mother communicated with the police and when Siervo returned for his "date," Patrolmen John Clausen and James Lo Presti were waiting. They arrested him and turned him over to Paterson authorities.

Primary Vote Shows Huge Gain For GOP

Secretary of State's figures released this week show that 46,362 more Republican ballots were cast in the recent Primary than in the 1934 primary, while the Democratic vote all through New Jersey declined 4,714.

The total votes last May 19 were: Republican 567,072; Democratic, 330,815.

The 897,887 persons who voted represented 45.4 per cent of the total registered 1,976,339, the office said.

Governor Harold G. Hoffman welcomed the figures as "encouraging" to the Republican Party and as vindicating his intervention in the Bruno Hauptmann case. He defeated Franklin W. Fort by 54,217 votes, for delegate at large to the Republican National Convention in a fight based on his activities in that case.

"Nothing has happened to the structure of the Republican Party," he said, "except that it is stronger than it was two years ago. When our members that Mr. Roosevelt carried the State in 1932 by a plurality of barely 18,000, the outlook for Republican victory next November is most encouraging."

Turner May Be Head of Delinquency Body

Mayor B. F. Turner of Passaic is being prominently mentioned as chairman of the Juvenile Delinquency Commission, recently created by the state Legislature. The machinery for the establishment of the commission is on the statute books, but lacks only a Legislature appropriation of \$50,000 to begin activity.

Governor Hoffman approved Saturday the bill sponsored by Assemblywoman Teresa Maloney, Hudson Democrat, authorizing a three member commission to study child delinquency. The Commission would consist of citizens with the chairman designated by the Governor.

The executive killed a bill which would permit fishermen to exceed by five the present trout limit of ten a day. He filed it in the State library without his signature with the comment that the State Fish and Game Commission had rejected it.

Other measures signed by the Governor included Senator Charles Loiseau's bill to appropriate \$250,000 for payment of teachers' pensions.

Kerney Is Elected President Of Press Association Of N.J.

The New Jersey Press Association Saturday elected James Kerney, Jr., vice president and editor of the Trenton Times newspaper, president of the association to succeed Edwin P. Taylor, editor of the Montclair Times. Elections were held at Skytop Lodge, Skytop, Pa.

D. Howard Moreau, editor of the Hunterdon County Democrat, was elected vice president. John W. Cliff, of the Summit Herald, was re-elected secretary for the 28th consecutive term and W. Mason of the Bound Brook Chronicle, was re-elected treasurer for the 36th consecutive term.

Patrick Feeney, advertising manager of the Newark Evening News, was elected to the executive committee to succeed Arthur Sinnott, editor of the

same newspaper. Taylor also was elected to the executive committee. Dr. Carl Woodward, secretary of Rutgers University, was elected an honorary life member.

Walter Tushingham, of the Camden Courier Post was elected a member of the executive committee to succeed Chauncey Stout, of the Plainfield Courier-News. Re-elected to that committee were Rudolph E. Lent, of the Jersey Journal; Miss J. Mabel Brown, of the Keyport Weekly; W. Shew, of the Salem Standard and Jerseyman and Irving J. Reimers of the Perth Amboy Evening News.

Present from Passaic were Rudolph E. Lent, business manager of the Jersey Journal and Mrs. Lent; Edward H. Roemie, manager; William M. McBride, managing editor and Dow Drukker, Jr., publisher of the Herald-News and Mrs. Drukker.

TO THE VICTOR—THE SPOILS

Andrew Jackson once said "To the victor belong the spoils". His reference was to the victory of his political adherents and all the "plums" that would be available in his ascendancy to the presidential office.

An echo of that adage has been heard many times over, but it remained for the Democratic members of the Board of Freeholders to again impress this fact upon Freeholder John J. Nixon, Republican, who asked why he could not put several trucks and some men to work in the County Road Department.

We will not commit ourselves advocates of the spoils system in this editorial, nor do we wish to declare ourselves crusaders in a campaign to wipe out the system.

It should be apparent, however, that members of the Board of Freeholders need not discuss this condition in public. Such open activity must, in some quarters, tend to decrease the confidence of the public in their county officials. Private matters aired in public will be of no direct benefit to the members of the Board of Freeholders. It is enough to know that when the Republicans are in power, they will make it a point to collect the cream of appointments to their bosoms, and the Democrats will do likewise when the opportunity avails itself.

THOSE WHO WILL DROWN

It is well to call attention to the danger of the inexperience and carelessness of people who plan to swim during the approaching open air season. Because of the nature of these accidents, which result in loss of life through drowning, it becomes necessary to warn that they are very much preventable.

Persons unable to swim, inexperienced in handling watercraft, and ignorant of the water in which they venture, need not be surprised if something happens when nobody is around to pull them out.

Parents of young children should take the precaution of warning their offspring of the danger of "harmless" wading in water. Along this line, it may be well to call attention to the importance of teaching children to swim. Many lives would be saved each year if unfortunate victims had a slight knowledge of how to keep afloat for even a few minutes.

MARRIED PEOPLE LIVE LONGER

Perhaps some of our readers will be interested in the following statistics issued in a report of a large life insurance company:

Among the males, the standardized death rate for bachelors is 1,218.2 per 100,000 as compared with 855.9 for married men in the same number. Among females, the standardized death rate of spinsters is 1,039.1 as against 856.6 for married women of all ages.

These figures are taken from Canada and similar statistics for the United States are not available, but the findings are considered applicable to this country. The belief that physically defective individuals tend not to marry is true in part, but does not explain the discrepancy shown.

It is pointed out that generally a married person's life is better regulated in regard to sleeping, eating and recreation. Moreover, men with dependents probably take more thought to their welfare and avoid some fits from the solicitous care of his or her mate, which But the view of the Fathers are most ignored by protects health in general.

Add to these findings the fact that it has been reported married persons more often than not take more care of their financial matters and you have one of the most solemn pieces of advice for the young spendthrift of either sex.

AMERICA, ASYLUM OF THE OPPRESSED?

The intention of the Fathers of this Country was to make America an asylum for the oppressed. In his Thanksgiving Day proclamation, Washington in 1795 said: "humble and fervently to beseech the kind Author of these blessings...to render this country more and more a safe and propitious asylum for the unfortunate of other countries."

Madison, the Father of the Constitution, objected to a religious assessment bill in Virginia on the ground that "The proposed establishment is a departure from that generous policy, which, offering an asylum to the persecuted and oppressed of every nation and religion, promises a lustre to our country and an accession to the number of its citizens."

In his fight on the alien and sedition laws, Jefferson asked: "Shall we refuse the unhappy fugitive from distress that hospitality which the savages of the wilderness extended to our forefathers arriving in this land? Shall oppressed humanity find no asylum on this globe?"

But the view of the Fathers are most ignored by those professional patriots who are always invoking their names.

Thanks to their influence, deportation laws are being used more and more for political purposes, and refugees from European dictatorships are being shipped back to prison or death in their home countries.

Tomorrow a young anti-Nazi seaman, Otto Richter, will be deported to Germany on the President Harding. He fled from the Reich in 1933 after being beaten by Storm Troopers. He goes to meet his death. The Department of Labor, under pressure from reactionaires, refuses to grant him asylum.

Can it be that America is forgetting its traditions?

Between
The Lines

By O. W. K.

POLITICAL NOBS—Jim Farley used a prize fight commission as a spring board for his political ambitions. Huey Long split infinitives and slept out with the hillbillies in the cane briars, and it is written that Mussolini employed French money and a newspaper to get him to Rome, but it remained for a local yokel to set a new style of political campaigning.

This gentleman possesses rare intelligence and breeding. He is learned and capable, but he is also something of an eccentric. The man refused to campaign from a speaker's platform; he would not use the door to door method and showed the utmost contempt for press statements.

He won a nomination recently by the simple expedient of selecting a stool in one of the more blarney bars, rooms, getting himself introduced to

the citizens, buying more than his share of the drinks and otherwise being half fellow well met. The only advice he has to offer is a warning to men with high blood pressure not to emulate this odd system of campaigning.

SPORTS DEPT.—Press reports have it that John D. Rockefeller believes it about "dime" to settle down and will sever his golf memberships in Ormond Beach Florida Country Club for a period of "settling down" in Lakewood, N. J. I lost count of his age. And in the same breath, it is hereby reported that 96-year old George Isaac Hughes, whose tenth wife had her second baby and his twentieth child, is gunning for a larger family—already.

LETTER DEPT.—Say, editor, just a suggestion to Walter Winchell—instead of that monotonous and very dizzy "Back in a flash with a flash" why doesn't he change it to: "Back in a dash with some cash" or "back with a gash from a leash" or "back with the mash for the hash" or

How The Bonus Came Into Being

A word picture of the series of events which led to the origin of the bonus and the final pay-off with the adjusted certificate payment scheduled for Monday, June 15 follows:

When at 11 o'clock on the morning of November 11, 1918, the Armistice ended World War hostilities and doughboys in the trenches joyously flung up their helmets, the foundation was laid for the 16-year succession of events leading to payment of the soldiers' bonus. Nothing was too good, it was commonly said, for the boys who had fought in France. Not until 1920, however, did the veterans themselves make any concerted demand for post-service benefits. In national convention at Cleveland September 21, 24, the year old American Legion adopted the first of a long line of bonus resolutions.

Succeeding conventions in this and other veterans' groups acted to strengthen the fight. In 1922, Warren Harding put the first of five Presidential vetoes by four successive Presidents on benefit bills adopted by Congress in conformity with the veterans' desires. President Coolidge followed Harding's example on May 15, 1924, but Congress enacted over his veto the law providing insurance certificates payable in 1945. President Hoover likewise was overridden when, on February 28, 1931, he vetoed the bill allowing veterans to borrow up to 50 per cent on their adjusted compensation certificates.

The veterans next asked immediate cash payment of the certificates. Encompassing in Washington during the Summer of 1932 to press the demand, the "Bonus Expeditionary Force" was driven from the capital by troops using tear gas. Veterans got their immediate cash payment measure through both Houses in 1935, but the veto stood when President Roosevelt on May 22 handed back the bill with a message to Congress.

Over President Roosevelt's second bonus veto, on January 24 this year, Congress at last adopted a measure providing for immediate payment of the adjusted service certificates in bonds. Veterans rushed to register for their bonus, and government printing presses began turning out "baby bonds" in denominations of \$50. Totalling some \$1,924,000,100 counting cash to cover odd amounts in the sums due each veteran, these bonds will be put in the mails to some 3,500,000 World War service men beginning at midnight June 15 and postmen will set to work delivering the largest registered mail order in history.

Rinaldi Is Appointed Deputy WPA Head

Newark—William H. Ely, State WPA Administrator, announced today the appointment of Angelo Rinaldi, 36, of Englewood to succeed Myron Hendee of Hackensack as Deputy Director of the WPA District comprising Bergen, Passaic and Sussex Counties.

Hendee, Ely said, has been transferred to the Division of Operations State Headquarters, Newark. The appointment and transfer are effective of Thursday, (June 4).

Rinaldi was supervisor for the HOLC district embracing Bergen and Passaic Counties, and was formerly associated with T. C. Birdwhistle company, Real Estate and Insurance, Englewood. He is a former University of Pennsylvania student.

Freeholders Sponsor Fresh Air Camp For 1,000 Needy Kiddies

Passaic County's Board of Freeholders this week progressed with plans to provide camping accommodations for 1,000 children during two week periods this Summer.

In spite of the feeling on the part of the Board of Managers of Valley View that it should not accept WPA project for the creation of a fresh air camp, the movement will go under way for its construction at Smith Mills.

Everything, according to Freeholder Scheidemann, will be furnished by the Government free with the exception of the food. The camp itself is an abandoned CCC barracks.

The sum of \$5,000 has been set aside for the camp this year, but Mr. Scheidemann said he did not believe the food would cost more than \$3,000. He said children from each municipality will be sent there and that the various municipalities will be asked to pay one half of the costs.

Mr. Scheidemann quoted Mayor Turner as saying he thought so much of the plan that Passaic would go in to it and that if funds were not available, he would cut out some street lights to get the money.

Jersey Medicos Decide Tobacco Isn't Harmful

The executive committee of the New Jersey Medical Society's House of Delegates proposed that tobacco advertising be accepted by the official journal of the society on the grounds that the use of tobacco was not harmful.

A motion to this effect was adopted before the society adjourned. Its approval following an objection that it would be contrary in policy to a report published in the journal some time ago, giving usage of tobacco as a cause of heart trouble.

Dr. J. Morrison, of Newark, secretary of the House, replied that the consensus of American heart specialists was that tobacco did not aggravate heart cases.

The executive committee also proposed that physicians be required by a law of society to report all gun-shot and knife wounds to law enforcement officials.

Political activity of medical men insofar as health was concerned and compulsory inoculations against diphtheria for all school children were approved by the house.

The convention voted to return next year to Atlantic City.

MRS. FLOWER HEADS G.O.P. WOMEN FOR THE 10th TIME

Republican State Committeewoman Elsie H. Flower, of Clifton, was installed as president of the Passaic county council of Republican Women for the tenth consecutive time.

Mrs. Flower and her staff were installed by Deputy County Clerk Floyd E. Jones after the annual installation luncheon in the Republican headquarters at 60 Broadway, Paterson.

Others installed were Mrs. Elizabeth Morris, Paterson, first vice president; Mrs. Augusta Steers, Pompton Lakes, second vice-president; Mrs. Jennie T. Smith, Passaic, third vice-president; Mrs. Edna Hampton, Paterson, secretary; Mrs. Annie Rosa, financial secretary; Mrs. Margaret Goode, corresponding secretary; Mrs. Jennie Chapman, treasurer and Mrs. Agnes Randall, auditor.

Project For Flood Control Is Okayed

Announcement was made this week by Fred Childs, of Passaic, engineer in charge of the State office of the WPA in Newark, that Washington authorities approved a project calling for the removal of debris and obstacles to the free movement of Passaic River water under arches of the West Broadway, Paterson bridge.

The estimated cost of this project has been fixed at \$3,566 of which the county will pay \$520.

Mr. Childs also said that the State WPA had approved, and had forwarded to Washington for final approval a project calling for the removal of debris and the floating islands between the Great Falls and Dundee Dam. The latter project, if sanctioned in Washington, should provide work for 562 men for five months. The estimated cost will be \$161,621 and is sponsored by the Board of Freeholders.

County Dismisses Passaic's Appeal It Take Over Poor

The Board of Freeholders pigeonholed a copy of a resolution forwarded to them by Public Affairs Director Van Houten which attempted to turn the poor at the Passaic Almshouse over to the Board, calling for the closing of the institution by June 18.

It was said that if Passaic followed the poor laws in the past they would not now find themselves with persons on their hands who are not entitled to relief from the county.

Director Harry Behrman said that he felt satisfied that Passaic officials had not been careful in following the law in admitting persons to the City almshouse. The Passaic County Welfare Commission, he asserted, is complying with the laws.

Freeholder Ernest T. Scheidemann said that unless the Welfare Commission complied with the law, Passaic County "would find itself a dumping ground for other parts of the State."

Mr. Scheidemann told of the type of cases remaining at the Passaic Almshouse. He is a member of the Welfare Commission and each of the cases has been fully investigated by staff workers of the Commission.

Garfield Taxpayers Favor Casino Site For New City Hall

Garfield Taxpayers and Citizens Protective Association favors the casino building of the former Garfield Worsted Mills for a new City Hall. Michael Woschinko, executive secretary, announced.

Mr. Woschinko said: "The taxpayers of Garfield are owners of a large building and tract of land known as the casino building between Semel Avenue and Outwater Lane. The value of this property is well over \$100,000. The big question is what shall we do with the property? Shall we allow the City to dispose of it for \$10,000 or \$15,000?"

He said the Taxpayers league proposes to save this property and use it for a City Hall and park. He further stated that the Bleasby administration is opposed to the City Hall idea.

Recently Mayor Charles B. Bleasby wrote a letter to the City Council suggesting that the matter of converting the building into a City Hall be placed on the ballot in the November Election.

VINCENZA CIANCI GETS B. S. DEGREE AT FORDHAM

Vincenza Cianci, daughter of Mr. and Mrs. Joseph Cianci, of Paterson, was among the graduates in the class of 1936 at exercises held at Fordham University, Bronx, New York, yesterday afternoon. She received a Bachelor of Science degree. A testimonial for the young graduate was held for members of the family and immediate friends at the Belvidere Hotel, Bronx, New York. Miss Cianci received several telegrams of felicitation from friends. She will pursue the teaching profession.

BIKE RACES SATURDAY

The Passaic city recreation department will again hold its third annual bicycle races and parade Saturday afternoon, at 2:30. This day may be unlucky to quite a few youngsters who are superstitious, but to many who will enter parade and races it will be a day of success and great joy. This activity, sponsored by Mayor Benjamin F. Turner, will be preceded by a parade which will start on the Gregory Avenue side of the City Hall Park, through the Hughes Lake section of Third Ward Park, where the parade will be reviewed and the various races will be held.

The *Even-O-Check* PLAN

ACCOUNTS may be opened by mail or in person, and deposits can be made either way. Consider—for a few cents you can enjoy the many conveniences of a personal or business check account, without having to maintain a minimum balance! You'll find it easier to pay by check than by cash; you'll have permanent records of payments; and you'll have none of the risk prevalent in keeping cash on hand. Then too, it's more economical and far less troublesome than a money order.

Compare:

A money order for \$2.00 costs 6c; for \$10 it's 11c; for \$25 it's 15c, etc. Your check for any amount costs only 5c.

DEPOSITS INSURED UP TO \$5,000.00

BETWEEN The LINES

"back with a rush from a south"
(Signed) Ben Bernie

TRAVEL DEPT.—People go into tan-trunks when they explain the beauty and glamour of the newest British sea monarch, "Queen Mary." But it isn't by far, the most palatial of the swimming hotels of the Atlantic. The "Vulcania", which sailed from New York Saturday at noon for Ponta Delgada, Lisbon, Gibraltar, Naples, Patras and Ragusa, via Boston, is truly one of the "queens of the ocean." The Italian liner is a hotel de luxe to say the very least, one of the visitors to the ship exclaimed Saturday, "When there's comparison of beauty to be done," this informant says, "you can't keep the 'Vulcania' out of the competition." Father Rudi, now of Orange and formerly of Mt. Carmel Church of Passaic, was among the passengers leaving for a trip to the Continent.

MUSIC—Milton Berle, who admittedly shreds many of his gags, will soon go into the business of writing lyrics for the music of Sigmund Romberg. Berle's connection with this local column (the music title at the start of this paragraph is merely a foil) is Berle's crack about the Kasper quads in a Ziegfeld Follies of the Air broadcast last week.

At the time the Kasper quads were born, Berle said, Papa Kasper was playing poker with boys as Misaut Kasper was at the hospital. Papa sensed the arrival of the children and told the other players as he was dropping a hand, "Boys, here's two pair that make a full house."

I didn't think that was very funny, either.

We'll tell you that several taxpayers Clubs will sprout up during the fall election. Many residents are aroused over the present local conditions.

The League of Nations should investigate this fellow Louis. He's knocked the socks off the best contenders from Italy, Spain, Africa, and now he's taking on Germany. Oh yes, we mustn't forget Max Baer, the boy from Hollywood.

So Governor Hoffman was received with a cold shoulder at the G O P Convention. It's just a dose of the medicine he gave Senator Van Winkle telegrams of felicitation from him recently.

"Belgium is not yet ripe to become a second Austria."—Emile Vandervelde, Belgian Socialist.

Who are the young couple that sneaked off to Bear Mountain by Boat recently, only to bump into the girl's relations who motored there?

We're sorry to disregard several anti-Union letters to this column. We do not intend to start a controversy. We intended, however, to try to open up the minds of all concerned, for the good of what all us.

\$10 STANDARD RENT FOR POLLING PLACES

A resolution fixing a standard rent for use of polling places for the Primary and General Elections was set by the Passaic County Board of Freeholders. This will be \$10 a day. In schools and public buildings where the election boards meet, janitors of those buildings will be paid \$7.50 if there is one board; \$14.50 if two boards meet and \$20 if three boards meet in the one building.

Wallington Pays Part Of Tuition With Sewer Rental

The Mayor and Council of the Borough of Wallington, recently turned over \$4,750 in tax anticipation notes received from the Borough of Lodi for sewer rental to the Board of Education of that Borough who in turn was authorized to return the notes to Lodi as part payment of its high school tuition for Wallington pupils.

25 Bartenders Serve At New Bar In City

New York's new Hotel Commodore Bar will be known as the "longest bar in the world" and will be of the "island type" employing the services of 25 bartenders during rush hours. Located on the main lobby level of Grand Central Terminal, the o'od Commodore bar has long been a popular spot, especially with visitors to New York and daily commuters to the suburbs and New England. In fact, a train leaving Grand Central at six thirty each evening is popularly known as "The Commodore Special" because it carries so many of those who finger at this oasis for a last one. With the opening scheduled for the week of August 15th, adequate provisions are being made for speedy service to brew drinkers with the installation of 24 beer taps, a 100 per cent increase.

FACES LIQUOR CHARGE

Manning Wellens, Main Avenue night club proprietor in Passaic, will be informed today by City Counsel Joseph J. Weinberger that at the request of Alcoholic Beverage Commissioner D. Frederick Burnett the Passaic board of commissioners will request him to appear before that body on Tuesday, June 23 to show cause why his retail beverage liquor license should not be revoked as the result of an invasion of his place on the night of May 25 last when Commissioner Burnett's agents, King and Boehm charged him with selling liquor to minors.

ITALIAN SCHOOLS EVENT

4th Annual Exhibition June 28 At Mt. Carmel Auditorium

The fourth annual exhibition of the Italian Schools of Passaic will be presented under the auspices of the Mt. Carmel Church, McLean St., and Park Place, at the church hall, Sunday evening, June 28.

Professor Joseph Brocchi, in charge of the schools, is completing the arrangements for the affair, one he predicts will be the most elaborate in the history of the institution.

The Filodrammatic Club of the schools will be responsible for the presentation of the "First April", a comedy in two acts and "Ce paura e paura", a farce in one act, accompanied by a musical and a vocal program.

HOUSES PATTERNED AFTER ENGLISH CASTLES FACE NORTH, WPA MAN REVEALS

Hackensack—Clarence Tabor, WPA Supervisor of the Historic Building survey revealed today a little known architectural fact—all houses patterned after English castles face north.

According to an old English superstition, south winds always carried disease.

Anthony Ficociello To Get B. S. Degree At Newark College

Anthony P. Ficociello, son of Mr. and Mrs. Cosimo Ficociello, 323 Passaic Street, will receive his B. S. de-

ANTHONY P. FICOCELLI

gree in Civil Engineering from the Newark College of Engineering at exercises tomorrow night. He has successfully completed a course, normally of five years length, in four years. He is a graduate of Passaic High School, class of 1932, from which institution he graduated with a Technical Course diploma.

He is an active member of Passaic's younger set and a member of Delta Sigma Zeta Fraternity in which organization he served as secretary during his Junior year. He is an active member of the Newark College of Engineering Student Chapter of the American Society of Civil Engineers and has been affiliated with the Association of Mathematics Teachers of New Jersey. The Glee Club of the College besides various interfraternity athletic activities and claimed his participation and he also acted as circulation manager of Technician the college paper. At present he is a member of the Society for the Advancement of Industrial Management. Throughout his course, Mr. Ficociello assisted with cooperative work for the Motor Vehicle Department of the State of New Jersey. He has also been employed by the U S Treasury Department to assist in surveying and with the Phoenix Brass Fitting Corporation of Irvington. During the past two summers he has been as-

Sall, Meyers, Other Great Stars In Lineup At Langhorne For Race Sunday

Trenton—New Jersey's greatest racing drivers headed by Bobby Sall, 1933 eastern AAA champion and Ken Fowler of Paterson, will face the cream of the nation's speedway and dirt track crop at Langhorne Speedway next Sunday afternoon. The Skeeter Stators, more than a dozen in number, have more than held their own in inter-sectional competitions in the past, but this time Ralph Hankinson has gathered the greatest field ever to race on the magnificent mile course located between Trenton and Philadelphia.

Such acts as Lou Meyer, three time Indianapolis winner; Ted Horn, Doc Mackenzie and Mauri Rose, who finished in that order behind Meyers, Rex Mays, two time winner of the Pacific Coast championship; Babe Stapp, 1935 midwest champion and of Chester Gardner are among the outstanding entrants.

Jack Moon of Cuyahoga, Dick Lynch of Jersey City, Eddie Murphy of North Bergen, Len Perry of Madison, Chuck

Tabor of Orange, Harry Angeloni of New Brunswick, Johnny Dlesky of Newark and Jimmy Johnson's two representatives from Paterson will carry Jersey's colors against the invading horde.

Other daredevils listed for next Sunday's carnival of speed are Joe Miller, Jimmy Miller, Frank Moore, Bill France, Danny Murphy, Henry Guenard, Gls Zarka, Sam Greco, Walter Bailey, Al Cusick, Joe Norderer, West Johnson, Harold Woods, Frank Reynolds and Walter Brown.

Sunday's program will consist of 3 five mile elimination heats with a 100 mile feature grind. Eighteen cars will be allowed to start in the sweepstakes, the greatest number ever to start at Langhorne. Time trials begin at 12:30 p. m. Sunday with the first competitive event at 3 p. m.

As more than 60,000 fans are expected motor clubs have urged out of town fans to start early for the speedway to avert traffic problems.

Chuck Tabor Is On Hohokus Race List

Chuck Tabor, the veteran auto racer from Orange who outpied a brilliant field to win the Decoration Day feature at the Hohokus Speedway will be back in quest of another triumph at the Hohokus track on Sunday June 21 when Promoter John Kochman presents his third AAA meet of the year.

For years the grizzled star from the Oranges has been rearing a victory tune in his meanderings around the benzine burning circuit. Last season he turned in some of his most impressive racing at the Bergen track with brilliant work on his part bringing him past that checkered flag ahead of the lineup on two separate occasions. Now he is out to make it two in a row there.

Tabor will have a formidable task on his hands in this meet on the 21st through Pop. He will have to overcome an array of auto speedsters which fairly bristles with class. All the big boys of the ranks are expected to enter the field with their official signatures due to arrive within a few days.

One of the riders expected in there will be Tommy Hinnerhot, the Laureldale Pa. youngsters who is leading the 3-A pack in the eastern point championship standings. Hinnerhot forged out in front of Doc Mac Kenzie last week by steady climbs into the victory column and now he intends to nurse that lead and make it grow. If he comes through at Hohokus on the 21st of this month, he will be that much further ahead.

With Tabor set and riders like Hinnerhot, Harry Angeloni, and the other AAA threats lining up now, the field will be the strongest to show at the Hohokus Speedway this season. A full program will be staged with the time trials starting at 1:30 p. m.

Appliance Sale Increase 63 Per Cent At Public Service

Public Service Electric and Gas Company reports the sale of a larger volume of electrical appliances during the first five months of 1936 than in the like period of any previous year except 1929. Gas appliance sales were also large in the five months, exceeding last year by nearly 50 percent. Electric and gas refrigerator sales during May were the largest of any month in the company's history.

From January to May inclusive, dollar volume of electric appliance sales increased 63 percent over the corresponding period of 1935. Electric refrigerator sales in May totaled 1,170 units, a gain of nearly 50 percent over May a year ago and 8.6 percent ahead of July of last year, the best previous month. Electrical refrigerator sales were up 63 percent in the first five months of this year.

Gas refrigerators installed during the five months period totaled 2,264, an increase of 55 percent over the like period a year ago. During May, 802 units were installed, a gain of 71 percent over May 1935 and an increase of 23 percent over April of this year the best previous month.

NEW RUBBER FLOORING FOR COUNTY COURTROOMS

During the Summer, when the Courts have recessed, new rubber flooring will be laid in the court rooms. Freeholder Clerk William P. Lacey today was instructed to advertise for bids. Specifications are now being prepared by Custodian George Hine.

Clarence Chamberlin Planning To Make Another Hop Across Atlantic

Announcement was made Saturday by Clarence Chamberlin, famous trans-oceanic flyer, that he expected to hop across the Atlantic this Summer from New Foundland to Ireland by way of the stratosphere if tests on the airplane which he recently designed are completed successfully at Wichita, Kansas.

Questioned shortly before he took off for the Western state, Mr. Chamberlin revealed novel plans for his flight 30,000 feet above the earth. He has designed his round belled plane to hold high pressures of oxygen which he pumped into a sealed cockpit in the rear of the plane by a supercharger so that a "diver" uniform will not be necessary.

Although the two cockpits are open now, both will be sealed. The sides of the fuselage where the proposed enclosure is planned is double lined with an air tight composition.

And the safety features of the plane?

"They are what make the ship really special," the flyer said. Wherever it could be fitted, wood was used. The gas tanks are so built that they can be emptied immediately, and shut tight by pulling a lever. Now, in case I have to sit down in the water, the wood will buoy up the ship to a certain extent, and the air in the empty tanks should take care of the rest. Of course the motor will tend to pull the ship's nose down, but I will sit way in the rear of the plane, above the water."

Mr. Chamberlin is going to Wichita because his three giant Condors are there taking up passengers, and he wants to supervise their flights. There are good factories there to do the special work on his ship, he said.

The plane is brilliant yellow and black. It develops 450 horsepower and before its improvements are completed, will develop 1,100 horse power. It has a wingspread of 43 feet and weighs 3,000 pounds empty. Loaded it weighs 5,400 pounds.

The flyer carries a 1,000 mile range two way radio and a two way telephone. The ship is powered by a Pratt Whitney engine.

Mr. Chamberlin figured it would take him seven hours to fly the stratosphere from New Foundland to London. And if that flight is successful, he said, "then twelve hours to London from New York will soon be the time necessary for a regular run on trans oceanic air lines."

Ultimately, Mr. Chamberlain ad-

mitted it is his aim to establish an trans oceanic air line between London and New York.

Goshen Races

(continued)

10 because Mackenzie, rated as such, drives the machine, with Pettito as relief. Billy Winn, holder of the world record for 100 miles dirt track, at 83.54 M. P. H. is expected to be one of the toughest to beat June 13.

Other potential victors whose speed and daring always make them dangerous are Rex Mays, Pacific Coast champion last year; Ted Horn, record at Indianapolis to Meyer; Mauri Rose, fourth Decoration Day; Babe Stapp, Chet Miller, George Connor, tenth at Indianapolis, Frank Brisco, Russell Snowberger, Joe Thorne, famous as outboard motor pilot; Lou Moore, Floyd Davis, Milt Marlon, winner of Daytona Beach race last winter; Fred Winnal and others.

Business Houses Assisting Kiwanis With Camp Fund

Places of business throughout Bergen County are assisting the seven Kiwanis Clubs in the county to raise sufficient funds with which to send at least 200 underprivileged boys and girls to camp for two weeks in July and August.

The stores are cooperating by placing boxes on their counters with a card requesting small donations to the fund.

The legend on the card attached to the container reads:

Kiwanis Camp Fund
Help Send
200 Under-privileged Boys and Girls
To Camp this Summer
Your Odd Pennies will Help
Bring Happiness to 200
Under-privileged Children.
Will you please Help?

As it requires only ten dollars, by special arrangement, to maintain a child at camp for two weeks it is believed by the Kiwanis Clubs that the hundreds of pennies and nickles accumulated in this manner throughout the county will result in happiness for many boys and girls who otherwise would have no opportunity to enjoy part of the Summer in the healthful body and mind building environment of a camp.

THEATRICAL NEWS

"Little Miss Nobody" Fabian Hit Showing With "The Ex-Mrs. Bradford"

Following fresh on the heels of two stirring hits, "Bullets or Ballots" with Edward G. Robinson and "One Rainy Afternoon" with Francis Lederer and Ida Lupino at the Fabian two films that at least measure up to their successors on a big double bill program move into the Fabian tomorrow for a week's showing.

The pictures are "Little Miss Nobody" with Jane Withers, assisted by the craftsman of the films, Frank Morgan and "The Ex-Mrs. Bradford" starring William Powell, Jean Arthur, Eric Blore, James Gleason and that old favorite, Lila Lee.

Miss Withers' picture returns the popular little comedienne to the first role that made her famous in the films. She plays the part of a pre-teenish little orphan who does a number of things and gets into plenty of trouble. The addition of Frank Morgan to the film's cast assures the picture of peppy entertainment value.

Bill Powell has just completed "The Great Ziegfeld" and Jean Parker is still thrilling audiences with her performance in "Mr. Deeds Goes To Town." Now United Artists bring these two great stars together in one ripping story. Don't miss this double-header of entertainment!

At Fabian

William Powell and Jean Arthur in "Mr. and Mrs. Bradford"

feature together, "Hands Across The Table." A balanced combination of comedy, romance, song and mystery it gives the team a chance to show their best work.

Miss Lombard appears as a charming American girl posing as a Swedish princess en route to New York to land a film contract. Aboard the liner Mammoth, setting for the entire plot, she meets and falls in love with MacMurray, concertina playing maestro of a swing band.

Before the Mammoth has docked at New York, the romance of the supposed princess and the music king has wound through a plot involving a pair of murders, blackmail, sleuthing of five international detectives and a nick of time solution by MacMurray. An unusually varied supporting cast adds much to both comedy and mystery of the offering.

The co-feature also on the same program is "Speed" starring James Stewart, Weldon Heyburn, Una Merkel, Ralph Morgan and Ted Healy.

L'Alba Italiana

Thursday night on the stage will be played the greatest game of all time LUCKY. Fifty dollars worth of valuable merchandise will be given away.

Carole Lombard In U. S. Feature

A story of mystery and romance on the Atlantic is unfolded by "The Princess Comes Across" which opened at the U. S. theater yesterday with Carole Lombard and Fred MacMurray.

The picture reunites for the first time the screen sweethearts who became national favorites in the first

The Sports Current

by GEORGE GERO

They say that boxing, or the art of knuckle pushing, is the third oldest sport and that foot racing followed by wrestling won the statistical handiwork by a nose or should I say foot.

I didn't see the first contest but you can take it from me that I've first seeing a haymaker at Adam and then the old boy invented foot racing.

All of which is by the way of saying that many thousands of years later we are about to see a shuffling brown mannae, tagged Joe Louis, climb into a ring in Yankee Stadium in the Big Town to do dirt to a Nordic invasion from across the sea dubbed Maxie Schmeling.

Maybe we all won't see it but Senator Mike Jacobs who inherited Tex Rickard's chairmanship of the cauliflower industry is preparing to pay host to over 90,000 guests. I might add paying guests starting at \$5.75 an invite and working up to \$40 for near sighted fans.

But if we don't see it we'll hear it called by Clem McCarthy who's a handy man at the microphone whenever he's calling Bold Venture by a nose or Joe Louis by a left to the button.

Mr Jacobs and his gladiators may play to a gate of \$1,000,000 but if Buick Mac doesn't put an audience of more than a million rooting foot-fight fans far from Yankee Stadium, we'll be badly fooled.

On paper, and looking at the records, it should be Shuffling Joe's fight in two heats but this boy Schmeling can hit, he can take it, and he can box. Whether you watch the fight with your eyes, glued to the ring, or let Buick Mac's crisp voice tell you about it, you'll know there's been a fight.

Max Schmeling can mark down June 18 in his diary as the night of the brown skin putch.

Max Schmeling rode a five day boat getting over here but he can get home in 46 hours on the Hindenburg.

June is the bridal month but if Schmeling thinks there'll be a bride on Joe Louis he is playing the wrong rodeo.

When the Brown Bomber meets the Berlin Blunderbuss there's bound to be an explosion but Mike Jacobs will pick up all the pieces.

James J. Braddock, the former PWA man, says he knows how to trounce Louis. Maybe he wants to bring his pick-axe in the ring with him.

PRO GRID LOOP FORMS WITH 9 TEAMS ENTERED

Nine teams will make up the roster of the American Football Association, professional league circuit. The schedule will open September 13.

The nine teams are the Bay Parkway, Danbury Conn., the Passaic-Red Devils, the Paterson Panthers, the Orange Tornadoes, the New Rochelle Bulldogs, the Stapleton Buffaloes, the Westington Club and Mount Vernon.

The officers of the league are president, Joe Rosentover, of Passaic; vice president, William Cody of Stapleton and secretary, treasurer, Edwin Simandi of Newark.

INDIANAPOLIS STARS AT GOSHEN

Upper left is Wilbert Shaw, right Lou Meyer, 3 times Indianapolis winner; lower left Rex May, Pacific Coast star, and right Babe Slapp, western sensation, who are part of roster at Goshen 100-Mile Race.

Goshen Auto Races 2 MOTOR-PACED Draw Cream Sprint TITLE EVENTS Aces Of The Nation AT NUTLEY VEI

Goshen, N. Y. — From youth "Hank" Banks, protege of the great Ralph De Palma, to the last three winners of the Indianapolis classic: the holder of the 100 mile world mark; the Eastern champion and other auto racing stars runs the list of signed entrants competing on Good Time mile track here June 13 in the century long National Championship race sponsored by William H. Carr.

Led by Lou Meyer, Huntington Park Calif., winner at Indianapolis this year, Kelly Pettilo, 1935 victor, and Wild Bill Cummings, winner in 1934 the crack racing pilots of the country are converging on Goshen to test the fast, hard mile track in preparation for their Eastern debut in championship circles next Saturday.

AAA officials, under whose sanction the 100 mile National Championship is being run, as well as the consolation race immediately following the main event, report that every star competing under their official banner will be a starter at Goshen. Out of nearly 30 entries received to date 14 will be allowed to start at 3 p. m. Eastern Daylight Time, in the 100 mile grind for national honors. These 14 will be selected after qualifying trials determine which are the fastest 14.

Program of Saturday, June 13, will open with qualifying trials at 10:30 a. m., National Championship at 3 in the afternoon; consolation race at 4:30.

Cars bearing the first 10 numbers issued by the AAA will race at Goshen. Last year's first 10 pilots, on which they are rated this year, competing next Saturday, are: Kelly Pettilo, Bill Cummings, Wilbur Shaw, Floyd Roberts, Billy Winn, Chet Gardner, Shorty Canton, Lou Meyer, Ralph Hepburn, and Doc Mackenzie.

Kelly Pettilo's fleet racer bears No. (continued on page 7)

Two motor paced championship races, at forty miles each, will be run at the Nutley Velodrome Sunday evening. This is the biggest card of the season and two long motor paced events are expected to attract the largest crowd of the year, to the Nutley bowl.

The first race will be in Division A and the starters will be Franco Gougetti, of Italy; Gerard Debsete, of Belgium, Tino Reboli, the Newark boy; Bobby Walthour, of Wood Ridge and Al Crossley, the Boston rider. In Division B the starters will be: Alfred Letourner, of France; Mike De Filippo, of Newark; Franz Deulberg, of Germany; Martin Journey of Nutley; Henry O'Brien, of San Jose, Cal. and Jules Audy, the Montreal youth.

When the championships got underway it looked as if Gougetti, Debsete, Reboli, Letourner, De Filippo and Deulberg were certain of qualifying but now with Walthour and Journey scoring victories, the standing of the riders is altered quite a bit and it will be hard to tell who will go into the final until all the qualifying races are over.

The professional stars will compete in two races Sunday night and the amateurs will also ride in two events. Among the professional riders who will do battle will be Ewald Wisel, Bill Honeman, Norman Hill, Cecil Walker, George Dempsey, Charley Ritter and Bill Grimm.

PATERSON MOTORCYCLE RACES

The Eastern Purito League season will lift the lid at the Hinchliffe stadium track in Paterson Tuesday evening when the Paterson Lions will meet the trio representing Staten Island in the first scheduled series of races over the one lap route.
