ITALY BECOMES FIRST TO O. K. FRANCO REGIME

Germany Joins Il Duce In Recognizing Rebel Gov't

Rome—An announcement, to the effect that Italy has recognized the insurgent government of General Francisco Franco in Spain was made today. As a result, Italy became the first major power to give official sanction to the fascist Nationalist government of Spain.

The announcement, which came at 5:30 P. M. simply read,

"The Italian government has recognized the Franco government."

Nazi Germany followed shortly after with a similar pronunciamento leading League of Nations circles to believe that the joint move would precipitate new international complications.

Rome—Today was a day of "ignominy and iniquity" in all Italy. It marked the first anniversary of the imposition of sanctions upon the Italian people shortly after Il Duce began his campaign which resulted in the conquest of Ethiopia.

As a result, Premier Mussolini ordered the Italian people to set aside this anniversary as a means of remembering "eternally the shame committed against the mother of civilization."

Vice-Chancellor Lewis Orders I. N. C. To Move

Vice-Chancellor Vivian M. Lewis this week granted a writ of assistance directing Sheriff John A. Gavin to remove the Italian National Circle from its headquarters at 369 Market Street at the request of the Paterson Building and Loan Association which acquired the property at a sheriff's sale on October 2.

The property was placed on sale when the Italian National Circle failed to make payment on its mortgage. Vice-Chancellor Lewis' motion makes it imperative for the Circle to seek headquarters elsewhere.

ALDERMEN ARE SWORN IN BY CITY ATTORNEY

Four newly elected aldermen and two re-elected aldermen took the oath of office Monday in a ceremony administered by City Attorney Salvatore D. Viviano.

They were: Frederick Horant (R), Thomas Tonge (D), Jacob G. Goldfarb, (D), Harold B. Rhodes, (R), William S. Garrison, (R), and Michael De Vita (D).

The highlight of the ceremony was the receipt of a large bouquet of flowers by newly elected Alderman Michael De Vita. Presentation was made by the Progressive Republican League of the First Ward.

Members of the First Ward Democratic club announced they would hold a testimonial dinner in honor of Alderman De Vita in the near future.

TO FETE NAN

Women's Group Will Fete Mrs. Nan V. Donohue Monday

Mrs. Nan Donohue, newly elected assemblywoman from Passaic county, will be the guest of honor at a testimonial dinner to be given in

Nan V. Donohue the Colonial Inn, Monday night by the Hinchliffe Women's Democratic club.

The affair will be a congratulatory one for Mrs. Donohue who also is the president of the Paterson Board of Education.

Mrs. Stephen Maher and Mrs. Margaret McGarry are co-chairman in charge of the committee which is handling the affair. The committee meets tonight to make final arrangements.

Zangara Calm In Cell, Re-enacts Crime For Police

Passaic County Prosecutor Arthur C. Dunn announced today that he will present the facts in the Ignazio Zangara cesspool murder case to the Grand Jury tomorrow and ask for an indictment for the

(continued on page 8)

MERCHANTS TO FETE GAVIN MAY FORM NEW ALLIANCE

The Main Street Business Neighbors Association will give a testimonial dinner in honor of the newly elected sheriff, John A. Gavin, at the Elks club on November 30, it was announced yesterday.

At the same time that the announcement was made, the possibility loomed that the dinner might be a fore-runner to a new merchants association which may include all merchants on Main street from Market to Ward Streets and all business establishments on Smith and Ward Streets.

New Association

The purpose of the new organization, in the event such an association becomes a reality, said

EXPECT MAYOR TO GUIDE DEMO COURSE IN CASE

G. O. P. Battles Legality Of 75 TTC Votes

The controversy over the legality of 75 votes cast by members of the TTC camp in North Haledon in the last election, was expected to be nearer settlement after Mayor J. V. Hinchliffe's return from Washington today.

Councilman Charles Schweitzer, North Haledon Republican, had attempted to have the 75 votes cancelled and thus bring about his re-election. Schweitzer was defeated by a vote of 609 to 543. He claimed that the votes cast by the TTC incumbents was illegal.

The Passaic County board of elections split on the decision in the case and the matter was brought up on appeal before Circuit Court Judge Joseph G. Woibler.

Hinchliffe's return, it is expected will clarify the Democratic position in the case.

Patersonians Mourn Loss Of Operatic Diva

Madame Ernestine Schumann-Heink, recognized as the greatest of Wagnerian contraltos, died yesterday in Hollywood. She was 75 years old.

"Mother" Schumann-Heink, as she was affectionately known all over the world, was a frequent visitor to Paterson and appeared in several concerts here. She also maintained a summer residence in Singac from 1907 to the outbreak of the world war.

Always an active worker in behalf of the veterans of the world war, she made her own definite contribution to the Paterson veterans when she appeared at the Armory here in a benefit concert and then contributed her fee for the concert to the veterans' fund in 1923.

Irving Leiner, head of the committee in charge of the dinner, would be to seek a solution to problems common to all merchants within the area.

The dinner on November 30 will be featured by a program of entertainment being planned by Jack Ginsberg, of the Majestic theater, and which will be presented under his direction.

Gavin A Member

Sheriff Gavin, who is a member of the Main Street Business Neighbors, will also be the guest of honor at a testimonial dinner to be given by his friends at the Elks Club on Thursday, December 3.

TESTIMONIAL

Friends Will Honor Gabriel Roberto December 10th

Friends of Gabriel C. Roberto will tender the Assemblyman-elect a testimonial dinner at the Colonial Inn, Singac, on December 10, at

Gabriel C. Roberto

was announced this week, J. J. Pisano is chairman of the committee in charge of the affair.

Many notables, from all over the county are expected to attend the affair.

Mr. Pisano, the chairman, is assisted by Joseph J. Riva and Matthew Edell. Alderman Thomas Tonge is the chairman of the reception committee.

SCULLION NAMED

Behrman Appoints Him New Morgue-Keeper

At the recent meeting of the Board of Freeholders, Director Behrman named James S. Scullion as Eastside Morgue Keeper.

Mr. Scullion is an ardent Democrat. After serving a number of years on the County Committee, he resigned to run on the County ticket last year.

He is a member of the Paterson B. P. O. E., Knights of Columbus, St. Patrick's Alliance, and prominently identified with St. Joseph's Church, being a member of the St. Vincent DePaul Society, Holy Name and Guard of Honor. He resides and conducts his place of business at 127 Park Avenue.

VICTORY FETE

Notables Attend Lembo Ass'n Affair

A victory celebration was held by the Carl Lembo Association at its headquarters, 612 River Street, last night. Successful candidates on the Democratic ticket attended.

A feature of the affair was the observation of the eleventh wedding anniversary of Mr. and Mrs. Frank Vitrone. Mr. Vitrone is president of the Association. Refreshments were served and dancing was another of the features of the program. Dominick Murino served as general chairman.

3rd WARDERS URGE TONGE TO HIGH POST

Aldermanic President Reported Back With Party Moguls

Members of the Third Ward Democratic club this week urged Thomas A. Tonge, president of the board of aldermen and an alderman from the Third Ward, to seek higher office in political life.

Mr. Tonge, who has been a powerful figure in Third Ward Democratic ranks for many election, was said to have made peace with the forces of Mayor Hinchliffe at a conference held in city hall Monday.

"Unbounded"

Tonge, however, insisted that the rumor was unfounded.

"There is nothing to it," he said.

He expressed the opinion that the rumor was circulated by individuals who sought to widen the rift between him and the Democratic party forces led by Mayor Hinchliffe.

"Falling Out"

Tonge is said to have departed from the good graces of party leadership when he was alleged to have circulated a letter criticizing the manner in which the campaign was being conducted.

Mayor Hinchliffe was expected to return from Washington where he attended the Conference of United States Mayors. He was, as a result, not available for a statement.

Bank Employees Hold Successful Dance And Revue

The second annual "revue and frolic" of the Passaic county chapter of the American Institute of Banking was held at the Clifton high school auditorium last night. The cast, with a few exceptions was composed of employees from Passaic County banks.

Among those who contributed to the success of the affair were Mina Verduin, Curt Brautigan, Italo Parrillo, Andrew Bosma, William J. Ingram, C. D. Wentink, Thomas Riles and John Kuyper.

DUFFY LEAGUE HONORS PRICE

The Charles V. Duffy league presented William Price, its secretary, and newly appointed process server, with a gold badge at a meeting held Monday night at the club's headquarters, 38 Park Avenue.

The presentation was made by Assistant Prosecutor Edward Saltzman in behalf of the organization. Charles V. Duffy was the principal speaker, devoting the major portion of his address to an analysis of the last election from a county standpoint.

Michael J. O'Rourke, presided over the meeting in the absence of President Edward J. O'Byrne, who is vacationing in Bermuda with Sheriff John A. Gavin.

New Prosperity Seen By Ayres

With a strong momentum promised to continue for several months the country appears well on the way to a recovery moment, Colonel Leonard P. Ayres, vice-president of the Cleveland Trust Co., declared yesterday.

It is still predominantly a consumers' goods recovery, Colonel T. Ayres said, and in keeping with that characteristic it promises to produce in this month and next the best holiday trade since those of the prosperity years.

"There are three parts of our business economy still operating at levels that are far below normal, and which account for most of our unemployment," he said. "These are construction, the making of capital goods and our export trade. We are making gradual progress in all of them, and it does not appear probable that the election results will either accelerate or retard the rates of improvement.

"The production of capital goods is largely dependent on new financing by corporations. The volume of new financing depends on the degree of willingness that business leaders may have to assume new risks in the hope of making greater profits.

"It depends on long range confidence in the future, and the continuing development of this recovery depends on the rate at which that kind of confidence increases. World conditions largely beyond our control probably will determine the near future of our foreign trade."

Debate Dec. 2 On 3 Security Plans

A public hearing will be held in New Jersey on three proposals for a State system of old age pensions and unemployment insurance—one of them conforming to the Federal plan.

The New Jersey Social Security Commission voted yesterday to hold hearings on the three plans to replace the system which was attacked at a previous hearing.

Harry L. Dorby, chairman of the commission, said the texts of the proposed bills and "such other information as may be deemed necessary" would be made public in Trenton next Wednesday.

To conform to the Federal plan New Jersey would have to enact legislation going along with the Federal social security act.

DUCE'S SON IN MOVIES

Vittorio Mussolini Also Gets Dad's Okay To Marry

Vittorio Mussolini, eldest son of Il Duce, won his father's consent to enter the motion picture business and to get married, film circles in Rome reported this week.

The young man, now twenty-two, and a veteran of the Ethiopian campaign in which he was an officer-pilot, will take his new wife on a trip to Hollywood in the spring if present plans are not changed.

He hopes to spend several months at the motion picture capital working for some studio and return to Italy to carve out a career for himself in the Italian motion picture industry.

The girl of his choice, Carla Bugoli, twenty-one, is a tall, slender blonde. Her family is one of the modest means. Vittorio Mussolini met her at the Riccione Seashore.

PRESIDENT PLEDGES PEACE IN THANKSGIVING PROCLAMATION

The annual Thanksgiving proclamation of President Roosevelt published this week, declared the nation had "safely passed through troubled waters" and "pledged furtherance of world peace, prosperity and happiness."

The proclamation read:

"I, Franklin D. Roosevelt, President of the United States of America, hereby designate Thursday, the 26th day of November 1936, as a day of national thanksgiving.

"The observance of a day of general thanksgiving by all the people is a practice peculiarly our own, hallowed by usage in the days before we were a nation and sanctioned through succeeding years.

"Having safely passed through troubled waters, it is our right to express our gratitude that Divine Providence has vouchsafed us wisdom and courage to overcome adversity. Our free institutions have been maintained with no abatement of our faith in men. In our relations with other peoples we stand not aloof but make resolute effort to promote international friendship and, by the avoidance of discord, to further world peace, prosperity and happiness.

"Coupled with our grateful acknowledgement of the blessings it has been our high privilege to enjoy, we have a deepening sense of our solemn responsibility to assure for ourselves and our descendants a future more abundant in faith and in security.

"Let us, therefore, on the day appointed, each in his own way, but together as a whole people, make due expression of our thanksgiving and humbly endeavor to follow in the footsteps of Almighty God."

3,409,000 Less Jobs Than In '39 Counted

Although 9,116,000 persons have been added to the nation's ranks of workers since the low point of March, 1933, the aggregate of 43,747,000 as of September was 3,409,000 below the average of 47,156,000 employed in 1929, according to new estimates made today by the National Industrial Conference Board.

Manufacturing industry, the board said, has contributed most to re-employment with an advance of 3,033,000 workers, from March, 1933 to September, 1936. Agriculture was next with 1,488,000; then followed construction with 1,358,000, service industries with 1,288,000 and trade distribution and finance with 1,142,000.

The number of workers employed in agriculture was 500,000, or nearly 5 per cent, greater in September than in 1929. Employment in the service industries and also in trade, distribution and finance in September stood at 96 per cent of the 1929 level.

State Grange To Oppose More Taxes

Any suggestion to increase motorists' taxes in the 137 Session of Legislature will meet with the united opposition of the Grangers, declared Hon. David H. Agans, Three Bridges, Master of the New Jersey State Grange today.

The Grange opposition to any higher taxes is based on the action taken at the last session of the State Grange, when a resolution was adopted in which this Farm Organization went on record as being opposed to any higher tax

on motor fuel.

The position of the Grange on any increase in gasoline taxes was taken as an indication that any attempt made to finance relief by a higher tax on the motorist will meet with one hundred per cent opposition from the entire Group.

Not only are the Grangers opposed to any increase in the tax on gasoline and registration fees, continued the Farm Spokesman, but they are also opposed to the misappropriation of highway funds for any purpose other than the building and maintaining of roads.

Di Renzo Jewelry Firm Introduces Business Service

The firm of A. Di Renzo, located at 304 Passaic Street, Passaic, established for 27 years in Passaic has been transformed into a company under the name of Di Renzo Credit Jewelry Co., 304 Passaic St.

This company, confident of Mr. Di Renzo's 35 years of experience as a well known diamond examiner competent mechanic watchmaker and perfection as a jeweler manufacturer makes it known that the new firm will be under the supreme management of Mr. Di Renzo whom every one knows as a loyal and honest business man.

Now, and for the first time in 25 years, the firm has introduced a new installment system. There is no "red tape" to go through, your credit is good. All purchases are held in strict confidence, and no collectors will bother you.

This new plan, will be welcome news to those who have dealt with Mr. Di Renzo and those who are about to deal with him, for every purchase here carries an "Iron bound guarantee."

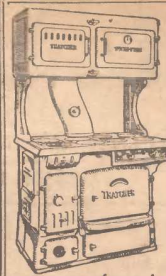

Party Held For Anthony Piela

Anthony E. Piela, of 139 Union Street, was given a birthday party Sunday night. Present were Mrs. Albina Piela, Mr. and Mrs. Stanley Piela, Joseph and Fred Piela, Miss Helen Piela, Sonny Leggy, Patty and Bobby Piela, all of this Borough; Mrs. Jack Rumbish, Evelyn Lorraine and Jack Rombish, of Hasbrouck Heights; Miss Madge T. Simon, of Flemington.

Mr. Piela was born in Poland and came to America more than 30 years ago. For the last 27 years he has lived in Lodi. He has two daughters, Mrs. Joseph Ryglicki, of Cliffside Park, and Miss Helen Piela, who is doing post graduate work and will soon enter a school of nursing. He also has four sons, Stanley and Bernard, both teachers at Lodi High School; Joseph, a student at Montclair State Teachers College and Fred, a student at the local High School.

OCTOBER'S GOLD STAR BABIES ARE LISTED BY MRS. F. GALMICHE

Gold Star Babies for the month of October were announced by Mrs. Francis Galmiche, Clinic Supervisor. Listed were: Domenico Piazano, William Valjarec, Vincent Tabano, James Radolfo, Peter Falla, Rose Marie La Rosa, Angeline Paci Josephine Heroon, Marie Scorp, Loretta Rosellio, Edith Guido, Josephine Frasco, Marie Gannaio, Patricia Irene Cutano and Barbera Ann Di Orio.

WHY NOT REPAIR

NOW

Keep your Furnace (Steam or Water), Range or Stove in such shape that they give you the best there is in them, and add to the appearance of your home—Poor range or heater pipes, grates, linings, or any imperfect parts, waste, fuel, therefore HEAT and MONEY and are often times dangerous as well—If Grates or Grate Frames, Lining or Guards, Waterfronts or Coils, Legs, Shakers or Ash Pans; Pipe; Elbow or Dampers are in bad shape, let us look over your heater and range and quote you prices on putting same into such shape that you get results—Have your repairs done now. Don't wait until cold weather, when everyone wants his work done first.

NEW RECORD SET FOR OCTOBER IN HOME FINANCING, F.H.A. SAYS

A report from Stewart McDonald, Federal Housing Administrator, indicated that home financing activities of private lending agencies, under the Federal Housing Administration program scored a new monthly record in October.

October figures covering the 3 insuring operations of the F. H. A. show a total business exceeding 74 million dollars. It appears, from this report, there will be no decline in such building this fall and winter.

In October, modernization loans insured totaled \$19,659,412; mortgages accepted for insurance amounted to \$48,673,183 and large scale housing commitments totaled \$5,895,000. The total involved, all in private capital, amounts to \$74,534,124 or slightly more than a million dollars over the previous monthly record set last April in the normal building season. Mortgages selected for appraisal during October numbered 14,006 and amounted to \$59,046,345. This is an all-time monthly record.

"Our mounting figures," McDonald said, "have consistently paralleled the increasing building activity as reflected in the reports of those agencies which make careful analyses of building permit figures. There seems to be no reason to anticipate any sharp decline of residential building despite the advancing winter season."

"Most gratifying to us is the increase in percentages of new construction in total mortgages. From July through September this averaged 53 per cent. The inference of course, is that home financing in our program means substantial aid to the whole home building industry."

The volume of modernization notes insured during October is the best monthly record in Title 1 since April and the figure indicated that the current "Modernize for Winter" campaign is bearing fruit.

The records indicate that for every dollar spent for modernization and repair work under FHA auspices, the modernization program has stimulated outside or uninsured modernization expenditures of many times that amount.

Jersey's Relief Load Decreasing Faster Than U. S.

A comparison of State and Federal reports revealed that New Jersey's relief load is decreasing faster than that of the national as a whole.

State Relief Director Arthur M. Mudd said there was a 68 per cent drop from the peak load of 617,176 in February, 1935, to 175,000 in August, 1936. The drop from August 1935 was 61 per cent there being 504,073 persons on relief at that time.

In Washington, WPA Administrator Harry Hopkins announced the National figure at 2,498,012 on October 15 last—a drop of 28 per cent from the peak of January, 1935 when 5,316,000 cases were listed throughout the United States.

Hopkins credited employment by private industry with taking up the slack, Mudd, on the other hand, pointed to WPA activities and the return of the relief administration to the municipalities as paring down New Jersey rolls.

In February, 1935, New Jersey's

relief costs were \$4,673,403. Last August's costs were 76 per cent less. Hopkins estimated relief expenditures at \$160,000,000 a month throughout the entire nation.

Film Records Of Highest U.S. Peak

Mount McKinley in Alaska rising to an altitude of 20,300 feet—North America's highest peak—for the first time has been photographed intimately from the air.

The pictures, both still and in motion, were taken by Bradford Washburn, leader of the National Geographic Society's Mount McKinley Expedition sent to Alaska last summer, who has just made a preliminary report to the society's headquarters. Some of the photographs were made on infra-red-sensitive film.

In a series of four flights from the Pan American Airways base at Fairbanks, Alaska, Washburn succeeded in photographing a vast expanse of the rugged terrain between Mount McKinley and Mount Hayes.

The pictures reveal the highest territory under the American flag. They also mark the first use, in the region, of infra-red ray photography, which makes it possible for the same photograph to show the town of Fairbanks and the white summits of Mount McKinley and its related peaks projecting above the horizon more than a hundred miles away across a haze obscured plain.

SEES PROFIT-TAX UP

Senator Glass, Though, Not Certain
What's Will Happen

Opining that there "ought to be some changes" in the Federal tax on undistributed corporate surpluses, Senator Carter Glass (Democrat, Virginia) said he had not yet considered including such amendments himself, and that he could not predict the probability of their enactment.

Nobody knows what is going to happen," Glass declared, "no kind of forecast can be made with any certainty about the next Congress."

He said further he had not yet "given any thought" to the question of extending the President's authority to devalue the dollar still further. The authority expires early in 1937, unless renewed by Congress.

Passaic, Bergen In Elm Quarantine

On order of Secretary of Agriculture Wallace at Washington, the areas quarantined on account of Dutch Elm disease have been extended. Discovery of new infection of elm trees in districts heretofore free from disease led to the action, officials said.

The order brought practically all of Northern New Jersey under regulation, including the entire counties of Essex, Bergen, Passaic, Hudson, Morris, Somerset and Union; almost all of Hunterdon, Middlesex and Sussex, and large parts of Mercer, Monmouth and Warren.

At the same time, the depart-

More One-Family Homes Built In U.S. Than Before

Conspicuous of the features of the home building pick-up witnessed in recent months is the waning influence of the two family dwelling as compared with its part in the last period of building revival and even in depression building activity. The Home Building and Home Owning Committee of the United States Building and Loan League pointed out the feature.

The committee feels that the new trend has to be studied carefully with a view toward determining the influence for or against home ownership which is likely to be exercised by it.

If the bulk of families formerly housed in two family units are to be provided for in one family dwellings, it's all to the good for home ownership, but if, on the other hand, the bulk of the trade is going to multi-family housing, the cause of home ownership is set back by that much, and the home financing groups will have some responsibility about changing the trend, Mr. Baltz said.

Figures from the Bureau of Labor show that two family homes account for just about 4 per cent. of all the families provided for in new homes built during the first eight months of 1936, and the percentage hovered around this level during 1935 as well. When residential building took hold in earnest after the last inactive phase, in 1923, this type of housing accounted for 22 per cent of the families provided for.

Extra Dividend Of 20 Cents Share Declared By P. S.

The Board of Directors of Public Service Corporation of New Jersey today (November 17) declared an extra dividend of twenty cents per share on its common stock in addition to a regular quarterly dividend of sixty cents per share. The extra dividend reduces the company's liability for surtax on undistributed profits.

Regular quarterly dividends have also been declared on the company preferred stock as follows: \$2 per share on the eight per cent, cumulative preferred stock; \$1.75 on the seven per cent cumulative preferred stock and \$1.25 on the non par value \$5 cumulative preferred stock. A dividend of fifty cents a share has also been declared on the 6 per cent, preferred for December.

Dividends on the common stock are payable December 19, to stockholders of record November 27. Preferred stock dividends are payable December 19, to stockholders of record November 20.

The Board of Directors of Public Service Electric and Gas Company has declared the regular quarterly dividends on the seven per cent and \$5 cumulative preferred stocks of that company also payable December 19, to stockholders of record November 20.

ment announced use of another method of destroying diseased trees. Instead of chopping them down and burning them immediately, the outer layer of bark is girdled and copper sulphate introduced to destroy the tree but enabling its wood to be salvaged.

\$5,000, HIGHER ALTERATION LOANS MAY GO TEN YEARS

Thomas E. Colleton, FHA State Director for New Jersey, announced that an extension of from five years to ten years in the maximum time for the repayment of modernization credit loans in excess of \$5,000 for the purpose of financing alterations, repairs, and additions to Class A property has been effected.

The new order is in the form of an amendment to Title I regulations which provide for the insurance of loans and it also provides the first payment on the loan need not be paid until six months from the date of the note. The FHA announcement on the subject from L. R. Gignilliat Jr. Deputy Administrator follows:

"This regulation is issued in response to requests from various sections of the country to include under the Modernization Credit Plan a type of loan suited for the larger rebuilding and reconditioning jobs, such, for example, as the conversion of a building of one type into a building of another type, the rebuilding of the interior of a building, or the building of a large addition to a present structure."

"The new regulation does not permit loans in excess of five years for the purchase and installation of machinery and equipment. It does not permit the refinancing of existing loans for a term longer than five years."

"It will be the policy of the Administrator to approve loans for a term in excess of five years only when adequately secured by a mortgage on the property to be improved."

borrower's credit is satisfactory and the income of the property as projected over the term of the loan appears to be ample to cover all charges against the property, including amortization.

"It is suggested that these loans be made on a straight interest basis at the lowest rate compatible with local conditions. In submitting the loan for approval the financial institution will indicate what rate will be charged." Further information is available at the Better Housing Headquarters, 741 Main Avenue.

Tonight will witness final meetings in all of the 263 parishes of the diocese of Newark, N. J. who for ten days have been canvassing in the Seminary Drive.

THE ITALIAN VOTE AND ITS SIGNIFICANCE IN THE LAST ELECTION

To the layman in county politics, the most significant aspect of the late election was the sweeping endorsement given President Roosevelt and the New Deal by the electorate; but to the experienced observer of political trends in Passaic County, of even greater significance is the emergence of the Italian portion of the electorate as a vital and growing factor in county politics.

For the first time in the history of county politics Italian voters appeared as a unified group, equipped with the power of asserting a definite influence in local political affairs and armed with a most concrete prospect of playing an even more important role in county political developments of the future.

Too much credit for this "renaissance" of interest in political and civic affairs on the part of the Italian electorate cannot be given to the Italian Division of the Passaic County Democratic Committee and its energetic chairman, Professor Alfred N. Borloso, under whose direction an intelligent and forceful campaign was conducted in a manner that proved the deciding factor in swinging newly enfranchised as well as hitherto independent Italian voters into the Democratic column.

We need not embellish the facts provided by the recent tabulations of the county election figures. These figures speak for themselves. They show a general increase of Italian registration in the Democratic ranks of approximately twenty-five percent, and in some wards, such as the third, seventh and ninth in the city of Paterson, an actual and impressive increase of thirty-five percent!

Professor Borloso's recognition at the hands of County Leader John V. Hinchcliffe as the chairman of the Italian Division of the County Democratic Committee is therefore well merited, and in itself, is indicative of the growth of the influence of the Italian voters in county politics.

Its potentialities have only begun to make themselves evident. Under the capable leadership of Professor Borloso, we are confident this relatively new-born force in county affairs will continue on the road to the complete realization of its aim and ideals.

ON RESTORING PAY CUTS

As industry the nation over swings into zealous boosting of employees' salaries, and the entire nation echoes to better times ahead, we feel the urge here and now to ask more serious consideration by our board of commissioners in the board's study of the possibility of restoring salary cuts to city employees.

For almost four years now, city employees have stood by gallantly in a willingness to assist the city in its financial difficulties. During these four years these city employees have doubtless gone without many of the things an otherwise normal salary may have brought them.

Policemen, firemen, teachers and other city em-

ployees, have been patient these several years. Now, when the board of commissioners is contemplating restoration of pay cuts in the sum of five per cent, which in many cases is half of the pay decrease, we feel this action should be speeded up.

We do not ask that pay cut restoration be granted without necessary deliberation, but we feel confident that the board's affirmative action will do much to continue the swing to better times. Let's place Paterson city employees on the same bandwagon now, together with our local industries co-operating towards a common good at this time!

A MERRIER CHRISTMAS

Beside the tree, the tinsel and the hanging stockings, another symbol has taken its place in Christmas-time. This change has come about in this last generation.

It is the deposit book of the Christmas saving fund, and the million Americans who have thus budgeted their holiday purchases will withdraw and spend \$44,000,000 in the next few weeks.

The sum represents an increase of 16 per cent., or \$6,000,000 over last year's Christmas savings according to the National Association of Mutual Savings Banks.

While living costs have risen in the last year, the fact that these depositors have been able to save 16 per cent more out of their incomes is sufficient omen that their Christmas will be 16 per cent more cheerful than the last one—and a thousand per cent brighter for those who lost their Christmas savings in the bank crashes four years ago before these deposits were protected by Federal guarantee.

This community's banks have reported an increase in Christmas Club savings, along with the nation's rise in this type of deposit.

All-around, it looks like a merrier Christmas!

REDISTRIBUTING THE WEALTH

One of the greatest appeals of the Roosevelt administration is its apparent desire to bring about a redistribution of wealth, not to be confused with the Huey Long share-the-wealth proposal. That there is need in this country for a redistribution of wealth must have been obvious to all intelligent human beings, even in the lush Twenties.

No better illustration of what was happening in this country, and may happen again, may be gleaned from the Brookings Institution survey, published in 1935. Nobody, not even Senator McKellar of Tennessee, has ever accused the Brookings Institution of seeking an overthrow of our Government.

That group found "the proceeds of the nation's productive efforts going in disproportionate and increasing measure to a small percentage of the population—in 1929 as much as 23 per cent of the national income to 1 per cent of the people".

The Brookings Institution also found "the unsatisfied wants—needs according to any good social standard—of the 92 per cent of all families who are now below the level of \$5,000 annual income sufficient to absorb the product of all our unused capacity under present conditions of productivity and still demand much more from such unexplored potentialities as might thereafter be opened up".

It also found the incomes of the rich going in

"We will not again allow people to be regimented by selfish minorities into bankruptcies and breadlines."—President Roosevelt.

"Our security is in our force. Above all, it is in our iron will."—Benito Mussolini, Italian dictator.

"We saw tree-climbing fish and flying snakes that flatten out their bodies and dive from trees."—Martin Johnson, explorer home from Borneo.

"Peace-loving citizens can be aroused to frenzy by the savage rhythm of a military air."—Richard L. Himber, orchestra leader.

"Time will prove that only I can save the country."—Gregori Tsankoff, Bulgarian Fascist.

"No public problem is one of history or economics or of politics alone. Rather, does it involve all three."—H. W. Dodds, Princeton University president.

"It is easy for stage directors to tell actors and actresses what to do before the screen but they can not make them sing."—Mary Garden, operatic soprano.

"Milk isn't good for everyone. It is bad stuff for many people and actually poisonous to others."—Walter Alvarez, Mayo Clinic physician.

"We shall not be secure economically until the economic burdens of sickness are distributed."—J. A. Lapp, trade unionist.

"You have in chemical warfare a weapon which will result in the saving of untold lives and which makes for the future security and peace of this world."—Adelmo Gibson, colonel, U. S. Army.

"There is already too large an army of successful business men who, after acquiring a fortune, spend their few remaining years and most of their money, seeking their lost health."—R. C. Buerki, past president, American Hospital Association.

"If Americans don't like the production, they show it."—Edward Bourdet, French playwright.

"Jazz is the expression of primeval instincts."—Fritz Kreisler, violinist.

"I believe that we should immediately set about to retrench all along the line. I am not in favor of approving projects for States or communities to which a large measure of prosperity has already returned. I become impatient when I am pressed to approve the expenditure of more federal money in sections that are as prosperous as they ever have been in the past or even more prosperous."—Secretary of the Interior Harold Ickes.

"In my opinion, the best and safest course for the convention is not to take drastic action in the Committee of Industrial Organization matter."—William Green, head of the A. F. of L.

"Now, doctor, I'll do whatever you say."—Last words of Madame Schuman-Heink before her death Tuesday at Hollywood.

Owes Wife \$500 Back Alimony, Has Own Obituary Appear In Newspapers

A Botany Worsted Mills worker's ingenuity brought him nothing but remorse yesterday when police uncovered the hoax attempted by Frank A. Pieczarka in listing his own obituary in the Passaic newspapers last week.

Pieczarka said friends advised him that the safest way to avoid his wife, seeking back alimony in the amount of \$500., was to list his own death notice in the newspapers. The Botany employee said he was afraid the idea wouldn't work, but tried it anyway.

His wife, Eva, didn't fall for the hoax. She saw him going to work daily in his automobile and reported the incident to the police. Pieczarka was told he couldn't be booked at the police for the offense, although the newspaper might prefer a charge of supplying fake news against him.

The obituary notice went so far as to describe the church where services would be held, the date of the funeral and the place of interment.

BERGEN TAX BOARD LOWERS UNITED'S ASSESSMENTS; FIRM WILL SAVE \$53,000 YEARLY

Unless Mayor-Council Produce Savings, Taxpayers Are Forced To Approve Huge Increase In 1937 Tax Bill

The Bergen County Board of Taxation, through its secretary, R. B. Murphy, announced early this week that a reduction of \$874,661 in the United's assessments was granted. The reduction will result in a saving of \$53,000 in taxes of the company per year. The original assessment was \$3,493,147. The firm asked for a cut to \$1,643,402 but the Board agreed upon the figure of \$2,618,476.

It is not expected that the Mayor and Council will produce any savings in the Borough expenditures to allow for the great reduction in the United's tax, but, it is clearly indicated that local taxpayers will have to submit their approval to a huge increase in the Borough's tax rate, only because the leaders of the administration in power have been negligent, and have taken the devil-may care attitude.

ject if the chief supervisor is not a Passaic man, and if he cannot be assured that only Passaic women will be employed here.

Martini said he could get no satisfaction from WPA authorities. He said they refuse to give a list of women now working on a sewing project about to finish up. Martini said he failed to see why any one but City Engineer John Schneider need be appointed supervisor of the WPA works.

The project calls for employment of 391 women, whereas, as far as Martini can ascertain, there are only 167 eligible women from Passaic.

Red Cross Nurses Combat Disease on Wide Front

At the close of the fiscal year ended June 30, there were 673 Red Cross nurses bettering health conditions and caring for the sick in 604 communities. These Red Cross public health nurses cared for a total of 233,616 persons during the year and made more than a million visits in their behalf.

The annual report of the American Red Cross states, further that these nurses cooperated with doctors in examining 671,057 school and pre-school children, with 342,261 physical defects found and curative treatment arranged in 209,080 cases.

In 979 Red Cross chapters 1,733 graduate nurses taught Red Cross home hygiene and care of the sick, issuing certificates to 53,126 persons completing the courses. In addition, 1,777 Red Cross reserve nurses were called upon during the year for disaster and epidemic control work.

Passaic Sells Two Strips Of Land

Sale of a strip of land in the rear of the Dante Republican Club in Passaic's Second Ward was confirmed by the commissioners Tuesday. That organization will pay \$225 for the strip, to use the land for building an addition to its present club rooms.

The board also agreed to sell a small strip of land, owned by the city, opposite the almshouse property in Allwood, to the real estate firm of Hughes and Bogart for the sum of \$400.

Those two interested parties were the only bidders at the sale conducted in the morning by City Clerk Arthur D. Bolton.

Purchase of a 1936 sedan for \$775 was authorized made for Fire Chief James Campbell. The only other bid was received from the Packard company. The car now used by Chief Campbell has been in use more than 100,000 miles and last week he informed Commissioner Roegner that a replacement was necessary for safety's sake.

Martini Objects To WPA Sewing Project

Street Commissioner Nicholas Martini believes a new WPA sewing project in Passaic will be a good thing, but he told the commissioners that he is against the city spending \$21,250 as its share of the pro-

large proportion to savings and these savings strongly augmented by others impounded at the source by corporations through the practice of accumulating corporate surplus. These savings, after providing for such increase of capital goods as could be profitably employed, the Brookings Institution saw spilling over into less fruitful or positively harmful uses, ranging from foreign loans to the artificial bidding up of prices of domestic properties, principally corporate securities.

"Thus, we began to discern the answer to our question whether the basic defect in our economic system, not discovered in the technical processes of production, is to be found in the way in which we conduct the distribution of income", the report states. "The answer is affirmative: this is the place at which we find basic maladjustment".

Here, it seems to us, is the biggest job that faces President Roosevelt during the next four years. When Big Business says the scars of the late campaign should be healed and all must pull together for the common weal, we agree. But if that means Mr. Roosevelt must compromise his tax program to suit the gentlemen in whose hands is concentrated most of the nation's wealth, then we can get along without their so-called cooperation.

These, mind you, are the gentlemen who tell you, when they are blowing cold, that the stocks in their corporations are owned by widows and orphans. When they are blowing hot they tell you that the country can not prosper without these few enormous pools of wealth.

Mr. Roosevelt received his mandate November 3. Most of us will back to the limit a program of taxes placed on the backs of those are best able to carry the load. This is the most intelligent way of complementing the social program the President has set in motion. We will not be deceived by false propagandists (85% of the press of nation), as we showed two weeks ago. Mr. Roosevelt has indicated this is the avenue he proposes to take. He is getting splendid results from the few elementary measures enacted. The best is yet to come.

COOPERATE WITH THE POST OFFICE

Paterson employers this week received the forms of the Social Security Board from the post office. They are in a position today to aid in the monumental work of shaping the task of the Federal government. To do this they need only fill out the forms and return them as quickly as possible. Under Treasury Department regulations, forms must be complete and returned to the postmaster by November 21.

The Government lists as an employer any individual, firm, trust or estate, partnership, corporation, joint stock company or insurance concern which has one or more persons less than sixty-five years old in its employ.

Applications of workers for an account number and information service circulars for employees will be delivered at their place of employment next Tuesday. The form must be returned to the postmaster by December 5.

Please remember that the task assigned Postmaster Thomas L. Kelley for Paterson is a difficult one. He did a splendid job in handling the adjustment compensation certificates earlier in the year. We may expect equally good performance in the handling of the Social Security forms if we do our part in filling out the forms and returning them quickly.

IN THE MAIL BOX

Vincent Parrillo

Publisher

Il Messaggero

Paterson, New Jersey

I want to express to you my sincere thanks and grateful appreciation for the wonderful support your valuable newspaper gave to me during my campaign, which there is no doubt in my mind, aided greatly in my election. Aside from a political victory, I felt it was a personal victory as well, because of the vicious and malicious letters mailed to the educational system, throughout the county, criticizing me. Being the lone woman on the ticket, I am happy at the wonderful run I made, despite the many handicaps and obstacles I had to overcome. Wishing you and your paper, every possible success that can come your way, I remain,

Very Sincerely

(Mrs. Leo J.) Nan V. Donohue
Assembly-woman-elect

Sale Of Xmas Seals To Begin

The drive for the sale of Christmas seals to aid in the campaign against tuberculosis will begin shortly after Thanksgiving Day, it was announced this week. The campaign is an annual one.

Approximately 50,000 letters of appeal will be dispatched in the mails to the people of Passaic County, E. K. Funkhouser, executive secretary of the Tuberculosis League, announced.

The Red Cross campaign, meanwhile, has gone along in full swing. Its drive ends Thanksgiving Day.

by GEORGE GERO

THIS GUY, LABRAICO!

"Right or wrong, if an official will only make a decision and stick to it, I'm for him." Those are the words of one of the West's great football coaches. It exemplifies what I have to say about a particular Paterson referee, whose many years of football experience have won for him the reputation as one of the East's most able referees among the professionals and semi-professionals.

It may very well be that Bob Labraico has been served with a too of times, but those few Bronx cheers have been outweighed thousands of times over by the powerful applause he has won from both fan and football player in his many years at the game.

Bob's some 30 years of age and weighs about 160 pounds, is bright of eye and is a healthy looking specimen. He's a real lover of sports and best of them, it's my guess he loves football. He played at high school, prep school and in professional circles. He's been coach and manager of the Arrow A. C. and All-Around A. C. of Paterson and has seen football come up from a little known pastime to one of the greatest sports in the country.

When he began officiating, officials and coaches let up a yowl that the "kid", (Labraico) was too young for that sort of stuff, yet he came through these early years of refereeing as one of the youngest men in the business. After a period of years of service he now lays strong claim as one of the state's best officials.

Bob doesn't ref football games for the work that's in it. He loves the game. He wants to be close up to the players and get the first hand eyeful of the fascinating moment on the field. That's the half of football the spectators have to miss.

Labraico's an amazingly close observer. After a game he can take you through every play of it and remember every player by his number. He wags a ready tongue and always has a ready reply to players who gab with him on the field. Bob knows this limit, too.

For a man his size, Labraico keeps himself in good physical condition. He has worked games in cold, rain and sleet and snow.

To me, it seems, football's in Labraico's blood.

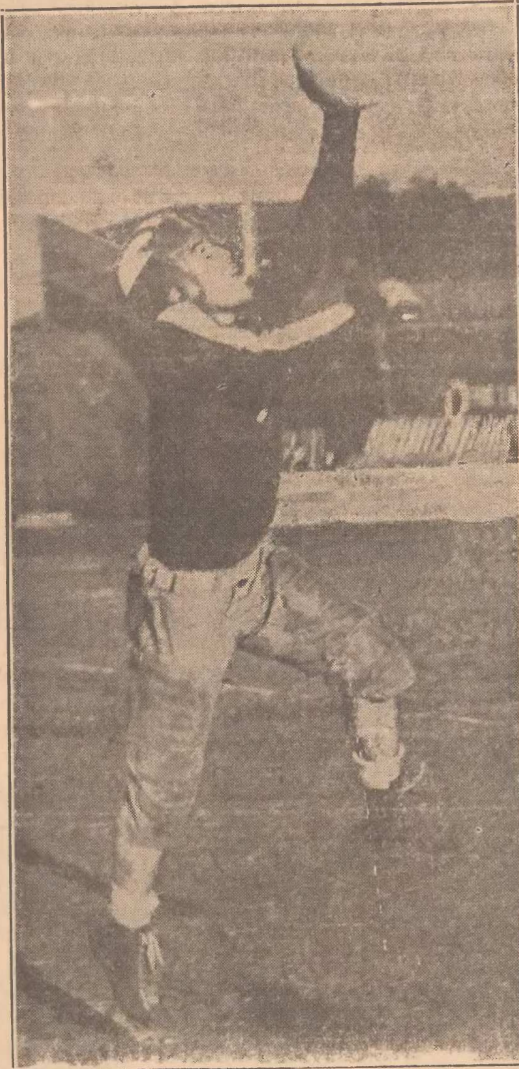

I PICK PANTHERS AGAIN

With Johnnie Biancone leading the Paterson Panthers Sunday afternoon at the Hinchliffe Stadium, I look for the Panthers to give the Wessington Red Devils another one of those old-fashioned lacings. The swivel-hipped Biancone, once he gets going in the direction of the Reds' goal line, should be lighting dynamite.

Incidentally, I have two passes to the game Sunday, something Mister Josephus Rosentover will wish, can hardly be perpetrated when he is the host.

SEND IN YOU'R NEWS

Dodgers Ace Now With Panthers

JOHNNIE BIANCONE, former Oregon State University star and once a member of the famous National League Brooklyn Dodgers, will be heading for foes of the Paterson Panthers, especially the Red Devils Sunday at Hinchliffe Stadium Sunday afternoon. Biancone is a rubber-hipped, swift-legged back, and although he only played a few moments in last week's game before an injury, fans relish seeing him move out of a Panther formation in the backfield.

Sunday's tilt should be a humdinger. Biancone should figure no little in this week's star engagement.

McLarnin Will Be Fighting Man At 40, According To Veteran J. Dundee

Jimmy McLarnin is a better fighter right now, than at any time during his long career, in the opinion of Johnny Dundee, former featherweight champion of the world, who has been watching the hard clouting elf work out every day at the Pioneer Gymnasium for his ten round bout against Lou Ambers, the lightweight boss, at Madison Square Garden on Friday night.

"That fellow McLarnin ought to be fighting until he is forty years old," said Johnny, as he watched Shamus upset one of his sparring partners with a short hook to the chin. "In my opinion he is at the top of his form right now. Those two fights he had with Tony Canzoneri were just what he needed and when Jimmy McLarnin fights himself into form he is a tough baby for any fighter in the world, no matter what the other fellow weighs."

Lou Ambers, the new lightweight champion is doing his daily stint at Summit, N. J. for his clash with the McLarnin battler. Ambers doesn't care a tinker's whoop about McLarnin destructive hitting and is going along with a strong corps of sparring partners confident that he will take care of the Vancouver boxer on Friday evening. Lou boxed two rounds with Johnny Horstman yesterday and took on Irving Eldridge and Jack Giacalone for the same distance.

Tickets are on sale daily at Madison Square Garden with prices ranging from \$1.15 to \$11.50 plus the tax.

Davey Day, the clever Chicago lightweight, has been signed to meet Enrico Venturi, the classy Italian, in a special eight round bout in the Garden last Friday evening. Ralph Indian Hurtado will

Skiing Is Making Bigger Impression As Winter Sport

The phenomenal growth of skiing last year, unprecedented in the annals of sportdom, will receive an early impetus this season with the holding of the Winter Sports Show and the International Ski Meet at Madison Square Garden from Dec. 9-12 inclusive. A total of 63,969 snow zealots were transported by the railroads here and Boston to the rolling hills and slopes that radiates from the Catskills, Poconos, Berkshires, Adirondacks and White and Green Mountains within the period of January 1 to March 1, 1936.

All indications at present point to skiing reaching its greatest success this forthcoming Winter with pre-season activity at now unbelievable heights. In keeping up with the progress of sports, Madison Square Garden will transform its Arena to an honest-to-goodness Alpine setting with real snow used for the varied winter sports competitions and demonstrations on the program.

In addition to showing all phases of skiing, jumping, downmountain, slalom and cross country, the four day schedule of events also will include figure skating, dog sledding, snow shoeing and many novel and fascinating contests.

A visit to the exhibits in the Exposition Hall, in progress all day, will acquaint the vast army of winter sportsman with what the most fashionable winter sports apparel and equipment will be like this snow season. They also will learn what American, Canadian and foreign railroads have to offer in the line of "snow trains."

meet Carl Guggino in another 8 while Baby Saby Saben will mix with Irish Jimmy Brady in the opening eight. Nick Masters and Stanley Harato are down for six heats.

Tickets On Sale For 6 Day Races

When the gun is fired starting New York's 61st International six day bicycle race at Madison Square Garden, one week from Sunday night, favorite sons of seven nations will be in there battling for top honors. The colors of Italy, Germany, France, Belgium, Holland, Canada and the United States will fly over the fifteen bunks that are to be erected at the track flat.

Norman Hill, the American all around champion; Jimmy Walthour Al Crossley, Eddie Miller, Henry O'Brien, Bobby Thomas and Louis Cohen and Jerry Rodman, two Jewish-Americans, will be fighting for dear old U. S. A. Italy's hopes are Franco and Alvaro Georgeotti, no relations: Tino Reboli, Giuseppe Olmo, Learco Guerra, Fabio Battesini and Domeniz Piemontesi. For Gay Paree, France, it will be Alf Letourner, Marcel Guimbretiere, Emile Ignat and Emile Drot: Gustav Kilian, Heinz Vopel and Adolph Schoen will be Hitler's representatives: William "Torchy" and Douglas Peden, and Jules Audy, the Canadian's battlers while lone representatives for their countries will be Gerard Debaets for Belgium and Pete Pellenars for Holland.

Kilian and Vopel have won the last two six day whirls in New York and although it is not known as yet, it is more than likely that they will be reteamated for the coming grind. From the above mentioned field, Manager Chapman should be able to combine at least seven teams that should give the cracker-jack Germans all the trouble they would seek. Schoen and Pellenars won the recent Paris six-day whirl as a team.

Fifty sprints daily or five sets each day should help keep the fans on edge throughout the racing week. Tickets for the race will go on sale at the Newark office, 128 Market Street, and Madison Square Garden box office Monday morning. Ticket orders are being taken at both places now.

Phone Veterans Will Participate In Joint Affair

31,000 Of Industry Will Celebrate
Founding Of Phone Pioneer

Linked by probably the most extensive hook-up of telephone lines and public address systems in the history of communication, 31,000

CHESTER I. BARNARD

veterans of the telephone industry will meet tonight at 175 points in this country and Canada, five of them in New Jersey, to participate in a joint celebration of the founding of The Telephone Pioneers of America a quarter century ago.

The Pioneers, were organized at Boston for the purpose of "renewing and perpetuating friendships, and fostering such other worthy and appropiate purposes as may be found practicable". Chester I. Barnard, president of the N. J. Bell Telephone Company is president of the national pioneer association and will be at the gathering in Newark.

Approximately 1,500 telephone veterans will attend the New Jersey meetings at the Newark Athletic Club, Newark; Alexander Hamilton Hotel, Paterson; Elizabeth Carter Hotel, Elizabeth; Berkeley Carter Hotel, Asbury Park, and Walt Whitman Hotel, Camden.

Starting at nine o'clock an international program with all meetings on the continent participating will be carried out, started by Mr. Barnard from Newark. Prior to this program the New Jersey meetings will have a dinner program of their own under the direction from Newark of General Chairman W. Williams of Plainfield, former president of the New Jersey pioneer group. There will be a roll call of the meetings, joint singing, and short talks by G. W. McRae, vice president and general manager of the New Jersey Bell Telephone Company, and J. A. Moir of Maplewood, president of H. G. McCully Chapter, the New Jersey unit of Telephone Pioneers.

The program in which all pioneers will participate will include a dramatic presentation by the full cast of March of Time players reenacting outstanding events in the history of communication during the last twenty-five years: transoceanic greetings and addresses by outstanding figures in and out of the United States.

The members of the Lodi Exempt Firemen's Association will meet tomorrow at the Liberty Street fire house. When arrangements for the barn dance are discussed, a joint meeting with the fire department will follow.

They All Vote for Fritters

Courtesy Sealtest Laboratory Kitchen

By BEULAH V. GILLASPIE
Director, Sealtest Laboratory Kitchen

WHAT man doesn't like fritters? Usually the whole family "goes for" them pretty well, too! Here's a recipe that is just different enough to tempt the most blasé appetite:—"Cottage Cheese Fritters"—with a delicious spiced honey sauce. How it melts on the tongue. So light and good! So easy to make!

Cottage Cheese Fritters
1 cup cottage cheese
1 egg
1/4 cup milk
1 cup flour
2 teaspoons baking powder
1/2 teaspoon salt

Add the cottage cheese to the well beaten egg and beat until thoroughly blended. Stir in the milk. Sift

together the flour, baking powder, and salt, add to the first mixture and stir in lightly. Drop the mixture by spoonfuls into deep, hot fat (375°F.). Fry until brown (about 2 to 4 minutes). Drain on paper. These may be served plain or with Spiced Honey Cream Sauce. Makes 10 to 12 fritters.

Spiced Honey Cream Sauce
1/2 cup honey
1/2 cup cream
1/2 teaspoon allspice
1/2 teaspoon nutmeg
1/2 teaspoon cloves
1/2 teaspoon cinnamon
Heat the honey in a saucepan and add the cream and spices. Stir until thoroughly mixed. Reheat and serve on the Cottage Cheese Fritters.

Central High To Meet Eastside 11

Central and Eastside high schools' football teams will come to grips in another traditional Turkey Day contest next Thursday at Hinchliffe Stadium.

In preparation for the contest, both teams underwent light scrimmages this week, with the brunt of conditioning due Saturday and early next week. Eastside, because of its superior record, is favored to trounce the Colt Hillers in their Thanksgiving Day clash.

THEATRICAL NEWS

GREAT ITALIAN DRAMA AT LAZZARA'S FRIDAY NIGHT

"La Tragedia del Viaggio Napoli-New York", or the "Tragedy Voyage from Naples to New York", one of the greatest one-act dramas on the Italian stage, is expected to draw thousands of local Italian-Americans to Lazzara's Hall, Ellison and Cross Streets, Paterson, tomorrow (Friday) night at 7:30 p. m.

The famous company of Commander Clemente Giglio, who is just returned from an extended tour through Italy, will present this four-starred drama.

This drama has played the leading theaters of the country and has also been acclaimed an outstanding hit on the continent of Europe. Local theatergoers know of this drama as the greatest piece of showmanship on the Italian stage. The drama has played Theatre Venezia, Giglio's own Broadway showhouse.

"Libeled Lady" At The Fabian

Four outstanding stars glitter in the film firmament at the Fabian where the new M G M hit, "Libeled Lady" is opening today. Jean Harlow, William Powell, Myrna Loy and Spencer Tracy unite their exceptional acting ability in one of the most entertaining films of recent years, a drama with a newspaper angle that is as eye-catching and modern as the current headlines of the Front Page.

The action of the piece centers about a society girl who considers that a newspaper has treated her with irreverence and files a damage suit for five million dollars. Needless to say, the sued newspaper is thrown into an uproar and its managing editor solicits the aid of a former star reporter to extricate the paper from its difficulties. In his scheme to make the heiress drop her suit the reporter succeeds in making her fall in love with him. It is when he, in turn, falls in love with her that complications begin and the tale takes an unexpected and hilarious turn.

The principal roles are cast to perfection. Jean Harlow, as the reporter's saucy sweetheart who helps tangle things up for everyone concerned, has her most amusing role since "Dinner at Eight." Powell as the romantic reporter gives vigor, humor and punch to a part which gives him plenty of opportunities. Myrna Loy is delightful as the libeled lady, and Spencer Tracy completes the stellar foursome with another of his attractively virile and natural portrayals as the harassed managing editor.

For stark drama, wild adventure and unique romance set in a weirdly glamorous background, few pictures can complete with "Isle of Fury" the co-feature picture. It is packed with thrills from start to finish, including the rescue of men washed into the sea from a ship smashed on a jagged coral reef in a terrific storm—battles with knife and gun between outlawed white men, half castes and natives—and greatest of all, titanic struggle to the death of two men caught in the make like tentacles of an octopus at the bottom of the ocean.

Double Feature Comes To U. S.

What happens when a newspaperman with a flair for gags sets out to give his former sweetheart the world's most sensational wedding present, on the eve of her nuptials to another man, forms the basis of the comedy romance "Wedding Present," coming Friday to the U. S. Theatre with Joan Bennett and Cary Grant in stellar roles.

"Wedding Present" is adapted from the hit Saturday Evening Post story of the same name by Paul Gallico. It was directed by Richard Wallace and produced by B. P. Schulberg as the first of his pictures under a new agreement with Paramount.

Miss Bennett and Grant are reporters on a metropolitan daily in the picture, the pride and despair of their hard-boiled city editor, George Bancroft, who is slowly turning gray because of their pranks. When Grant succeeds Bancroft on the city desk, Miss Bennett quits and leaves town, distressed because her former buddy seems to be developing into a "big two telephone man." She gets a job in New York and is planning to marry a writer of inspirational novels, Conrad Nagel, when Grant, who has quit as city editor, arrives and presents the record breaking wedding present. It brings a reconciliation.

Co-Feature

Ripped from sensational headlines of recent months, telling one of the strangest stories ever to come from American life, is Columbia's dramatic "Legion of Terror" also opening on the same program at the U. S. Bruce Cabot, Marguerite Churchill and Crawford Weaver, a newcomer head the cast.

Ed Wynn Starts New Air Series

Ed Wynn, the "perfect fool," and Graham McNamee, the "perfect foil," have started a new series last Saturday night over station NBC-WJZ network at 8:00 p. m. EST.

Ed and Graham have been together on the air for more than 3 years, and they admire each other's talents. "Say, Graham's the greatest foil a comedian could have," says Wynn. "I enjoy working with Wynn more than any program I have done in my entire career," says McNamee. "Just a couple of back-slappers," says Ed.

Wynn made his radio debut 14 years ago—June 12, 1922, to be exact. On that date he took the entire cast of "The Perfect Fool" over to the old WJZ studios in Newark and presented the show complete, including the ballet, which Ed described for the listeners.

Graham McNamee had joined the staff of WEAF, then a rival station of WJZ just one month as a singer who consented to do some announcing on the side.

Wynn, with McNamee as his straight man, returned to radio on a National Broadcasting Company network ten years after his first broadcast. On April 26, 1932, he inaugurated his first regular radio series and almost immediately became one of the most famous persons on the air.

State Theater Presents Stage Show Sunday

The State Theatre on Van Houten Street will offer one hour of entertainment on their stage, Sunday Matinee only, an Amateur contest with all local talent, assisted by and featuring New Jersey's most popular orchestra; namely Frank Barber and his ten piece band.

Mr. Barber will offer several arrangements of modern interpretations of "swing" tunes and will feature, a charming and lovely vocalist, Gladys Lane. Having served most of the most prominent organizations with their splendid music patrons of the State can be assured of a musical program that will rival any ever played in Paterson.

All talented persons are invited to sign with the management for a performance date. The amateur contest will be a weekly program, every Sunday matinee. In addition to the stage show two major features and an amusing cartoon will complete the bill. With no increase in admissions, everyone intending to visit the State to insure themselves of not missing this show is invited to enter the theatre at the opening of the doors at 12:30 a. m.

ZANGARA

(continued)

murder of Mrs. Zangara on Monday, November 2.

Zangara shot his wife as he followed her out of the house after a quarrel over his \$12-a-month old age pension. Chief of Police James Marsh, of Clifton, said Zangara confessed he tied together his wife's legs so "she would sit better" in the wheelbarrow in which he trundled her to the improvised grave. Marsh said the laborer then covered the corpse with stones and earth.

Zangara admitted, Marsh said, that he had stripped several rings from his wife's fingers before dumping her into the cesspool. Police started the investigation of Mrs. Zangara's disappearance November 7 when a daughter reported her missing. The murderer denied her whereabouts until she was found.

the murderer was the least worried through the entire arraignment before police. He joked with Jail Keeper Martin Klevit when he was brought to the Passaic County Jail following his arraignment before Recorder George F. Schmidt in police court Tuesday morning.

Zangara's son, Michael, visited the jail yesterday afternoon with his father's pipe and tobacco. He also gave Keeper Klevit money for additional tobacco.
