MANHUNT ON FOR HALEDON WIFE-SLAYER

Police Trace Miller To Banks Of
Delaware River

MAY BE A SUICIDE

A nation-wide manhunt for Howard A. Miller, accused of brutally slaying his 36-year old Haledon wife, the late Mrs. Edith Miller, was instituted today after police had trailed him to the Pennsylvania shore of the Delaware river near Trenton.

Trenton police had found the truck, owned by his employers, the Cyclone Fence Company of Newark, which Miller had used in making his escape, abandoned in one of the city streets and with the aid of witnesses who said they had seen him leave the truck in favor of a 1936 green Chevrolet sedan, traced him to the opposite bank of the Delaware river where the stolen car was found, also abandoned.

Two Theories

Police Chief Albert Rountree of Haledon, where the crime was committed, and County Detective (continued on page 5)

Aldermen May Pass Bill Over Mayor's Veto

Liquor Licenses May Be Limited To
But 300 In City

Indications were today that the board of aldermen would pass an ordinance calling for the limiting of liquor licenses in this city to 300 in number over Mayor John V. Hinchliffe's veto.

The mayor indicated yesterday that he would veto the measure which has won the unanimous support of the Republican members of the board, but which has split the Democratic faction of the group.

The bill is sponsored by the Grill Owners' association and is said to have the solid support of the brewery interests. It was originally passed by the board by a vote of 9 to 2, and is expected to win the approval of the aldermen once more.

LOSES FIGHT

Perry Must Face Charges Of
Embezzlement Here

William Perry, formerly of 146 East Main Street, lost his fight against extradition and will be brought here to face six charges of embezzlement and false pretenses from Jamaica, L. I. where he is being held.

The necessary papers for bringing him to this state were signed this week by Governor Lehman of New York and Governor Hoffman of New Jersey.

GOOD FRIDAY

Churches Will Be Filled To Capacity
During Holiday Season

Just as they were crowded all day today, all local Catholic churches are expected to be crowded tomorrow in observance of the holy day of Good Friday.

The mass of the Pre-Sanctified will be said at 8 o'clock tomorrow morning in all churches, followed by the Veneration of the Cross. The Three Hours' Agony Service will be held from noon until three o'clock tomorrow afternoon.

ASKS STATE PROBE CAUSE OF DYE BLAST

Dunn Investigates Explosion Which
Took Two Lives

THREE OTHERS INJURED

A request that the state labor department make a thorough and complete investigation of the explosion of a drying machine in the plant of the Commercial Piece Dye Works, 79 Matlock Street, Paterson, Tuesday afternoon which took the lives of two men and injured three others was made by Prosecutor Arthur C. Dunn yesterday.

"The state department of labor," said Prosecutor Dunn, "employs experts who periodically inspect the working equipment of industrial plants throughout the state. Because these investigators are so thoroughly familiar with the proper methods of handling a situation of this kind, we feel that they (continued on page 8)

Wolber Pledges Aid To Lawyers

Will Cooperate With Bar Ass'n's
Committee

The cooperation of Circuit Court Judge Joseph G. Wolber in an effort to obtain legal work for those of the members of the Passaic county bar who are in "necessitous circumstances" was promised to the executive committee of the Passaic county bar association, President Forster W. Freeman announced yesterday.

The inter-relations committee of the organization which is seeking to advance the circumstances of non-prospering members of the bar conferred with Judge Wolber Tuesday afternoon after having received similar pledges of cooperation from Vice-Chancellor Vivian M. Lewis, and Common Pleas Judges Robert H. Davidson and Joseph A. Dolaney.

The inter-relations committee is composed of Robert H. Cunningham, chairman, Recorder Vincent C. Duffy and David Cole.

The Spirit of Easter

Posed by Loretta Young.

In the end of the Sabbath, as it began to dawn toward the first day of the week, came Mary Magdalene and the other Mary to see the sepulchre.

And behold, there was a great earthquake; for the angel of the Lord descended from Heaven and came and rolled back the stone from the door and sat upon it.

His countenance was like lightning and his raiment white as snow.

And for fear of him the keepers did shake and became as dead men. And the angel answered and said unto the women: "Fear ye not; for I know ye seek Jesus, which was crucified."

"He is not here; for He is risen, as He said. Come, see the place where the Lord lay."—St. Matthew 28:1-6.

SENATE BILLS DETRIMENTAL SAYS WATER COMMISSION

Will Meet Next Week To File Brief
Of Opposition

Officials from eight municipalities which are co-owners of the Wanauque reservoir will meet next Wednesday night with the Passaic Valley Water Commission to launch a protest against five Senate bills which are designed to coordinate state water supply authorities.

Meet Wednesday

The meeting will take place in the commission's city hall annex headquarters, and will be attended by representatives from Paterson, Passaic, Clifton, Newark, Glen Ridge, Bloomfield, Kearny, Montclair.

Means for a fight against the bills now before the Senate judiciary committee will be discussed, James Wilson, chairman of the tri-city board, announced. The bills provide for the establishment of a central water authority which would have the power to undertake the construction of major reservoirs.

"Disastrous Effect"

Originally, it had been believed

that an open hearing on the bills would be held, but Majority Leader of the Senate Charles E. Loeux announced that protesting groups must file briefs with the committee, instead.

The Wanauque reservoir group believes that enactment of the bills into law would have a disastrous effect on the carefully planned Wanauque project.

BURKE REPORTS

WPA Nurses Made 35,000 Visits
In One Year

The 26 nurses engaged in various WPA nursing projects in this district, composed of Passaic, Bergen and Sussex counties, made a total of more than 35,000 visits to homes of those on relief, William J. Burke, director of the WPA here, announced in a report issued this week.

The period covered in the report is for one year. In Paterson alone, 15 WPA registered nurses are stationed in the board of health building on Mill street.

ITALY WARNS FRANCE NOT TO PROTEST

Sees European War If French Go
To League Of Nations

EYES BRITISH-FRENCH PACT

LONDON—Italian spokesmen, discussing the crisis brought on by the recently announced accord between Britain and France to stop, by force if necessary, any aid to Spanish rebels on the part of Mussolini, said that if France appealed to the League of Nations in the matter, war would be likely to break out.

Powers Sign Accord

The Italian position in the matter was stated today after announcement had been made by France and Britain that a program "to make non-intervention completely effective" had been effected between the nations.

Foreign Minister Yvon Delbos of France and the British Ambassador to France, Sir George Russell Clerk, announced in conjunction that it was imperative, "even by the use of force," to prevent any further landing of Italian reinforcements in Spain.

Expects More Aid

France, it was stated, had hoped that in view of the agreement signed by all powers, that Mussolini would withdraw gracefully from the Spanish war, but considered the recent defeat of Italian troops in the Guadalajara front an impetus for Mussolini to dispatch more aid to General Francisco Franco, insurgent commander.

Mayor Names J. T. Deighton To Finance Board

New Commissioner Will Succeed
Fayerweather In Post

Mayor John V. Hinchliffe yesterday named John T. Deighton, well known Paterson banker, to succeed Frederick O. Fayerweather, who resigned recently, as a member of the board of finance.

Commissioner Deighton will be transferred from the sinking fund commission, of which he has been the chairman for a number of years, to the finance board as a result of the mayor's action. Like his predecessor, Mr. Fayerweather, Mr. Deighton is a Republican and has been active in civic circles in his native Paterson.

Holds Many Posts

Commissioner Deighton has held many responsible positions in both civic and private life in Paterson. He is at present vice-president and cashier of the First National bank and serves on the board of directors of that organization.

He also serves as secretary and director of the Union Securities and is a powerful figure on the chamber of commerce.

Duce Gets Sword Of Islam As Gift

Premier Benito Mussolini is the proud possessor of the Sword of Islam, studded with gems worth 200,000 lire (\$10,500), presented to him by Arab chieftains at Bu Grara.

Arab leaders explained that the presentation was a personal tribute. The Sword of Islam in this case was not to be confused with the similarly designated sword of Islam with temporal authority over the whole Moslem world.

In his speech, Mussolini renewed his pledge to keep the Moslems united and to respect their rights. He promised Libya a new epoch as a reward for its aid in the conquest of Ethiopia. "What promises I make I keep," he declared.

Jersey Job Unit Helped 4,141 Get Position In Month

Russell J. Eldridge, State director of employment, announced that the New Jersey State Employment service filled 4,141 jobs in February. Private employment accounted for 3,570 placements or 86 per cent, of all jobs.

Eldridge said: "Regular public employment at standard wages furnished 465 jobs and 106 placements were made at security wages on WPA projects. Placements in private employment represented an increase of 68 per cent over February, 1936. Private jobs for men numbered 1,658, an increase of 11 per cent over January, 1937, and a jump of 86 per cent over made placements in February, 1936.

"Female placements in private employment this February were 1,912, a gain of 55 per cent over February, 1936. The total of all placements, 4,141, was a great but highly favorable decline from the 20,883 placements of February a year ago, as the 1936 figures represented almost entirely the assignment of relief recipients to WPA employment."

"These statistics are highly encouraging, as February had a minimum number of working days and as the mid-month of Winter it usually is the low point for employment in many New Jersey businesses, notably construction, agriculture and resort trades."

The Newark office of the New Jersey State Employment Service reported 236 placed in private employment through the quarters in the Newark post office. Of that number, 106 were men and 129 were women.

The Orange office reported that as a result of an employee contracting drive, the office is obtaining openings in private industry. Last month 162 jobs were filled. Orange residents received seventy-three jobs: East Orange, forty-nine; West Orange, twenty; West Essex, nine; Maplewood, five; Montclair, four and South Orange, two.

DARMSTATTER RITES

Last rites for Norman D. Darmstatter, dean of Passaic insurance men and a former member of the old city council, will be held this morning in Cedar Lawn cemetery. Services were held last night at the Darmstatter home, 519 Passaic Avenue, Passaic, N. J.

MA WORKS, PA VEGETARIAN

Male Mosquito Does Lots Of Buzzing, But Mama Get To City In Darkness' Cover For Most Of Biting

Making frequent trips to the city under cover of darkness, Mama Mosquito has replaced the male member of the family in a business way. Papa stays home in the meadow unless the distance is short and he wants to go along just for the trip.

This revelation was made by Dr. Thomas Headless, Rutgers University entomologist at the annual conference of the New Jersey Mosquito Control Association.

Female mosquitoes live on blood and on Summer nights they go to town. But the males, strictly vegetarians, are not attracted by distant lights and the scent of human breath.

"The only reason a male goes along with the swarm of females is just for the trip," Dr. Headless said last night. "If the distance is long he doesn't bother."

An unfortunate and misunderstood cuss is Papa Mosquito. He buzzes harmlessly around bedrooms and front porches and gets

smacked down by flying palms, while his women kind quietly steal nips of blood.

His family life is complicated. The odds are that all his ten day life will be a "wild goose chase".

At dusk the males gather in swarming clouds over moist grass or stagnant pools. They whiz around each other in a mad dance.

Comes a female from the water or a blade of grass. Twice as big as any male, she puts all her energy into a power drive, reaching maximum velocity at a point just below the stag line.

Now, good looks, charm and a high pitched buzz never got a male mosquito anywhere. He must have speed.

"Like a pursuit plane," said Dr. Headless, "the female zooms by the whirling cloud of males. She goes so fast maybe only four or five males see her."

On and on these few chase her across the meadow until all but one quit. He claims her as his mate.

Commodity Prices Income, Outgo Up On Upward Trend Here Since July Unanimity At End

Prices on commodities continued to push into new high ground last week, although there was less unanimity to the swing than has been evident in the past month or longer.

Livestock, industrial and agricultural staples chalked up new peaks for the year, while recently soaring non ferrous metals were set back after dimming 35 per cent since the turn of the year.

The Associated Press weighted index of thirty five important wholesale commodities rose to 95.36 per cent of the 1926 average. This was the highest level in seven years from 94.69 a week ago and compared with 74.40 in the same 1936 period.

Demand for raw materials was heavy as industrial activity boomed to the best rate since late 1929. Steel scrap jumped to a fourteen year top with coke for the production of pig iron scarce.

Lumber quotations were marked up a notch. Strikes in West Coast mills, following on the heels of the long maritime strike, reduced available supplies in the face of rising building activity. Hides, rubber and linseed oil also advanced.

Lead was unable to hold gains of recent weeks. Dropping about 10 per cent, leaders in the trade held speculation abroad had driven prices too high. Tin gave ground before the same selling wave that hit lead.

Products of the farm were sharply higher, reports showing in sufficient moisture. From the four quarters of the world demand for grains was strong corn, wheat and rye sharing the upturn. Oats weakened slightly.

Cotton swung erratically, jumping one half cent a pound and later losing most of the gain.

Nino Martini To Sing At "Mosque"

Lyric Italian Tenor Cast In Concert April 4th

A recital at the Mosque Theater, Newark, Sunday, April 4, will feature the lyric tenor of Nino Martini, Metropolitan Opera star, in a presentation of the Fuerstman Concerts.

This will be Martini's only public appearance in New Jersey because of his heavy schedule elsewhere in concert, opera, radio and the movies.

The slender and good looking tenor likes concert work because it gives him the opportunity to see some of the millions who have heard him over the air and in pictures. There is a refreshing vitality and an artistic sense in his personality that have made him a darling of concertgoers. Martini is at perfect ease on the concert platform. He has a song for every body and gauges the preferences of his audiences.

Tickets for the concert are available at the Fuerstman office, 1060 Broad Street, Newark.

MILLION IN JERSEY GET "SECURITY"

New Jersey persons, numbering nearly 1,000,000, have become eligible to or are receiving social security benefits. New Jersey is one of fifteen states in which all ten of the federal state jointly financed public assistance plans are in operation.

Of the total of 989,090 men, women and children who are actual or potential beneficiaries now, a vast majority 941,000 are eligible for unemployment compensation, which does not begin actual payments until January, 1939. By that time the government estimates there will be about 1,100,000 eligible for this insurance, which will pay from \$5 to \$15 a week for a maximum of sixteen weeks.

Social security beneficiaries actually in receipt of federal state funds number 48,090, who are receiving this month a total of \$683,500 from the joint fund. Dependent children account for 24,400 of the number, and needy aged for 23,200 with 490 blind persons comprising the balance.

The state is a pioneer in vocational rehabilitation, which re-educates workers crippled in industry to self support in some other vocation. Only recently the Chinese government chose the New Jersey rehabilitation system as a model for the republic. Last year nearly 1,500 persons were rehabilitated to self support by the clinics of the State Department of Labor, to which the federal government contributed \$62,481.

Hoffman, Marsh G.O.P. Speakers

At Dinner Of Republicans In
Paterson April 27th

On the speakers' dais at the dinner of the Young Republicans of Passaic County Tuesday evening, April 27 at Hotel Alexander Hamilton will be Governor Harold G. Hoffman and County Clerk Lloyd B. Marsh.

The dinner is being arranged as a testimonial to Donald Collesser of Clifton, State chairman of the Young Republicans. At the same time newly elected officers of the county and municipal units will be installed. T. Star Dunning, Jr. is chairman this year.

James Harding heads the committee in charge of the affair. Executive committees of various municipalities in the county will assist with arrangements. Music for dancing will follow the dinner.

Oregon Greet's Great Lakes Expo

SKI-QUEEN of OREGON, Miss Rose (Come-and-ski-us)-Winkler visited the Great Lakes Exposition at Cleveland this week to pay her respects to the Corps of Yeomanettes who will grace its 150 acres during the 101 days of the big new show, May 29 to Sept. 6. She was received by Miss Betty McIntire (left) and invited to change her heavy winter ski suit soon for a diminutive swimming suit that she might take part in Billy Rose's big water show, "Aquacade", at the new 5,000-seat theater restaurant which will be one of the entertainment features of the 1937 Great Lakes Exposition. From coast to coast, the nation will be represented in the exhibits at the colorful new lakefront show this summer.

3 N. J. Mayors Seek Conference With F.D.R. Over Sewer Damage Claims

A conference with President Roosevelt will be sought by the Passaic Valley Sewerage Commission to determine his attitude toward two new bills in Congress.

The bills would reimburse the commission for damage caused when the Leviathan struck the sewer outfall pipe in New York Bay.

The President vetoed a bill last year under which the commission would have been paid \$109,000. He took the same position as the United States Court of Claims, which previously had held that while the Leviathan was being operated by the United States Shipping Board at the time, it was in charge of a pilot and the government could not be held responsible.

United States Senator Moore and Representative Towey have introduced bills similar to the one the President vetoed. Chairman McMahon of the commission recently said the sponsors do not want to move the bills unless the President will change his position.

McMahon said he thought a conference could be arranged within ten days after Roosevelt's return from Warm Springs, Ga. The commission membership will attend and Mayors Ellenstein of Newark, Turner of Passaic, and Young of Nutley will be invited.

It became necessary for the Passaic Valley to include the \$109,000 in its 1937 budget. The added amount was apportioned among municipalities in the sewer. The mayors will cite to the President the added burden on the municipalities.

Chief Engineer Van Duyn reported unsatisfactory progress on

sedimentation basins under construction with WPA labor at the Newark Bay pumping station. There has been delay in driving of piles. McMahon said he would take the matter up with the procurement division of the Treasury Department.

Magee Asks Stiff Hit-Runner Laws

Hit and run accidents in New Jersey increased 21 per cent. last year, according to State Motor Vehicle Commissioner Arthur Magee, and stronger penalties were prescribed as the only preventive for the rising toll.

There were 1,300 accidents in that class last year, Magee said, compared with 1,076 in 1935; 1,193 in 1934; 1,078 in 1933 and 1,320 in 1932.

Alcoholic beverages helped increase the number of hit run accidents, he said.

"Nine per cent of the drinking drivers," he said, "left the scene of the accident apparently in fear their alcoholic breath would be discovered and be difficult to explain."

The Commissioner called the hit run driver the "most cowardly craven and despicable form of human life known. He may have gotten away with his crime so far as the law is concerned, but if he is human (which is doubtful) he will never escape the burning, aching memory of his cowardly deed."

PLAN DUAL CELEBRATION

Passaic County Will Dedicate New Court House Annex And
Mark Centennial Together On June 5th

Passaic County's new Court House annex will be dedicated on June 5, it was announced by Freeholder Willard L. De Yoe, chairman of the Passaic County Centennial Celebration Committee of the Passaic County Board of Freeholders.

A historical pageant will be presented on a platform to be erected between the Court House and the annex. The pageant will begin at 2:30 P. M. and the exercises will be concluded with the dedicatory services. The annex then will be thrown open to the public for inspection.

The pageant will be produced by Abram Roughgarden, WPA recreational supervisor, with co-operation of Stanton Hammond, principal of Public School No. 20 and president of the Passaic County Historical Society, who is writing the historical data for the performance.

The theme of the pageant will be the history of Passaic County, as portrayed in industry, cultural life and historical background.

Working with Freeholder De Yoe on the committee are Freeholders Harry Behrman and Leo V. Beck-er.

HOLY WEEK

What place should the ancient church custom of Holy Week have in modern life? It is remarked that this custom originated in an age when there was much greater tendency for people to retire to lives of severe asceticism. People of that type would feel that a period of withdrawal from ordinary worldly activities would bring human nature into closer touch with spiritual realities.

Today we have gone on to a very practical age, when people demand that any religious custom justify itself by results achieved for humanity. But the same old faults that debased human life centuries ago still afflict us. There is the same selfish attitude, the same eager grasping for material things, the same disposition to ignore the true meaning of life.

As we hurry through this world, it is well to ask from time to time, what are we here for?; what are we expected to do?; what power placed us here? Holy Week offers answers to those questions. Not so many people observe Holy Week now by strenuous exercises of physical self-denial. But there are plenty of those who do feel it beneficial to make some personal sacrifice, who go slow on frivolous pursuits, who listen to spiritual voices during Holy Week. There is no doubt that such ones gain a benefit.

The present age overdoes the pursuit of pleasure and material satisfactions. It drives so hard that the mind and body are worn out before their time. A benefit is gained merely by slowing up on these pursuits, even if there was no religious stimulation. If in addition, people seek help from sources of spiritual inspiration, there will be a double gain.

THE TRAGEDY IN TEXAS

There are few tragedies, in our opinion, which could come home with a more devastating shock to the people of America than the school explosion at New London, Texas. Those of us who have children in school, if not our own, then those of relatives or friends, can picture in our mind's eye what such a tragedy would mean.

The worst feature of it all is its dreadful finality, the difficulty of doing anything to help. In most catastrophes there is the work of rehabilitation. Save for reconstruction of the school building and the nursing of a comparatively few survivors, it is all over. Parents are deprived of their children and nothing can really be done about that. The heart of America goes out to that Texas countryside.

A MILLION GERALD SMITHS

It has been reported that Mr. Gerald L. K. Smith, who thinks habitually in numbers as round and wide as his mouth, has organized a "Committee of 1,000, 000" to fight 'Communism' and all the hens of the South are cackling ku-klux, ku-klux.

There is no report forthcoming from Mr. Smith, the bellows that walks like a man, on what he intends to charge for his colored shirts or hooded robes, but we note that a "committee on ritual" has been named.

The Splendor of Lilies ...

Oh, rare as the splendor of lilies,
And sweet as the violet's breath,
Comes the jubilant morning of Easter,
The triumph of Life over Death;
And fresh from the earth's quickened bosom
Full baskets of flowers we bring,
And scatter their satin soft petals
To carpet a path for our King.

In the countless green blades of the meadow,
The sheen of the daffodil's gold,
In the tremulous blue on the mountains,
The opaline mist on the wold,
In the tinkle of brooks through the pasture,
The river's strong sweep to the sea,
Are signs of the day that is hastening
In gladness to you and to me!

Oh, dawn in thy splendor of lilies,
Thy fluttering violet breath,
Oh, jubilant morning of Easter,
Thou triumph of Life over Death!
Then fresh from the earth's quickened bosom
Full baskets of flowers we bring,
And scatter their satin soft petals
To carpet a path for our King!

—Margaret E. Sangster

"This will not resemble the Ku-Klux-Klan," says Mr. Smith, rather naively, showing what is on his mind. "The committee will not be based on racial or religious intolerance," adds Mr. Smith, protesting too much.

Klanism has been a major industry in America. Ostensibly based on some "patriotic" fight against radicals or 'foreigners', it has turned a neat profit in money and power for a variety of persons. We don't know whether the pitch is played out or is good for another working. Mr. Smith will find out shortly.

Guild To Confer With Three More Silk Dye Firms

Trio Of Manufacturers Signs Pact With Union

The signing of three more working agreements "on a cordial basis" is between silk dyeing firms and the Textile Foremen's guild was announced this week by Thomas F. Vigorito, president of the guild. The firms involved were Bouchard and Charvet, Inc., Acme Dye Works, and the Seyer Silk Dyeing and Finishing company. Conferences with the heads of three other local plants were also arranged, said Mr. Vigorito.

To Discuss Terms

Terms for a new contract will be discussed with representatives of the Reliance Piece Dye Works, the Associated Print and Dyeing Company and the Empire Piece Dyeing and Finishing company.

A picket line of 40 foremen paraded last week in front of the Payette Volta Miller Dye works for an hour before company officials approved the proposed contract.

Kaltz Asks City To Define Its Stand On S.U.M.

Says Administration Owes Citizens An Explanation

A demand that the city state its position in regard to the attempt to force the hitherto tax-exempt Society for Establishing Useful Manufacturers to become a part of the tax paying community was made Tuesday night by Maurice A. Kaltz, Paterson attorney, in an address before the Roosevelt club.

"Paterson has been treated to a show in the past 146 years, and we are still waiting for the final curtain, which I venture to say, is not far off," declared Mr. Kaltz.

Wants Action

"If the administration feels that the fight is lost," he continued, "and nothing can be done, a frank open statement to that effect is due and owing its citizens. If, on the other hand, it feels that the measures it has passed and those recommended will be effective, then it should proceed with all haste to do something about it."

Quotations

From the News

"When we look at the troubled world today it is a comforting thought that over the vast area where the United States flag is flying there is another great peace loving and progressive influence at work."—Oregon Secretary Anthony Eden.

"We find ourselves drifting toward a terrible and ghastly conflagration, in comparison with which the last war may almost be regarded as child's play."—Lord Davies.

"The principal reason our roads are relatively unsafe is because the automotive engineer has progressed several years ahead of the highway engineer."—Gilmore D. Clarke.

"We must restore human contact between employer and employee; that doesn't necessarily mean increased wages and shorter hours for the worker."—William S. Murray, N. Y. State GOP head.

"Queen Elizabeth looked just like a Dresden doll and a very able woman."—Fred E. Fuller, American who chatted with British royal family.

"Give us the men with brawn and we will train their brains afterward."—Fire Commissioner McElligott of N. Y.

"The church is a human institution, no more perfect or infallible than man himself; it should be no less adaptable to the progressing needs of man than any other institution."—John D. Rockefeller, Jr.

"The only logical place for the people of lowest income to live in is the oldest of such housing as meets our modern idea of what is proper habitation."—C. G. Dally, N. Y. Real Estate Board head.

"False humanitarianism is at the present time a definite drag on social progress."—Dr. E. W. Barnes, Bishop of Birmingham.

"Denmark is not a watchdog or guardian for Scandinavia."—Premier Stauning of Denmark.

"If the word slum is an irritant, we hope it will help to wipe out slum districts."—Judge Jonah J. Goldstein.

"Japan has no territorial ambitions in China."—Foreign Minister Naotake Sato.

"We must take action to save the Constitution from the court and the court from itself."—President Roosevelt.

"The results of the King's Prosecutor's inquiries on all aspects of the case was that there was no evidence to justify him in directing intervention."—Attorney General Sir Donald Somervell.

"Civilized people can learn a lot from the Indians in British Guiana. I find no neurotism, only 4 suicides in living memory and no insanity as far back as 85 years."—J. G. Le Van, explorer.

The Clairvoyant

by OJAY
Though he is not literary, he is indubious... J. G. Lockhart

Lloyd Marsh is the cry of the Passaic County Republican League for governor. They have already begun a newspaper ballyhoo for him as well.

William W. Evans, president of the New Jersey Bar association, picked on the Democrats at the meeting of the Ladies auxiliary of the Central Republican club.

The Women's units of the Republican party are much more active than the men. They manage to have refreshments at most all their affairs, paid for from the card parties and dark horses.

I. Victor Klenert, former alderman from the Fourth Ward, despite his long law practice still remains young in looks and ideas.

Saw former Under-sheriff in white overalls trimming the lawn this week. Spring must be near now.

Met Al Klaner who is on the retired list again after helping the brewers get rid of their delicious Bock beer.

Freeholder Robert Wardle and his men's and women's units certainly know how to run socials and they have them attended by persons who are hardly ever seen at other clubs.

Agnes McCaw is trying her best to place the Eleventh ward Republicans in the limelight. Her latest pep talk is on Alderman William S. Garrison's dinner at the Colonial Inn.

Civil Service Commissioner C. Post of Butler expects to see Assemblyman Roberto's mustache missing any day now. Someone has made a bet to shave it off some night when the assemblyman isn't looking.

Assemblyman Roberto received some snappy letters on several bills he has introduced but he still sticks to his guns. This fellow can give and take it as well.

Nan Donohue had a large group of Republicans as her guests at Trenton from Paterson Monday evening.

Lawyer John Pomfret is quite an orator as evidenced at a recent dinner.

The Bob Worsley association, a county wide organization seems to be stronger than many have suspected. This was evidenced at a recent dinner.

The outpouring of Democrats and a number of surprises are expected when the Duffy league has its annual ball in Temple Emanuel on April 22.

Hudson County is expected to have some say in who runs for mayor on the Democratic slate in this city it has been learned.

The passing of John O'Rourke is a great loss to the political world. "Johnny" a good Democrat was always with Dr. Frank Van Noort in all of his campaigns and one of the best advisers in the political arena.

Petitions for former Alderman Joseph King are still being circulated, but still King has not chosen to run for mayor.

The Charles V. Duffy league again will re-elect Edward J. O'Byrne for president. William Price, popular secretary has opposition but is expected to win hands down.

William B. Ryerson, secretary of the Central Republican club, is one of the best spellers when it comes to shorthand but still he was defeated in the recent Republican spelling bee held at 60 Broad way.

Harry Weinberger and Col. Edward T. Moore, Republicans are firing away for Marsh for governor... Gasoline dealers in this county were pleased to see Assembly bills in their favor pass unanimously. David Harrison, assemblyman of Paterson, assisted.

Wife Slayer

(continued)

James E. Trueman were in Trenton to follow up all leads in the case. Theories developing during the conferences of police officials there are to the effect that Miller may either have committed suicide by leaping in the Delaware river nearby, or that he may be sheltered by friends somewhere in Pennsylvania.

It is known to the police that the fugitive had only six dollars in cash with him and that he could not proceed far without aid.

Ready For Jury

Prosecutor Dunn, meanwhile, was prepared to give the case to the grand jury for indictment next Friday. He was confident that if Miller were captured, he would make a complete confession of the crime.

Miller is accused by police of brutally beating his wife to death in her Haledon home last week. He is said to have gone there to demand a divorce from his estranged wife, an expectant mother, in order that he might marry Josephine Collins, a Newark stenographer, with whom he had been friendly for two years.

Miss Collins was being held as a material witness in the case by the police together with her mother, Mrs. Mamie Collins.

3 HURT IN CRASH

Suffer Slight Injuries In Tenth Avenue Collision

Three persons were injured in a crash between cars driven by Vincent Giurdanella, 383 East 18th street, and Carmen Trongone, 174 East 54th street, East Paterson on Tuesday night.

Mrs. Mary Trongone and Frances Nchaus were treated for slight injuries at Barnert hospital while Miss Rose Giurdanella was taken to her home for treatment.

Sen. Van Winkle Stops Action On Judge's Return

Delaney's Reappointment Held Up In Trenton

The refusal of State Senator Albert Van Winkle of Bergen county to join in the confirmation of the reappointment of Judge Joseph A. Delaney to the common pleas court bench will leave the county of Passaic with only one common pleas jurist after April 1.

Term Expires

Judge Delaney's term expires on this date and he will not be permitted to carry over into office until he is reappointed or another jurist is named to take his place. Judge Delaney is said to have had the endorsement of the Governor for return to his post, but Van Winkle's objections are holding up confirmation of his reappointment by the senate.

Judge Robert H. Davidson is the other jurist in the common pleas court.

"Black Mark"

State Senator Walter H. Gardner vigorously attacked Van Winkle for his delay on the senate floor this week.

"This is another black mark on the Republican party," said Gardner, "which apparently doesn't care what happens to the state or the courts. Personal interests transcend any other consideration."

Blames G. O. P.

"You're leaving Passaic county without its senior judge and I'd suggest you stay away from that section for a while. It's all on your shoulders."

Were it not for the fact that the legislature is in session, Governor Hoffman could return Judge Delaney to his post by means of an ad interim appointment.

Many Pay Last Tribute To Late John O'Rourke

"A Loss To The City He Served", Says Mayor Hinchliffe

Funeral services for John J. O'Rourke, secretary to the board of education and former newspaperman, were held this morning at St. Joseph's R. C. church. City and county officials attended the rites. The late Mr. O'Rourke had been ill for nearly two years, but until only recently had he been confined to his home. He died Monday morning.

"Personal Loss"—Mayor Mayor John V. Hinchliffe joined those who expressed sorrow over Mr. O'Rourke's passing.

"I had known he was ill, but the news of his death came as a shock," the Mayor said. "His death is a loss to me personally and a loss to the city which he served so competently and faithfully."

EASTER GREETINGS

We extend most hearty wishes to our readers and advertisers for a happy Easter season. The early advent of this year's most colorful holiday, we hope will bring us greater happiness this year.

"DEAD END" SET FROM ARTIST'S VIEWPOINT

An artist's drawing of Norman Bel Geddes' remarkable setting of New York's East Side waterfront in "Dead End", by Sidney Kingsley, which opens an engagement at the Shubert Theater, Newark, Monday.

"Dead End", Sensational Drama Opens At The Shubert Monday

In one of the most extraordinary sets erected within and beyond the confines of the proscenium arch—the dead end of a tenement street leading to the East River—playwright Sidney Kingsley has sketched dramatically the first steps in the evolution of the hoodlum gangster in "Dead End", the sensational play which Norman Bel Geddes will present at the Shubert Theatre, Newark, beginning Monday evening, March 29th, with matinees on Wednesday and Saturday.

Those who visit the Shubert will see a stage transformed into a panorama of the sordid slums, with piers replacing the floodlights the orchestra pit making a boundary of dank, murky river water swishing against the wharves. This is Norman Bel Geddes' tremendously realistic setting for "Dead End", in which a group of New York guttersnipes show graphically the influence of environment in the making of a criminal.

These lads emerge dripping with the scum of the river to wallow in the filth of the tenement. They

talk the jargon of the streets and to them "Babyface" Martin, a yellow killer with eight notches to his gun, is a hero. It is the slinking return of the gangster to the haunts of his youth that provides the gripping melodrama of "Dead End", even as the steady progress of unrestrained youth towards the reform school, and worse, provides the social import of this powerful and stirring play.

This segment of life as revealed in "Dead End" becomes living, breathing reality through the earmarks of poverty and squalor that dot Norman Bel Geddes' tremendously effective setting. One hears the hoarse whistles of tug boats, the echo of gay music from pleasure yachts, sees the potted plants and awnings of penthouse luxuries contrasted with the dirty underwear that drapes from tenement fire escapes, garbage cans and filthy milk bottles, the grime and rags of the underprivileged. The huge cast of seventy required to portray "Dead End", which is still playing on Broadway in its 74th week, will include Warren Ashe,

talk the jargon of the streets and to them "Babyface" Martin, a yellow killer with eight notches to his gun, is a hero. It is the slinking return of the gangster to the haunts of his youth that provides the gripping melodrama of "Dead End", even as the steady progress of unrestrained youth towards the reform school, and worse, provides the social import of this powerful and stirring play.

In opinion of competent engineers, the report points out, Transport's equipment sets new standards for the industry in operating efficiency and passenger comfort.

P. S. Reports Additional Orders

Substantial purchases of new transit equipment of an advanced design were made by Public Service Coordinated Transport during 1936, the annual report of Public Service Corporation of New Jersey just released shows. The equipment included 100 all service vehicles, 185 lightweight motor buses, her doll house, fourteen feet high, nine feet long and nine feet wide, on a tour of the world, charging small admission fees and donating the proceeds to organizations devoted to the care of crippled children.

Her father, Charles Morrison, supervised the construction of the Liliputian castle in his workshops in California. Constructed of aluminum and copper with fantastic angles and skysweeping turrets and steeples, the house owes nothing to conventional architecture.

Miss Moore explains that some people spend fortunes on old masters, snuff boxes, polo ponies, poodles or yachts. Her pet extravagance is the doll's house.

Everything in the castle is in miniature. Not counting a myriad of tiny rivets which hold together its frescoed walls, the castle is made up of more than 200,000 individual pieces. It is in perfect scale—one inch to the foot—and contains eleven complete, separate rooms, an entrance hall and an extensive garden.

PASSAIC HOME RIDDLED

Lead pellets believed discharged from a pistol were shot through the pantry window at the home of John J. Breslawsky Tuesday night. Breslawsky is vice president of the board of education. Police are investigating.

DEL MAR ENDORSES DETECTIVE BUREAU FOR BERGEN COUNTY

The proposed central detective agency to be established in Bergen County to combat crime has been endorsed by Common Pleas Judge A. Demarest Del Mar. The Judge said that a bureau of this type is a prime necessity in the County but that it must be completely divorced from politics.

"We need a single agency with one man in charge," Judge Del Mar said. "All the departments must be answerable to him. He must not be a political appointee, but a man whose past record shows his ability."

The proposal is now being considered by the Bergen County Police Chiefs' Association. Co-operation of the Board of Freeholders will be asked as soon as former Judge Abram Lebson, counsel for the chiefs' association, drafts an outline of the plan.

Installation Of Gas Heating Increases

Use of gas for heating homes increased substantially in 1936, the annual report of Public Service Corporation of New Jersey and subsidiary companies just released to stockholders reveals. During the year 1,573 gas fired building heating installations were sold more than in any previous year, and a gain of 763 over 1935.

More than 4,900 homes and other buildings in Public Service territory were heated with gas on December 31, 1936.

HAD CIGAR BOX ANCESTOR

Colleen Moore's Miniature Castle Doll House Will Be On Exhibition At Kresge's Department Store March 27 to April 20

Her dream started with a 2-year old baby's cigar box doll house, built by her engineer father. It culminated in a veritable House of Dreams, dedicated to help crippled children.

The cigar box has long been discarded and in its place today is an exquisite miniature castle. It will be on display at Kresge Department Store from March 27 to April 20. Proceeds will go to the hospital and home for crippled children and the New Jersey Orthopedic Hospital and Dispensary.

The little baby grew up to be Colleen Moore, movie actress, but her passion for doll houses never slackened. Now that she has retired from the screen she is taking 27 oil electric buses and 65

gas mechanical super service buses.

An additional order for 195 all service vehicles was placed in January to provide for the company's trolley substitution program in 1937.

Besides developing the all service vehicle, Transport's engineers have been experimenting for several years with a fuel oil engine in place of the gasoline engine in a gas electric type bus. The success of these experiments led to the purchase of the first fleet of buses ever built to utilize oil electric power. These were put into service in January, 1937, and are operating satisfactorily. The chief advantages of the fuel oil engine are higher efficiency and elimination

The Sports Current

by GEORGE GERO

ICE CARNIVAL SOON

Ted Deglin, publicity chief at Madison Square Garden, is pretty much excited about that Ice Carnival coming to the Garden this Saturday. One of his usually sterling releases gives me an assist in today's column.

The Ice Club rink, headquarters of the Skating Club of New York sponsors of the International Charity Ice Carnivals, is a beehive of busy activity as last minute preparations are arranged for the great ice shows opening at Madison Square Garden on Saturday night.

This year's ice pageant, staged for the benefit of the Bellevue Hospital Social Service and the Carroll Club, is expected to surpass in every way all previous carnivals conducted in New York. Under the direction of Mrs. Daniel Secord, Joseph Savage and Joel Liberman, the large group numbers are being rehearsed daily. "Gorgeously costumed and skating in skillful harmony, these ballets are an indispensable part of the Carnivals."

Karl Schafer, Austria's skating idol and Miss Melitta Brunner of Vienna, will be the individual highlights of the extensive program. Schafer, seven times world champion and twice Olympic title holder has brought the art of skating to a higher point of perfection than any of his predecessors. His superb performance on the ice—his spectacular jumps, spins and original dance steps give his program a balanced composition of rhythmic grace and speed never before equalled.

Vivacious Maribel Vinson of Boston, national champion of the United States nine times and present holder of the coveted North American figure skating championship, Miss Audrey Peppe of New York, who returned here from Europe Thursday where she competed in the world's and European championships; and Erle Reiter of Minneapolis are among those who will appear in solo numbers.

Miss Vinson, the talented Radcliffe College graduate, has developed her exhibition skating to a new high point of perfection. Her rhythmic movements on the ice and her beautifully timed jumps and spins are performed brilliantly with an assurance which makes her America's most popular exhibition skater.

Miss Melitta Brunner, the beautiful Viennese blonde, is conceded by experts to be the most accomplished exponent of ice dancing in the world. Her exhibitions have a thrilling sensationalism unique in skating circles. In the "Aurora's Flight", her closing number in the Garden Carnivals, Miss Brunner appears as a golden statue. With magnesium torches in either hand she sweeps down the ice in one of the most startlingly effective dances ever adapted to ice.

Canada will be well represented by the internationally famous Granite Club Six from Toronto and by the great Minto Skating Club group from Ottawa as well as the Minto Club four, North American champions, and the Misses Hazel and Dorothy Calley

CARNIVAL AT MADISON SQUARE SEATS AT PREMIUM FOR ICE

So few seats are unsold for the International Skating Carnivals to be held in Madison Square Garden March 27, 29 and 31 that The Skating Club of New York, producer of the extravaganzas given under the sponsorship of the Bellevue Hospital Social Service Conventions Bureau and The Carroll Club has decided to add another performance, scheduled for Tuesday, March 30.

The demand for tickets for these gala events assures capacity

houses for all performances, and the Tuesday Carnival, which duplicates the regularly scheduled shows in every respect was added in order not to disappoint the thousands who might otherwise be unable to purchase tickets.

Tickets for all four carnivals are on sale at the Madison Square Garden Main box office, the Garden branch box office at 38 East 43rd Street and at the office of the Charity representative, Miss Fanshawe, at 685 Madison Avenue.

Tony, Montanez Go In Training

Pedro Montanez, the great Puerto Rican Lightweight and Lou Ambers, the lightweight champion of the world, have started light training for their ten round bout at Madison Square Garden on Friday night, April 2nd, James Johnston, the Garden promoter, regards it as the prize match of the year and predicts that it will be a bitter battle every step of the way. Montanez has never been defeated and has met all the top notch lightweights since coming to this country a little more than a year ago. While Ambers' title is not at stake, the peppery Pedro says he will settle the issue by knocking the title holder down a door nail inside of a half dozen heats.

In the Ambers camp, they have all together different ideas about the situation. Al Weill, the dapper manager of the champion, says that the Montanez fighter is in for the biggest surprise of his life, and it would not surprise Al in the least if his boy should put the crusher on Mr. Lew Burston's classy battler before they travel half the distance.

"Ambers got a few bad fights out of his system since he won the championship from Tony Canzoneri, but right now he is back in the rare form that won for him the lightweight crown," said Weill yesterday. "Lou is a great money fighter and always shows at his best when the ole chips are down there. Just watch little Lou this time. He will knock that Montanez guy bowlegged sure as you're alive. After that we will take good care of Tony Canzoneri on the 7th of May, in the Garden," concluded Al, as he made off in another direction.

Early betting favors Montanez, but the Ambers supporters are not lacking in getting it up. Prices for the big show will range from \$1.00 to \$7.00 plus the tax.

A new number on the program this year developed by the famous professional, Will Boeckl, will be the "Four Kadettes" This new four composed of the Misses Jane Vaughn, Charlotte Walther, Katherine Durbrow and Marjorie Parker, has a verve and unity which is certain to be of unusual interest.

Among the pairs on the program will be that of Miss Maribel Vinson and George Hill of Boston, Miss Grace and James Madden and the great tango team of Miss Louise Bertram and Stuart Reburn of Toronto.

MICHAEL D. MIRIELLO, Solicitor

By virtue of the above stated writ of fieri facias, to me directed and delivered, I have levied upon and shall expose for sale by public vendue, and sell to the highest bidder, on Friday, the Sixteenth day of April, 1937, at 2 o'clock in the afternoon, at the Sheriff's Office, situate in the Court House, in the City of Paterson, that is to say:

All the following tract or parcel of land and premises hereinafter particularly described, situate, lying and being in the Borough of Hawthorne, in the County of Passaic and State of New Jersey.

BEGINNING on the northerly side of Hawthorne Avenue (formerly Franklin Avenue) as the same is laid down on map entitled "Map of Hawthorne Park Estate," situate at Hawthorne, Passaic County, New Jersey, June 1875, J. H. & P. Gost-

By Home Economics Department Public Service Electric and Gas Company

JUST the thought of some foods makes one hungry. Fried Chicken is just such a food. A person may have seen a recipe or heard someone mention one; the next thought is to order the chicken and get started.

We have used a recipe that is called Oven Fried Chicken. Your regulated oven watches the chicken and cooks it "to a turn" without your having to give it much thought. You will notice when you read the recipe, that the chicken is browned at a higher temperature, then water is added to the pan, it is covered and the chicken left to cook for one and one-half hours.

One naturally thinks of some foods as being boon companions and is reluctant to serve one without the other. For instance, Chicken and Corn Bread. When the temperature has been reduced in the oven the Corn Bread may be put into the oven and cooked along with the chicken.

Oven Fried Chicken

Clean a chicken weighing 4½ to 5 lbs. and cut into thirteen pieces. Season each piece with salt and pepper and dip into beaten egg, then roll in fine buttered cracker crumbs or flour. Place on the greased rack in a roaster and sear uncovered for twenty minutes at 450 degrees. Reduce temperature to 375 degrees, add only two tablespoons of water and bake for 1½ hours with cover on.

Corn Bread

1 cup cornmeal ½ tsp. salt
1 cup sour milk 1 egg
1 tsp. shortening ½ tsp. soda
1 tsp. brown or ½ tsp. cold white sugar water

Cook together the cornmeal, milk, shortening, sugar and salt in double boiler for twenty minutes. Allow mixture to cool, add well beaten egg

and soda dissolved in the cold water. Bake in a shallow pan for forty minutes at 375 degrees.

Scalloped Spinach

2 cups cooked ¼ tsp. pepper
spinach 1 egg, slightly beaten
2 tbsp. minced onion ½ cup milk
½ tsp. salt ½ cup buttered crumbs

Chop the spinach, add all the ingredients except the bread crumbs. Place in a buttered casserole. Cover with buttered crumbs. Bake at 375 degrees for twenty-five minutes or until brown.

Molded Beet Salad

2 cups chopped ¼ tsp. celery salt
beets 1 medium sized 1 pkg. lemon onion, minced gelatine
1 tsp. salt

Boil beets and chop fine. Marinate in two tablespoons of vinegar for a few minutes. Drain well. Add to gelatin, mixed as directed on package. Put into mold to harden. Serve on lettuce and garnish with mayonnaise.

Pineapple Fritters

1 #2½ can 3 tbsp. sugar
sliced pine- 1 tsp. baking
apple powder
2 eggs, separated ¼ cup evaporated milk
1 tbsp. melted ¼ cup water
butter ¼ cup fat for deep
1 cup flour frying

Drain pineapple. To beaten eggs add butter and sifted dry ingredients alternately with diluted milk. Beat. Fold in stiffly beaten egg whites. Dip pineapple slices in batter to coat well and fry in deep fat until golden brown. Drain on heavy unglazed paper. Sprinkle with confectioners sugar. Serve warm.

GEORGE T. ANDERSON, Jr., Solicitor

By virtue of the above stated writ of fieri facias, to me directed and delivered, I have levied upon and shall expose for sale by public vendue, and sell to the highest bidder, on Friday, the Second day of April, 1937, at 2 o'clock in the afternoon, at the Sheriff's Office, situate in the Court House, in the City of Paterson, that is to say:

All the following tract or parcel of land and premises hereinafter particularly described, situate, lying and being in the Borough of West Paterson in the County of Passaic and State of New Jersey.

BEGINNING in the easterly line of New Street at a point where the same is intersected by the northerly line of Mercers Street, parallel with the westerly line running (1) northeasterly, along the line of Plot No. 230, as laid down on Map C, of Property at Paterson, of Hoxsey & Benn, J. E. Giesche, C. E. 1871, to the rear of same, thence (2) Southeasterly, along the southerly line of Plot No. 214, as laid down on said Map, one hundred feet to New Street; thence (3) southeasterly, along New Street, twenty-nine feet, six inches to the beginning.

Being a gore shown on said Map lying between Plots 214 and 230. Together with the hereditaments and appurtenances thereto belonging, etc. Liens and encumbrances against the above described premises will be made known at the time of the sale. Approximate amount of decree Two Thousand Three Hundred Dollars.

JOHN A. GAVIN, Sheriff

March 11, 18, 25, April 1, THE MESSENGER—Fees \$28.98

THEATRICAL NEWS

"LOVE IS NEW" COMES TO THE FABIAN TODAY

The streamline modern comedy of a private love affair whose kisses splash all over the front pages and whose adventures sell extra editions, with Tyrone Power, Loretta Young and Don Ameche as the thrilling threesome stepping out in a fast moving, high stepping springtime romance will meet uproarious acclaim when "Love Is News" opens today at the Fabian.

Outromancing his brilliant role in "Lloyds of London", Tyrone Power plays a thrilling lead opposite fresh and lovely Loretta Young, who brings a new grace to a portrayal that is engagingly different with Don Ameche outstanding in a vigorously exciting characterization.

Because he has just tricked her into another front page story, heiress Loretta swears revenge on Tyrone, ace reporter for the New York Daily Express. Determined that he shall know just how it feels to be a newspaper "goldfish in a bowl", with as little privacy as he allowed her, she announces to the papers that she is engaged to him, and adds she has presented him with a million dollars.

In a flash he becomes the target of a thousand linotypes and twice as many salesmen. To force her to admit the hoax, he chases her out to the country only to find himself in an adjoining cell when they are arrested for speeding. Riotously confusing and amusing, the story ascends to a stirring, madcap climax in which the widely publicized hoax becomes the private truth as the modern pair find themselves really in love.

The Co-feature—"Sea Devil" starring Victor McLaglen Preston Foster and Donald Woods.

"MIRACLES OF 1937" ON THE MAJESTIC THEATRE STAGE

Rajah Raboid and his "Miracles of 1937" will be the vaudeville attraction at the Majestic Theatre, Paterson for four days starting tomorrow. "Miracles of 1937" sets a new era in vaudeville presentations. A magic background is used to present his thirty continental artists which embraces beautiful dancing girls, singing musical acts and comedy. Rajah Raboid will offer for the first time in this country his famous production of the Old Masters introducing Robert Houdin, famous English Magician; Ching Ling Foo, Chinese conjuror; Prince Yogi forms the East Indies, and late famous magicians, The Great Keller, Lafayette, Harry Houdin and Howard Thurston. Other famous acts include: Flight of the Silver Birds, using more than one hundred beautiful birds, and his newest sensation is actually sawing a man in half, European knife throwing act while blind, folded on his famous mental act during which he answers all ques-

tions. A special sixty foot baggage car of special equipment is carried and the revue is done in ten lavish scenes.

MANY DIVERSIONS ARE OFFERED AT THE STATE

Just look at the State Theatre ad and see the wonderful added features which are to be presented to the patrons of the Theatre. On Friday evening there will be presented the Theatre's Auctioneer. This Saturday matinee, besides the usual interesting game for the children the State will present a show for the whole family Tramer's animal circus. A complete three ring circus with mind reading ponies, trick dogs, and a host of other animals. Saturday evening the State Theatregoers will as always, enjoy the playing of the game Lucky, winning handsome gifts, or the cash jack pot offered each Lucky night.

An amateur contest will be held Sunday afternoon, and on Monday evening the Silk City club will give a shooting exhibition on the stage.

"WAIKIKI WEDDING" AT U. S. THEATRE PATERSON

Bing Crosby, Bob Burns and Martha Raye, are together again in "Waikiki Wedding", a gay comedy of love and music under tropic skies which opens tomorrow at the U. S. Theatre, Paterson.

Beautiful Shirley Ross, carries the feminine romantic lead of the new comedy. The cast also includes George Barbier, Leif Erikson, Miri Rei, the Tahitian dancer who was the sensation of the Ziegfeld Follies recently; Kuielei and Nalani De Clero, native Hawaiian dancing team, and over two hundred

native dancers, musicians and other performers.

"Waikiki Wedding" is the story of a press agent, played by Crosby whose job it is to keep Miss Ross thrilled with the glamour of Hawaii. He does a thorough job of it, falling in love with her.

Bob Burns and Martha Raye also have a romance very much like the one they had in "Rhythm on the Range."

The co-feature—"The Crime Nobody Saw" the mystery story which also comes to the U. S. in Paterson tomorrow.

CLAIRE TREVOR STARS IN FILM AT THE GARDEN

Hilarity and adventure run riot on the highways in "Time Out for Romance" which is now showing at the Garden Theatre, with Claire Trevor and Michael Whalen.

As the daughter of a millionaire sportsman, Claire Trevor flees home and her titled foreigner she has just married who had earned a half million dollar settlement by her socially ambitious mother. Hoping to meet her father in California, Claire starts hitch hiking across the continent.

At the approach of a caravan of cars, being driven from the factory to the Pacific Coast, the weary ride thumber feigns collapse and one of the drivers, Michael Whalen, takes her aboard his car.

With police on the trail of the missing heiress and of stolen diamonds which have been hidden in Michael's car, complications ensue thick and fast. A whirlwind flight from the police serves to reveal the real thief.

The co-feature—"Sing While You're Able" with Toby Wing and Bert Roach.

"We are coming out of the depression into a healthier atmosphere, very different from the business air we breathed when the crash came. Then the emphasis was upon the mechanics of life. Now it is upon the humanities."—Blaine B. Coles, banker.
