BOTH SHOULD QUIT, SAYS VAN WINKLE

Offers Solution For Cape May Senatorial Controversy

MAY UNSEAT SEN. HUNT

A proposal that both Republican Senator William C. Hunt and Democratic Senator William H. Smathers resign their seats in the state senate as a solution for the disputed Cape May senatorial election of last November was made by Senator Winant Van Winkle, Republican of Bergen County, today.

No Right To Seat

Van Winkle termed the proposal, "the nicest way out of the situation" which was created by the decision of Circuit Judge Wilfred H. Jayne who ruled that Senator Hunt's election was fraudulent. Senator Van Winkle is expected together with Senator Clee of Es.

SILVERMAN ASKS ACTION ON S. U. M.

Says Board Is "Holding Something Back" In Case

WILSON ANSWERS HIM

The board of finance, at its regular meeting today, heard Charles Silverman, Paterson attorney who represents a taxpayers' organization, accuse its members of "holding something back" in their efforts to force the Society for Useful Manufacturers to pay taxes to the city on its property.

Wants Action

"This board," Silverman said, "is being criticized because a certain big corporation can get what it wants, and individuals can't. I have been requested to insist that some action be taken."

He was referring to the S. U. M. (continued on page 5)

Non-Intervention Treaty Violated

Italian Press Charges France, Russia Continue Aid In Spain

ROME — Demanding that other nations live up to their agreement to keep hands off Spain, the Italian press today charged France and Russia with violating the non-intervention accord.

"Not for a single day since non-intervention became effective," said the Giornale D'Italia, "has the influx of volunteers to Spain from France and Russia been halted."

The article in which the statement appeared was entitled "Farce Of Non-Intervention In Spain" and was written by Virginio Gayda.

Victorious In Election Of Dyers' Local, 1733

Courtesy of The Morning Call

Pictured above are, left to right, (seated): John Lyding, vice-president; Mariana R. Fidone, secretary-treasurer and Charles F. Vigorito, president. Standing in the rear, are: Ray Emidio, organizer; Ralph Le Pera, Tony Venturi, Jack Laudi, business agents; and George Mangarelli, assistant secretary-treasurer.

VIGORITO WINS THIRD TERM AS PRESIDENT OF DYERS' LOCAL AS 5,000 CAST VOTES

Three Independent Candidate Are Victorious In Ballotting

More than 5,000 members of the Dyers' Local, 1733, U. T. W. of A., took part in Saturday's balloting which saw the return of Charles Vigorito to the office of president of the union and the election of the great majority of his ticket to office by large margins over independent opponents.

3 Independents Win

Only three independent candidates were successful in the contest. They were James Clark, who was returned to the executive board, Frank O'Neill, who was named a new member of that body, and George Mangarelli, who was reelected to the position of assistant secretary-treasurer.

In the principal contest of the balloting, President Vigorito received a total vote of 2,957 against 1,357 recorded by his opponent, Angelo Longo. This will be Mr. Vigorito's third term in office.

HEADS MEDICAL STAFF

Dr. Walton Named By Paterson Orphan Asylum

Dr. Gordon G. Walton was named chief of staff by the medical staff of the Paterson Orphan asylum at a meeting of that group held Tuesday evening. Dr. Howard Nye was appointed to the post of secretary.

William W. Holcombe, superintendent of the institution, praised the efforts of the medical staff in behalf of the inmates of the asylum.

John Lyding, with a vote of 2,891, won from James O'Neill, who polled 997 votes in the contest for the vice-presidency of the union, while Miss Marianna R. Fidone retained her post as secretary-treasurer by a 2,908 to 1,095 margin over John Tavano.

Executive Board

Ralph Le Pera, Tony Venturi and Jack Laudi were named business agents by the union members

Lyding Reelected Vice-President; Miss Fidone, Sec'y.-Treas.

while Charles Cioppa, James Malone, James Clark, Frank O'Neill, Thomas Caldwell, Charles Lazzio, Joseph Ventura, Louis Cappucci and Harold Nyenhouse won their contests for election to the executive board.

Anthony Lyding, Thomas Perone and Tony Manno received posts on the board of trustees as a result of the voting while John Tapor and Anthony Cappuccio were victorious in the contests for sergeant-at-arms.

Emidio Unopposed

Ray Emidio, who was unopposed in the race for the post of organizer, and George Mangarelli, who won from L. Scialla by a margin of 2,250 to 1,412 for the office of assistant secretary-treasurer rounded out the list of successful candidates in Saturday's election.

GOVERNOR TO TALK

Hoffman Will Address Kiwanis Club Luncheon Tuesday

Governor Harold G. Hoffman will address the weekly noonday luncheon of the Kiwanis club at the Alexander Hamilton hotel Tuesday afternoon at 12:15. Chairman M. Metz Cohn announced yesterday.

This will be the governor's second appearance before the local Kiwanis chapter. He spoke here last in December, 1935. Other service clubs of the city will be invited to attend the luncheon, it was announced.

PATERSON'S TAX RATE IS SET AT 4.47

Nine-Point Increase Due To \$4,000,000 Loss In Ratables

7 IN COUNTY GO UP

Figures released by James J. Murner, secretary of the Passaic County Board of Taxation, yesterday revealed that seven of the 12 municipalities of the county would operate this year under increased tax rates.

The borough of Ringwood, with a jump of 71 points over last year's tax rate, led all in respect to increases in the tax rate while Hawthorne's rate, down 57 points, represented the greatest reduction in the county.

9—Point Jump

Paterson's rate represents a nine point increase over that of last year, the assessment being \$4.47 (continued on page 5)

DONOHUE BILL O. K.'d BY SENATE

Governor's Signature Will Return Almshouse To City

STATE DROPPED PLANS

The return of the almshouse property by the state to the city of Paterson was virtually a certainty yesterday with only the signature of Governor Harold Hoffman necessary to make the transaction official.

A bill enabling the act to take place was successful both in the house and in the senate after it was introduced by Assemblywoman Mrs. Nan V. Donohue in the assembly and sponsored by Senator Walter H. Gardner in the upper house.

Abandoned Plan

The city had deeded over the almshouse property to the state on (continued on page 5)

Blaze Damages Two Dwellings

Cause Of East 18th Street Fire Undetermined

A fire that spread to an adjoining house before it could be checked damaged two dwellings at 92 and 94 East Eighteenth street yesterday afternoon.

The blaze began in the one family house owned by Mr. and Mrs. Ralph Susslin and before firemen could reach the scene, it had spread to the residence of Miss Bertsch, next door, a two family dwelling.

Both houses were badly damaged. Firemen as yet have not determined the cause of the blaze.

CANCER CAUSE IS DISCLOSED

New Treatment Methods Will Be Discovered In New Disclosure

According to Surgeon General Thomas Parran of the Public Health Service research work is bringing more complete understanding of the cause of cancer and development of more effective methods of treatment.

"I think we may be on the eve of important developments in getting at the factors which cause cancer and thereby eliminating them," he said.

That belief, he added, is inspired not by the discovery of methods of preventing cancer but paradoxically because many chemical substances have been found which produce cancer.

Some of these substances, Dr. Parran explained, have been derived from coal tar, which long has been known to cause cancer, and are closely related chemically to normal constituents of the body.

This suggests, he said, that it may be possible to develop other substances which will retard the production and growth of cancer, just as the coal tar derivatives promote growth.

Country's Trade In Rising Volume

Men's Clothing, Hats, Furnishings Move Ahead In Advance

Retail, wholesale and industrial activities expanded as Spring shopping swept on through the pre-Easter period into the present week with lengthening strides, according to Dun and Bradstreet.

"Many retail stores were better patronized than in the week preceding," the survey stated, "While men's clothing, hats and furnishings moved rapidly into the foreground, the women's wear division maintained its dominating position."

"Dressmakers cape costumes, 3 piece suits, untrimmed coats, dresses and accessories" were among the best selling items. Sandal-type shoes were in demand.

Sales at retail ran 2 to 5 per cent ahead of the preceding week on the average for the country as a whole, but the gain over the same period last year was shortened, due to the rising tide before Easter.

In the Middle West, affected by strikes, the advantage over a year ago was 8 to 16 per cent; in the Northwest the improvement was 12 to 18 per cent. In the South the spread over a year ago was lessened, but was still 15 to 22 per cent. Gains in the Southwest narrowed to 6 to 12 per cent, also under the influence of labor strife. On the West Coast the addition to last year's volume was 8 to 15 per cent review said.

After a two week slackening, the survey showed renewed liveliness in wholesale marts. Reordering was on a rising scale, and with Easter out of the way many merchants turned to wholesale buying.

"The combined total of orders lifted the estimated wholesale volume substantially for the week but the gain was narrowed to 10 to 18 per cent over 1936, as comparison was made with mounting Easter buying of a year ago," the cent.

State To Endorse Minimum Wages

Boards To Be Formed To Safeguard Women, Children Welfare

John J. Toohey, Jr., State Labor Commissioner, stated that New Jersey will begin vigorous enforcement of its minimum wage law. The Commissioner said that this action is being taken in view of the Supreme Court ruling upholding the Washington State act.

The statute affecting women and children in industry was enacted in 1933.

The Legislature did not appropriate funds for its enforcement until last year, and then handed out only \$12,500 for a survey.

Said Mr. Toohey: "We shall proceed to enforce the law with the moral assurance that our efforts will receive the approbation of our citizens as a whole."

Under the law the Labor Commissioner is empowered to set up wage boards for various industrial groups; each board to consist of three employer representatives, 3 worker representatives and three disinterested persons.

After Supreme Court invalidation of the New York State law last year, New Jersey authorities modified their course of action in relation to their own law and sought voluntary compliance instead of formal enforcement.

April Business Outlook Is Good Survey Reports

Forecast Indicate That Industrial Activity To Keep High Level

Activity holding up at an unusually high rate in the face of a number of overhanging uncertainties has been the most encouraging feature of the current business situation. Standard Statistics Company made the summary, pointing out that despite the retarding effects of the strikes, industrial production since the beginning of January has been steadily rising. After making allowance for seasonal factors, further definite improvement is visualized for this month.

The Standard Statistics Co. index of industrial production for April is estimated at 103.8 (1926 equals 100), which compares with an estimate for March of 101.5 and 103.1 for December, 1936, the previous high for the recovery. The estimate for April is the highest for any month since October, 1929.

"From all current indications, business in the second quarter is likely to be as good as that in the quarter just closed, perhaps better," reports Business Week. "Despite floods and strikes, factory and mine output in the first three months of 1937 hit the highest levels since 1929 and was 20 per cent above that of a year ago. Rising wholesale and retail prices feverish activity in steel, motors, construction and durable goods generally, and expanding freight and passenger traffic, land, sea and air may be expected."

"The past week witnessed new high prices in the recovery move for wheat, cotton, corn, copper and rubber. Rayon yarn prices also advanced; phenomenal Spring business has virtually wiped out the industry's stocks. As for food, governmental agricultural experts

GENERAL JOHNSON TEXTILE ADVISER IN PRINT SURVEY

Will Direct Study Of Problems Of Printing Branch Of Textile Industry — Staff To Begin Work Shortly

Leaders of two local textile units Monday announced retention of General Hugh S. Johnson, former head of the NRA, as adviser for the textile printing industry. Johnson is to advise what can be done through organization and administration to improve conditions in the industry.

Leon Henderson, economist and a member of Johnson's War Industry Board during the World War and a staff of experts will assist Johnson in making a survey.

The step is considered in the title field as one of the most progressive taken by an industry since abandonment of the NRA.

Details of the plan were made public by Samuel Neslin, president of the Textile Printers' Guild and William Alexander of the Textile Dyeing and Printing Company of America.

Henderson and his staff will survey every phase of the printing industry, obtaining facts on both production and marketing. Difficulties leaders of the industry have experienced in eliminating unfair trade practices will be studied.

At the conclusion of the survey Johnson will study the problems and create an organization which will incorporate whatever advantageous proposals are developed in the survey.

Neslin and Alexander pointed out the industry does an annual business of nearly \$100,000,000. They asserted that because of "insidious" practices that have crept into the industry, the employing textile printers have seen many advantages lost. "Heroic steps," they feel are necessary.

Henderson anticipates the survey will require four to six weeks.

Henderson was consulting economist for the Russell Sage Foundation and chief of the Division of Research and Planning for the NRA. He is an adviser to the WPA and other departments of the Federal government.

RECOVERY'S PEAK NEAR

Dawes Sees Attainment This Year And Next For Prosperity

In the opinion of Charles Dawes, chairman of the City National Banks and Trust Company and former Vice President of the United States, the peak of the current recovery cycle probably will be attained this year and next.

Speaking at the Robert Morris Associates regional conference, the General declared that present conditions have increased the responsibility of trustees in connection with common stock holdings and proposed purchases.

"The wise trustees," he continued, "must realize that the indefinite retention in a trust portfolio of an assortment of common stocks inevitably means in the course of time a considerably lower range of market values, compared with those of this particular period of prosperity."

hold no hope that the householders' bills will be shaved a bit this year.

N. J. GETS SECURITY GRANT

New Jersey was given \$219,464 as its share of the social security grant for dependent children and the blind. The money will be distributed among 47,500 beneficiaries of whom 24,200 are children. This state is one of nine states to share in the \$2,857,113 grant which will extend from April 1 to June 30.

New Jersey stands third in the number of those who received federal state aid and the amount apportioned. Ohio leads the group with New York second. New Jersey is one of fifteen states eligible for all ten of the social security act's benefits.

F.D.R. FAVORS MORE P.W.A.

President Roosevelt is in favor of extending for two years the life of the Public Works Administration according to Representative Beiter (D. N. Y.)

There remains \$150,000,000 in PWA's revolving fund. Beiter said that it was to be used for municipal projects.

Beiter headed a group of six House Democrats, who called on the President to discuss the PWA.

He said the group advocated, and the President endorsed, a plan for a two year extension of PWA from next June 30. He said the President wanted to care first for projects in cities where bond elections have been held or where bond issues already had been

NORRIS HAS FLOOD PLAN

Proposal Outlines Network Of Dams Throughout Nation

An extensive flood control and power development program has been proposed by Senator Norris, Nebraska Independent and "father" of the Tennessee Valley Authority. The Senator's plan is to cover the nation with a network of dams.

The plan, Norris explained after laying it before President Roosevelt at a White House conference, would place a project—similar to TVA—on every sizable stream in the country and "probably will take 100 years to complete."

"I want to cover the entire country with TVA's, even down to the smallest streams," he said. "The purpose will be to control floods, improve navigation and cut down erosion. Power development will be a secondary consideration."

LAKEVIEW RE-OPENING

Hotel And Grill Banquet Slated For Saturday, Sunday, May 1 & 2

The re-opening banquet of the Lakeview Hotel and Grill at 170 Halsey Road, Parsippany Lake, will be held on Saturday and Sunday, May 1, and 2. Unusually lengthy, the affair will really be a succession of banquets commencing at noon of Saturday, May 1 and concluding early Monday morning.

The hotel and grill is located at Parsippany Lake, reached easiest through route 6 and a left turn at route 32, state highways.

Mr. Cannata is proprietor. Tickets are still available.

Jersey To Delay Wage Law Action

Stays Enforcement Until Act Is Ruled Valid Or Otherwise Today

John J. Toohey, Jr., State Labor Commissioner, announced he would not attempt to enforce New Jersey's minimum wage law, affecting women and minors, until he was satisfied that it was constitutional.

He said he was prepared, however, to proceed without delay as soon as the question of constitutionality was determined. Commissioner Toohey added that the laundry industry would be the first in which rates of pay would be fixed. The garment trade would be the second industry to be regulated.

The commissioner said he would be represented at a conference to be held by the United States Department of Labor in Washington today, when minimum wage legislation adopted by New Jersey and a half dozen other States would be considered in connection with the opinion of the Supreme Court upholding the law enacted by the State of Washington.

Whether it might be necessary to revamp the New Jersey law to bring it into complete conformity with decision on the Washington statute probably would be determined today, Mr. Toohey said. The New Jersey Attorney General's department also is studying the State act anew in the light of the Supreme Court's ruling.

The New Jersey law is patterned after the New York State Act which the Supreme Court held invalid last year. The Court's action in the Washington case, however, establishes the authority of the States to adopt legislation.

The New Jersey statute, enacted in 1933, differs from those in some other States by providing that minimum wages shall be based on living and working conditions in various localities, as determined by surveys.

Wage boards, named by the labor commissioner and comprising three representatives of employers, three of employees and three disinterested persons, have wide investigating powers under the law. They are delegated to submit within sixty days after their organization a report of pay standards and are empowered to subpoena company records during an inquiry. A recommendation of a "fair wage" is then submitted to the labor director who orders it put into effect at once. If not, he can name a new board.

Income Tax Mark Set In N. Jersey

March Receipts Show More Funds Received Than In 1936

A new high record has been set in the eleven counties in North Jersey with the payments of the first installment of the 1936 income taxes.

Collector William H. Kelly of the Fifth New Jersey District of Internal Revenue Department announced today that payments for the period ending last midnight totaled \$23,544,666. This is an increase of \$8,323,611 over the first quarter of 1936. The previous high total for March 31 was \$19,959,022 in 1929.

The next payments for income

tax are payable June 15.

According to word to bureau officials here, 1936 tax returns will be studied carefully by Washington authorities to ascertain whether inequities exist. It is expected the study will require several months. The survey is in line with decisions of the Treasury to make a broad study of the entire federal tax structure.

TWO NEW INVENTIONS

Scientific Crime Detection Tools Discovered By Phone Co.

Two new tools for scientific crime detection were discovered one a light that reveals fingerprints never before visible, and the other a method of marking ransom money so a suspected bill will shine like a glow-worm, were made public this week.

Both came from the Bell Telephone Laboratories. Both were by-products of scientific research on metals used in telephoning, made under the direction of Dr. Francis Lucas, metallurgist.

The suggestion of a police official, who visited the laboratories only two weeks ago, turned up the fingerprint discovery.

New Jersey's New Million-Dollar Prison Ready For Use By June 1

Officials Hope To Build Criminals' Morale With Aid Of New Modern Prison Conditions—Plan Moving Day

All set by June 1 has been promised New Jersey for its new \$1,000,000 penal institution for housing 700 men in Bordentown. PWA engineers said state officials' inspection has been made.

Construction of the five wing, ultra modern prison has been under way since November 1, 1934. Completion was made possible by an outright grant of \$348,000 by the Public Works Administration. Built to relieve overcrowding at Trenton State Prison and the prison farm near here, its cost totals \$1,160,000.

The facilities offer advantages for improving prisoner morale not found in the century old Trenton prison. Notably absent are the high walls present at Trenton and at most penal institutions. Situated on a 900 acre farm, miles of Burlington County farm land can be seen from the new buildings.

"Prisoners will be initiated into the quarters here by transfer of a skeleton crew from the nearby temporary barracks," Superintendent J. Samuel Karlberg said today. "This picked group of prisoners will aid in perfecting routine before the influx of men from the 'Big House' at Trenton."

William J. Ellis, state commissioner of institutions and agencies, and Warden William Lagay of the Trenton prison headed the inspection tour with Superintendent Karlberg. Others were officials of the institutions department, T. Hayden Hamilton, State PWA director, and Denis O'Mahoney, state engineer inspector.

"France is resolutely opposed to any dictatorship by any man or any party within her frontiers,"...Edouard Daladier,

HUGHES WILL CIRCLE GLOBE

It was revealed by Sikorsky aircraft officials in Stratford, Connecticut that construction was being completed on an S-43 amphibian with which Howard Hughes, Hollywood speed flyer, planned to make a flight around the world late this year.

Exact plans of the cross country speed record holder were not known by Sikorsky authorities. They indicated the giant land and sea craft would be equipped with gasoline compartments sufficient for long distance hops.

The S-43 type of craft, when built for passenger lines, ordinarily seats between sixteen and 25 persons and costs about \$11,000.

First test flights of the high-wing, cabin monoplane amphibian may be made in July by Hughes it was said.

The S-43 has an estimated top speed of 200 miles an hour and a cruising speed of 181 miles at 8,000 feet altitude.

"We have no more earnest desire than the re-establishment of real peace between state and church in Germany; but if such peace is not to come, we are prepared to defend our liberties,"...Pope Pius.

JERSEY PAY

Almost \$3. Better Than Year Ago

The State Labor Department reported that there were more jobs and better pay in New Jersey industry.

During February, the department said, the number of workers increased 4,247 and there was a rise of \$187,216 in aggregate weekly earnings over January. The wage earner's weekly pay envelope contained \$25.11 where a year ago there was \$22.82. The payroll index was higher than any month since November, 1930.

Fourteen of the State's eighteen industrial areas reported increased employment and larger pay rolls. The upward trend in re-employment had its effect in the State Employment Service, which showed a drop of 21 per cent in the number of persons seeking work.

Sesquicentennial Commission To Secure Materials For The 150th Anniversary Of The Constitution

Students of public, private and parochial schools and colleges, as well as adults who are not professional playwrights, will be intensely interested in the projects of the United States Constitution Sesquicentennial Commission to secure dramatic material to be presented during the celebration of the 150th Anniversary of the formation of the Constitution, which begins on the 17th of next September.

Not only will this project be an incentive towards creative writing, but it will stimulate among all students a desire for greater knowledge of the formation of the Constitution.

The Commission hopes to secure worthy plays depicting the constitutional history, background of the Constitution, and the Philadelphia Convention, which will be extensively used in schools, churches, and organized groups of men, women and youth.

The general plan of operation provides for three classifications of plays: (1) competition for high school students (Juniors and Sen-

iors) in a one act play; (2) competition for students in colleges and universities in a one act play; and (3) competition for teachers and directors of dramatics in plays of one act or more.

Material offered must be submitted not later than May 7, 1937 to the Drama Chairman of this State, who is acting in cooperation with the State Constitution Commission. This contest for high school students terminates with the State contest. Those open to college students and teachers will be extended from a State to a National Contest.

The National Commission will award the Constitution Commemorative Medal in silver and bronze to the State winners and a Shrine of the Constitution to the persons in the Nation winning first place in plays.

Further information, as well as a list of State Committees and Regional Committees will be supplied contestants upon application to Sol Bloom, Director General, of Washington, D. C.

MINIMUM WAGES

Paterson may benefit in the near future from enforcement of the minimum wage law, promised by John J. Toohey, jr. State Labor Commissioner. Women and children in industry at last are offered protection, with sanction assured by the Supreme Court ruling upholding the Washington State Act.

New Jersey authorities hope for enough funds this year to make their work both lasting and beneficial to the greatest number of New Jersey workers.

PROPOSED LABOR BOARDS

The City of Newark has taken a forward step in the formation of a Labor Relations Board. This plan is calculated to harmonize industrial disputes, to avert costly strikes and the bitterness which attends them. It will be interesting to observe the success or failure of this board and it certainly deserves a fair trial by labor, management and the public.

This board may be a force for conciliation and mediation. Preliminary discussions by representatives of the public, labor and management agree on this point. Strike experience in many cities has been bitter. Through the means of peaceable interference on the part of these boards, much can be achieved.

Peaceful settlement of these disputes will be the board's only method of solving labor problems, inasmuch as there can be no compulsory arbitration. The success of the board, therefore, will depend upon the willingness of disputants to avail themselves of its offices. To command co-operation the board must have prestige because it will have no authority. The extent of its prestige will depend inevitably upon the personnel.

POLITICAL SCHOLARSHIPS

Proposal has been made by the legislative appropriations committee to establish 200 free scholarships at Rutgers University. Extension of the cultural life would be strictly local in application. None except ready New Jersey students could qualify. Students need only apply to their nearest assemblyman or senator. Each member of the Legislature would be allowed to dispense two scholarships annually in the interest of higher education, to say nothing of his party ticket.

Cost of the scholarships has been placed at \$50,000 a year—for the start. Who pays? Who do you think? Your answer is correct. But, it is carefully explained the scholarships would cost the taxpayer nothing. The appropriations committee has it neatly figured out.

It's this way. In the Rutgers appropriation of \$1,000,000 or so a year, \$50,000 would be segregated for 200 free scholarships.

Thus, nobody would pay. Perhaps it never occurred to the committee that the loose \$50,000 might be left in the state treasury for relief.

In our opinion, the plan is a throwback to the spoils system. Inch by inch, decade by decade, we have been trying to get our governmental affairs out of the hands of the political manipulators and into the hands of competent non-partisan administrators. This

plan is bad because it will make scholarships a part of partisan political patronage.

ONE A MINUTE

Don't leave small children at home!

Tragedy upon tragedy has been recorded, where an untended child has been either killed or disfigured for life by fire. A recent case is cited. A boy of four and his brother of six months were left in the house when the parents went visiting. The boy pushed the baby buggy containing his brother too close to the heating stove. A blanket caught fire, and the infant was fatally burned.

Other accounts tell of fires started by children with matches. In still other incidents a stove door is opened or lids lifted off by the child and fires are started. Fatal results have often followed the pouring of kerosine on a fire by a child. All small children owe to play with fire, and no precaution should be overlooked in restraining them.

Parents should immediately take two steps. First, never leave your children alone at home. Second, do the simple and inexpensive things necessary to the elimination of common fire hazards. All fireplaces should be screened. Clothes should be hung at a safe distance from pipes and stoves. All heating equipment and adjuncts should be periodically inspected and overhauled. Continuous care should be taken in handling and storing inflammable liquids. Waste of all kinds, such as paper, and rags, should be disposed of or stored in metal containers. The wiring of electric appliances should be checked occasionally—a frayed or twisted cord can cause short circuits followed by fire.

Every minute a fire breaks out in America. Two-thirds of all those fires occur in homes. Will your home be on that list this year—and will you and your family be subjected to a menace that may take life, due primarily to your own carelessness?

AT LONG LAST

A list of 500 inmates of state penal institutions seeking release consideration at the April term of the Court of Pardons has been made public property. It is possible that the court's new policy—and publicity begin a month after enactment by the Assembly of the De Voe Bill. This measure is designed to transfer parole powers from the court to the sentencing judges or their successors. It was adopted, as Speaker Thomas Walker said, "to let the public in on paroles."

In any event the court accepts the justice of the legislative and public demand for less secrecy, and we now know something about cases before the court. That is as it should be. Other courts work in the open, why not the Court of Pardons?

The argument once offered that released prisoners are entitled to protection which secrecy affords has been abused in the widespread parole system faults. The public and police are entitled to some protection, too. The Court of Pardons may effect its own rescue from the De Voe Bill, now in the Senate judiciary committee, if it continues and extends its newly acquired publicity habit.

It is interesting to note that Mayor Frank Hague of Jersey City is a champion of the De Voe Bill. The Mayor has been an ardent supporter of bills and laws which, in the final analysis, will help decrease crime in New Jersey. His outward activity in the field of juvenile delinquency is ample evidence of his interest in crime prevention.

The Clairvoyant

by OJAY
Though he is not literary, he is judicious... J. G. Lockhart

State Republican Committeewoman, Mrs. Elsa H. Flower, has been selected to head the Passaic County Council of Women and a banner year is being arranged for this unit.

There is still a great amount of jealousy among the women's Republican clubs throughout the county.

Miss Jeanne Adaline Scott, daughter of Assemblyman I. Grant Scott of Cape May County was adopted as the "Daughter" of the House of Assembly on Monday.

Another communication was received in the Assembly Monday from the Agricultural Workers Union of Bridgeton, demanding that impeachment proceedings be instituted against Governor Harold G. Hoffman.

County Physician Lawrence B. Boylan, M.D., received some very nice compliments at the installation ceremonies of the Thomas Jefferson club a few nights ago when he was inducted to begin his fourth term as president of the oldest Democratic association in the county.

State Senator Walter H. Gardner believes in representing the people back home to the best of his ability. A visit to Trenton makes one take a liking to this chap.

The Republicans have their ticket ready and are expecting to force it down the throats of their county committee Friday evening.

Secretary William B. Ryerson of the Central Republican club always makes a hit with the ladies. One might learn something from Bill. He expects to participate in a play or something soon.

The girls bowling teams in the Registrar of Deeds William P. Leary's office would do well to charge admission to their "rubber bowling match" and give the proceeds to some charitable unit. Just a suggestion as all are expecting a crowd.

Now former Assemblyman Albert Comstock has placed a proposition before the taxpayers to make the SUM pay the city. Let's hope this one works to relieve the taxpayers of some of their heavy tax burdens.

Sheriff John A. Gavin is considering the possibilities for erecting of a new county jail. His plans are to have a new jail at Grand and Spring streets opposite Hamilton street on the county property. The old county site could be sold at a good figure and with added WPA funds a nice saving could be arranged.

Governor Harold G. Hoffman's signature is now the only step needed to complete the return of the almshouse property to Paterson. Assemblywoman's Nan V. Donohue's bill enabling the State to return the tract passed the Senate Monday evening.

State Senator Walter H. Gardner of Passaic helped press the passage of the bill while opposition came from the New Jersey State Teacher's Association of which Martie Doremus of this city is vice-president.

Sportsmen in Passaic County are a bit peeved over the selection of Marvin A. Spaulding, Jr., of Trenton to succeed the late Alexander H. Phillips as a member of the State Fish and Game Commission.

Talking to some of the sportsmen, they feel that County Leader Lloyd B. Marsh, fell down on them when Governor Hoffman made up his mind to submit the name of Spaulding for the job.

Assemblyman Carroll J. Stark introduced a bill Monday evening to authorize the Borough of Totowa to pension the widow of Police Captain Albert Drew who died recently.

Sheriff John A. Gavin, organizer of the Police Chief's association was busy in Trenton Monday evening and was unable to attend their dinner at the Cedar Cliff hotel.

The appointment of Judge Joseph A. Delaney to succeed himself as Common Pleas judge in Passaic County was one that was highly approved by practically every citizen in the county. "Uncle Joe" as most everyone in Court House circles knows him has thousands of friends who are happy over the appointment.

Young Republicans are also jubilant throughout the State, for their chairman, Donald G. Collesler of Clifton, was selected to succeed Judge Maurice F. Karp, as the judge of the District Court of Clifton.

Brings Charge Against Mother, Lands In Jail

David Rozell Back In Annandale After Mother Is Freed

David Rozell, 22, 42 Mill street, was returned yesterday to Annandale reformatory on charges of having violated his parole.

Parole Officer Neisel made the arrest, after a protracted search for young Rozell, in the Second Criminal District court where the latter had appeared to press charges of embezzlement against his mother, Mrs. Grace Rozell, of 272 Getty Avenue.

Mrs. Rozell Cleared Judge Thomas J. Kennedy cleared Mrs. Rozell of her son's charges which had alleged that she had appropriated the sum of \$52.96, due him from an insurance company, for her own use. The arrest was made after the verdict acquitting Mrs. Rozell had been read.

Vote Unlikely To Be Taken On Water Bills

Gardner Leads Opposition To Loizeaux Legislation

Meager chances for the passage of the five water bills which would give the New Jersey Water Policy commission further powers was seen by observers in the state legislature in Trenton this week.

Gardner Leads Fight The bills, introduced in the Senate by Majority Leader Loizeaux, were reported to have incurred the opposition of a group of Democratic members, led by Senator Walter H. Gardner of Passaic, and as a result, would not even be brought to the floor of the senate for a vote.

Senator King of Morris County, at a protest meeting here, had previously announced his vigorous opposition to the legislation proposed by Senator Loizeaux.

Repairing Of Playgrounds Now Certain

Board Has \$5,000 Share Of NYA Project Ready

The city's recreation department was notified by the board of finance today that it had available and ready for payment to the National Youth Administration its share of the \$50,000 playground project which is planned for the improvement of this city's recreational facilities.

The official decision of the board had been held up last week pending the examination of the board to determine whether it could appropriate the sum of \$5,000, representing its share in the cost of the improvement. The board now finds that it is able to do so.

Young men on the city's relief rolls will be given work on the project which includes reconditioning of the city's playgrounds during the summer months.

Paterson's Tax

(continued)

on each one hundred dollars' valuation. Last year's rate was \$4.38.

Those whose rates were lowered this year were Passaic, Hawthorne, Haledon, and North Haledon, Paterson, Ringwood, Clifton, Wanaque, Wayne, Little Falls and Prospect Park all instituted increases. Totowa borough's rate remained the same as last year's.

Loss In Ratables

The county rate as a whole went up ten points with the figures for this year reading \$7.2207 as compared with \$6.208 last year.

An important factor in the increase in the Paterson tax rate, figures revealed, was the loss of more than \$4,000,000 by the city in ratables.

Both Should Quit

(continued)

sex County, to band with the Democratic members of the senate in unseating Hunt.

"I have never felt that Smathers had any right to his seat in the senate," Van Winkle stated. "The law clearly states that when any member of the state or the assembly accepts such a position as United States Senator as Smathers has, he is not entitled to retain his state position."

"Easiest Way"

"In view of this situation, the easiest and least expensive solution to the whole affair," he concluded, "would be for both Hunt and Smathers to resign, and Hunt could then stand for election again in November."

Donohue

(continued)

the condition that the latter would erect a new normal school on the site. However, the state abandoned plans to do so and is accordingly returning the property to the city.

Mrs. Donohue's bill was the first offered by any member of the Passaic county delegation to receive the approval of both the senate and the assembly.

It is expected that a housing project will be developed on the site of the almshouse now that the state has given up its intentions of building a normal school there.

FINAL LECTURE

Dr. Buell's Topic Tonight Concerns Keeping Out Of War

The auditorium of public school number 13 will be the scene of the final lecture in the series of three by Dr. Raymond Leslie Buell, head of the Foreign Policy association, at 8:15 o'clock tonight.

The subject of Dr. Buell's final lecture is "How Can America Keep Out Of A World War?" His talks are sponsored by the Women's Civic Council of Paterson.

Uncapped Well Draws Visitors To No. Haledon

Newly Dug Well Flows At Rate Of 40 Gallons A Minute

A stream of water, gushing several feet high in a continuous flow from a freshly dug artesian well on the property of L. Garbaccio on North Haledon avenue, North Haledon, attracted many visitors from this area this week.

Unusual Flow

The flow from the well, which is to be used for drinking water as well as for decorative purposes, was unusual for artesian wells in this section of the state, the firm of Aaron Slater and Sons, which dug the well, announced.

Water at the rate of 40 gallons a minute, and 50,000 gallons a day, was spouting forth from the 110 foot fissure. The Garbaccio well has as yet not been capped.

Silverman

(continued)

which operates under an ancient charter which exempts its buildings and property from local taxation.

"Cut Off Service."

"If we placed the society on the defensive by shutting off sewer service and depriving it of other privileges for which it pays no taxes," declared Silverman. "I am sure that the society would then agree to some sort of a compromise with the city, under which we might collect taxes."

Board member James Wilson then pointed out to Attorney Silverman that the city would have to abide by court decisions handed down in the long drawn out case.

"We Cannot Do That"

"High courts," he said, have repeatedly ruled that we have no right to tax the property. Action such as you speak of would certainly be in defiance of the court rulings. We cannot do that."

"Of course women can fight fire. Why not? They fight everything else..." Sheriff George H. Roberts of Monmouth County, N. J. who approved of a woman fire fighter.

Sheffield Acts To Steady The Milk Price For Farmers

New York City.—The price of \$1.69 per hundred pounds for milk sold during April, negotiated and announced in advance by the Sheffield Producers Co-operative Association, will steady the dairy industry, according to Fred Mather, the cooperative's president, by the transition period from fixed prices to free negotiations as a result of the end of State milk control on March 31.

He pointed out that this price is equal to the amount received by members of the Producers Co-operative for milk in April, 1936.

The April, 1937, price is actually a better price, because the price of milk has been dropping an average of seven cents per hundred pounds below the price of the corresponding month of the previous year, Mather explained. He said that it is the accepted practice of the dairy industry to compare prices, production, and consumption by the same months of different years rather than succeeding months of the same year, because of the seasonal variations in the cost of milk production and the amount of milk produced. He pointed to the differences between the low milk production at high cost in the winter months and the increased milk production at lower cost in the summer.

The April price announced in advance was very favorably received throughout the whole milk shed, Mather said. He added that satisfaction was felt, not only by the members of the Producers Cooperative, but also by many other organized and independent dairy farmers, because they know how much money they are going to get for their milk.

Mather added that he was surprised by current hue and cry about legal price reductions in the metropolitan market.

"All the fuss and feathers at this time seems pretty inconsistent to me," he said. "Illegal and far more damaging price-cutting has been going on for two years or more, which is shown in the record of the Joint Legislative Committee which investigated milk control. But now when price reductions are legal, it becomes a cause for comment. The State has sent a host of inspectors into the metropolitan market to observe lawful price reductions, but I believe the question may well be asked where those inspectors were when the price cutting was lawless."

"With the exception of those distributors who obeyed the milk control law, conditions in the New York market are the same now as they were before control ended. The only difference is that the reduced prices are acknowledged and legal. Ill-advised statements issued from usually conscientious men only add fuel to the fire of the irresponsible agitator."

Public Hearing On Water Bills Soon

Loizeaux Measures on Water Board
Formation To Be Aired

The highly controversial Loizeaux water bills will be aired at a public hearing scheduled to be held within two weeks. The Union senator told friends he probably will set a date for the hearing this week and that the hearing would be held the following week.

The measures, Senate 158, 159 and 160, would provide the State

IN LATIN CONTEST

P. H. S. Students In N. Y. U. Contest At Washington Square

Passaic High School will be represented by six honor students in a Latin Contest to take place at Washington Square College, New York University, on April 10.

Ratings will be based on a three hour written examination

Water Policy Commission and the North Jersey District Water Supply Commission with authority to construct a new major water supply in North Jersey.

The bills are being fought by groups from Morris, Warren, Sussex and Hunterdon counties, as well as Passaic county units, who contend construction of a giant reservoir in their section would restrict future development.

Roscoe P. McClave Advocates Vocational School In Bergen

The Bergen County legislators will seek action this Monday night on the bill introduced by them this week which may mark the initial step in providing vocational schools for Bergen County.

Sponsored by Assemblyman Roscoe P. McClave and supported by Senator Winant Van Winkle, Assemblywoman Mary MacG Smith, and Assemblymen Frank Osmer, Jr., Horace R. Bogle, and Walter J. Freund, the bill authorizes the Quartermaster General to transfer to Bergen County the lands and buildings known as National Guard armories which are situated in Englewood, Dumont and Harkensack. The bill further provides that the State shall pay a total of \$50,000 to the Quartermaster General for the three armories which money will be used to furnish and equip the new armory now being erected by the State Military Board in upper Teaneck.

"When passed this bill probably will mark the first actual step in establishing a vocational school for Bergen County," said the Bergen

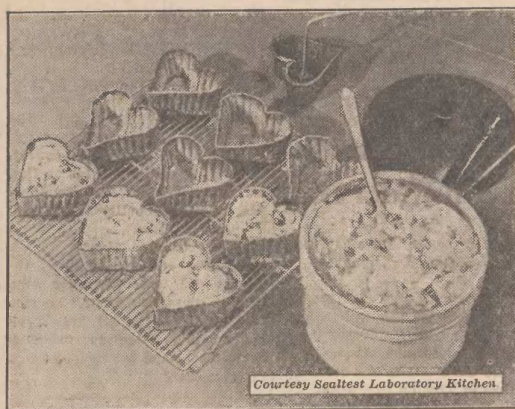

County Legislators in a statement made public today.

"Final decision in this respect does not, of course, rest with us, but we firmly believe that there is a definite need for an institution where students who are not academically minded can secure the advantages of an education in vocational subjects. At least one of the three armories soon to be abandoned could be renovated and equipped for a trade school at very little cost to the taxpayers."

"The need of a vocational school becomes more pressing every day. If one or more of these three armories are not used for such a purpose eventually such an institution will have to be built at a much greater expense than is now entailed in the purchase of all three armories for the total price of \$50,000."

The plan to use the abandoned armories for a vocational school has won the approval of the County Chamber of Commerce and a large number of prominent educators of the County.

Timbales Add "Life" to Any Meal

By BEULAH V. GILLASPIE
Director, Sealtest Laboratory Kitchen

WITH the many novel timbale irons available these days, you can give a deal of originality to your daily menus—and add much to their appeal. Timbales are made so easily; and there are so many fascinating recipes to put into them. Here's an interesting one to try tonight.

TIMBALE CASES
¾ cup flour ½ cup milk
¾ teaspoon salt 1 egg
1 teaspoon sugar 1 tablespoon olive oil

Mix and sift the flour, salt and sugar. Add the milk gradually and the slightly beaten egg, stirring constantly. Add oil and mix well. Strain through a fine sieve into a small deep bowl. Let stand in refrigerator or cool place for an hour or overnight if possible to remove air and prevent bubbles. Heat the timbale iron in the fat until the thermometer registers 370°F. Remove from the fat, and cool slightly. Dip the iron into the batter to ¾ its height and fry in

deep, hot fat (375°F.) until golden brown. Remove from iron and invert to drain on unglazed paper. This amount makes from 20 to 30 cases.

CREAMED SHRIMP AND PEAS FOR TIMBALE CASES

3 tablespoons butter ¼ teaspoon celery salt
3 tablespoons 1½ cups shrimp flour 1½ cups cooked or canned peas
2 cups milk
¾ teaspoon salt 1 tablespoon diced pimento
Few grains pepper
2 teaspoons lemon juice

Melt butter in a double boiler. Add flour and mix well. Add milk gradually and cook, stirring constantly until thickened. Add salt, pepper, lemon juice and celery salt. Clean the shrimp and reserve a few for garnish. Add the remaining shrimp, peas and pimento to the cream sauce. Heat thoroughly. Pour into timbale cases and garnish with shrimp. Serves six.

READING OPENS APRIL 25

READING, Pa.,—Automobile racing sanctioned by the contest board of the American Automobile Association and sponsored by Hankinson Speedways, Inc., will make the 1937 seasonal debut on the far famed Reading fair grounds track on Sunday, April 25.

The most magnificent array of speed creations built in this country will be driven through 160 laps of breath taking competition by the cream of the nation's dare-devils. Noted mechanics have been laboring all winter in garages and machine shops to perfect these cars and it will be at Reading they will be given their first test under fire.

This will mark the third consecutive year Reading has been accorded the honor of presenting the first sanctioned meet, and it has met with the hearty approval of both car owners and drivers. The beautiful half mile course offers a stiff test for both cars and drivers, and yet it is not as hard on new "machinery" as the rougher or longer courses.

When the cars take off on their dizzy flight, it will mark the 32nd Hankinson sponsored meet at the Berks County track in 14 years, and over that period the attendance has shown a healthy growth annually. This leads the silver thatched promoter to believe that the 1937 opening will be the greatest in history.

"We are assured of a great field of competitors with such greats as Tony Willman of Milwaukee, Frankie Beeder of St. Louis, and Tom Hinneshitz of Reading among the list of 20 early entrants," Hankinson stated. "I think we'll have at least 60 cars listed by the time the entries close, and that crowd should furnish as thrilling competition as man and machine can produce."

Hankinson Speedway headquarters have been opened at 247 So. Broad Street, Philadelphia, and an office will be opened at the Abraham Lincoln hotel in Reading on April 18.

HOKOKUS OPENS MAY 2

Facing the biggest thrill manufacturing year in its history, auto racing will make its Eastern bow of the season at the Hohokus Race Track at Hohokus, N. J., on Sunday afternoon, May 2.

Promoter John Kochman, the youthful speed sponsor who has been presenting auto racing for the benefit of thousands of fans during the past six years, today issued the announcement that he selected the May 2nd date for the first downward swoop of the star's green flag which will send the leading drivers of the A.A.A. ranks into the thick of the annual scramble for championship honors.

Such riders as Rex Mays, Floyd Roberts and Frank Beeder will be among the western performers who will come to Hohokus this season and this should serve to provide heated warfare when they tangle with the East's best.

BRUINS SET FOR OPENER

SEBRING—FLA. — With the Spring training season in Florida just about over, Manager Oscar Vitt is satisfied his Newark Bears will go to the post for the International League race in a healthy condition. While there may be some changes between now and the time the curtain rises at Ruppert Stadium, Newark, Thursday, April 22, the strength of the team will not be weakened. Unlike most managers, Vitt, has plenty of excellent material. He has so many good ball players, his chief worry now is to pick the right men for the various positions for the grueling race.

The training camp session uncovered three exceptional finds. They are Infielders Joe Gordon and Frank Kelleher and Outfielder Charles Keller. Gordon is at second base and experts regard him as a positive find. Kelleher, due to his powerful batting and fine fielding is giving May, plenty of competition for the third base job. Keller, fresh from the campus of

the University of Maryland has just about clinched the post in the right field. He is fast, a good arm and can hit. Then Vitt also has infielder Mike Wittek to think a couple and the little fellow is putting up a great battle to displace Gordon. The outfield looks as if it may start with Bob Seeds, Jack Glynn, the Franklin, N. J. youth and Keller.

Then there is Ed Longacre from Swedesboro and Jimmy Gleeson, recently obtained from the Kansas City Blues who are seeking outfield jobs and both or either are capable of coming through. They will have ample time within the next few weeks to demonstrate their ability.

The return of Pitcher Vito Tammis from the Yankees has given the Bears an experienced southpaw and a capable performer. Around him and Al Piechota, Vitt will mould his pitching staff, from Pete Naktienis, Marius Russo, Bill Yocke, Joe Beggs, Hiram Bithorn, Norman Branch and Atley Donald. A couple of them are certain to stick. Willard Hershberger will be the first string catcher and Bill Holm due to his hitting ability may be the understudy, although Buddy Roser continues to show steady improvement and may grab

By Home Economics Department
Public Service Electric and Gas Company

ENTERTAINING is fun but unless one has planned carefully the menu to serve for luncheon or dinner and the refreshments that might be served late in the evening, there may be so much work involved that the party is no fun for the hostess.

Being a guest at your own party sounds nearly impossible but let us check some ways that will help you do this very thing.

The buffet type of service is very popular. For this type of service plan foods that are not harmed by standing; foods that are easy to handle and of course are attractive. Even those that are going to be served hot can be prepared, covered and stored in the refrigerator until it is time to cook them. Salads, naturally, belong in this class of foods that are easy to prepare and easy to serve, but, most generally, salads are not hearty enough to be satisfying. On this page are suggested two salads that have been very popular and will satisfy even the hungry man. With these salads, serving hot refrigerator rolls or hot biscuits is suggested.

A word about the biscuits. Even baking powder doughs are improved if they are placed in the refrigerator for at least one-half hour before baking. If you are going to use them for parties, make them up early in the day when you are working in the kitchen, cover over with waxed paper and put them away until time to bake.

Crabmeat Salad
10 oz. fine noodles 1/2 green pepper, chopped
1 can crabmeat 1/2 tsp. salt
1/2 cup salad dressing 1/4 tsp. pepper
2 onions, chopped 4 hard cooked eggs

Cook egg noodles in boiling salted water, drain and cool. Combine with flaked crabmeat, chopped onions, pepper and seasonings. Add salad dressing and blend. Serve on crisp lettuce and garnish with slices of hard cooked eggs.

Tomato Aspic Mold
2 cups tomato juice 1/4 tsp. celery salt
1 tsp. salt Juice of one lemon

1/2 tsp. white pepper
2 bay leaves
6 whole peppers
1/4 tsp. onion salt
1/2 tsp. Worcestershire sauce
2 tbsps. vinegar
1 pkg. lemon gelatin

Add seasonings to tomato juice. Heat to boiling point and simmer for two minutes. Strain. Dissolve lemon gelatin in hot mixture. Pour into a ring mold and chill. Unmold on watercress or shredded lettuce. Fill with Royal Rice Salad.

Royal Rice Salad
2 cups cooked rice
1 cup peas
4 tbsps. pimiento, chopped
4 tbsps. relish
1 tsp. salt
3 tbsps. grated cheese
1/2 cup celery, minced
French dressing

Combine ingredients and toss lightly with French dressing. Chill. For garnish use endive strips, cucumber slices and deviled eggs.

Refrigerator Rolls
1 yeast cake
1/4 cup lukewarm water
1/2 cup shortening
1/2 cup sugar
1 tsp. salt
6 cups flour (to make a stiff dough)
1 cup mashed potato
1 cup scalded milk
2 eggs, well beaten

Dissolve yeast in lukewarm water, add shortening, sugar, salt and mashed potato to scalded milk. When cooled add yeast. Mix thoroughly and add eggs. Stir in enough flour to make a stiff dough. Turn out on slightly floured board and knead well. Put into a bowl large enough to allow for slight rising. Rub over with melted butter, cover tightly and place in refrigerator. About an hour before baking time, pinch off dough, shape into rolls as desired, cover and let rise until light. Bake in a hot oven, 425 degrees, fifteen to twenty minutes.

Baking Powder Biscuits
2 1/2 cups flour
1/2 tsp. salt
5 tsp. baking powder
6 tbsps. shortening
1/2 to 1 cup milk

Mix and sift dry ingredients. Cut in shortening and add milk, mixing lightly. Cut out and bake for ten minutes at 450 degrees.

SHERIFF'S SALE IN CHANCERY OF NEW JERSEY WHEREIN The Home Owners' Loan Corporation, a body corporate of the United States, having its principal office in Washington, D. C., is complainant, and Elvira Ritter, of the Borough of Hawthorne, in the County of Passaic, and the State of New Jersey, is the defendant, F. J. Fa, for sale of mortgaged premises.

FREDERICK V. WATSON, Solicitor
By virtue of the above stated writ of fieri facias, to me directed and delivered, I have levied upon and shall expose for sale by public vendue, and sell to the highest bidder, on Friday, the sixteenth day of April, 1937, at 2 o'clock in the afternoon, at the Sheriff's Office, situate in the Court House, in the City of Paterson, that is to say:

All the following tract or parcel of land and premises hereinafter particularly described, situate, lying and being in the Borough of Hawthorne, in the County of Passaic and State of New Jersey.

BEGINNING on the northerly side of Whinnery Avenue (formerly Franklin Avenue) as the same is laid down on map entitled "Map of Hawthorne Park Estate, situate at Hawthorne, Passaic County, New Jersey, June 1878, J. H. & F. Goetschius, C. E.," which is on file with the Register of the County of Passaic as Map No. 152, distant 175 feet westerly from the westerly line of Hawthorne Avenue, as laid down on said Map, and running from thence (1) Westerly, along said Hawthorne Avenue, 60 feet; thence (2) Northerly at right angles with said Hawthorne Avenue, 100 feet; thence (3) Easterly, and parallel with said Hawthorne Avenue, 50 feet; thence (4) Southerly, parallel with the second line, 100 feet to the point or place of beginning.

Being further known and designated as Lots Numbers 46 and 47 in Block 6 on said Map heretofore described.

Being a portion of the same premises conveyed to Frederick Ritter and Elvira Ritter, his wife, by Hawthorne Park Estates, a corporation of New Jersey, by deed dated August 1, 1922, and recorded in Book W-23 of Deeds for Passaic County, page 516 &c.

Together with the hereditaments and appurtenances thereto belonging, etc. Liens and encumbrances against the above described premises will be made known at the time of the sale. Approximate amount of decree Two Thousand Nine Hundred Dollars.

JOHN A. GAVIN, Sheriff
March 26, April 1, 8, 15, 22, 29, 1937.

SHERIFF'S SALE IN CHANCERY OF NEW JERSEY WHEREIN The Home Owners' Loan Corporation, a body corporate, is complainant, and Naassamoss and Margarette Naassamoss, his wife and Bashir Ackway are the defendants, F. J. Fa, for sale of mortgaged premises.

MICHAEL D. MIRIELLO, Solicitor
By virtue of the above stated writ of fieri facias, to me directed and delivered, I have levied upon and shall expose for sale by public vendue, and sell to the highest bidder, on Friday, the Ninth day of April, 1937, at 2 o'clock in the afternoon, at the Sheriff's Office, situate in the Court House, in the City of Paterson, that is to say:

All the following tract or parcel of land and premises hereinafter particularly described, situate, lying and being in the City of Paterson, in the County of Passaic and State of New Jersey.

BEGINNING at a point twenty-five feet southwesterly from the point formed by the intersection of the southwesterly line of Atlantic Street and the northwesterly line of Montclair Avenue, formerly, Madison Avenue, and running from thence (1) southwesterly along the line of Montclair Avenue, twenty-five (25) feet; thence (2) northwesterly parallel with Atlantic Street, one hundred (100) feet; thence (3) northeasterly parallel with Montclair Avenue, twenty-five (25) feet; thence (4) southeasterly parallel with Atlantic Street one hundred (100) feet to the point or place of beginning.

BEING known as lot No. 561 Madison Avenue, as laid down on Map of Madison Avenue, New Jersey, made by A. A. Fonda, C. E. May 1, 1869, and filed in the Passaic County Clerk's Office.

Together with the hereditaments and appurtenances thereto belonging, etc. Liens and encumbrances against the above described premises will be made known at the time of the sale. Approximate amount of decree Five Thousand Two Hundred Dollars.

JOHN A. GAVIN, Sheriff

Bergen Bowling Bee On April 12

Championships Open To ABC Men

The Bergen County Bowling Association's annual bowling championship gets under way on Monday night at the Rutherford Recreation Academy, Park Avenue, Rutherford. The championships are sanctioned by the American Bowling Congress.

Three events—five man teams, two man teams and singles—will be completed in three different classes—Class A, Class B, and Class C.

Class A will include teams with an average of 910 or over; two man teams with an average of 364 or over and individuals with an average of 182 or over. Class B will include teams with an average of 861 to 909; doubles with an average of 344 to 363, and singles with an average of 172 to 181. Class C is for teams with an average of 860 and under; doubles with an average of 343 and under, and singles with an average of 171 and under.

The championships are open to only recognized members of the Bergen County Bowling Leagues who abide by the rules and regulations of the American Bowling Congress. Teams bowling in unsanctioned leagues are ineligible.

"From the legal aspect of a (slit down) strike, the law of trespass demands respect; yet no striker is a willful trespasser. Industrial and labor law must reflect mutual and not individual responsibility." . . . Senator Thomas.

THEATRICAL NEWS

"HER HUSBAND LIES" NOW AT THE U. S.

"Her Husband Lies", a drama of a lie that had to be told, brings Gail Patrick and Ricardo Cortez to the U. S. Theatre on Friday.

The story concerns Cortez, a big time gambler whose wife, Miss Patrick, gives him the alternative of giving up gambling or losing her. He gives her his word that he is through with cards, and the climax arrives when he is forced to go back on his word in order to save his younger brother.

As the wife of the wealthy gambler, Miss Patrick wears several new gowns, designed for her by Travis Banton, which reveals the mode for spring and summer. Miss Patrick has long been considered one of Hollywood's smartest dressed women.

CO-FEATURE

The women operatives of Scotland Yard, heretofore ignored by fiction writers and the movies, have their day in "The Girl From Scotland Yard," a story of European intrigue which also starts on Friday at the U. S. Theatre.

Karen Morley and Katharine Alexander portray two of these operatives.

STERNI TO APPEAR AT LAZZARA'S HALL

There is no more popular rendezvous for Italian music lovers than Lazzara's Music Hall, Cross and Ellison Streets, Paterson. Mr. Lazzara has made this possible by unselfish expenditures for the best obtainable talent on the Italian stage.

Proof of the popularity of his selections was the overflow crowd which turned out for "La Perla" and "Il Crocevia Della Morte" last Sunday.

This Sunday night at Lazzara's Gennaro Scognamiglio presents a company of talented Italian art players, headed by Comm. Giuseppe Sterni, in "Feudalismo over Terra Bassa", a four act emotional drama written by Jose Echegaray. Giuseppe Sterni is in the starring role as Vanni.

Following the feature drama a one act farce entitled "Lucrezia Borgia" by Benedetto Prato will be presented. Nino Ruggeri, Alba Luongo and Dino Terranova take part in the farce.

The musical prologue to the evening's dramatic offering will be as usual. Popular prices prevail.

5 BIG ACTS - 2 GOOD PICTURES AT MAJESTIC

The Majestic Theatre in Paterson seems to be the busiest show shop in the county this week, and patrons are advised by Managers A. Louis Ginsberg and Jack Ginsberg to be on hand early for the night performances to obtain a seat. Better yet, if possible attend the matinees for you see exactly the same high class performance.

The current bill is three hours in length and it is composed of 5 headline vaudeville acts, (some of which come from the most distant corners of the earth) and two thrilling photoplays. The excitement for these photoplays is derived from the well maintained suspense and the group of thrills that punctuate them at what seems to be just the right moments.

At Fabian

Ella Logan and Henry Armetta, in Universal's "Top of the Town"

In addition to the regular programs on Mondays and Thursdays, added features in the form of "bank nite" and "amateur nite" are offered at no extra admission charge. The former is presented on Mondays while the latter is offered on Thursdays.

STATE THEATRE OBSERVES ITS FIRST BIRTHDAY

Sunday, April 11th, marks the first birthday of the State Theatre and the management wishes to take this opportunity of thanking its many friends for their patronage in the past and to assure them of its continued fine shows within the reach of all.

The State offers its theatregoers many excellent added features. The game Lucky is thoroughly enjoyed by everyone Thursday and Saturday evenings, the Children play an amusing game of Circus Saturday matinee, Auction Nite is presented every evening, and the finest in Amateur Contest is given each Sunday matinee.

Starting last Monday evening and continuing for as long as the sets last, the State will give eight complete sets of the famous Vitrock Kitchen Range Sets away to holders of lucky stubs.

The above added inducements plus the very best in screen entertainment is proving to be a place for all the family to enjoy themselves at a minimum of cost.

JEAN MUIR STARS IN FILM AT THE GARDEN

With Jean Muir, Beverly Roberts and Warren Hull as the three points of a new sort of movie triangle, "Her Husband's Secretary", is now showing at the Garden Theatre, Paterson.

Hull, naturally, is the husband, Miss Muir is the wife, and Miss Roberts, last seen in "God's Country and the Woman", is the office

"TOP OF THE TOWN" AT FABIAN THEATER

Hollywood has developed a brand new sort of musical movie that keeps time with your heartbeat. It will set the world awirl with its rhythmic swing. The picture is "Top Of The Town" opening at the Fabian tomorrow.

Gertrude Niesen, exotic Follies singing star, takes you on wings of song to the top of the town. You'll laugh until your sides ache, while you watch ten comedians, including Hugh Herbert, Gregory Ratoff, Henry Armetta, Mischa Auer and the Three Sailors go through their wild antics.

You'll sail to new heights of delight when you watch George Murphy's amazing dancing. You'll sing and laugh with Ella Logan, popular radio star and stage comedienne. You'll gasp with wonder when you see the splendor of the Moonbeam Room in "Top Of The Town". Another surprise will be little 12-year old Peggy Ryan the new dancing discovery.

Doris Nolan, star of the New York stage and Hollywood screen, portrays a girl, beautiful but balmy who has inherited fifty million dollars and twice as many nutty ideas.

The toughest man on the "queer money" squad in a hail of bullets as death rides the running boards in "Midnight Taxi" with Brian Donlevy and Frances Drake in the featured roles.

aid who comes between them.

Unlike the usual triangle stories which are entirely of the "Intellectual", type — wherein the characters solve the situation by conversation, this one is solved by a novel and thrilling climax.

"Her Husband's Secretary" is a fast moving, lively film, with settings varying from modernistic offices to a camp in the Maine woods.

It was directed by Frank McDonald. Besides those named, others prominent in the cast include Addison Richards, Pauline Garon and Joseph Grehan.
