Ethiopian Status Splits Delegates Into Two Groups

Factions Are Labeled The 'Realists'
And The 'Idealists'

Geneva—The League of Nations' Assembly was split into two sides yesterday because of Haile Selassie's demand that his delegates be recognized as a part of the Ethiopian Empire is still under his rule and not in the hands of the Italians.

These two factions have been labeled the "Realists" and the "Idealists". The former are backing Premier Mussolini's contention that Ethiopia is no longer a kingdom but a colony of Italy, whereas the latter support the former Emperor's demands in an effort to assure the rights of smaller nations in the international membership.

The legal status of Ethiopia has been referred to the World Court.

In the meantime, the debate goes on as to whether the Ethiopian delegates should be seated.

The Italian delegates will abstain from any session as long as the former Emperor's delegates are permitted to remain in the Assembly chambers. High Italian officials have gone so far as to intimate that continued provocations against Italy will result in that country's ultimate withdrawal from the League of Nations.

While the Ethiopian matter is under consideration, other more important matters have been shoved into the background. Among these we have: League reform, the Locarno Treaty situation, and official reports of League officials.

ITALIAN-AMERICAN DEMOCRATIC CLUB TO GREET CANDIDATES TOMORROW

The United Italian American Democratic Club of 341 Sussex Street, Paterson, will hold a regular meeting tomorrow night at its headquarters.

The Democratic Candidates will be present to address the members during the meeting. The most important item of the club to be taken up that evening will be the arrangements for the Annual Social which will take place on Saturday October 10th. The social committee is very active and will make its report to the members.

All members are urged to attend this meeting, not only to prepare for the social, but also to personally meet and welcome the Democratic candidates. Club counsel Charles J. Alfano has arranged to secure a large name sign for the club, and will introduce the speakers on that evening. President James Massaro will preside.

FLOWER EXHIBIT AT No. 12 SCHOOL THIS FRIDAY

There will be an exhibit of pupils' leisure time work and the third annual flower show at School No. 12 on Friday afternoon, September 25th, at one o'clock.

You are cordially invited to be with us.

State League To Discuss Relief Report Oct. 2

Mayor Hinchliffe Calls Session
Following WPA Report

Following a survey made by WPA officials charging that some state municipalities fail to provide properly for the needy, Mayor Hinchliffe, president of the New Jersey State League of Municipalities, called a special session for the executive and advisory boards of the League for Friday October 2 at 6 o'clock at the Stacy-Trent Hotel. The purpose of the meeting will be to discuss these charges and to take means to correct loop holes in relief administration.

The WPA report cites that two-thirds of relief recipients in every community reported urgent needs for clothing and food.

Since federal and state grants towards relief ceased, the quantity of food distribution has decreased many of the communities provide no medical care; and single persons have been denied relief except in almshouses.

The report also brought out that the \$6,000,000 made available for relief purposes by the New Jersey State Financial Assistance Commission is entirely inadequate.

The survey included 12 state municipalities, among which Paterson. Of this city, Arthur Muel, state relief director said: "I can't imagine Paterson not doing a good job."

James O'Gorman, overseer of the poor in charge of relief distribution in this city said after the report had been made public.

"There has been considerable misinformation about the administration of relief, but here in Paterson there has been no criticism," he said.

"We have not lowered the standards which prevailed during the (continued on page 8)

ARISTA CLUB TO HOLD CARD PARTY OCTOBER 29

At the first Fall meeting of the Arista club held at the Y. M. C. A. many matters of great importance were taken under consideration. The topics under discussion included: lectures, the publication of a monthly bulletin called the Aristan, trips to point of interest, social gatherings and hikes.

Two events already scheduled are: a hike to High Mountain on October 4 and a card party on October 29.

The Club is composed of the following members:

President John Hindie, Hector Permetti, Ernest A. De Serio, Alex Jaworski, Joseph A. Masiello, Andrew Cerruti, John Beifi, Victor T. Molola, Mario De Serio, Louis E. Mainardi, Frank Gasser, Charles T. Molola, Dr. Felix Wittmer, Dr. Sanchez Gavite, an honorary member from Mexico City, Ann Lombardo, Ann Williams, Helen Guala, Adele Ricci, Alma Venola, Mildred Permetti, Betty Le Conte, Mildred Cerruti, Wanda Lozzi, Lena De Martino, Matilda Giambra and Teresa Badagliacca.

TURN CLOCKS BACK HOUR SATURDAY NIGHT, PLEASE!

Daylight Saving Time makes an unwelcome exit Sunday morning, precisely at 2 o'clock.

Eastern Standard Time succeeds the popular Daylight hour and again dusk will fall at an earlier hour and daylight will come in at an earlier hour in the morning.

Those who make it a point to be punctual at Sunday morning gatherings must not forget to turn their clocks and timepieces BACK one hour before retiring Saturday night. Those who sleep into Sunday morning won't miss the hour, but regulations say they, too, must turn the clock BACK one hour and with it, lose that precious sixty minutes of slumber.

Italian Group Will Back John A. Gavin

Motivated by their intense enthusiasm, and inspired by his splendid campaign, a large group of Italian Americans recently organized themselves for the purpose of furthering the campaign of John A. Gavin, candidate for sheriff of Passaic County.

This meeting which was held Tuesday afternoon in the Gavin Building, corner Main and Ward Streets was well attended. Those present decided to stage a monster rally to be held Thursday October 1, in Lazzara's Music Hall at 5 P. M.

A parade covering the entire city was also planned. The line of march will start at the Gavin spot about 7 o'clock and then finish at Lazzara's Hall.

Oscar Aquino was made honorary chairman of the events. Joseph T. Cappa, chairman; Joseph A. Giannini, secretary; Charles Alfano, vice-chairman; Alexander Giglio, vice-chairman.

The balance of the committee is as follows: F. Cavaliere, V. Mott. (continued on page 8)

"Pay As You Go" Good Policy, Says Gov. Hoffman

Governor Makes Report On His
Fiscal Policy

Trenton—Governor Harold Hoffman reported on his "pay-as-you-go" fiscal policy yesterday and showed how he has been able to reduce New Jersey's debt by \$26,084,000 to a halt a "14 year borrowing policy" which he said left the state with \$195,804,000 to pay off.

The way to attack the evil, he said, was to broaden the tax base and to lighten the property tax.

Included in the Governor's report was the following:

"I believed and I still believe that the real and biggest opportunity for cutting the cost of government in New Jersey lies in reducing public debts. If we could cut the annual bill for interest in half, we would save an amount exceeding the annual yield of a two per cent general sales tax."

ITALIAN-AMERICAN DEMOCRATS OF COUNTY HOLD FIRST RALLY

Mayor Hinchliffe, Chairman Borloso and Tax Receiver Hunziker Speak

Recreation Board Refuses Offer Of Third Ward Flag

Riverside Playground To Be
Opened On Oct. 3

Upon a motion made by its president, David Laderman, the Board of Recreation at its last regular meeting turned down an offer made by a group of citizens represented by Henry Marelli, Third Ward Republican leader and G. Mignone, Republican candidate for alderman in the Third Ward. The offer would have been the donation of a brand new American flag to be used on the new Riverside playground now being completed and to be opened on October 3.

Mr. Marelli said: "I just can't understand it. There is nothing partisan about this. The citizens of the Third Ward just wanted to show their appreciation for the benefits which will accrue from playground."

Said David Laderman, who is a Democrat: "There is more to it than that. They want something in return for the flag. Mignone, a candidate for office, wants the honor of raising it. I don't think that should be done. Why should he receive that honor and publicity in return for the purchase of a four or five dollar flag? We'll buy the flag?"

The new playground, which name has already been changed from Riverside oval to Riverside playground, will be one of the best in the state and will be equipped with the following:

A concrete floored area, 100 feet long and 80 feet wide, for volleyball and basketball. Water lines were laid the area was enclosed with 10 inch-high concrete curbing so that the space can be flooded in winter for skating. A cinder running path was also built around this area.

A softball field encircled with cinder running path and two concrete handball courts with wooden backboards, a concrete paddle Tennis court, 30 feet wide and 60 feet long, and two concrete ping-pong tables.

Other equipment includes an outdoor shower system, two swings, eight see-saws, two 16 feet long slides, a sandbox and a drinking fountain.

MENTANA GALLI TO BE BRIDE OF A. GIRALDI

A variety shower was recently given in honor of Miss Mentana Galli, of 224 East Eighteenth St. by Miss Vera M. Hoffman of 697 Lafayette Avenue, Hawthorne.

Miss Galli, a popular young lady among local circles, will become the bride of Alfred Giraldi of this city on Columbus Day.

Last night, the first meeting of the Passaic County Italian Division of the National Democratic Committee under the Chairmanship of Alfred N. Borloso was held at the Democratic Headquarters at 91 Broadway.

The meeting was opened by the the chairman, Prof. Borloso before a group of approximately 150 politically prominent Italian democrats, of Passaic County including Paterson, Passaic, Clifton and surrounding suburban and rural districts.

Professor Borloso greeted everyone smilingly and most cordially and spoke briefly concerning the problem of organizing the Italian vote for the coming elections and dwelt upon the importance of a successful showing in this first attempt through the National Democratic Committee to bolster the Italian vote throughout the United States.

Professor Borloso then called upon County Chairman John V. Hinchliffe as principal speaker of the evening. Mayor Hinchliffe was loud in his praises of Professor Borloso as appointee of the National Democratic Committee of the County of Passaic. He exhorted the Italian vote through its representatives present there and elsewhere to get out to the polls on election day and show that their vote is a vote with which to reckon Mayor Hinchliffe's speech was one of optimism, an optimism based upon organization of democratic voters throughout the entire nation never before seen and as a consequence of which the present organization of the Italian vote in the county of Passaic has been created.

Former Assemblyman and present Tax Receiver of the City of Paterson Walter Hunziker was also a principal speaker.

Chairman Borloso then announced the appointment of Joseph A. Giannini, associated with the Law Offices of Assistant Prosecutor L. Santorf as secretary and publicity director and then announced the selection of former Alderman Joseph G. Sproviere as Treasurer.

Those present and those appointed to standing committees are as follows:

Prof. Alfred N. Borloso, general chairman; Assistant Prosecutor L. Santorf, City Attorney Salvatore D. Viviano and Passaic Postmaster Anthony V. Gross, assistants to the general chairman; Joseph Giannini, secretary. Former alderman Joseph Sproviere, treasurer.

The Executive committee:

Frank Sproviere, James Vitell, Achille Santorf, James Aloia, Peter Gambatese, Frank Vitell, County Road Supervisor Fred Faraci, Joseph Brumale, Andrew Mainardi, Alex Giglio, Charles Alfano, Colombo Cammarano, Dr. Anthony Clecone, Gabriel Roberto, Joseph H. Rinaldi, William De Mao, Penelope Caldo, Joseph Parrillo, Anthony Riccobene, Henry Riccobene, Law-

(continued on page 8)

President Roosevelt In Jersey City For Center Dedication On October 2

President Roosevelt will go directly from Pittsburgh to the dedication of a Jersey City medical center building on Friday, October 2, it was announced by the chief executive's contingent this week.

The president will also take in the World Series the same day.

The president's schedule of speeches now includes:

September 29—New York State Democratic convention at Syracuse.

October 1—Hour stop (possible speech) at Mountain State Forest Festival, Elkins, W. Va.; night speech at Pittsburgh.

October 2—Dedication of addition to Jersey City Medical Center.

Assistants said the President's plans for the remainder of October have not yet been made.

Mr. Roosevelt will go from Harvard to his Hyde Park, N. Y. home after tomorrow's speech. He plans to remain there until September 29 when he will return to the Capital for one day before going to Pittsburgh.

The President will motor to New York for the World Series game after the Jersey City dedication on October 2, and will go from there back to Hyde Park for an indefinite stay.

PEAK DEMAND MADE ON WANAUKE SUPPLY

High Mark Due To Warm Weather And Increased Mill Use

Chrystal Brown, superintendent of the Wanauke Reservoir, reported that the reservoir reached its peak September 9 for the amount of water sent through the aqueduct to municipalities using its supply. At one time the water pouring into the aqueduct reached the rate of 107 million gallons a day. The total for the day was 83,300,000 gallons.

Brown said the high mark was due to warm weather and increased supplies for industrial plants. The daily consumption runs from 65,000,000 to 75,000,000 gallons.

Two checks were received from Bayonne, one for \$19,047.30 for water supplied in June and the other for \$20,264.30 for July.

A contract for twenty-eight copper and galvanize wire fish screens was awarded to Kerlow & Co. of Jersey City, whose bid was \$1,450.

BORAH SEES END OF DEPRESSION IN U. S.

Says East, Middle West Dropping Fear Of Reclamation

Senator William Borah, Republican of Idaho said the depression "is permanently receding." His assertion was made in a speech prepared for delivery at the annual irrigation celebration in the fertile Lost River valley in Ohio.

"Our friends in the Middle West and the East have not been enthusiastic for reclamation work during recent years," he observed. "Some have regarded it as a threat to Middle Western and Eastern producers. But in my opinion, they are seeing it in a different light."

"Already hundreds of thousands of not millions of eager men and women are turning their faces toward the irrigable lands of the West... fleeing from the devastation of the drought."

Christmas Seals Again On Horizon In Thanksgiving

Continuing a custom that is now almost traditional in American life Christmas Seals will appear again throughout the nation on Thanksgiving Day. From then until Christmas they will make their silent plea for aid for the tuberculosis. For more than a quarter of a century the National Tuberculosis Association and its 2,000 affiliated units throughout the country have been waging war against this disease.

The work financed by Christmas Seal funds is varied, but it is all directed toward the discovery of unknown cases of tuberculosis, securing treatment for them, and educating the public in basic facts about the disease so they will know how to protect themselves from it. The National Tuberculosis Association declares that if modern knowledge about the disease were properly applied by the public, tuberculosis could be wiped out almost overnight; all present deaths from the disease are totally unnecessary.

Educational work is therefore unceasing and includes the distribution of literature and posters, lectures, radio broadcasting, the showing of motion pictures and lantern slides, exhibits and other devices.

Nursing service is frequently the major activity. Many associations conduct clinics at which tuberculin tests for children and chest examinations for adults are given. Tuberculin testing of children, which reveals whether tubercle bacilli are within the body regardless of whether active disease has developed, has assumed new importance in recent years. X-rays are given when the physical examination or tuberculin tests indicate the possible presence of active disease. Rehabilitation work—assisting the tuberculous patient to discover his most productive activity and to secure adequate training in this field is being given greater emphasis as a result of recent studies.

These activities are carried on in all sections of New Jersey by twenty-two county and community associations affiliated with the New Jersey Tuberculosis League. Modern methods for diagnosis and treatment are available in chest clinics in every section of the State and were used by nearly forty thousand people last year. The state has more than three thousand and beds for tuberculous patients and more than two thousand children have the benefit of care in summer camps. Tuberculosis nurses made more than 100,000 visits last year.

The tuberculosis death rate has been more than halved since 1929. The disease, however, still kills more young people between fifteen and forty than any other cause and is especially virulent among young women in the twenties, working men between thirty and forty and Negroes. Christmas Seal funds raised this year will continue established activities and finance a campaign planned to reach these neglected groups.

3,000 HOMES BEING HEATED BY P. S. GAS

Sales of gas burning equipment, including gas fired boilers for house heating, and appliances for domestic

Scarcity Of Old Liquors Trade Threat Stability

A threat to the distilling industry rose today as the rapid accumulation of aging stocks of liquor overshadowed the gain in consumption.

At the end of July, 1936, the industry's inventory of whisky alone amounted to 315,936,000 gallons, of which more than 215,000,000 were less than a year old, the survey continues. Total stocks of distilled spirits on July 31 last year were 171,094,000 gallons.

On the other hand, consumption the survey points out, increased to 35,467,000 barrels a gain of approximately 23 per cent above the first half of 1935.

"Following repeal the need for building up stocks for aging whiskies was real. But it is apparent that such stocks have now reached a level that will more than supply the expected demand that further rapid increase would aggravate the situation. The logical sequence would be a drop in prices, with possible elimination of the profit margin."

Use gained sharply in the territory served by Public Service Electric and Gas Company during the first eight months of 1936. During this period owners of 934 houses and buildings in Public Service territory made arrangements to install gas heating compared with 334 in the same period of 1935, an increase of 180 per cent. There are now more than 2,000 houses and other buildings heated with Public Service gas.

Dollar volume of gas appliances sold increased more than 35 per cent, in the first eight months. Gas refrigerator sales totaled 4,224, an increase of 1,119 or 277 per cent, and automatic gas water heater sales amount to 4,434, an increase of 3,405. Also more than 8,000 ranges were sold.

POLITICAL POOP DECK

A rendezvous with those who delve in things political. . . . A bit from here and there on the campaign's progress

By Sopu

WHAT WILL THE JURY DECIDE?

Clerk of the Court: "William P. Farrey."

William P. Farrey: "Yes. Here."

Clerk: "Do you solemnly swear that the testimony you will give in this case will be the truth, the whole truth and nothing but the truth."

Farrey: "Yes, I do."

Clerk: "Your name, please."

Farrey: "William P. Farrey."

Judge Sopu: "Proceed, Mr. Farrey. Tell us what you know of William P. Farrey, regular Republican candidate for Register of Deeds of Passaic County. Make your recitation brief, if you please, and keep strictly to the road of qualifications for this important county office. Proceed, Mr. Farrey."

Farrey: "Well, sir, I have been an adherent of the Republican Party since I became of voting age 16 years ago. When I reached majority, I believed that my lot

WILLIAM P. FURREY

would be best cast with the Grand Old Party and I have labored in their ranks since that day.

"My associations in the real estate business and my activity in business transactions of this nature came to a rather successful climax about 10 years ago, when I was appointed to the Paterson Tax Board by former Mayor Colin N. McLean. Mr. McLean, incidentally, was the last Republican mayor of our city. I have had no difficulty, but on the contrary, exceedingly pleasant relations with present Mayor John Hinchliffe, who is a Democrat.

"My aspirations for the position of Register of Deeds and Mortgages of this county will be a promotion for me. I assure you that my past activity in this work and my record will be sufficient reason for voters of this county to support my candidacy at the polls November 3.

"In my many years of office at the head of the Paterson Tax Board I have come in contact with exactly the type of work handled in the office of Register of Deeds. Too, this county department requires accuracy in handling of records, and I can assure you my past experience and conduct of my present office qualifies me for the position."

Judge Sopu: "Permit me to interrupt here, Mr. Farrey. Can you tell the court what other substantiating evidence you have to prove this accuracy boast you make."

Farrey: "As for example, your honor, my presence at the Martini League outing Sunday at Plog's Grove in Clifton was the ninety-eighth affair I have attended since the Primary Election as a candidate for the office of Register of Deeds. My colleagues in several and many political and fraternal organizations will attest to the fact that all of my dealings have been marked by accuracy and proficiency. To this end I believe I may devote my experience in conscientious exercise of the duties of Register of Deeds."

Judge Sopu: "Before charging this jury, I wish to explain that Mr. Farrey has completely swept the court and testimony offered by the candidate is convincing enough to the court. The jury will please take as little time as possible after eight o'clock November 3, 1936 to bring in a verdict of 'Elected.' That will be all."

POLITICAL POT POURRI

I can safely predict action on the part of the Julius J. Cinamon League of Passaic to voice complete endorsement of the entire Republican ticket in the November battle. The popular Passaic club will make the announcement shortly. Crine Kievit has been tremendously busy with his bus line the past few weeks, but this week rolled up sleeves for active campaign duty. Charlie Barton collected kisses aplenty at the Martini League outing at Plog's. . . after the gals charged Barton with plenty of lipstick, they transferred affections to blushing Julius (Bachelor) Cinamon. Harry Page and this Barton feller do a lot of kidding, but behind each wisecrack, you can see the earmark of a helpful hint for election. A woman rushed up to Page the other day, explained that she was sure to vote for him as well as would six other members of her family, and in the same breath she asked him to see what he could do to get a postponement on a motor vehicle ticket. Harry explained that

he would do his best for the lady and asked where she lived. "In Hawthorth" (Bergen County) the little lady giggled and rushed off. Joe Seymour does all the chocolate

JULIUS J. CINAMON

soda sipping and eating for the candidates. . . that's the reason candidates won't go to a dinner unless Joe's there. County Republican candidates may announce plans for the formation of a Labor Commission in the near future. Judge Walter H. Gardner, Democratic candidate for State Senator, is a pleasing personality. They tell me that there's a bit of rivalry and then some between Nan V. Donahue and Elizabeth Van D. Smith, Democratic and Republican candidate respectively for the Assembly. No hair-pulling allowed girls. Vincie Stack deserves more than a big hand for his perseverance and energy at the Martini outing Sunday. . . and then, I shouldn't forget to mention the super-super success of the big Republican outing at Idlewild Park, Saturday, from whence many of the candidates went directly to Plog's Grove in Clifton, stayed overnight, so they wouldn't be late for the Nick Martini blowout. And don't let me forget to mention the overflow crowd at Bob Neilley' Democratic headquarters opening on Prospect Street, Passaic.

BIG RALLY OCTOBER 6th

The biggest political rally to be held in Passaic County in many years is slated for Tuesday evening, October 6 at the Paterson Armory when Col. Frank H. Knox, running mate of Governor Alfred M. Landon on the Republican presidential ticket will deliver his only New Jersey address.

Brought here through the efforts of County Clerk Lloyd B. Marsh, county leader and vice-chairman of the State Landon-Knox campaign committee, Col. Knox is expected to make one of the key addresses of the entire national campaign.

His message will be broadcast over the air waves of a National hook-up of radio stations and will be heard by invisible audience of millions of listeners.

Here in Passaic County upwards of 20,000 persons are expected to see and hear the fighting vice-presidential candidate.

Col. Knox is recognized as one of the first leaders to expose the operations of the New Deal. As a publisher in both the east and mid west, Col. Knox has waged an intensive fight against the administration for sometime past. As soon as he was convinced the actions of the New Deal were leading the country away from its time honored and cherished ideals he began his fight. Since that time he has exposed it for millions of people to see.

The vice-presidential candidate is a forceful speaker who mimes no words in expressing his ideas. He speaks with clarity and distinction. Col. Knox will not only bare the antics of the present administration but will discuss the return to sound American principals and progress advocated by the Republican party.

In securing Col. Knox, Mr. Marsh has placed Paterson and Passaic County in the national picture. Inasmuch as this will be a key address a great deal of attention will be focused here.

Arrangements for the rally are not entirely complete. County Clerk Marsh is personally directing preparations for the affair. Committees lists are now being drawn and will be announced in the near future.

RACES AT HINCHLIFFE TRACK

Bo Lisman of the west, will try again to sweep to victory at the Hinchliffe Stadium Tuesday night.

Business Better Than A Year Ago, Survey Reports

Retail trade suffered from lingering heat and changeable weather this week, but the return of Fall wear buying and school opening generally sustained volume, Dun and Bradstreet reported. Undiminished activity prevailed in all divisions.

The pace of industry was accelerated and was accompanied by increased employment.

"With the arrival of Post-Labor Day," the agency said, "retail sales established a firm stride which was broken only in a few scattered cities.

"The irregularity of Labor Day's occurrence complicates comparison either with the preceding six day week or with the corresponding week of the previous year. Indicative of the upward movement, many cities reported in the past five-day week a volume of retail trade fully equal to that of the preceding week.

"In most other cities the decline was less than might have been expected with the loss of one day in six.

"School reopenings increased the demand for all lines of clothing.

"All major geographical areas reported sales well above the comparative 1935 period, the review said.

DANGEROUS CARS BRANDED

In a certain European country, cars of motorists convicted of flagrant violation of traffic laws are painted with an emblem, as a warning to other drivers. This practice, it is said, has caused an appreciable decline in dangerous driving as motorists naturally want to avoid the embarrassment and publicity the emblem gives them.

Such a brand is missing from a great many cars owned by Americans and driven recklessly through our country's streets.

Those who push the throttle to the floorboard as soon as they get out of sight of a traffic officer constitute the worst type of offenders. And there are times when 15 miles per hour is excessive speed and becomes responsible for more deaths than any other driving violation.

When cars take the chance of passing on hills and curves and meandering through traffic, potent causes of death fill the air. Death, as well as injury and destruction, may be in these cars' paths. On a multitude of tragic occasions a driver has tried to save a needless minute—at the cost of a life.

Driving on the wrong side of the road, jumping traffic lights, passing at intersections—are practices dear to the heart of the Dark Angel. They help keep our morgues and hospitals full to capacity.

MYSTERY OF RADIO

Enjoyed by millions who do not understand it, radio has taken this country by vociferous storm. But those who know nothing of it need not worry too much about this because there are some things that the experts do not understand either.

For nearly an hour the other day, shortwave signals from all parts of the world faded and went 'blind'. Nobody knows why. The same thing was noticed during an eclipse of the sun some months ago, but nobody knows whether sun spots were responsible.

CIVILIZATION'S PROBLEM

Traveling over the world in behalf of the movement in which she is interested is Mrs. Edith How Martyn, British advocate of birth control.

It matters not what individuals may think of her enthusiasm. It is not open to question that civilization is something of a farce so long as a million women die in childbirth each year and ten million babies die before they reach their first birthday. Compared to this loss of life, war is an amateur in the art of killing human beings.

PICKING BEAUTY QUEENS

Selecting of a "beauty queen" has been serious business in many an American community, rivalling the decision of the judges in the baby contests that so often lead to severe condemnation of the judgment of those called upon to pass upon such important matters.

By this year of grace in this country, the public has become somewhat accustomed to bathing beauty

contests, usually inspired to attract the yokels and apparently serving no great purpose except to provide the newspapers with the pictures of well-built females who hope to get an opportunity to show their forms on the screen and thus secure great wealth as movie actresses.

It seems that we treat our national pastime with much neglect and fail to generate sufficient emotion. In Nicaragua the other day a squadron of the National Guard was called out to maintain order when the students at Parleon University elected a "queen of beauty". Some of the enthusiasts carried knives and razors and seemed ready to use them in a business way on opponents of their favorites.

Peace was achieved in the end by compromise—two queens were elected and thus we receive another hint. In future beauty shows in this country we could elect all entries queens and thus allow them to return to their homes with the title and such glory as they may be able to work up in the local baliwick.

Roundup Starts in Canada and West
For Madison Square Garden Rodeo

Bucking horses, wild steers, and cows that have never been milked in their lives are now being rounded up in the Northwest and down in Texas to be shipped to New York for the eleventh annual World Series Rodeo which opens in Madison Square Garden on October 7. The rodeo will continue through October 25 with matinees on Saturdays, Sundays and Columbus Day.

Colonel W. T. Johnson, the Texas rancher whose job it is to supply the rodeo stock, reports that even the calves to be used in the calf roping contest are tough as a boot. Cowboys, who know what a rodeo calf ought to be, have picked the best and they weigh around 300 pounds apiece.

The most imposing animals in this years contests will be the wild Brahma bulls, magnificent animals weighing from 1,200 to 1,400 pounds each. They will be ridden by the cowboys; that is, those who are

lucky enough to stick on.

Then there are the bronks, outlaw horses that develop a mean streak and learn all sorts of tricks calculated to throw a rider. When a bronk gets a particularly bad reputation as a bucking horse becomes a rodeo horse. Since July 1 Mike Hastings, the bucking horse scout for the World Series Rodeo, has been trying out bronks in many parts of the West and has bought the best buckers he could find.

Most of the rodeo stock will be assembled and shipped on a special train from Spofford, Texas. Some of the horses will come direct from the Northwest. While the business of rounding up the stock has been going on Frank Moore, the rodeo manager, has been making a tour of the West to learn how the cowboys and cowgirls feel about it. He reports that 200 of the best rodeo hands in the country will be on hand to compete for the \$25,000 in cash prizes.

Quotations

From the News

"It is time that the D. A. R. stopped with its witch hunting and terrorizing teachers by its campaign for loyalty oaths."—Louis T. Hacker, Columbia University lecturer.

"I believe a man can be liberal without being a spendthrift."—Alf M. Landon, G. O. P. candidate for the Presidency.

"Nothing has occurred which would change my admiration for the President."—William Green, president of A. F. of L.

"My life works prove that I have opposed terrorism."—Leon Trotsky, exiled Bolshevik.

"Politics is, or should be, the acute concern of every citizen, and the richer his interests, whether they consist of family, a passion for individual liberty, worldly goods, or all of them, the more closely he should examine the processes of politics."—Joseph P. Kennedy, SEC head.

"It is clear that nine per cent of the people of every nation of Europe do not want to fight."—T. W. Lamont, Morgan banking firm associate.

"There is nothing more disgusting than to see a woman, especially one under the influence of liquor, standing at the bar."—Bulletin of Liquor Dealers.

"The best movie actors are babies and ducks, because they are the least self-conscious."—Otis Skinner, actor.

"The people have had enough of royal economists who blame imaginary economic royalists for their mismanagement."—John D. Hamilton.

"The G. O. P. is vainly hoping that enough voters can be frightened to secure the success of their ticket."—James A. Farley.

"Columbus really never knew how uncomfortable an Atlantic crossing should be simply because he was born before the submarine."—Hubert Wilkins, world-famed explorer.

"I think a journalist's function is to present life as he sees it."—Susan Frawley Eisele, champion rural correspondent.

"Roosevelt is a convinced adherent of capitalism. There isn't an ounce of socialism in his philosophy or policy."—Earl Browder, Communist candidate for president.

"The chief causes of Communism are the private coinage and regulation of money and pay-as-you-work-isms."—Charles E. Coughlin, radio priest.

"The difficulties of regulating competition did not begin or end with the N. R. A."—Donald Rieberg, former head N. R. A.

"I am about ready to stop working and enjoy life."—Lily Pons, opera singer.

PASSAIC GETS KASPER QUADS

Announcement was made yesterday that Passaic's famous Kasper quadruplets, whose parents reside in Little Ferry, will make their debut in the Passaic County Court, off Lexington Avenue, in close proximity to the homes of Dr. Frank Jani, the physician who brought the children into the world and their pastor, Rev. Paul E. T. Lemke, of St. John's Evangelical Lutheran Church.

Mayor Benjamin F. Turner, business manager of the quads, selected the house with the Kaspers yesterday and it will be fitted into a miniature hospital, through the generosity of a Metropolitan newspaper, which holds the rights for all exclusive pictures and interview of the babies.

It is expected the Kaspers will take occupancy about November 1.

U. S. GRANTS REACHED 21 BILLIONS 3 YEAR

Tax Collections Shown As Nearly Ten And A Half Billion

An official compilation showing federal grants and loans totaling \$21,000,000,000 to States during the first three years of the Roosevelt administration, was aired by the Republican Congressional Committee this week.

The government collected in taxes during a nearly comparative period about \$10,478,000,000, or only half the commitments.

The table showed wide disparity between federal incomes and disbursements, particularly in some Southern States. For instance, Texas, which ranked high on the list of beneficiaries, received an aggregate of \$984,415,000, while paying into the federal treasury in the last three fiscal years only \$228,469,674.

FRENCH-NAZI TRADE PART IS ANNOUNCED

Trade agreement negotiations between France and Germany will be started soon, it was officially announced after a conference in Berlin between Paul Bastid, French Minister of Commerce, and Dr. Hjalmar Schacht, Reich Minister of Economics.

The communique read:—"Dr. Schacht and M. Bastid agreed on the economic aims to be pursued by Germany and France. They expressed a desire soon to engage in negotiations for a commercial treaty to stimulate the trade of the two countries as much as possible. Negotiation will be started this autumn."

BUSINESS FAILURES AT LOW FOR MANY YEARS

Only 130 Last Week, While A Year Ago Total Was 179

Failures in business in the U. S. were fewer last week in number than in any other full business week in several years, it was reported by Dun and Bradstreet, Inc. In all there were 130 insolvencies in the week, as compared with 179 a year ago. In the preceding period, which included the holiday defaults numbered 110.

A total of 83 of the week's insolvencies had liabilities of \$5,000 and over, as compared with 62 such cases in the preceding week and 33 a year ago.

Plans for reorganization under section 77-B of the National Bankruptcy act were filed by eight companies in the week. This compares with 3 in the holiday period and 17 at this time last year.

The Sports Current

by GEORGE GERO

FOOTBALL DISH

If you're in search of an afternoon of football thrills that usually crop up when good clubs get together, don't miss the Sunday afternoon tussles of the Paterson Panthers at Hinchliffe Stadium. Last week the Panthers stampeaded the Stapleton Buffaloes, 20-0 in an American Professional Football Association tilt.

Jack Fritts, former Colgate star, George Palmers, Violet star and Ed Plotnicki, formerly of George Washington University, led the Panther drive. Doug Wyckoff, Georgia Tech and Joe Melgen, Georgetown earned a few extra yards of spaghetti with the extra point they made for a good measure.

The Panthers will meet the powerful football club, the Providence Steam-rollers on Sunday.

HERE AND THERE

Waite Hoyt, who once entertained you from the stage of the Montauk Theater in the company of J. Fred Coots, song writer, is the sage of the coming World Series. He's been pitching for twenty years and it might be odd to recall that the Giants had him under contract in 1917, but they didn't get around to using the Brooklyn mortician in those days. Hoyt is a veteran, yet it doesn't seem so long ago that people called and we wrote of him as the Boy Wonder. Hoyt has gone through the mill in past seasons, but still tosses a mean and mystifying onion at opposition batters for the Pittsburgh Pirate. He feels that the Yanks will have to have plenty to beat the Giants in the World Series. Hoyt may have been only 22 when he lost the eighth game of the series and the championship to the Giants in 1921 by a 1-0 count. But that heart-breaker taught him the Giants had plenty of what it takes. Sooner, he's reminding the powerful Yankees that there are plenty of stumbling blocks still in the Giant lineup.

The mighty Air Ministry "hush hush" motor, which took Sir Malcolm Campbell's Bluebird to a world land speed record of better than 300 miles an hour on the salt flats of Utah last year, is being fitted into a motor boat and the irrepressible Campbell may come to do battle with Gar Wood in two Harnsworth trophy early next year. "Ruth" is listed in the office directory in the Yankees headquarters, but it's not George Herman Ruth. The American Kennel Association figures out that the total miles traveled by purebred dogs from their kennels to various dog shows will be 300,000,000 miles in a year. There are 100,000 competing dogs, each of which appears in about 30 of the 300 fixtures. The distance from kennel to bench is fixed at about 100 miles. Joe Louis picks the Yankees to win the series and Ty Cobb picks the Giants. The last major automobile racing on a circular mile track in the metropolitan area will be held at Good Time Park, Goshen Saturday, October 3.

AUTO RACES AT UNION

A fine card of races have been arranged for Sunday at the Union Speedway, Union, when the fight for the Eastern Auto title continues.

List Of Star Drivers Competing At Goshen Saturday, October 3rd In Auto Derby

Goshen, New York—Headed by a galaxy of New York, New Jersey, Pennsylvania and New England auto racing drivers, the entry list for the East's last major mile track gas derby at Good Time Speedway here, October 3rd, starts off with the highly euphonious ronder Bozo Balus, and immediately jumps to Ira Bean, Messrs. Balus and Bean are expected to be as high in prize money as they are alphabetically.

The full list, as prepared to date by Ira Vail, organizer of the six sprints at Goshen, follows:

Bozo Balus, New York City; Ira Bean, St. Louis; Jack Bright, Ardmore, Pa.; Frank Bailey, New Brunswick, N. J.; Floyd Davis, Springfield, Ill.; Will Bill Cummings, Indianapolis; John Duncan, New York City; Vern Orenduff, Paterson, N. J.; Bob Sall, Paterson, Harry Angeloni, New Brunswick, N. J.; Ernest Gessell, Jr., Holhe, L. I. Bill Schindler, Goshen; Len Perry, Madison, N. J.; Walt Brown, Massapequa, L. I. Jack Moon, Gar-

field, N. J. John Morretti, Atlantic City.

Bob Swanson, Los Angeles; Joe Silvia, Boston; Bert Ross, Trenton; Eddie Staneck, Caldwell Sam Becker, Brooklyn, N. Y. Tommy McWilliams, Jersey City; Milt Marion St. Albans, N. Y. Roy Lake, Los Angeles; Al Cusick, Brookline, Pa. Billy Winn, Detroit, Wilbur Shaw Indianapolis and Rex Mays, Glensdale, Cal.

The two Bobs, Swanson and Sall, are expected to be tough to crack, since they both have accounted for a string of victories throughout the East this Summer and Fall. Swanson, especially, has been the nemesis of the midget car brigade, while Sall has been cleaning up on tracks where regulation cars have been used. Goshen's races will all be for full sized machines. Qualifying trials which will govern in which events drivers can compete will start at Good Time Speedway here Oct. 3rd at 12 noon eastern standard time, with the first of the five subsequent sprints starting at 2 p. m.

Horsemen To Have Full Swing At The Trenton's Big Fair

For years Trenton at Fair time was the Mecca of horsemen and then there was a lull owing to the fact that the racing program was cut to only a day or two, but this year the horsemen will again have full sway at the New Jersey State Fair at Trenton, N. J. next week, and from Tuesday, September 29, including Wednesday and Thursday, the trotter and pacer and the thoroughbred haughts will provide the entertainment over one of the finest half mile tracks in the country, for purses amounting to \$5,000.

Major E. B. Allen has been selected by the new management as secretary of the speed events.

On the opening day Tuesday, September 29, there will be three harness events, a 2:14 Pace, an 8:17 Trot and 24:20 Handicap for the "Trenton Times" trophy.

For the next day, Wednesday, September 30, the program will include a Free For All handicap for the "George A. Hamid" trophy.

Governor's Day will be observed Thursday, October 1. The Governor's trophy will be presented to the winner of the Free For All Handicap Trot. Another trophy, offered by the "Trenton State Gazette," will be presented to the winner in the 24:20 Handicap Trot. Also on the card are a 2:14 Trot and a 2:19 Pace. Three half mile dashes, a six furlong flat race and a two mile steeplechase event will also be on the program.

Between racing heats spectacular circus acts will be presented before the grand stand. Major Allen intends that his first New Jersey State Fair programs will be the best that can be offered. Already hundreds of horsemen have notified him that they will be here. Joseph M. McGraw will be the starting judge for the races.

PLAYS ELBOW PIANO

Gino Palmisano the world's only elbow piano virtuoso, will make his North American debut at Town Hall, Wednesday evening, October 7. Born without arms below the elbows, Palmisano struggled long to develop a special technique in his elbows.

Wyckoff Gridders Open On Sunday

The Wyckoff Football team has been practicing intensively for a month coached by Roger Van Blarcom who has handled the team for six years. It will start its season next Sunday, September 27th at Zabriske Field, Wyckoff, against the Clifton Wildcats.

The Wyckoff team has a number of its old players back but Coach Van Blarcom is not at all satisfied with the condition of his team.

The Clifton Wildcats is composed of former Westington players

ASKS \$5,000 FOR FALL

A suit has been filed in the office of County Clerk Lloyd Marsh by Ruth McDonald, of Passaic again Leo H. Joyce, also of that city, for \$5,000 for injuries she said she received in a fall on an icy sidewalk in front of Joyce's property at 259 Madison Street.

and Clifton High School stars and should have a decided edge on Wyckoff this early in the season. The game will start at 3:00 P. M.

Public To Try New Roosevelt Raceway 'Drive'

Many of the nation's top drivers including Chet Gardner and Wilbur Shaw, Indianapolis veterans now on the scene, will be whirling over the new Roosevelt Raceway in Westbury as plans drive forward for the inaugural 400 mile George Vanderbilt Cup race on Columbus Day, October 12.

Open house, to which the public will be admitted free, will pry off the lid Saturday as the racing drivers tune up in practice tests before the track is cleared for those owners of private cars who have long hankered to try the turns of a great racing course. Traffic cops acting as pace-setters will hold the "Sunday drivers" down to a conservative pace, however.

Real speed will make its bow on the following day as the official qualification tests get under way. With more than sixty European and American cars entered, and only thirty-six persons to start, tremendous speed is assured in the tests, which will be over a route of five laps, or twenty miles, against the electrically controlled timing instruments.

The bulk of qualifiers on the first day probably will be American stars, but the Europeans—headed by Tazio Nuvolari, of Italy Jean Wimille, of France, French Grand Prix winner this year;

STROLLING ALONG

By Pat Ferro

JACK EIGEN, well known columnist heard in a weekly series entitled "Jack Eigen's News-reel" on Thursday evenings over WMCA was formerly associated with United Artists and the Warner Brothers publicity departments and for three years a columnist on Zits Weekly. Much of his radio experience was gained while associated with J. C. Flippen on the Broadway Melody Hour. Jack with the Paradise Restaurant dancer, Miss Dorothy Jeffers as his secretary give the radio listening public the real lowdown on Broadway as coming from the office of a columnist.

CHICK VINCENT, is certainly going places since he became a member of the staff of radio station WLW, the world's most powerful broadcasting station. Chick has recently been appointed to produce write and direct three more programs. The smoothies, better known as Babs and her brothers, formerly with Ray Noble and Fred Waring. Waltzing Thru Europe and Singing Sam.

BENAY VENUTA, the blond singing star of radio, stage, screen born in San Francisco. Her mother being of Italian extraction named her "Venuta" which means "Welcome". Miss Venuta was educated in high school and spent two years in a Switzerland finishing school.

RAY SINATRA's "salon swing" is being offered by independent stations by way of electrical transcriptions. Bunny Berrigan, the "Swing King" of the Columbia airwaves will soon start on a tour with an "All-Swing" orchestra. Georgia Lee's new legal name is Georgia Ann, the reason too many "Lee's" on the air. The Stroller wishes to thank Kenn Sisson, Barbara Pepper and Frank Parker for their photographs and to Shep Fields for the very nice telegrams and not forgetting to thank the publishers who recently have added "Strolling Along" in their newspapers and wishing them all continued success.

FRANK PARKER, celebrated radio singing star is now a licensed pilot, which makes him a real flying tenor of the airwaves. Ted Fio Rito is the son of musical parents, his dad was a member of a symphony orchestra and his mother starred in light opera. Johnny (Johnny the Call Boy) Roventi is forty three inches tall and weighs fifty seven pounds. Eddie Cantor, star of radio, stage and screen is to make three pictures within the coming two years for 20th Century Fox.

CIGARET PRODUCTION UP 12.6% IN AUGUST

Regular small cigarette production in the United States last month totaled over 13 billion units an increase of 12.6 per cent when compared with a year ago, internal revenue figures disclosed.

For the same month however, output of chewing and smoking tobacco showed a reduction of 18.6 per cent. The total was cut from 27,311,032 pounds a year ago to 23,014,224 pounds last month.

Production of popular sized cigars amounted to 445,975,527 units, against 422,281,685 in August last year, an increase of 5.8 per cent. Snuff output fell 7.4 per cent to a total of 2,741,396 pounds.

Cities Must Give Food, Shelter And Clothing — Mudd

Food, shelter and clothing were listed by the State Financial Assistance Commission as basic standards for municipal relief in pointing out that relief can never be "adequate."

A remedy for sub-standard relief will be considered by the commission, Commission Director Arthur Mudd said that even prior to government handling of relief families never seemed to have "adequate" relief needs.

The relief formula under which the State is distributing \$7,500,000 to municipalities, Mudd commented, is based on the municipality's ability to contribute and not on its standard of relief.

No municipality will gain individually by denying suitable relief, he explained, although "there is a collective financial interest for municipalities to conduct a reasonably economical relief program."

Pending completion of statistics on how much relief is given, Mudd outlined the Commission's stand on relief standards. They were:

Rent—"The arbitrary refusal to issue rent orders (in some municipalities) has needlessly deprived taxpayers of lawful revenue and decreased local tax collections."

Food—"The amount of the food order should not be less than the amount necessary to maintain life and health on a subsistence basis and should be graduated according to the number of the persons in the household. A general State standard is not desirable."

"Clothing—"Shoes and clothing become a prime necessity during the Fall and Winter season, not only from a humane standpoint, but as a factor of preventing sickness and reducing medical costs."

Eighty-one municipalities have returned questionnaires on their standards and State auditors will visit the remaining municipalities and obtain the others.

Study Pollen In Move To Lessen Hay Fever Curse

Clinics over the entire East report that the multitude of long sufferers who snuffle, wheeze and run at the nose is enduring one of the worst hay fever seasons in many years. Ragweed, the curse of hay fever victims, has been pollinating at its peak.

WPA Pollution Projects under the Health Department are charting the spread of ragweed and other hay fever pollens throughout various countryside.

It is believed that the pollen will be in decline during the coming week and give relief to many of the long sufferers.

According to a survey under Arthur Stern of New York, there are certain general conclusions to be drawn from the study.

One is that southwest and south winds (especially from lower New Jersey) show the highest pollen counts and spell hay fever. East winds from the ocean and north winds mean a sharp drop.

Another, rainfall, which carries the pollen earthward, brings a drop in almost identical proportion to its size. Sunlight, by helping the plant to flower and exposing the blossom, tends to increase pollen distribution. Temperature, soil and agricultural conditions are other factors being studied.

Tea Time Is Taste Time

Courtesy Sealtest Laboratory Kitchen

By BEULAH V. GILLASPIE
Director, Sealtest Laboratory Kitchen

THE good old-fashioned custom of serving tea swings back to its rightful place; and those with suave tastes again can glory in the savory, flavory "tid-bits" that are part and parcel of every tea serving. Here are two fascinating sour cream suggestions—a biscuit with a tangy taste of orange and sour cream and another great favorite—sour cream cookies, so easy to make:

ORANGE SOUR CREAM TEA BISCUITS

2 cups flour	½ cup sour cream
½ tsp. salt	cream
2½ tsp. baking powder	2 tbsps. grated orange rind
½ tsp. soda	½ cup orange marmalade
2 tbsps. butter	

Sift together the flour, salt, baking powder and soda. Cut in the butter with two knives or rub in with the fingers. Add the sour cream and orange rind and stir in quickly. Toss dough on a floured board and roll or pat out to about ¼ inch thickness. Cut in rounds with a tiny cutter and place ½ teaspoon of orange

marmalade in the center of each round. Fold over as in Parker House rolls and place on a buttered cookie sheet. Brush tops with milk and bake in hot oven (425° F.) for about 10 minutes. This recipe makes about 30 small biscuits.

SOUR CREAM COOKIES

½ cup butter	½ tsp. cinnamon
1 cup sugar	½ cup sour cream
1 egg	cream
3½ cups flour	Almonds, jelly or Maraschino cherries
¼ tsp. soda	
½ tsp. nutmeg	

Cream together the butter and sugar. Add the egg and beat well. Mix and sift the flour, soda, nutmeg and cinnamon, and add alternately with the sour cream to the first mixture. Chill for several hours. Roll out dough to about ¼ inch thickness on a floured board, handling a small amount at one time. Cut in fancy shapes, place on a buttered cookie sheet, and top with almonds, jelly or sliced cherries. Bake in moderate oven (350° F.) for about 10 minutes. This recipe makes about 50 cookies.

Marsh Believes Sentiment Of The Nation Changing

Lloyd B. Marsh, vice chairman of the New Jersey Landon-Knox campaign committee, declared that the outcome of the Maine election is an indication of the swing away from the New Deal.

"There is no question that the sentiment in this County has undergone a complete change," said Mr. Marsh.

"It is evident from the return of votes that the American people are not going to accept flowery words and promises, repudiation of pledges, and constantly mounting tax burdens."

"Americans believe in progress. This Nation was founded on principles of progress which in only a century and a half lifted it from virtual international insignificance to world prominence. Those principles subscribed to the inherent right of the individual."

"Here in this Country where opportunity has always welcomed the ambitious and deserving the people want no shackling of their constitutional liberties."

THEATRICAL NEWS

"Texas Rangers" At U. S. Theater For One Week's Stay

Fred MacMurray, Jack Oakie and Jean Parker have leading roles in King Vidor's history making epic of the early days of the Lone Star State, "The Texas Rangers," booked to open tomorrow at the U. S. Theatre.

Setting a moving, romantic story against a background of action, the picture recreates scenes of early Texan history, showing for the first time the vast job undertaken by the state Rangers when they swore to drive out Indians, kill bandits and make Texas a reasonably safe place in which to live. Both MacMurray and Oakie join the fearless band of peace officers in the picture, first simply in order to gain an easy living and then inspired by ideals of the Ranger organization, with real intent to carry out the oath.

Action-filled, dramatic, and reflecting an accurate historic background, "The Texas Rangers" is liberally rounded out with comedy, provided by the irrepressible Oakie and with romance, centering around MacMurray and Miss Parker. Also in the cast are Lloyd Nolan, Edward Ellis, Bennie Bartlett and other outstanding movie personalities.

Co-Feature

In picture after picture each of them has gained "special mention" from critics in every city, and now they have a movie in which they are featured together. They're the trio who take leading roles in Paramount's film farce, "Three Married Men" also coming tomorrow to the U. S. Theater.

The three are Roscoe Karns, William Frawley and Lynne Overman, and they head a cast including Mary Brian, George Butler and Marjorie Gateson.

"The Lost Patrol" At State Theater

The State Theater on Van Houten Street offers many unusual and entertaining programs for every one in the family today and tomorrow. Two major features comprise the bill; namely, "The Lost Patrol" starring Victor McLaglen, Boris Karloff and Wallace Ford; "Young America" starring Spencer Tracy, Doris Kenyon and Tommy Condon. The new Adventure of Tarzan, the latest newsreel and an amusing comedy completes the screen offering.

Friday night, "Auction" night will be presented on the stage with "Auctioneer Sam". Auction night is something new, and something novel. There are loads of laughs for the whole family. The novel part of this night is that the auctioneer buys and the audience sells. He may offer to buy a man's shirt off his back—or even a lady's??? There are no lucky numbers or any lottery. Good clean fun for everyone.

Saturday afternoon, the State holds a kiddie party for the children. Every child entering retains his stub which may entitle him to win and receive one of the ten valuable toys given each week. Five boys and five girls will each

receive a gift that they will certainly appreciate.

Saturday evening, that popular game of "Lucky" will again be played. For those never playing Lucky, many new thrills can be captured in a few minutes. Lucky is the original game from which "Bingo" has developed. The State offers a splendid screen program in addition to their "Lucky" game. Play "Bingo" at the State and see a splendid show at popular prices.

"The Gorgeous Hussy" At Fabian

Unquestionably the most emotionally appealing, dramatically dynamic and photographically arresting motion picture in which Joan Crawford has ever appeared, "The Gorgeous Hussy" comes to the Fabian theater tomorrow as another instance of what the successful combination of story, director and acting talent can do to make a plaything stand out head and shoulders above the average film product.

For here we have Samuel Hopkins Adams' dramatic story of a girl who started out as the daughter of a Washington innkeeper in the tumultuous and picturesque period of American history in which Andrew Jackson was to be elected seventh President of the United States, and who ultimately became the topic of every wagging tongue in the nation's capital.

Here we have the directorial genius of Clarence Brown the man who made such memorable pictures as "Anna Karenina", "Ah Wilderness" and "A Free Soul" to name but a few, once again fusing his superb artistry and eye for camera detail to make scenes and characters come to life as though they were actual flesh and blood creations.

And here we have, finally, a triumph of casting that hasn't been equaled in cinema since for some time. Not only is Joan Crawford perfectly cast as Peggy O'Reed, the innkeeper's daughter who became the First Lady of Democracy but her teaming with the sensational Robert Taylor, as "Bow" Timberlake, officer on the U. S. S. Constitution, brings forth a romantic team that makes most others seem pale in comparison.

AMELIA EARHART MAY FLY ROUND THE WORLD

Considers Flight Next Year, But "Too Busy" This Year

"I'd like to fly around the world," said Amelia Earhart, who is near sold on the idea of going around by plane soon. "I'm a busy person this year, but maybe I'll try next year. One never knows."

The woman who flew over both the Atlantic and Pacific said she has cast herself as a "human guinea pig" for future studies of the stresses and strains affecting aviation's human element.

In November she will bring back here her "flying laboratory"—a new \$75,000 Lockheed monoplane—which she is taking to Purdue University, Lafayette, Ind. next Saturday for tests.

Four 4,500 mile hops in succession would carry Amelia Earhart farther than Wiley Post's sky trail around the globe.

"La Traviata" At Lazzara's Tomorrow "Orphan Of The Storm" There Sunday

The American Grand Opera Company, with Fernando Alvino directing, will present "La Traviata" in Italian at Lazzara's Music Hall, Ellison Street and Cross Street, Paterson tomorrow night at eight-thirty o'clock.

The opera is in four acts and the libretto is taken from the book and play, "La Dame Aux Camelias of the Young Dumas." The text is by Piave and the music by Giuseppe Verdi.

"La Traviata", lovers of music and opera know, is the story of a young and beautiful creature thrown into voluptuous living. An admirer, Alfred Germont, becomes seriously enamored with Violetta. Her otherwise unglamorous life is given one gleam of happiness in her assurance that Alfred truly loves her.

Violetta Valery is portrayed by Betty Alma-Caro and the part of Alfred Germont is played by Joseph Barsotti, both talented stars of the opera.

In two grand performances at Lazzara's Sunday—one performance at 2:30 o'clock and another at 7:30 o'clock—the well known company of stars under the direction of Armando Cenerazzo will present the emotional drama, "L'Orfana Della Tempesta," or "The Orphan of the Storm." It will be recalled that the English version of the play was once the supreme triumph of D. W. Griffith when Lillian and Dorothy Gish portrayed the lead roles in the silent films.

After the drama, a humorous sketch will be presented with Rossana Sammarco, recently returned from California, and assisted by Nino Gabre.
