THE MESSENGER

OLDEST AND MOST LARGELY CIRCULATED ITALIAN-AMERICAN WEEKLY NEWSPAPER IN PASSAIC AND BERGEN COUNTIES

Vol. XXXIII.—No. 1672

PATERSON, N. J., THURSDAY, JUNE 3, 1937

3 Cents a Copy

## CAMP HOPE LOCATED AT PREAKNESS

Freeholders Finally Decide On  
Permanent Site

CONSULT FEDERAL MEN

The Colony Farm site, atop Preakness mountains, will be the permanent location of Camp Hope the county board of freeholders decided yesterday afternoon.

At the same time, it was announced that the camp, which will be located on a 240 acre tract of land owned by the county, will not be ready for use this year. Instead, the project for this summer will be carried out at Huntville, Sussex county, which is 50 miles from Paterson.

To Consult Experts

The board decided to consult Federal experts in planning and laying out its permanent camp at Preakness mountain.

The temporary camp for this summer is already under construction. Cottages and a mess hall have been erected and efforts are now under way to get WPA financial support for the construction of a swimming pool at the site.

## Bar Committee Seeks Remedy For Law Evils

Group Studies Unlawful Practice  
Before Bar

The Passaic County Bar Association's committee on unlawful practice of law will meet this afternoon to discuss findings of the group in its studies of conditions in this area. Michael D. Mirello will preside.

## MESSENGER Offers 25 Passes To Fabian For Dialogue Translation

The IL MESSAGGERO today offers readers an unusual opportunity to win 25 passes to the Fabian Theatre in one of the most novel contests ever offered the reading public.

The contest is especially adaptable to Italian-speaking readers of IL MESSAGGERO. Contest entries must be postmarked not later than Monday midnight.

In the film, "Kid Galahad" which opens at the Fabian tomorrow for a week's run, Edward G. Robinson in the role of Nick Donati has occasion to converse with his screen mother, Soledad Jimenez as Mrs. Donati in Italian.

The conversation between Robinson and his screen mother is reprinted here. Correct translations to the passages will be awarded passes to see the picture.

Merely place the translations on paper and bring or mail your solu-

PATERSONIAN TO RECEIVE  
M. D. DEGREE

LOUIS GIGLIO

son of Mr. and Mrs. Salvatore Giglio, of 29 Cross Street, who will be graduated from the college of medicine of Georgetown university Sunday. Born and raised in this city, Mr. Giglio graduated from Central high school in 1930. He is a member of Lambda Phi Mu, national medical fraternity.

## 5,000 Students Will Take Part In Folk Festival

Hinchliffe Stadium Scene Of  
Annual Pageant Tomorrow

Five thousand pupils of the city's public school's system will take part in the Annual Folk Festival which will be held at Hinchliffe stadium tomorrow evening. The program gets under way at 7:30 o'clock.

Faculty members will be in charge of arrangements at the stadium with a detailed plan for handling the thousands expected.

(continued on page 5)

## TROOPERS MOVE INTO LITTLE FALLS AS STRIKE SITUATION GETS OUT OF CONTROL OF LOCAL POLICE; 15 HURT IN RIOTING

### Three Women Among Those Injured In Riot

First Serious Outburst In Labor  
Crisis Occurs

UNION LEADERS REPLY

Yesterday's rioting and vigorous street fighting in front of the Little Falls Laundry company's plant was precipitated by a shower of milk bottles thrown from the roof of the company's buildings by non-striking employees. It was charged today by union officials.

Blame Employers

Answering the charge of company officials that the disorder was caused by union men, strikers' representatives, including Charles Vigorito, president of the Dyers' local, 1733, pointed out that the pickets were patrolling the plant in orderly fashion until "joyal" employees began showering strike sympathizers below with bottles and glass-ware.

Yesterday proved the most turbulent of all the days that have passed since members of the United Laundry Workers' Union walked out of the plant in a strike for better wages and working conditions.

15 Hurt In Melee

Fifteen persons were hurt in the rioting that followed the bottle-throwing episode. Included among the casualties were three women. Mrs. Lavina Suzia, of Wayne Town ship, and her two daughters, Dolores, 16, and Rose, 18. They were cut by flying glass when a rock crashed through the window of the car in which they were riding. They were given medical aid.

Tear gas bombs and clubs were used by police and deputies in their attempt to restore order and fire trucks were rushed to the scene. The fumes of the tear gas merely served to drive the rioting to a point farther away from the plant.

LATEST DEVELOPMENTS IN  
STRIKE SITUATION

A committee of C.I.O. union leaders and strikers were en route to Washington where they will appear before Senator La Follette's civil liberties commission to charge violation of their rights and the hiring of "professional thugs" by the Little Falls Laundry company in an effort to break the strike and terrorize strikers.

\*\*\*\*\*

Sheriff John A. Gavin announced that with the arrival of state police this morning, all county deputies have been withdrawn from the scene of the strike.

\*\*\*\*\*

Five laundry trucks were stoned as they attempted to leave the plant to make pickups and deliveries this morning. No arrests were made.

\*\*\*\*\*

Colonel Mark Kimberling, superintendent of the state police, instructed troopers to enforce Chancery court orders to the letter in maintaining order at Little Falls.

## Gavin Within Rights, Rules Judge Davidson

Approves Payroll For Deputies  
As Groups Protest

Expressing the opinion that Sheriff John A. Gavin had acted within his rights and in good judgment in hiring special deputies to maintain order and protect property in strikes which are taking place in Hawthorne and Little Falls, Judge Robert H. Davidson yesterday approved payroll expenses for sheriff's deputies at a conference of interested parties.

Represented at the conference (continued on page 5)

## State Police Patrol Plant; Calm Prevails

2,000 Union Men Continue To  
Picket Laundry

TOWN ASKS STATE'S AID

Little Falls—Seventy state troopers who arrived here at five o'clock this morning from the state police barracks in Morristown were keeping a sharp surveillance over the Little Falls Laundry company plant as a picket line of more than 2,000 union men marched peacefully in front of the embattled grounds.

Trucks Stoned

Except for a brief flurry some 500 yards away from the company's property where five laundry trucks were stoned at Jackson and Browertown roads, calm prevailed in contrast to the wild melee which characterized yesterday's tilt between strikers and non-strikers.

The state police were brought to Little Falls at the request of the town's council which petitioned Governor Hoffman for aid on the grounds that it could no longer maintain order at the scene of the strike.

Troopers Rushed Here

Upon orders from Colonel Mark Kimberling, state police superintendent, troopers were mobilized from all parts of the state at the Morristown barracks. They arrived here ready for duty early this morning.

## WPA Indifferent To Threatened Union Walk-Out

Building Trades Council Protests  
Hiring Of Non-Unionists

Deputy District Director John J. Gilhooly Jr., stated yesterday that the WPA will not oppose any strike contemplated by the Building Trade Council of Paterson and vicinity which seeks to have all skilled labor done by union men. "A strike won't hurt us," said Gilhooly. "We are not going to buck the unionists."

(continued on page 8)

TRANSFERRED

The Rev. Michael C. Zariello, curate at St. Michael's R. C. church was transferred to St. Vincent's Church, Stirling this week, according to an announcement made by the Most Rev. Bishop Thomas J. Walsh. His vacancy will be filled later, it was said.

## COUNTY WILL OBSERVE ITS CENTENNIAL HERE SATURDAY

Passaic county will observe the one hundredth anniversary of its inception at colorful ceremonies which will take place in front of the court house Saturday afternoon at 2:30 o'clock.

At the same time, the new County Administration building will be formally dedicated as part of the observance of the passing of the county's first century as a unit of state government.

Pageant

The highlight of the day's

events, along with the dedication of the new administration building will be the presentation of a pageant entitled, "The Spirit of Passaic County", which features a review of the historical milestone in the growth of the county.

The program of dedication will be opened by the Rev. Harry Howard of the Bloomingdale M. P. church who will offer the invocation.

To Raise Flag

An address of welcome by Free- (continued on page 8)

## Circus Lined Up For Paterson Set Opens June 12th

### Scene Of India Most Expensive Setting In History—Other Acts

The world's mightiest amusement enterprise on tour—the Ringling Bros and Barnum & Bailey combined circus—with its 1937 seven ring and stage program, star studded and liberally interspersed with new thrillers from Europe and Asia, featuring among its array of new wonders the most gorgeous introductory spectacle in its brilliant history, India, is definitely scheduled to exhibit in Paterson, Saturday June, 12.

India is not just another circus spectacle. It is not merely a glittering parade to open the Big Show performances. It is the result of a year's planning, a really staggering expenditure and much research on the part of Sam Gumpertz, general manager of The Greatest Show on Earth. Costly fabrics were purchased in car load lots. Color schemes blend in lovely perspectives. Every one of the two thousand people and animals taking part wears a small fortune on his or its back. All have towering headresses of exquisite beauty. One group of 170 horses, with girl riders, is like nothing ever before offered, for the horses, wearing medieval bejeweled blankets of velvet, carry gorgeous canopies over the girls' heads. India is a torrent of color and flashing jewels flowing over the hippodrome track and the seven rings and stages. It is the last word in pageantry.

Heading the scores of new foreign features are The Great Aloys, aerial thriller: the Magyars, Europe's mightiest troupe of somersaulting stars; the Famed William Heyer, Holland's great horse trainer, and his wonder horses: the Maysy Brach troupe of aerial unicycle marvels; the Naitto family of wire wizards; the Lu Lolita troupe of upside down aerialists; the Qualteros, airplane aerialists; the Cleveres, whirlwind acrobats; the Wen Hals, novelty stars and many other equally renowned in Europe, Asia and South America. There are 800 performers.

In aerial and equestrian displays The Greatest Show on Earth has outdone itself this year, while the ground acrobatic numbers are the largest and finest ever presented in any land or age.

The Ringling Bros. and Barnum & Bailey combined circus will arrive on four long trains of 100 double length steel railroad cars, carrying 1600 people, 1009 menagerie animals, 7 herds of elephants and 700 horses.

## Suggests Less Traffic-Aches

### Road Head Sterner Outlines A Few Shore-Route Solutions

State Highway Commissioner Sterner released several important tips to shore bound motorists, designed to speed them to their resort destinations with a minimum of traffic troubles. Motorists have been advised to follow these suggestions during the entire summer for less traffic headaches.

Sterner, with an eye on the seasonal inland City exodus, urged drivers to choose the less traveled alternate routes, and suggested:

## Martini Seeks Approval Of New WPA Projects To Provide Work

Informa Burke Men On West Milford Project Will Be Through There June 15, Approval Of Local Projects Offered Needed

Street Director Nicholas Martini told the board Tuesday he had appealed to WPA officials in Paterson for approval of local projects in order to give employment to Passaic men who conclude their present work in West Milford June 15.

Passaic has been providing transportation for these men, who otherwise would be on the relief roll. It had been planned to halt transfer of these men beginning yesterday, when bus hiring arrangements were concluded.

Since local projects have not yet been approved by WPA officials, Commissioner Martini arranged to keep the men on the West Milford job another two weeks. After that date, there will be no funds available for bus hire.

A letter sent to WPA Director William J. Burke by Commissioner Martini was read to the board. In it Martini explains that there has been delay in getting a reply to his earlier request on the West Milford job particulars for extension of bus privileges. Martini asks for immediate action on his local project list submitted to Mr.

NICHOLAS MARTINI

Burke, in order that these men be transferred to Passaic projects.

Martini told Burke, in his letter, that the transfer to local projects awaiting approval, would considerably assist the local board's desire to keep relief funds down to a minimum.

## BUILDING PERMITS CONTINUE TO GROW, MISS PERKINS SAYS

Labor Secretary Points To April Gain Of 4 Per Cent. Over March —18 Per Cent Increase In Value Of Permits

Principal city reports show that the value of permits issued for new residential building during April was 4 per cent greater than in March, Secretary of Labor Frances Perkins announced.

"An increase of 18 per cent was shown in the value of permits issued for additions, alterations and repairs to existing structures," Miss Perkins said. "These gains were partly offset by a decline of 9 per cent in new non-residential construction. The aggregate value of the building permits issued in April was 2 per cent greater than in the month preceding.

"All types of building construction reflected impressive gains in comparison with the corresponding month of last year. Measured by the value of permits issued an increase of 65 per cent is indicated in new residential construction and a gain of 23 per cent in new nonresidential construction. Additions, alterations and repairs to existing structures were 40 per cent higher than in April, 1936. The total value of the building permits issued during the month was 46 per cent above the level of a year ago.

That New York and North Jersey visitors to the Asbury Park areas follow Route 25 to Route S-23 at the New Brunswick traffic circle; pursue Route S-28 to Old Bridge to the highway passing by Englishtown and Freehold, thence on Route 33 to Asbury Park section resorts or Route 34 to more southerly points.

That automobilists bound for Atlantic City and nearby vacation centers use whenever feasible the Black Horse Pike, Route 42, Both the Black Horse and the White Horse Pike, Route 43, may be reached from the Camden Airport traffic circles by following Route 45.

## Wallace Backing New Farmer Plan

The proposed "agricultural adjustment act of 1937" won the approval of Secretary Wallace. It has been proposed by major farm organizations.

The Secretary urged Congress to make it law "at the earliest possible date."

Appearing before the House agriculture committee on the proposed new "AAA," laid before Congress last week by the American Farm Bureau Federation, the Cabinet officer said:

"I am strongly in favor of the principles and purposes of the bill." Wallace said the measure had two fundamental purposes:

"Safeguarding of the nation's food supply and protection of the farm income."

The measure embodies such features as Wallace's "ever normal granary, commodity loans, crop insurance, soil conservation and production control.

## IS IT OR ISN'T IT?

The Query Concerns The Return Of Prohibition—We Reprint An Excellent Editorial On The Subject

Discussions centering about our country's prospective return to the Prohibition era has not been without foundation. There have been a number of elements pointing to the return of that era and there has been no one so keen to the problem at hand than State A. B. C. Commissioner D. Frederick Burnett.

In an excellent editorial the other day, the Passaic Herald-News discusses the situation. We felt the item so meritoriously done we take the privilege of herewith reprinting that editorial appearing in a recent issue of the Passaic HERALD-NEWS EDITORIAL.

It is our opinion—and has been for some time for that matter—that in Alcohol Beverage Control Commissioner Frederick Burnett, New Jersey has a liquor law enforcement official who, paradoxically doubts the possibility of the use of alcohol ever justifying its place in society.

It is doubtful if this State could get a man for Commissioner Burnett's job more able, more intelligent, or more honest than he is.

Yet, there are some who regard him as a hard-boiled martinet. Those persons can't see beyond their noses.

Commissioner Burnett gave up one of the best law practices in New Jersey for the job he now holds. He has built up an organization as nearly perfect as it is possible to build, the human element considered. He is incorruptible. He has—and would need to have to succeed in his job—a delightful sense of humor.

Yet D. Frederick Burnett, deep down we believe, is afraid that we are heading back to prohibition. Every week, at least, one of his letters or opinions hints at that belief. This week he said a certain violation marked "a milestone toward the doom of repeal."

That is something for liquor

dealers and saloon keepers to think about.

Prohibition was pushed on us too suddenly. The majority did not want it and would not obey it. But the majority always stands for decency in the long run, and if we can't have that, the same majority will have prohibition.

The case of John Barleycorn is being hurt here and elsewhere by the too many licensees, many of them utterly devoid of social conscience, who should never be permitted to sell liquor. In the old days no decent saloonkeeper would sell a drink to a drunk. Nor would he sell it to a lad who was patently too young. Today, however, many licensees, new men in the business, will sell a drink to anybody who has the price, drunk or sober, young or old, boy or girl.

That may be one of the things Frederick Burnett has in mind when he writes those subtle hints to liquor dealers to beware lest their business be outlawed again by an indignant, disgusted, and disillusioned populace.

It's up to the organized retail liquor dealers to do their own cleaning up. They can, and the better men in the business want to do so. If they don't, or can't, let there be no moaning from behind the bar when repeal puts out to sea.

## RHEUMATISM

Pain—Agony Starts To Leave in 24 Hours

Happy Days Ahead for You

Think of it—how this old world does make progress—now comes a prescription which is known to pharmacists as Allenru and within 48 hours after you start to take this swift acting formula pain, agony and inflammation caused by excess uric acid has started to depart.

Allenru does just what this notice says it will do—it is guaranteed. You can get one generous bottle at leading drugstores everywhere for 85 cents and if it doesn't bring the joyous results you expect—your money whole heartedly returned.

## H.O.L.C. INCOME RISES IN NEW JERSEY, BY REPORT

Collection Of Principal And Interest Reported On The Increase  
—Method Of Foreclosures Defended

According to John R. M. O'Connor, state manager of the Home Owners' Loan Corp., collections of principal and interest on mortgages held by the corporation are increasing steadily in New Jersey. He declared the corporation's foreclosure policy has not imposed too great a burden on the home owner here.

John H. Fahey, chairman of HOLC, in a letter to members of Congress this week defended the foreclosure policy of the corporation. The policy had been criticized by some members. Fahey asked them to select three typical cases in which the corporation had completed foreclosure and promised to use them to show HOLC did not force undue hardship on borrowers.

Fahey's defense also was aimed at legislation which would grant borrowers a moratorium until legislation could be passed to extend the maturity of HOLC mortgages from 15 to 30 years and to reduce the rate of interest from 5 to 2 per cent. He said publicity given the proposals was affecting H O L C collections adversely.

O'Connor said he has not found a New Jersey case in which principal or interest payments have been withheld or delayed because the life of the loans might be extended or the interest rate reduced.

O'Connor said:

"Our loan servicing in New Jersey has been going along splendidly. Our collections have been steadily increasing. There have been times when they have fallen off, but they have picked up again. I have been watching the situation here very closely and I have not found one case in which borrowers have withheld payments because they thought the interest rate may be reduced or the life of the loans extended."

## HOFFMAN IS ANXIOUS FOR U. C. C. POST

Observers So Interpret Failure To Name Fudd Board Terms

Because Governor Hoffman has failed to appoint members of the Unemployment Compensation commission to full terms the five months' legislative session, it was believed the way was being prepared for Hoffman to become the commission director when his gubernatorial term expires.

The seven member board was created at a special legislative session December 21. Hoffman appointed seven members ad interim before the 1937 Legislature convened. He has made no effort since January to nominate the ad interim commissioners for full terms so they could be confirmed by the Senate.

There are four Republicans and three Democrats on the commission. By naming them ad interim the Governor did not have to specify their terms, as would have been necessary if he sent their names to the Senate. When the nominations go to the Senate one commissioner will be appointed for 1 year, one for two years and so on

up to seven years. All future appointments will be for seven years.

If the Governor sends the nominations to the Senate today or later, expectations are he will nominate the three Democrats for the one, two and three year terms. This would insure the four Republicans holding office beyond the term of the next Governor. It also would insure the commission's being Republican next January when Hoffman's term expires and would make it possible to name him to succeed James G. Robinson as executive director. The recent appointment of William S. Conklin, publicity aid of the Governor, to the same post under the commission, is believed to forecast the Governor's own plans.

## Income Factor In F.H.A. Loans New Rule Shows

Underwood Points To Work Of Owner's Guides Stick

Definite rules for home loans in New Jersey have been set up to insure a mortgage of 80 per cent of the appraised valuation of a property running as long as 20 years and to insure the safety and profitability of that mortgage. From this is determined the capability of a man with a given income to build a home in a given price range, according to a statement by George B. Underwood, associate state FHA director.

"The underwriting staff of the housing administration must determine the available part of the borrower's income which may be used to meet the required monthly payments on an insured mortgage," declared Underwood. "The underwriting staff must also guard against physical over-improvements by considering the neighborhood in which the proposed home is to be located and then look at the particular structure in regard to the neighborhood. It further must protect the home builder against over pricing by figuring reproduction cost as part of its appraisal. "An honest house built in the right kind of neighborhood, constructed of good materials by competent workmen after a well designed plan that is adequate for future as well as for present needs of the family, is the object of the housing administration for all homes that are financed under its insured mortgage system.

"In order to achieve such a result and insure the lender of a safe investment, the agency has established minimum standards and requirements for materials and workmanship in construction. Its underwriting staff also scrutinized the plans, proposals and figures submitted for the construction of a house for the replacement cost must be carefully considered, in the insurance of a mortgage that may run as long as years.

"The people of America, by influence and example, would teach the Old World the path to peace and democracy."...Nicholas M. Butler, President of Columbia University.

## DIAZ SOCIETY OUTING TO IDLEWILD PARK ON SUNDAY

Floyd M. Paladino Chairman In Charge—Inauguration Of Junior Society At Affair—Notables Promise To Attend

The annual outing of the Armando Diaz Society of Clifton will be held at Idlewild Park in Little Falls Sunday.

A full day's program has been

FLOYD M. PALADINO

arranged by the committee in charge to include amusements of

various sorts, boating, swimming and dancing. Music for dancing will be furnished by Art Patterns and his Blue Rhythm Ramblers.

Buses leave Ackerman and Parker Avenues, Clifton from eight to ten o'clock.

Floyd M. Paladino is chairman in charge of arrangements. He has been assisted by a diligent committee, working to insure the complete success of the affair.

Mr. Paladino exerted considerable effort toward organization of the Armando Diaz Junior Society, applications for which will be distributed at this outing. Formal inauguration ceremonies of the junior organization will be in charge of Mr. Paladino.

A number of prominent guests from Passaic and vicinity have been invited to attend and have expressed their intentions to be at the outing.

A number of local societies have been invited to attend the outing.

Charles Castiglione, who has been president of the organization many years, has extended a cordial invitation to members and their families.

## Drastic Curtailment Of WPA Rolls In New Jersey, Authorities Report

Cut Will Come Whether Or Not President's Figure For Work Relief Is Carried Out—To Follow Bill Passage

Whether or not the measure on relief carries the figure suggested by the President or his opposition's lesser figure, drastic curtailment of WPA payrolls in New Jersey and other states will follow passage of the bill by Congress for the 1937-38 appropriation.

WPA officials here estimate the number of project workers will be reduced 20 per cent if the \$1,500,000,000 goes through, although government statisticians, after deducting funds for the National Youth Administration, the Resettlement Administration and other administrative agencies, figure it would permit employment of 1,700,000 by WPA.

This would represent a reduction of 24.58 per cent from the April 17 enrollment. If the bill carries a \$1,000,000,000 appropriation the government representatives estimate the reduction will be 53.42 per cent. The estimates are based on the \$804 per man year cost for all WPA projects.

### PRIVATE WORK RISES

North Jersey Continues Upswing In Private Construction

North Jersey counties' private building construction continues on the upswing, which has been indicated since the opening of 1937 according to F. W. Dodge corporation reports.

All private building construction in this area shows marked gains over 1936.

A grouping of all private construction in the January-April period showed a substantial rise of 61 per cent over 1936 and at the same time it stepped far beyond the expenditures for public construction in those months. Private construction during the four months of 1937 amounted to \$18,054,700. In 1936 this figure was \$11,233,700, while public construction dropped to \$4,204,100 from \$11,261,100.

**WARM SUMMER AHEAD**

Warmer than average weather is what the sun-spots indicate for this summer, according to astronomers who, even yet, do not understand the correlation between our temperature and the cycle of whirling masses that measure 60,000 miles in diameter as they float across the sun, the giver of life to this planet.

This prediction is chronicled, because there is nothing the people of this community like more than advance information about the weather.

Of course, we know the fallibility of forecasts and our readers know how unreliable weather prognostications prove to be, but just the same, all of us like to read them and wonder if they are correct.

So, take it or not, the summer of 1937, will be hot.

At least, on many days!

**NEW INDUSTRIES**

A much wider area than Linden is hailing the location of the General Motors assembly plant there. New Jersey, for reasons of population and unsurpassed facilities for shipping by rail and water, has attained first rank in the East in the business of automobile assembling.

W. S. Roberts, it is gleaned from the public press accounts of his statement, says: "the opening is particularly significant as it indicates the trend of the industry toward greater decentralization of its operations, with resulting benefits to many communities throughout the United States."

Exactly; for the same economic reasons that impel the erection of factories at points where it is most feasible to get fuel and raw materials together do not dictate the site of assembly plants. With them it is a question of adaption to areas where there is a dependable demand for the output.

The same tendency toward decentralization is being held in other than the automobile industry by big manufacturing plants. New Jersey, if on the alert, stands to profit by it handsomely. There will be not only industrial production for Jersey and payrolls in themselves, but equally important decent living conditions for the workers.

Too, preservation of the countryside by the sort of planning that will help us avoid the appalling evils of the past industrial age, especially the slum evil. The area surrounding Linden reaching to many and distant points of northern New Jersey can be treated as a modern industrial region fit for man and machine.

**THE PHANTOM IDEA**

The sport pages chronicled recently the phantom training of Max Schmeling for a phantom fight, supposedly scheduled for tonight. Schmeling has already gone through all the paces, but Braddock is preparing for Louis June 22 in Chicago and won't be in Long Island tonight.

The technique of preparing for a phantom fight is new in sport and commends itself for adaptation in other fields. What if President Roosevelt should con-

tinue to insist that he will never compromise on his Supreme Court plan and then never press it to a vote? What if Congress should exhaust itself in debate and then just go home without legislating? What if John L. Lewis should threaten strikes without calling the strikes? What if the High Commissioner of Manila, insisting on precedence in toasts, arrived at an official dinner and found President Quezon not there? What if European nations, rearming to the teeth, decided to skip it and not fight after all?

But this last suggestion is absurd. Perhaps it would be better not to press these whimsies too far.

**BE ADMIRERS, NOT DESTROYERS**

The approach of the Summer weather insures Passaicites more leisure time, more time to spend in the parks and the recreation centers provided by our city.

Every year the city faces a tremendous task of preserving whatever beauty it has tried to give the parks. And every year there is a percentage of our populace destructive—bent when it enters the public parks.

The greenery and the flowers were carefully placed in our parks to give these spots the natural beauty they sometimes lacked. Neatness is a virtue with nature, but there are always despoilers.

This year, when you and the other members of to feel loyal in preventing others from causing any unnecessary damage.

**IS THERE AN ANSWER?**

A furious investigation was begun in Bergen County by officials there when Norman Rewood was murdered by gunmen at his Teaneck home. \$10,000 has been spent so far and the public has learned nothing.

Police Commissioner Lewis J. Valentine has injected a challenging statement into this investigation. He asserts the murderers were traced to Atlantic City, that this information is in the hands of Prosecutor John J. Breslin of Bergen, and "if it were a New York case arrests would have been made by this time for homicide and the case would have gone to the Grand Jury."

Naturally, Breslin cannot understand the Valentine statement. Breslin has no such evidence to which the commissioner refers. A special Grand Jury can be called to hear Valentine's evidence, Breslin insists.

In spite of the fact that these differences will arise where two states investigate the same crime, a statement like Valentine's deserves all the consideration we can give it. That is the thing to do.

JOSEPH MADUNIO, Manager

# The Clairvoyant

by OJAY  
Though he is not literary, he is judicious... J. G. Lockhart

Friends of three popular men are still fighting for the Republican mayoralty nomination. Members of the Central Republican club are said to favor former Assemblyman Albert Comstock, while Dr. Thomas A. Clay, also mentioned is a member of the same organization. Then the third to be considered is Thomas F. Vigorito.

Henry A. Heinrichs is slated for a nice job providing that he does not receive another double crossing at the hands of political friends. This appointment is expected this week.

About 800 persons met "Uncle Sally" at the Central Republican club play Wednesday evening.

The Charles V. Duffy league is expected to hold their annual outing at Idlewild Park, West Paterson, as in previous years. No time has been set for the occasion however.

Considerable wonderment is going about the city with the announcement of a meeting of young Democrats. Can it be that the younger element is prepared to freeze out the old timers?

Eddie O'Byrne, popular counsel to Sheriff John A. Gavin, is getting ready to enter the hall of fame on July 2. A bachelor dinner will be given to him by friends on June 10 at the Cedar Cliff hotel.

The Thomas Jefferson club, oldest in the county, had an enjoyable occasion the other evening. To be well informed just ask Harry Burke.

Former United States Senator W. Warren Barbour has been mentioned as a candidate for governor of New Jersey on the Republican slate with the present Governor Harold G. Hoffman as his campaign manager. The suggestion was made by Albert B. Hermann, chairman of the Young Republicans of New Jersey.

While Passaic county is trying to organize its Republican forces, Bergen county finds itself in much the same predicament. Bergen County is in need of a leader while this county has one with no support from the rank and file of the party.

Westside Democrats will tender a dinner to Michael P. Kelly, board of education engineer, on June 12, in St. Bonaventure's hall on Ramsey Street. Several surprises in ward politics are expected to break at this dinner.

Joseph A. Seymour is still in the race for mayor and will run independently in the fall, just to "get square."

The Manor Republican club is fostering a campaign to have the Republican party moguls select Alderman William S. Garrison of the Eleventh ward as the mayoralty candidate.

Members of the various political clubs are beginning to fall away from meetings due to the summer months.

The Ladies' auxiliary of the Robert Worsley association has planned an active summer program including a bus ride to the shore.

Haledon Democrats have started a debating series. Probably they will need a debater on the next fishing trip.

Despite the fact that the Democrats have been active during the past few months in Prospect Park, they still have a tough road to travel for the entire borough is practically Republican.

Bill Furrey is anxious to run for office again but not this year. He will probably be a candidate for a county office in the near future.

## O'Byrne Guest At Bachelor's Dinner June 10

Counsel To Sheriff Will Wed  
Ruth Abel July 2

Counsel to the Sheriff Edward Edward J. O'Byrne will be the guest of honor at a bachelor dinner to be given him by friends in

the Cedar Cliff hotel on June 10. Mr. O'Byrne will be married to Miss Ruth Abel of Clifton on July 2.

William Price, process server and secretary to Sheriff Gavin, will serve as general chairman in charge of the affair. Plans call for a limited number of guests and an attractive program of entertainment.

Many prominent figures in Democratic ranks throughout the state are expected to attend the affair.

### SWORN IN

James Hudson Assumes Post On Taxation Board

James Hudson was sworn in as a member of the county board of taxation by County Clerk Lloyd B. Marsh Tuesday afternoon. He is a former Under-Sheriff and a Republican.

Other members of the board are former Mayor Frank J. Van Noort and Mrs. Elsa H. Flower.

### POPPY SALE

Reports Shows \$1,318.72 Collected Saturday

A report of the buddy poppy sale conducted by the Alexander Hamilton Post, No. 139, Veterans of Foreign Wars, disclosed yesterday that proceeds from the sale amounted to \$1,318.72.

The money will be turned over to a fund created to care for disabled veterans and families of those who died in the war.

## Trust Fund To Be Used In The Aid Of Destitute

St. Paul's P. E. Church Gets Lewis' Permission

Officials of the St. Paul's Protestant Episcopal church were given permission by Vice Chancellor Vivian M. Lewis this week to use the income from funds left them in 1870 to care for destitute Protestant Episcopal persons in the city.

Originally, under the terms of a will left by Ann Powley, who died in this city in 1870, the funds were to go toward the construction of a home for destitute persons of that character.

The trust fund, as originally bequeathed by Ann Powley, totalled \$3,609.19. Today its resources total \$57,392.41.

## Festival

to attend ready to be put into operation.

Fred Thompson, assistant superintendent of public schools, is in charge of supervision of the affair. Tickets will go on sale at the stadium early tomorrow evening.

## Bar Committee

(continued)

Special attention has been paid by the committee to the unlawful practice of law by notaries public, justices of the peace and commercial collections agencies and banking institutions.

Means for placing a curb on these practices will be discussed by the members of the committee.

## BEARS HOME AGAIN, FACE CHIEFS "9"

Syracuse Looks Good, First Game Under Arcs Tomorrow Night

Once again the pace setting Bears are ready to climb into their white uniforms and cavort at Ruppert Stadium. The white livery indicates the home uniforms and the Bruins are home for the next three days. During their sojourn they are to play four games against the scrappy Syracuse Chiefs piloted by Mike Kelly. Sir Michael was coach for the Bruins in 1932 when they won the pennant, and the Little World Series championship against the Minneapolis Club of the American Association.

The curtain on the series with the Chiefs will be lifted tomorrow night and it will mark the inaugural game of the year under the flood lights at Ruppert Stadium. It will also be Ladies' Night. A single game is scheduled for Saturday afternoon. The series will end Sunday afternoon with a doubleheader. The game originally scheduled for this afternoon was called off to enable the electricians to put the finishing touches to the lighting system which is now said to be the finest in the minors. Manager Kelly has installed plenty of fight into the Chiefs and feels once they get into the first division they will give the leaders plenty of opposition. He has a powerful club and it is beginning to click. With Syracuse are three former Bears, Catcher Doc Leggett, Pitcher Leo Mangum and Outfielder Dick Wiggly Porter. The latter was sold to the Chiefs last winter. Also with them is Outfielder Lee Gamble, last year with the Macon Club and who led the So. Atlantic League in stolen bases with 51. Another Bear jinx with Syracuse is Outfielder Walter Cazen, also a speed merchant and who always performs his best against Newark. Kelly, however, feels the Chiefs must do their share, along with the other clubs in the league, to halt the onward march of Old Os Vitt's powerful championship looking Bears.

## AL'S THE PRESIDENT TO GANDOLFO CITY PEOPLE!

Residents In Pope's Summer Home Town Mistake Smith's Derby

Castel Gandolfo people, where Pope Pius has his Summer home, believed they had seen the President of the United States in the person of Alfred E. Smith of New York.

Substituting his brown derby and cigar with a top hat which he wore with a tailed coat, the former Governor visited the Pope last week.

Word spread through Castel Gandolfo that the President was coming and people gathered excitedly. When Smith arrived, there were loud shouts of "Long Live the President!" and it proved impossible to convince the villagers that Smith was not the Chief Executive.

Smith was greatly pleased by the honor the Pope paid him. After his private audience, the former Governor attended a public audience. There the Pope called him "most worthy" and "most illustrious" and continued:

"We say so because he honors all that which is most American."

## BLUECOATS' TUG-O-WAR AT GARDEN

New York's "Finest" Exhibit Manly Arts Today to Saturday

The tug-of-war championship of the Police Department, bringing into the arena four thousand lbs. of beef and brawn, will be decided in Madison Square Garden tomorrow, Thursday and Friday evenings, as part of "Around the Clock With New York's Finest", mammoth demonstration of the every day activities of the Department, being presented for the benefit of the Police Athletic League, under the supervision of Commissioner Lewis J. Valentine.

The battle for Departmental tug of war honors which started with twelve teams of huskies from as many divisions, goes into the final round with two surviving teams facing each other over a period of three nights in the Garden, on a best 2 out of three basis. The finalists in the tourney are the Traffic Division and the Emergency Service Division.

In the preliminary rounds, each team was made up of ten men, the average weight of each man being two hundred pounds. Both the Traffic and Emergency Squad teams have stalwarts weighing as much as 250 pounds, but the regulations set up for the tug of war tussles makes it obligatory to keep the team weight down to an even ton.

Other features of this first public display of police prowess include the Mounted Division, Emergency Service Division, Police Dog Division, Detective Division, Motorcycle Division, Radio and Telegraph Bureau, the Recruit School of the Police Academy, and a dramatic reproduction of line up at headquarters.

Exhibits located in the Exposition Hall below the main arena will include those assembled by the Narcotic Squad, Criminal Identification Bureau, Safety Bureau, Radio Patrol and Telegraph Bureau, Juvenile Aid Bureau many others.

Tickets, scaled in price from 50 cents to \$2, no tax, are available at every Police Precinct Station House in Manhattan, Bronx, Brooklyn, Queens and Staten Island, and at the box office of Madison Square Garden.

## FDR Working On New Power Pact

Aides Hold Preliminary Hearing On New Canadian Treaty

Aides of President Roosevelt are at work on a new power and navigation treaty with Canada.

The Chief Executive said in a letter to Rep. Andrews (R, N. Y.) that preliminary talks had been held with Canadian authorities for six or eight months with a view to development of the Great Lakes-St. Lawrence basin.

"There is nothing of a definite character which I can say at this time," he added, "other than that these exploratory conversations are continuing in the hope of reaching a basis of mutual agreement."

"Nothing has transpired subsequently," he said, "to lead me to hope that the Canadians have changed their views."

**G**RADUATION time is a busy time for mother, too, because there are clothes to think of and parties to plan.

Three desserts that may be used at these parties are suggested. They are ideal because they must be prepared ahead of time and stored in the refrigerator to thoroughly chill. This means that there is very little last minute preparation necessary.

The Lemon Refrigerator Cake uses sponge cake as a base. You may substitute a plain butter cake if a less rich dessert is desired.

The Strawberry Parfait Mold is a most tempting-looking dessert and the luscious ripe strawberries in the market the problem of what to serve can be easily solved.

## Lemon Refrigerator Cake

**Lemon Cream:**—  
1 cup sugar  
7 tsp. butter  
2 tsp. corn-starch  
2 cups milk  
6 egg yolks, beaten  
6 egg whites, beaten stiff  
Juice of 3 lemons

Mix sugar, cornstarch, butter, egg yolks and milk thoroughly. Cook in double boiler until thick, stirring constantly. Remove from heat, add lemon juice and fold in stiffly beaten egg whites and cool.

**Sponge Cake:**—  
6 egg whites  
6 egg yolks—1  
cup sugar  
1 tsp. hot water  
1 cup flour  
1 tsp. corn-starch  
1 tsp. baking powder  
f. g. salt  
1 tsp. flavoring

Beat egg whites until stiff. Beat egg yolks until thick and lemon colored and fold in sugar. Add hot water. Fold in sifted dry ingredients. Add flavoring and lastly fold in stiffly beaten egg whites. Bake in nine inch spring form pan fifty to sixty minutes at 325 degrees.

1 cup heavy cream, whipped  
1 cup fresh shredded coconut

When cool slice cake crosswise, making four layers. Place one layer in spring form pan. Spread with chilled Lemon Cream Filling. Repeat, using fourth layer of cake for top. Let stand in refrigerator six to eight hours or overnight. Before serving, remove rim of spring form pan. Cover entire cake with whipped cream, sprinkled with fresh coconut. Serves twelve to fourteen.

## Strawberry Parfait Mold

1 cup sugar  
1/2 cup water  
1/2 tsp. cream of tartar  
1 egg white  
beaten stiff  
2 tsp. gelatine  
2 tsp. cold water  
1 cup cream, whipped for decorating  
Boll sugar, water and cream of tartar together until syrup spins a thread (238 degrees). Pour slowly onto whipped egg white, beating constantly until light and fluffy. Add gelatine softened in cold water and dissolved over steam. Fold in whipped cream and one-half the strawberries sweetened with sugar. Transfer to ring mold and chill in refrigerator until firm. Unmold on sponge cake layer and fill center with remaining strawberries. Makes eight servings. Decorate with whipped cream.

## Fluffy Chocolate Pudding

2 eqs. unsweetened chocolate  
1 1/2 cups sweetened condensed milk (1 can)  
1/2 cup water  
2 egg whites  
Melt chocolate in top of double boiler. Add sweetened condensed milk and stir over boiling water five minutes until mixture thickens. Remove from fire and add water. Let cool about five minutes. Fold in stiffly beaten egg whites. Pile in sherbet glasses. Chill. Serves six.

"Historically, government has often been oppressive, and in so doing, it has incurred the hatred of the common people."...Governor Murphy of Michigan.

"There is no possibility of a dictatorship in America at any time."...Joseph O'Mahoney, Wyoming Senator.

## Firemen To Get Trophy From Gov

### Harold Hoffman

Trenton — Evincing his interest in the New Jersey State Firemen's Field Day, which will be staged at the New Jersey State Fair plot on Saturday, July 3rd, Governor Harold G. Hoffman has not only presented a trophy to be awarded to the best appearing fire company in line but he has also sent to the committee, of which Mercer county Fire Marshall David Newell is chairman, the following letter:

"Please accept my heartiest wishes for a pleasant and successful Field Day. Fire, in its proper place, is one of our best friends; in the wrong place it becomes one of our worst enemies. It is against this enemy that all firemen are always on sentry duty. The word 'FIREMEN' is a synonym for preparedness and speed. Your Field Day will move smoothly because you will be ready. It will move fast because you are firemen."

In addition to the trophy offered by the Governor, other awards will be presented to prize winners by the Kiwanis Club of Trenton, the Standard Fire Insurance Company of Trenton, County Clerk, Charles Hutchinson, and Freeholders, Stewart O'Donnell, and Arthur Bray.

The program will include a parade, various kinds of contests in the afternoon, a massed band concert, a spectacular exhibition "Fighting the Flames" by Trenton firemen and a fireworks display.

"Be a good citizen in your community, of your state and of your nation, but be prepared in your mind to be a citizen of the world"....Julius Ochs Adler, of the N. Y. Times, addressing college students.

# THEATRICAL NEWS

## "NIGHT MUST FALL" PLAYING AT THE GARDEN

The Garden theatre is now showing one of the most unique pictures that has ever been presented from Hollywood. It is called "Night Must Fall" and stars Robert Montgomery and Rosalind Russell.

The part is that of a pathological killer who commits murder with the least of reason but the most of cunning.

For a star of heroic roles to choose such a part was daring and in the light of his subsequent performance, highly commendable. Montgomery has brought to the screen something that has never appeared there before. He has talented cooperation from Miss Russell and a highly capable cast of supporting players.

"Night Must Fall" is not a mystery story. On the contrary the audience knows in advance that it is watching the criminal, even before he conceives his next act of violence. The result is fascinating and remarkably effective as a thrill producer. MGM brought some of the players from the stage play who appeared for 35 consecutive weeks.

Co-feature... "Too Many Wives"—A dog fight that leads to a romance leading to one of the most unique jobs on record, comprises the basis of "Too Many Wives" RKO Radio's new comedy offering with Anne Shirley, John Morley and Gene Lockhart.

## AMATEUR CONTEST AT STATE THEATER FRIDAY

Every Friday evening at the State theatre, Van Houten Street, Paterson, a real old fashioned "Amateur Contest" is conducted on the stage. The audience regardless of age or what have you is invited to join in this laugh festival. Local Amateurs with mirth provoking comedy offer a program that is well worth a visit to see and hear. Cash prizes are given to the first three winners selected entirely by the audience. Every one attending the evening performance plays some part in the show. Singing, dancing and musical selections performed by the Amateurs gives the State a show that can be called the tops.

In addition to the Amateur show on the stage, this Friday and Saturday two marvelous screen features namely: "Sea Devils" with Victor McLaglen, Ida Lupino and Preston Foster, and "Beloved Enemy" starring Merle Oberon and Brian Aherne, together with Chapter 4 of the "Shadows of Chinatown" makes up a swell movie show for the particular fan.

## 18 YEARS' SERVICE

### 2 Court Attendants Still On Job For County

Two court attendants began their eighteenth year of service in the employ of the county this week. They were George V. Rutledge and Jacob Bartholf. Both were appointed by John McCutcheon on June 1, 1920.

Bartholf is stationed at the Circuit Court while Rutledge is assigned to the Criminal District Court.

## "KID GALAHAD" OPENS TOMORROW AT FABIAN

With three of the strongest personalities of the modern screen Bette Davis, Edward G. Robinson and Humphrey Bogart, heading the cast, "Kid Galahad", a Warner

Bros. drama of the fight ring opening tomorrow at the Fabian.

Made from a best selling novel by Francis Wallace, which also ran in serial form in a national magazine "Kid Galahad" has a very potent story, woven into a background of the sporting world. Robinson plays a fight promoter who has one contender for the championship, "Pluff", his girl friend, played by the very capable Miss Davis, aids and abets him in his work. Bogart is a rival promoter, and a killer.

The title role is filled by Wayne Morris, a promising young man who packs a terrific wallop in his fight scenes as well as his love scenes with Jane Bryan.

Packed with wallop after wallop and a double "bumping off" for its climax, "Kid Galahad" is a picture you won't want to miss.

Co-feature—"Big Business", is the title of the co-feature picture starring that famous Jones family.

Jed Prouty plays a drug store owner, who is a sucker for phoney stock. The big day slated for the oil well to come, results in nothing but a big spurt of water. The same day is the final demonstration to an auto firm, of his son's carburetor. The boys happen in on the water oil scene, race back to town in time to prevent the old folks, their friends paying off the promoters.

## Centennial

(continued)

holder Director Ernest Scheide-mann will be followed by the singing of "The Star Spangled Banner" by Miss Margaret Bergin, con-tralto formerly with the Metropolitan Opera Company. The raising of the flag at the new administrative building will take place during the rendition of national anthem. Chris Edell, holder of the Distinguished Service Cross, will officially raise the flag.

Speakers listed on the program are Congressman George N. Seger, U. S. Senator A. Harry Moore and D. Stanton Hammbnd, president of the county's historical society.

## Juliana Morgan First Woman Producer To Join Hit Parade In Years With "Penny Wise"

Not since the early days of Anne Nichols and Rosalie Stewart has a woman producer clicked on Broadway. The latest entrant for signal managerial honors is Juliana Morgan whose "Penny Wise", the new comedy from the pen of Jean Ferguson Black, moved into the hit class over the week end at the Morosco Theatre to the general acclaim of the metropolitan critics. Adding to the glory of this theatrical feat is the fact that Miss Morgan crashed through to success in one of the most difficult of fields in her second managerial attempt. Earlier in the fall she sponsored a play by Charles Washburn, "All Editions" which, though it failed to jell, came close enough to encourage the producer to go on.

Digging into the records, and to show how unusual is Miss Morgan's feat, one discovers that Ann Nichols' "Abie Irish Rose" was produced some twelve years ago, and Rosalie Stewart clicked with "The Show Off" and "Craig's

theatre himself, but comes to her premieres as any other playgoer and frankly gives her his opinions in advance of the critical reviews. He didn't like "All Editions," but did enjoy "Penny Wise", which makes him a good judge.

## W.P.A.

(continued)

He went on to explain that the WPA hired both union and non-union men from its relief rolls.

### Can't Meet Demands

"It is impossible for us to meet their demands," he concluded. "Ostensibly it is our function to help the unfortunate, and as such, we can't limit the men employed to any certain types."

It had been reported that the union was contemplating calling a strike as a protest against the employment of non-union labor. However, no definite move was taken up to press time.

## Gavin

were the Taxpayers' association and the Property Owners' association. The latter had vigorously opposed the hiring of deputies at the expense of the public.

Judge Davidson, however, cautioned Gavin to bring to a halt such expenditures as soon as possible. Most of the deputies, the sheriff explained, had been dismissed yesterday.

LINDA WATKINS

Who has the leading feminine role in "Penny Wise" at the MOROSCO THEATRE.

Wife" about ten years ago. No feminine producer, though many have tried, has successfully launched a Broadway play since.

"Of course," confesses Miss Morgan, "I'm thrilled by the fact 'Penny Wise' is a hit. I liked the play when I read it in manuscript and saw no reason why audiences shouldn't like it equally as well, so I decided to produce it. I do think, however, that such players as Kenneth MacKenna, Linda Watkins and Irene Purcell helped lots to put it over. And the direction of Arthur Sircow was like a breath of summer. Naturally I plan to remain in the theatre though few women do manage to survive over the years. I'm hoping I'll be able to beat the jinx which has virtually removed all members of my sex from the producing field."

An untiring worker, Miss Morgan attends to virtually every detail that goes with play producing. She read upwards of one hundred scripts until she found "Penny Wise." She cast the play herself, engaged Arthur Sircow, the director, and then set about arranging for settings and costumes.

Miss Morgan was born in Newark, N. J., but received her education in England. She is the wife of Oscar W. Ehrhorn, Federal referee in Bankruptcy, who likes the
