WHEN WE FIRST REPORTED that Carl Lembo former leader of the third ward would be placed in the city by the new administration, it was no idle rumor . . . as matters now stand there is a possibility that Carl may recommend the placing of two of his staunch workers in positions.

AT THIS WRITING, IT looks like Paul Hardiman, alderman from the third ward will be made chief janitor of new Public School No. 5 . . . and Frank "Champ" Vitrone will keep his post of Deputy Collector of Personal Taxes in Arrears.

ELECTION TALK IS BECOMING more persistent as the annual fray approaches . . . they are whispering that the Democratic selections of candidates this year will have greater repercussions this year than it did in the last election.

FROM A COUNTY OUTLOOK, the situation there is far healthier for the Republican party than it has been for years . . . for one thing, the rank and file is virtually behind Lloyd B. Marsh, the county chairman . . . and is held in high esteem by the Republicans and independent voters.

INSIDE WORD HAS IT that three city hall employees placed by the Democratic administration will shortly be put on the skids in favor of more deserving recipients of patronage . . . various leaders are applying pressure for recognition to some of their constituents.

FROM THE OTHER SIDE of the fence, the Democratic party side, that is, most of the gossip is concerned with the identity of the weekly powwows called by various factions . . . the persistent rumor that a former chieftain of the party will be back in the organization's fold may have some basis . . . the lure is a family appointment . . . before much more time goes by, a professional man will announce his intentions to be the mayoralty candidate next year . . . even though we still got this year's election to hurdle yet . . . one thing is certain and that is, you can never tell which way the wind is going to blow.

WOMEN'S DEMOCRATIC CLUB MEETS TUESDAY

Board Revises Plan Johnson-Cowdin Sale

A revised ordinance providing for sale of the city-owned Johnson-Cowdin mills was passed on first reading at this morning's meeting of the Board of Finance.

The new ordinance adopted includes a proviso that the purchaser post a bond of \$25,000 to insure operation of the building for a period of five years.

The proviso applies to the Burman Lamp Shade company, of New York, which recently agreed to post such a bond upon purchasing the property to maintain their operations here employing 250 Patersonians.

The revised ordinance will come up for second and final passage two weeks hence.

Ordinance For Deputy Chief Passes First Reading; Walker Sworn In

Captain James Walker, surrounded with an interested audience of friends and many members of the Paterson Police Department, was appointed chief of police by the Fire and Police Commission last night.

Immediately following his promotion Walker was sworn in, the sixth man in the history of the Paterson Police Department to hold the post of chief since it was organized in 1866.

The clerk to the police and fire commission, Meyer Jaffe, opened the proceedings to the appointment of Walker, when mand one of the patrol shifts.

JAMES WALKER
New Chief Of Police

he read a communicating letter from Captain Stephen Jorlett waiving his right to the post in favor of Captain Walker. Jorlett had finished first in the Civil Service examination and his status of a veteran made it mandatory he be appointed to the position.

Captain Jorlett who was in the audience was called upon by Commissioner Raymond Buser, president, if he recognized the letter as his own. As soon as Jorlett had confirmed it, Walker was summoned before the board and asked if he was ready to accept the obligations of the high office of chief of police.

Captain Walker acknowledged and said he was conscious of the responsibility and pledged solemnly he would fill the office according to its obligations.

Thereupon, a resolution presented by Commissioner Joseph Bamford providing for the appointment of Walker was passed unanimously.

One of the first to congratulate Chief Walker was Captain Jorlett, Acting Chief Lawrence Dunn was also one of the first and pledged his cooperation.

Chief James Walker will officially take command of the police department Friday morning.

Jorlett Deputy Chief

An ordinance providing for the creation of a deputy chief passed first reading last night in the wake of induction of the new chief. It is expected that the post will be given to Captain Jorlett who will be in charge of all traffic details. Captain Dunn who has been acting chief, will be returned to com-

Administration Considers Turning Eastside Precinct Into A Library

The Police and Fire Commission at their meeting last night set in motion the legal formalities to the elimination of the Second Precinct.

The abolition of the Second Precinct will effect a \$20,000 annual savings without impairing police efficiency and protection to the Eastside section. The action taken by the commissioners last night, although anticipated by close observers for the past five weeks, came without any fanfare announcements. The order will become effective March 1, when it is expected that the building will be turned into a branch library, long needed in that area.

The closing of the Second Precinct will effect the transfer of 28 men to join the headquarters squad.

The men affected by the change, some only recently transferred to the Eastside Station, are Captain Patrick Clune, Lieutenants John Geary and William Scherer and Sergeants James J. Smith and John F. Kelliher.

Patrolmen figuring in the shifts are: John Dunn, Adolph Haeberle, William J. Ackerman, Henry S. Clifford, Charles Band, Thomas McDermott, Francis J. Robinson, Mario Tomevi, John R. WHEN THE FIRE ENGINES GO BY

Few of us ever get over that juvenile urge to follow the fire engines. It's a thrill to hear the sirens, and see the great red wagons clang by.

But that thrill wouldn't last long if the fire wagons led you to your house, and you found it in flames. And the surge of excitement would die an early death if the fire razed the factory or the store in which you worked.

Every fire, great or small, brings trouble to some one. And a high percentage of fires leaves stark tragedy in their wake—loss of life, loss of employment, loss of possessions which never can be replaced. There are no mitigating qualities in fire. It is the great destroyer.

More than that, the effects of fire are exceedingly widespread. A fire of which you never heard may deprive you of an opportunity for doing business. It may raise your taxes and your insurance rate. It may adversely affect your future life and income.

Here in America fire destroys some \$300,000,000 worth of property directly each year. The indirect loss is estimated at close to \$2,000,000,000. There can be no excuse for that waste, no alibis. Nine fires out of ten are the result of human ignorance, human carelessness, human thoughtlessness. Nine fires out of ten could have been prevented—had someone not failed to take the simple precautions that will checkmate most fires.

Think of this next time you see fire engines go by or smoke and flames rising from a home or a building. Then ask yourself if fire prevention is worth while.

BEATING THE "WAR BULGE"

American retailing has done a fine job lately in protecting consumers against unwarranted advances in prices. And there is no evidence whatsoever of profiteering.

That encouraging news comes "right from the horse's mouth." It is contained in a report and released officially by the Department of Agriculture.

The margin between farm and retail prices, the report states, is actually less today than it was when the war in Europe began. And the price of food has declined since the "war bulge" of last September.

Retail food prices, the report adds, are 26 per cent lower than in 1929.

Here is more evidence of the soundness of our American merchandising structure, working on a free, honest and open competitive basis. Nowhere else in the world does the consumer get so wide a selection of goods at so low a price. Nowhere else in the world does the farmer generally obtain so large a share of the final selling price of what he produces. And nowhere else in the world has retailing efficiency and economy been brought to so high a degree of perfection.

All kinds of stores have done their part to make this possible—independent, chain, super-market, etc. And all kinds of stores have prospered and gone ahead and increased their volume of business. The common charge that big-scale retailing tends toward monopoly has been thoroughly disproved—single unit independent stores do about 75 per cent of all retail business in this country. American merchandising, large and small, in the big town and the little town, has proved that the system is right for all.

Tony Ventura, for the past five years Business Agent of Dyers' Local 1733, announced that he is a candidate for the office of president of the Union.

Charles Vigorito, former president of the Union, James Falone, a former aspirant to the presidency and former chairman of the Executive Board, Angelo Longo another former aspirant to the presidency and current chairman of the unemployed members of 1733, are supporting Ventura in his bid for the presidency.

Urge Traffic Lights On Vreeland Ave.

Installation of traffic lights as a safety measure on four different intersections along Vreeland avenue, a county road, was urged upon the Board of Freeholders by a committee representing the Parent Teacher Association of Public School No. 20 yesterday afternoon.

In the course of the discussion, Freeholder Thomas A. Clay, M.D., referred to Vreeland avenue as "the worst traffic hazard in the city."

Spokesmen for the committee urging the installation of lights were Mrs. Henry Simon, Mrs. A. B. Godbout and Mrs. R. Lankering.

WILL CO-OPERATE

Mayor William P. Furrey promised full co-operation of the municipal government in the use of the Hinchliffe Stadium for the Paterson Panther's football team at last Sunday's installation dinner of the Italian National Circle.

Mayor Furrey was a very much welcomed person at the Circle, for he has done a deed in itself when he appointed several members of the circle to the city government. He was the principal speaker of the evening and was introduced by his secretary, Frank J. Sciro who is a member of the Italian National Circle. "As long as I am Mayor of Paterson I will give my full assistance to the organization" were the words that William P. Furrey left to the boys and their families. Those words were very well received.

* * *

Six years ago George Richards purchased the pro-football franchise of Portsmouth, Ohio, and shifted the team to Detroit as an entry in the National Professional League. In ill health at 50 several weeks ago, Richards peddled the Detroit Lion's for \$200,000 to Fred L. Mandel, 31-year-old scion of a Chicago department store family, and two associates (Anthony Owen and Charles Chaplin, not the actor of New York). Mandel's first act as the new boss was to rehire George (Potsy) Clark, who was recently dismissed after two indifferent seasons as head coach of Brooklyn. Clark, who starred at Illinois, later coached at Kansas, and during the World's war won the AEF championship for his 89th division, was Detroit's original coach. He piloted the team to the national pro title in 1935.

* * *

SO THEY TELL ME

That Carl Lembo still carries plenty of weight in the third ward. He is being thanked by many friends of Dr. F. Bongiorno for the appointment that the doctor has received by Mayor Furrey . . . ditto for Fred Perna a county committeeman also of the third ward . . . Before the primaries Fred Thompson, the colored police officer who does traffic duty at River and Bridge streets, predicted a landslide for the Republicans and also a birth in the detective bureau . . . For the latest news on what's what and who's who in politics, its a toss up between "Mooch" Piscatore, and "Irish" Willie Con . . . Vincent C. Duffy attended a beefsteak in very ill health to get out of a sick bed and say "I'm glad to be here with you" takes a real man . . . so here's to a regular fellow . . . a speedy recovery . . . Pete Murner had quite a job setting in a chair when he was taking the exams for sergeant . . . Paul Hardiman is not looking for a janitor's job . . . 1,300 others are . . . Beezy Attanasio is again confined to the U. S. Naval Hospital in Brooklyn he near passed away last week but is reported doing nicely at the present time . . . lots of luck "Beezey" . . . Chief Walker was out playing golf on Lincoln's birthday at the Passaic County Golf Course . . . Champ Vitrone finished fourth in the examination for deputy collector of personal taxes in arrears, quite a number of attorneys took the test.

THE IRISH ARE COMING

On Sunday, March 17th, the Irish of Paterson will trek to Newark and celebrate St. Patrick's Day. This event will not occur again until the year 2197.

TO PRESENT COMEDY

"Two Weeks' Vacation," a three-act comedy will be presented in Guild Hall, Haledon, Saturday evening, March 23, under the auspices of the Ladies Auxiliary of the U.I.Y. Society.

GERONIMO!—Chief Thunder Cloud enacts the title role in "Geronimo!," Paramount's tale of the ravaging savage who claimed the Great Southwest for his own. The film is now at the U. S. Theater.

FABIAN

That matchless producer-director combination of Daaryl F. Zanuck and Henry King which gave to the screen such unforgettable productions as "In Old Chicago," "Alexander's Ragtime Band," "Stanley & Livingstone" and "Jesse James" offers its most spectacular film to date in Zanuck's production of "Little Old New York," the 20th Century-Fox picture which opens today at the Fabian theater, with Alice Faye, Fred MacMurray, Richard Greene and Brenda Joyce sharing top billing.

A robust, romantic drama of the good old days when the Astors and the Roosevelts were just starting on their way, "Little Old New York" tells vividly the story of a fiery belle of the waterfront who fought for the love of handsome Robert Fulton, while the whole boisterous little old town cheered her on!

Andy Devine, Henry Stephenson and Fritz Feld are also prominently featured in the cast.

Mystery and comedy are combined in new form in the co-feature picture "Honeymoon Deferred" an action drama co-starring Edmund Lowe and Margaret Lindsay.

MAJESTIC

The Majestic theater continues its usual policy of presenting five first class vaudeville acts on its stage.

This week-end's program consists of some of the finest entertainers on the stage today who combine to present a variety program of the highest grade which includes comedy, singing, dancing and dare-devil acrobatics.

On the screen are the usual fine features plus selected short subjects.

RIVOLI

The Invisible Man is back on the screen.

Universal will parade perhaps the most astounding camera trickery ever filmed when the new mystery drama, "The Invisible Man Returns," now at the Rivoli theater.

The new picture traces the story of a man condemned to death for the murder of his brother, but who escapes from prison after being made invisible by the doctor who holds the secret formula. The Invisible Man's cagey and uncanny efforts to trap the criminals actually responsible for the murder provided the action, while suspense grows from the doctor's desperate attempts to find the antidote to the dread invisibility drug.

Theater goers are in for a treat riday when "Private Detective" opens at the Rivoli theater. Packed with mirth and murder, the film is one of the gayest, snappiest murder mysteries in many a moon.

REGENT

"The Secret of Dr. Kildaire" the much talked about film starring Lew Ayres, Lionel Barrymore and Laraine Day, heads the current bill at the Regent.

The co-feature on the same program stars Edgar Bergen, Charlie McCarthy in "Charlie McCarthy, Detective."

There is a change in program Saturday which will bring Joan Bennett, John Hubbard and Adolphe Menjou in "The Housekeeper's Daughter" and "Swanee River" with Don Ameche, Andrea Leeds and Al Jolson. An added attraction for Saturday afternoon only, the management will present, cartoonland.
