MANFIELD G. AMLICKE seems to be having his troubles in his maiden year as a state assemblyman . . . they picked poor Manfield out for the job of introducing that bill which would have set aside mandatory legislation providing for the appointment of a World War veteran to any Civil Service job, if the veteran finished among the first three in the results of the examination.

THE DIFFICULTIES THAT followed were not of his making, but he had to stand up and take it . . . probably the toughest lobby in the state to lick is the Veterans' lobby . . . just try to have a bill passed which would in the slightest way impair that group's privileges, and you'll welcome stumbling into a hornets' nest by comparison.

AT ANY RATE, ALTHOUGH the police chief's appointment, which provoked the bill, has been amicably adjusted, some veterans still feel resentment because an attempt was made to have the law protecting them altered . . . strangely enough, the bill has already passed the lower house, and if something isn't done right quick, it might be enacted into law even though the local need for it has passed.

THAT'S WHY MR. AMLICKE is busying himself these days trying to get the Assembly to act on a resolution withdrawing his bill . . . and that's why Mr. Amlicke is resorting to such detailed explanation regarding his failures to have the resolution introduced last week . . . those Veterans represent a lot of votes, and it's a costly job to step on their toes.

RECOMMENDED TO ALL residents of New Jersey is the article published in the February number of the "New Jersey Voter" on the state's parole system, its uses and abuses . . . it's a fine piece of writing and expresses views pertinent to the problem of what to do about keeping the long fingers of politicians out of the state's penal system.

GETTING BACK TO THE State assembly, it's interesting to note that the present Passaic County delegation is working in direct contrast to other groups that have served this area in Trenton . . . it ranks down near the bottom of the list of groups as far as the number of bills it has submitted is concerned . . . which may be a good thing . . . the delegation's prime duty is to protect the interests of its constituents, and not to pass new laws . . . new laws are no criterion of efficiency by any means.

## Assembly Set To Withdraw Amlicke Bill

Announcement was made by Assemblyman Manfield Amlicke that he expects the lower house of the state legislature to act on his resolution to withdraw Bill No. 36 when it convenes in Trenton Monday night.

The bill, which was passed by the Assembly recently, was designed to enable the city of Paterson to pass up a veteran on the Civil Service list in order to appoint a chief of police. Since a settlement has been reached in the local police chief appointment, the bill is no longer necessary, Amlicke declared. His resolution would have been acted upon last week had racing legislation not clogged the assembly's calendar, Amlicke explained.

## SLIGHT DAMAGE

Fire of undetermined origin this afternoon damaged the rear of a one-story brick structure at the rear of Hamil mill, Ward street and Railroad avenue.

Firemen quickly prevented the blaze from spreading to the mill building and the damage suffered was confined to the boiler room.

## Girl Friend Fickle Man Drinks Poison

Theodore Wenzel, 31, of 21 King street, Haledon, was rushed to the Paterson General Hospital this afternoon in a serious condition as a result of swallowing poison.

Police arrested Mrs. Helen Harding, 31, of 209 Carroll street, in whose home Wenzel drank the poison.

Detectives learned that Wenzel drank the poison when he found his "sweetheart" with another man known as Al.

## Favor Dewey, But Will Follow N. J. Leadership

Marsh, Wilensky, Furrey, Miller Will Represent County At Philadelphia

When the Passaic County Republican delegation goes to the national convention in Philadelphia next June, it will not be pledged any candidate for the presidential nomination.

The local delegation, which will consist of County Leader Lloyd B. Marsh, Mayor William P. Furrey, State Senator Oscar R. Wilensky and City Manager William A. Miller of Clifton, will follow the lead of the state Republican organization and will keep an "open mind" as far as the presidential candidate of that party is concerned.

## No Commitments

No commitments will be made until the state leaders are decided on which path will be the most advantageous one for the party in New Jersey.

The local Republican organization is believed to favor Thomas E. Dewey, unofficially, but will take no step without the agreement of the state leadership. Dewey, incidentally, will be entered in the New Jersey preferential primary which will be held on May 21.

## Marsh At Head

Marsh will lead the local delegation to the convention, while Furrey, the other delegate, will represent Paterson. Wilensky and Miller will serve as alternate delegates and will represent Passaic and Clifton, respectively. Marsh, incidentally, will represent the up-county areas.

The four will be duly chosen as delegates and alternate delegates, respectively, on Primary day. Formal announcement of their candidacies for the posts is expected to be made after the next meeting of the Republican party's executive committee.

## Scene Of St. Michael's Affair Is Switched To Hamilton Hotel

Arrangements For Benefit Ball On April 26 Proceeding Smoothly

A change in plans for the benefit ball which the welfare committee of St. Michael's R. C. church will sponsor on April 26 was announced this week by that group.

The affair, originally scheduled for the Paterson Armory, will be held instead, at the Alexander Hamilton hotel.

Meanwhile, the committee is meeting regularly each week and is progressing rapidly in making arrangements for the event which promises to be one of the most colorful ever held at the local hotel.

The committee, incidentally, is headed by Joseph J. DeLuccia, chairman. Others holding key posts are Thomas F. Vigorito, vice-chairman; Michael Varallo, treasurer; Louis J. Liguori,

secretary, the Rev. A. Varrichio, financial secretary, and Dan Kinni, publicity officer.

The Rev. Carlo M. Cianci is pastor of St. Michael's church.

## CAR SKIDS ON ICE HITS TREE, 2 WOMEN INJURED

Mrs. Helen Patterson, 37, of 275 East 23rd street, suffered a fracture of the right leg in an accident on Madison avenue this afternoon, and Mrs. Anna Stek, 46, Hawthorne, was cut about the face in the same accident. The women were injured when the car they were riding in and driven by William Stek, skidded on the icy pavement and struck a tree.

### OFF ON THE RIGHT FOOT

Probably the most accurate criterion of a good administration is the size of the tax rate which it imposes upon the public which pays the cost of government.

Good intentions and heroic slogans often fall by the wayside after an administration has induced the voters to place it in office.

For these reasons, the news that Mayor William P. Furrey has succeeded in reducing the tax rate for the City of Paterson by a margin of five points speaks more eloquently of his ability and intentions than any other single action he could have possibly taken.

Seldom in the history of Paterson has a new administration taken office in so auspicious a manner. By showing a genuine will toward economy, Mayor Furrey has justified the faith his followers placed in his candidacy, and moreover, has won for himself a host of friends in the ranks of both parties, skeptics and cynics alike.

Probably no other single factor means as much to the economic welfare of Paterson as does a steadily declining tax rate. It restores confidence in the city's future to home-owners and small-taxpayers, and automatically stimulates building activity here.

Even more important is the fact that the city will take on an even more attractive appearance than it presently enjoys, in the eyes of industrialists seeking a new location for their enterprises.

Paterson was once the Mecca of pioneering American industry. With Mayor Furrey continuing his current policy of conducting an efficient, business-like administration, there is no reason why the city won't once more return to the heights of industrial and business activity it once enjoyed.

There is a definite air of optimism prevalent here these days, and it is without exaggeration that we say it is directly attributable to the splendid work Mayor Furrey and his administration have done in planning Paterson's fiscal needs for 1940.

### PRESS OPPOSES DISCRIMINATION

At its annual meeting, the New York State Publishers Association passed this significant resolution by unanimous vote: "Resolved that it is the belief of this Association that retail merchandising, which so intimately touches the pocketbooks of wage earners and consumers generally, should be free from all unjust, punitive and discriminatory taxation, local, state and Federal, in whatever form imposed."

This is not an isolated instance—press associations in many states, representing big dailies and little weeklies, have gone on record with similar resolutions. And that is a highly important fact. For America's working newspapermen are second to none when it comes to understanding and analyzing America's problems. They know full well that millions of families have an exceedingly difficult time in making both ends meet—and that the higher costs which inevitably follow punitive taxation would be a harsh blow to their welfare and standard of living. They have that American retail merchandising, under the open competitive system, has done a superb job in serving the consumer at lowest cost, and distributing the products of farmer and manufacturer. They realize the immense dangers political destruction of this proven, established system would involve.

Equally important, the American press, rooted as it is in the democratic tradition, knows that punitive, discriminatory treatment of one kind of business will pave the way for similar treatment of other kinds of business—and eventually all business.

## Paterson Observes National Narcotic Educational Week

Paterson is now observing National Narcotic Education week, by proclamation of Mayor William P. Furrey. The observation will close on Tuesday.

The Mayor's proclamation follows:

"Whereas narcotic drug addiction has become a major problem for all mankind, menacing the foundations of civilization and the future of the race, and

"Whereas education is universally recognized as an important means of combating such social ills, and

"Whereas the National Nar-

cotic Education Association and the World Narcotic Defense Association have designated the last week in February of each year to be observed throughout the world as Narcotic Education Week, and has requested the co-operation of all schools, clubs, churches, newspapers, the radio, the screen, philanthropic organizations and all good citizens;

"Therefore, I, William P. Furrey, Mayor of the City of Paterson, do hereby proclaim the week of February 21-28, 1940, as Narcotic Education Week and dequest the active and earnest interest of all people of our city in this movement. I further urge that our churches, clubs, societies and all other groups frame and adopt resolutions expressive of the abhorrence of this great evil, and request clergymen, educators and all persons in positions of influence to speak to our youth and to all others, warning them against even the least beginning of these insidious poisons, to the end that the full power of education may be marshalled to overcome this peril.

"In witness whereof, I have hereunto set my hand and caused the official seal of the City of Paterson to be hereto affixed this 20th day of February, 1940.

"WILLIAM P. FURREY,  
Mayor

## To You I Tell It...

by JOE DE GISE, JR.

### IT'S YOUR GUESS

Mike De Vita, alderman of the first ward is a very anxious fellow these days trying desperately to get a post on the Democratic freeholder ticket, but Mike need not try too hard because he will be welcomed with open arms. The Democratic party needs young men like Mike De Vita very badly at the present time. It's the young blood that means a lot these days especially at a point where a broken down cart has no wheels. Mike De Vita it is to be remembered, is not alone well known just around Paterson, he is a school teacher in Butler and a popular athlete, he has served on the board of aldermen, being at one time its president.

There is still another young man who wishes very much to land a post on the same ticket, and that person is Samuel Moskowitz who is known throughout the laboring class. Whether he gets the official nod or not he will run.

\* \* \*

### SO THEY TELL ME...

Rudy Hietz, who holds down a pretty good job was asked to run for alderman in the first ward replacing De Vita. Rudy thinks more of his job at Wrights than he does of being a public servant... Tony Grossi would make a good candidate for any county office... George Mignone may run again in the primaries against Melesiant in the Third Ward for G.O.P. nomination for alderman... Look for Al Cozzalina popping up in politics in a short while, quite a go-getter and well liked boy... Eddie McNamara, tis said may file for the surrogate nomination of the Democratic party, if already filed he may run for congress... does it look like a third term for F. D. R.?... Ben (Junk) landed a job in a Clifton school earning \$63.50 per month... what's, happening to the honest workers who gave all in the last election, are they going to let jobs be handed to fellows that never came out in the open... Little Johnny Juliano is still waiting for the official O.K. from Eddie O'Byrne to go ahead and put in a day's work... Part of all you earn should be yours to keep... At the next election of the O'Byrne Volunteers it will be Jimmy Walsh for president, and that should be easy... Watch this column for a bombshell in the third ward. What has happened to the talk in the Riverside section about putting up an Italian for alderman... Gene Basile and Jimmy Scielzo have already earned themselves a reputation in surgical supplies.

\* \* \*

Henry Ford has his faults, and a lot of people don't like his management methods. But his bitterest enemy must admit that Mr. Ford made his millions without manipulating stocks, or stealing the savings of other people. He has created a vast amount of employment, and Sinclair admits that when Ford is forced to shut down it becomes a national calamity. And though Sinclair has written several powerful and important books on social problems, the Flivver King is not even a good job of muck-raking. It won't hurt Henry Ford and it won't help the United Automobile Workers of America, or Upton Sinclair's reputation.

\* \* \*

Returns of the November 1937 election may be the first ground-swell of reaction against the present administration. In Philadelphia, for instance, a Democratic majority of 208,000 dropped that year to a few thousands. Much of that reaction is really a revolt of taxpayers. We must admit the administration took the hint too, for a week or two later the big-wigs in Washington were promising economy, no new taxes, and fair play for business. Well here's hoping they meant it, if they want another Santa Claus...

\* \* \*

From rumors in and around this dear city of ours Harold G. Hoffman should walk in hands down. There seems to be just one fellow that is not giving the former governor his support and that one is Abe (Narcotic) Berliner. Sometimes I wonder if honest Abe will pick a winner. He reminds me of the fellow that plays a horse, to win but always gets the second call. Well, anyway he comes out in the open and tells the public for whom he stands... he's not a bad politician.

black and white artists. Featured in the cast is Sophie Stern, of Paterson.

In addition to the stage performance, two high class motion picture films will be offered.

### RIVOLI

Disclosing for the first time on the screen some of the little known, yet exciting duties of the United States Marines on foreign soil. "The Marines Fly High" stars Richard Dix and Chester Morris as two "leather-necks" stationed in a small Central American republic, and Lucille Ball.

While the Marines are generally known as "soldiers of the sea" whose job it is to protect American interests in foreign countries, the service has many other duties. Marines do police duty, operate anti-aircraft guns in the Navy and perform aviation work ashore.

Espionage and intrigue, elements of great current interest, are the basis of Warner Bros. timely film "British Intelligence," now at the Rivoli Theater tomorrow.

The theme is strong, one which the Rivoli has sought for a long time to bring to the public. Spies and their work have filled newspapers and public thought, and now "British Intelligence" shows them at work in a boiling Europe.

**MINSTRELS**—Charles Laughton and Vivien Leigh, each fresh from auspicious screen appearances, co-star in Paramount's story of street minstrels who batter the back door to theater fame. Called "Sidewalks of London," the film is now showing at the U. S. Theater.

Joseph Calleia, Dick Foran, Gene Austin and Candy and Coco, Anne Nagel, Donald Week, Margaret Hamilton, Ruth Donnelly and George Moran have the chief supporting roles in the production.

With the war at sea taking much of the spotlight in the present international conic, the co-feature picture, "Charlie Chan in Panama,"
