SUBMARINE BELLS
Lightvessels with submarine bells

Stations	Signals
North East End Lightvessel	4-5

In 1914 the following depths at mean low water were available in the Inland Waterway: Great Bay to Atlantic City 4½ feet; Atlantic City to Ocean City, 6 feet; Ocean City to N. Wildwood 5 feet; N. Wildwood to Cold Spring Inlet 2½ feet.

At mean low water 4 feet can be carried from mouth to highway bridge at Absecon. June 1921

The channels into the inlets, shown on this chart, change frequently and the buoys are shifted accordingly.
Bar buoys are omitted.
Strangers should not attempt to enter the inlets.
