

Map Showing Ownership of land on New York Bay Bayonne on which it is proposed to locate a Marine Terminal and Industrial City project.

Solid Black indicates lands under water owned by the State of New Jersey.

Hatching indicates upland.

NOTE: It should be noted that the State of New Jersey owns practically all of the lands under water and that the upland constitutes a very small proportion of the total land necessary to carry out this project.

B. F. Cresson
Supervising Engineer

V. Van der Laan
Executive Engineer.

NEW YORK BAY

November 1916.
