July 21st 42.

(Dear Friends,

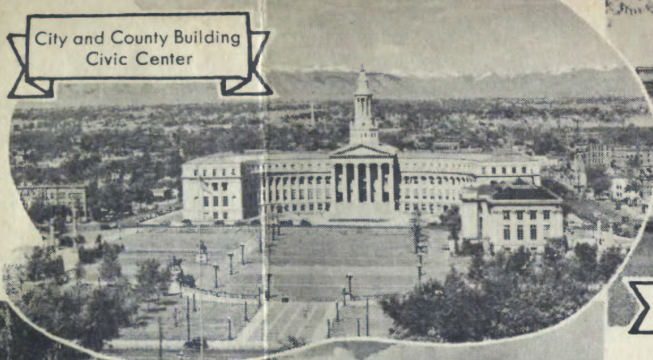

Thank you ever so much for the carton of cigarettes. I can't explain fully how I enjoyed the pleasant surprise, nor my appreciation for your thoughtfull gesture.

I'm so sorry I didn't know of your defense council sooner. For I just returned to duty from a furlough I spent in New Brunswick. If I had known of your Council then, I would have been delighted to pay you a visit.

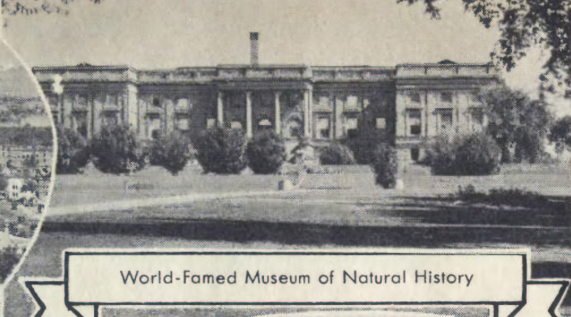

Congratulations on your Hungarian Defense Council. May your splendid work continue for many years to come.)

Your friend.
