MEMORANDUM

TO : Dr. Barr
FROM : R. Galaida
SUBJECT : KOREAN PRISONERS OF WAR - HANYANG.
DATE : March 12, 1946.

General Yang Mu Kwon was referred to me at CNRRA by Miss La Motte. An interview with Dr. Yang was arranged for him with the result that Dr. Yang agreed to forward his written request for transportation to the Chinese Area Commander with a covering letter. Transportation and other relief assistance cannot be supplied by CNRRA because the care of Prisoners of War is a military responsibility. CNRRA policy prohibits interference in military matters.

Dr. Yang gave General Kwon all the deference and consideration his title warranted.
