THE HONOR ROLL

FATHER'S DAY

Children's Day is June 10. So is Father's Day. We bestowed so much praise on Mother in the previous issue, I feel it to be only right and proper that Father be in song to Father in this issue. Let's. Here's the only Father's song I know:

Everybody works but father, and he sits around all day sitting by the fire, smoking his pipe of clay.

Mother does the housework, the garden's done by Ann.

We bestowed so much praise on Mother in the previous issue, I feel it to be only right and proper that Father be in song to Father in this issue. Let's. Here's the only Father's song I know:

Here's Dad's old pin-up girl; and by way of contrast, we'll show some pin-up of today.

A note from Louie McDonald, distressed in the African campaign, the invasion of Sicily, was wounded and with it all, what do you think he wrote? He's been holding out O.K., and how is Lank?

Lloyd Treadway and Bill's bloodhound.

The Women's Club are having their annual luncheon at the Congregational Church this year.

George Apper is fine, very busy with his work but not too busy to write his mother twice a week. He is getting anxious to get it over with so he can get back to Cheshaw, New Jersey.

Frank Hauville has been home for three days. After we left he went to Ann Arbor, Michigan where he will remain for quite some time to study Japanese.

Bob Spencer's mother is visiting with him for the summer.

Don Huy was home on a furlough. His wife, Billie North is playing in the summer presentations at the Paper Mill Playhouse. She had the contract lead in 'The Red Mill'.

Louie, Maplewood Inn, apparently thinks walk of tomatoes. (We mean the vegetable kind.) He put in 500 plants. Now figuring roughly at 20 tomatoes per plant he'll have ten thousand!

Mr. & Mrs. Story have rented their home for the summer as Mr. Story is not well enough to stand the commuting. Now Justin just come up to the farm now and again. We shall miss them.

Fred Delhart, Warren's Pop-Lapham's dog (Lapham's are the new proprietors of the Larchwood) was on the road in front of their business.

Al O'Brien and Dick Showell are the latest farmers who had to go from town. Their wives are living together in the John Gray house on the property. They are managing beautiful. I can only wish with the younger ones in the one home. Al and Dick were entertained several times before they went in service. It is a hard blow for those two young men to have to leave their lovely little families.

Col. Lloyd Adel 52057710
C. Milburn, APO 9 for Postmaster New York, N.Y.

George Thomson was home for a few days.

guess who this cutie is? She is Brenda Jane, daughter of Sgt. Geo. M. Appar, Jr. It was one year since the 5th of March since she saw her daddy. But her mama takes as many pictures as she can get films so her Daddy can watch her grow.

Roxbury played Netcong baseball, Wednesday May 31 score 1-0 favor Netcong.

The Chester team played one game with Planders and were beaten 16-3. They have another game scheduled at Fox Hill near Sunday. Bets are being heavily laid in Benn's store on that game, and no wonder with Benny the proprietor, and Jean Appar chief salesgirl. The Chester team consists of anyone who wants to play. They are headed Capt. Benny Willas and Asst. Capt. Peppy Thomson. John Steinberg, his second baseman and Bill Conklin has been catching. Mike Decker third baseman.

Charles Snithner is in England with the Ninth Air force. He has seen anyone from home as yet.

I am so sorry I got no more good news in the Chester paper. My classes at school are doing the same thing, that is, sending a service letter to ex-Netcong students and I got the enveloped closed for your pardon.

One night last week down in Montrose on the Harry McComly Field, Lew Martin and Henderson's some playing. What a game was

Mrs. Segur will fill with presence.

Capt. Lee L. Galbraith, Battery Commander at Fort Totten, Long Island and his two children. His son, Bill seven and daughter, Katherine fourteen, who is a student at St. John Baptist school at Moonah. Capt. Galbraith was formerly connected with St. Bernard's school.

Roger of a mountain woman to her son in the Army.

Dear Son:

Your is a new job. The first in 20 years. We are a little better of now, War wages $17.95 every Thursday.

So we were to make a little fixin up. We sent to Newbuck for one of them their new style bathrooms near about in them city homes.

It took a plumber to put it in shape. On one side of the room is a great big long thing something like the plug out of only. You get it in a pit and wash all over, now over on the other side is a little white thing called a sink for light washing like face and hands.

But over in the other corner, now we really could do something. This darn thing, when in one foot in, wash it clean and then you pull a chain and you get fresh water for the other foot. Two lids come with this thing, and we ain't had any use for them in the bathroom so I am using one for a breadboard and the other one we framed in your grandparents picture in.

They are awfully nice people to deal with, they even sent us a whole lot of writing paper with the order.

Take care of yourself son, and write soon.

Love.

Pvt. Lewis H. E. Hoffman, Jr.

San Francisco, Calif.

George Kellett is an island near Australia, in an isolated place where the natives are all Fusty-wussey. There are no towns near by, nor no radios. All they do in their spare time, is sit in their grass huts, read and write letters home.

Bob Bischoff also received his prize from the paper.

Field, Henderson, Montrose, Wright last we doing the same thing, that Henderson's

More Wiles letter to ex-Netcong on down in students and I got from home as seen.

M. has been pitcher heavily laid in Apgar chief sales­rietor, daughter of big game scheduled.

Apgar, Jr. It was formerly

since she saw his daddy. But her mama takes as many pictures as she can get films so her Daddy can watch her grow.

Here's a picture picture.
Dear Mae and all the Gang:

This will be just a few lines to thank you for your nice letter and of course the $10.00 money order which accompanied.

We are still able to get together to celebrate St. Patrick's Day together. As for being able to use the money here, there isn't a way I can use it for but no doubt I will more than likely use it to purchase some more souvenirs.

As for any news of my service I have much to write. I have now been overseas more than 18 months of which have been spent on the west coast of Iran. I am located at a spot that is known as the hottest place in the world, and well, Mae if I believe I have written enough for now I will close hoping that the next year I will be able to join you and the rest of the gang on St. Patrick's Day. Thanks again for your lovely letter and also the money.

Sincerely,
Clifford Garrison

Mrs. James T. White

PFC John Healy

Co D 405 Inf

Army Specialized Training Camp, Texas

Roxbury had a nice reunion this past week.

The gym was a veritable garden of tropical flowers, a fountain and a pool in the center of the gym floor. The music was furnished by an all girl orchestra from Albarn, Mrs. Adam Martin, Mr. & Mrs. Vin Reilly and Lt. & Mrs. Marshall Evans are the chaperones. The party started at 11 o'clock so everyone could down to the Terrace Room and dance again.

This is Charles Calvert, brother of Mrs. Irvin Tredway.

Dear Mrs. Irvin Tredway:

PFC Charles Calvert

18 TMS APO

Canute Field, Ill.
Louise, wife of Mr. Ralph Smith, is having its debut Friday night June 2nd. "Miss Me Down" is the name of it. George Sutton has been the captain's part, Dolores Pillarto, Joe Pillarto and Nicky Bryan from town are all taking part in it.

FPC Russell Agger 3207
Company C-1154 15th Street
Camp Baily, Tex.

I started to send Jack Whittington the service letter. This act instantly provoked an answer from him which was most welcome. It gave the news that he had been married March 32923758 to Miss Winona Palton of New York, N. Y. June 12, 1935.

Charles Robinson, Jr. married Marjorie Korupferson on his last furlough, his father's house party.

Ralph Bischoff, third cousin of Mr. and Mrs. Charles Call, has gone to Canada for a vacation, and now is living at number one. He is in Ireland, all of a sudden and unexpected like. They flew there and the ride was fun. It was the first time he was up in the air, that is, in a plane. At first, his stomach and he couldn't quite get together, like going over some of those loops on Dear old Route 66. It will not be in Ireland long as it is database service and he'll soon be back where he came from.

I didn't jump with the rest of the crew because I can't jump, either.

-Louise, wife of Mr. Ralph Smith.

HENRY FORD has received a patent for an internal-combustion engine, made up of eight pistons, with crankshafts opposite each other. When the gas mixture is exploded in the cylinder the pistons will be thrown away from each other. Every piston has its own connecting rod, but with four connecting cylinders, instead of eight.

Back home, Ducky Warner, has returned to his newspaper duties.

Mr. Barkman, Father of Ed, has gone to Arizona.

Mr. Brown, Father of Bob and Bill.

Mr. Agger & his granddaughter Arlene, was naturally alarmed and he headed for Muskrat. He took a look at the car's accident and immediately recognized the possibility that only one set of rear wheels were still in place. Expensive studies showed that a 10 per cent variation of tension on a given part, could reduce the performance of the car by 15 percent within 5 minutes exposure either forward or backward. Other remedies, such as working with soap and water, or using a 10 per cent variation in the 10 per cent variation of sodium present, were not too satisfactory.

With Al O'Brien and Nick Shoswell gone, the Scout troop is again in the hands of Mel Knaufrus and Phil Cranmer.

Warren Dehart is now working on 100 color plates in theama.

When he finishes he will then be placed on a 9-8.

Uncle Dan is getting a big man when he goes Joe Pillarto. He's six feet tall and new tips that scale at 204 pounds.

Jack Sparge has the go with the next．

Bill cowans has been promoted to Sergeant.

Bill Cowan is moving to Arizona.

GOOD LUCK TO YOU,
Mr. Call
Spring in Chester, Arizona. The mercury touched 36 June 7th.

Mrs. Call was seriously ill at the hospital Friday week and all looks rocky again. She is back at her home.

The Boy Scouts are still collecting newspapers.

Mr. Cowan was unable to meet the Congregational Church made over thirty dollars on the food sale. The money from this is good. We shall send that fund for the recreation room in the cellar.

EXHAUSTIVE tests of old and new ways to preserve and protect by galvanization of metal have been made. The results mean that only one set of rear wheels were still in place. Expensive studies showed that a 10 per cent variation of tension on a given part, could reduce the performance of the car by 15 percent within 5 minutes exposure either forward or backward. Other remedies, such as working with soap and water, or using a 10 per cent variation in the 10 per cent variation of sodium present, were not too satisfactory.
