500 - Multigraphing -- \$2.90
(Letterheads furnished)

About this time last year you very generously sent us a contribution to our camp and fresh air work. May we hope, again this year, to have your assistance in sending our children to the country?

Besides the maintenance of our camp at Pomona, New York, where we entertain, for from one to four weeks, children and their mothers who need the change, we are planning days outings for the children of our neighborhood.

We are enclosing a leaflet which we feel sure will interest you, with a subscription blank and return envelope for your convenience. We shall be very grateful for a contribution from you.

Very sincerely yours,

George E. Kleinhaus,
Chairman, Pomona Committee.

great outdoors. You can hardly wait until the eventful day arrives and what a tragedy it would be if something happened to prevent your going.

In the empty lots, down in the damp basements and among the garbage cans, hundreds of children living in downtown Jersey City will spend their summer vacations.

How much better you will enjoy your vacation if you help send these little folks, for even a short time, away from such surroundings.

QUITE A CONTRAST TO HOT PAVEMENTS

Vacation time is here. Mountains, lakes and sea-shore are beckoning to you. What a thrill one gets in preparing for the conquest of the

\$8 MEANS A WEEK IN THE COUNTRY

For the trifling sum of \$8 Whittier House, Jersey City's oldest and only non-sectarian settlement, can send one of these little folks and its tired, worn out mother away for a

full week to its beautiful camp at Pomona, Rockland County, New York.

Eight dollars to you means the possible sacrifice of a single evening's pleasure. Eight dollars contributed to the Pomona Camp fund of Whittier House may mean the difference between life and death to some underfed, half clothed little tot or mother in lower Jersey City.

Every dollar you contribute to the Whittier House Camp Fund goes directly towards the maintenance of some mother or kiddie at Pomona. Whittier House owns the camp site and equipment. The services of the Housekeeper and Attendant are paid for by the parent organization. Won't you do your "bit" to make these facilities available to some who are less fortunate in your own city?

NELS ANDERSON, HEADWORKER

October 1, 1927.

Dear Friend,

Whittier House is in its thirty-fifth year of service to its neighbors of lower Jersey City.

You have taken your part in this service through your interest and your contributions. We thank you for both.

We ask you, again this year, to continue your interest and to renew your subscription so that we may carry on.

During the past summer our camp at Pomona, New York, for anaemic children and weary mothers, entertained seventy-two children and eleven women. Besides these, eighty young business people found pleasure and relaxation from work in week-ends spent at the camp.

In addition to the camp work, groups of children were taken for days outings and play groups were entertained in the House.

Our plans for the winter's work include: - -

Club for Mothers	Dramatics
Girls' Clubs	Aesthetic Dancing
Boys' Clubs	Choruses - Folk Music
Social Evenings	Sewing Classes
Gymnasium Classes	Cooking Classes

Will you not come to see our work which is yours as well? And will you not return the enclosed subscription book with your contribution?

Very sincerely yours,

Nels Anderson
