### *What Your Money Did Last Summer*

*Swimming at Pomona Camp.*

**N**EW equipment and leadership provided for 97 boys who earned and saved enough to pay their share at camp where they gained weight, mosquito bites and sunburn. They enjoyed Hiking, Swimming, Baseball, Track Meets, Games and Camp Fires.

If you did not provide for these neighbor children they would spend their spare time in the docks, back alleys, railroad yards, and crowded streets.

Last year, winter and summer, through you we took care of over eight hundred, but there are three times that number within ten blocks.
