## Low-emission Vehicles

1 week ago • [Add Comment](#)

Our society is structured in such a way that most of us are so dependent on cars that it is not easy to simply give them up. But you can make a choice as to what sort of car you have and what level of impact you have on our environment. Do you choose one which gives you 50 mpg or one that gives you 10 mpg? Or is electric? What sort of car do you really need? Listen to the experts as they offer insights on what the best choices available and why.

Michael Thwaite, President of Plug-in America and the NJ Electric Auto Association, and Professor Monica Mazurek of the School of Engineering at Rutgers University.

Guests: Michael Thwaite, President of Plug-in America and the NJ Electric Auto Association, and Professor Monica Mazurek of the School of Engineering at Rutgers University.

The image shows a SoundCloud player interface. On the left is a square album art image featuring a blue sports car with the text "LAMERIC TOMORRE" overlaid in a stylized font. To the right of the image is a red play button icon, followed by the text "Green Hour" and "Low-emission Vehicles". In the top right corner of the player area, there is a "SOUNDCLOUD" logo and a small square icon. Below the text is a black waveform representing the audio track. At the bottom right of the waveform, a time display shows "55:18". In the bottom right corner of the player area, the number "46" is displayed. A "Cookie policy" link is visible in the bottom left corner of the player area.
