THIS SIDE OF CARD IS FOR ADDRESS

Miss Mary L. Dyckman
Consumers League of New Jersey
9 Clinton St.
Newark 2, N. J.

Dear Miss Dyckman: About a month ago I was talking before the Women League of Voters of Montclair, and I found that three strange men were taking notes on everything I said. As soon as I closed they went out, walked around the bloc 3 times before they went to their car which was parked near the place of meetings. One of the ladies took their tag number. This for I have not heard any definite news. I suspect that they were from Seabrook or from the Birdseye Corp.

How are you coming in your campaign to get a decent new constitution, especially in regard to migrant needs. If I can be of any help in the immediate future please let me know. I graduate on May 15th - & then I don't know where Alis & I will be. Good-bye for now.

Sincerely,
David S. Bingers
