Mr. E. A. Silvers
Rutgers College,
New Brunswick, N.J.

Dear Earl:

Recently I wrote
you that I was in
the Aviation Section of
the Signal Corps. I
am now awaiting a
"call", which will
probably come in about
a month. In the

meantime I am trying
to make a commission
in the Ordnance Corps,
since in that case I
would be sent abroad
immediately, not
spending six months
in schooling. Perhaps
you - Rutgers College! -
can help me by
bringing a little more
weight to bear at
Washington. Therefore
I am asking you to
write the Chief of
Ordnance, Washington, D.C.,

stating that I graduated
from Rutgers, having
taken the Chemistry
course, with special
honors in chemistry etc.
It might help, and
coming from the College
will mean more to
those in authority.

Yours in Rutgers,

B. J. Colville

16 West 33rd Street,

Bayonne, N. J.,

My dear Mr. Silvers;

Regret that you had to write again for my son's address, but we immediately mailed the return postal you sent before but it must have gone astray.

The address you wanted is Cadet Clifford J. Colville, Flying School, Rich Field, Waco, Texas.

The one thing the boys seem to crave is a letter, so I know he will be glad to hear from his alma mater.

Cordially yours,

(Mrs H.C.) Elizabeth V. Colville

January seventh, nineteen eighteen.

Dear Silvers:

Just a line for
its about time for mess,
and immediately after
that I am due on
the flying field, but
I do want to have you
know my new address
so I won't miss that
quarterly and your
letters. Believe me I

do appreciate them.

For your record,
my official title is
2nd Lt., ~~C.C.~~ - , R.M.A., Sig. R.C.,
A.S. I got my commission
in February, and now I
am stationed here taking
advanced flying. It's a
great game and I've
had lots of interesting
times and experiences,
but I won't tell them
because I think the
only real tales these
days come directly from
the front. I hope to be

writing you about real
experiences before the
summer is over.

Keep up the good
work. Very best regards
to all of the boys,
and those associated
with Rutgers. Good
luck and best wishes.

Sincerely
Cliff Colville

Dear Colville:

I was glad to get your letter of April 22nd and to have your new address. It is good to know that you have been commissioned and I send my heartiest congratulations.

How about that brother of yours who was to come to college next year. I hope that he has not given up the idea and would appreciate a word from you about him. We are, of course, perfectly willing to help him in any way possible.

With all good wishes,

Sincerely yours,

Director
