Dear Reed,

Let me supplement my letter of recent date.

Having entirely recovered from the illness I had last winter I am now very anxious to get in some branch of the service, preferably infantry because I have had experience in that line.

I would greatly appreciate any suggestions you might care to offer regarding filing application for membership in possibly a Third Reserve Officers Training Corp.

With very best regards to Mr. Remond
and yourself,
Sincerely,
W. H. Davis.

My dear Dr. Demarest:

On an application blank for membership in the Third Officers' Training Camp which I filled out on November 7th and mailed to the Instructor of Military Tactics of Rutgers College, I presumed to refer to you as one who could give evidence of my character.

I would appreciate it very much as a personal favor, any consideration you might give my application should it be brought to your attention, and trust that you will understand my presumption and take it in the spirit in which it was written.

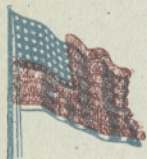

With very kindest regards, I beg to remain

Yours very truly,

My dear Reed,

The Alumni Quarterly just arrived, and I thank you.

I am now at the above address having left Camp Upton N.Y. on about March 22nd.

The tank corps is a very thriving and extremely interesting branch of the Service. I now have my own company, and the men are gradually being whipped into shape.

I regret to note the death of Jimmy Scarr.

With kindest regards to
Dr. Demarest and yourself,

Very truly yours,

Dear Harry,

It was good to hear from you again and have your new address. Isn't the tank corps the "treat 'em rough" crowd? From all reports you have certainly fallen into the most thrilling branch of all.

Good luck to you, and all best wishes. Drop me a line whenever you can find a few minutes with nothing to do, and please keep me advised as to your address. I donnot want to lose track of you.

Cordially yours,
