Have been in France a little
over a year. Left N. Y. July 2, '17
on S. S. Lapland. We have one of the
best equipped hospitals over here
with a maximum capacity of 3000
beds. George Ramsey is a 1st Lt. in
this outfit. are pushed pretty hard
just now that the big drive is on.
Had 4 convoys of patients in the
last week which kept us up all of
4 nights besides doing our regular work in
the daytime. Have an air raid alarm
a couple of times a month but so far
nothing has happened. Saw Broome in
Paris last fall. Success to the bureau
and regards to all the fellows. address as
above.

Sincerely
