

Camp Mc Clellan,
Anniston, Ala.
Sept. 4, 1917.

Dear Silvers,

Your letter requesting
information concerning me
was forwarded and received
this afternoon.

I have enlisted in Co. A -
1st. Bu. U. S. Engineers and am
now ranked as corporal.

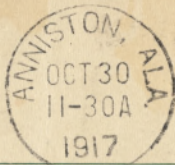

I have been thinking of the
opening of college this fall
and hope that there will be
a large entering class even

under such trying conditions.

We have no definite word
how long we will be here
but I expect it will be a
couple of months more at
the least.

Very sincerely yours.

Alfred M. Hickman
