

January 18, 1918.

Mr. Charles W. Hoffman,
Somerville, N. J.

Dear Mr. Hoffman:

The Rutgers War Service Bureau has power to act upon the applications of Rutgers men only but I feel sure that the authorities in Washington would be glad to know of your fitness for a position as Field Auditor and I am, therefore, forwarding your application to Washington in the hope that they may feel inclined to act upon it. I might suggest that you write to Mr. J. Philips, Intercollegiate Intelligence Bureau, Munsey Building, Washington, D. C. telling him that you have responded to serial call #93 and possibly send him another application. It should be noted that three letters of recommendation are asked for.

Sincerely yours,

Assistant to the President.
