

CAMP WADSWORTH
SPARTANBURG, S. C.

October 30, 1917.

Mr. Earl R. Silvers,
New Brunswick, N. J.

Dear Mr. Silvers:

The plan of your war service bureau is certainly an admirable one and I feel sure that it will fill a need, which I, for one, have already felt down here, — a need of some direct tie with the college.

The only change I have to make at present in the address is that in the reorganization we have become the 102nd U. S. Engineers.

Last week I was very pleased to find Eykfer, 1918, in

CAMP WADSWORTH
SPARTANBURG, S. C.

one of the newly made machine
gun units.

Looking forward with
pleasure to the receipt of three
news letters, and with best wishes
for a successful year for old
Rutgers, I must close,

Sincerely

Fred W. Jackson

Dear Jackson:-

It was good of you to write me a letter on October 30th. as I know you are very busy. It is fine to hear from so many Rutgers men in the service and the very little we can do to make things easier for them is done with deep satisfaction. If you can drop me a line giving me Eypper's address, I would be grateful.

Very sincerely yours,

is very well located, making things very pleasant, despite the hard work. Should there be any other Rutgers men here or expecting to be here with other N.Y. regiments, will you kindly ask George Weigel or Joe Costa to write me.

Thanking you and looking forward to being back in college soon, I remain

Respectfully

My dear Mr. Silvers:

Will you kindly forward to me the necessary blanks and information relating to the Government call for army aviators, Call 72, as mentioned in Bulletin No. 1 of your War Service Bureau, dated Nov. 6, '17.

Have been much pleased with your frequent letters and hope they continue to be as interesting.

Respectfully
Fred E. Jackson.

Dear Jackson:-

I have written to Washington, and the people there will send you direct information and blanks concerning Call Number 72. I am afraid that enlistment in this branch of the service is not open to men who are already attached, but you can find you about that from Washington. If you do not receive blanks in a few days, it might be well for you to write to Mr. James L. Phillips, Inter-collegiate Intelligence Bureau, Munsey Building, Washington, D.C.

Dear Mr. Silvers:

In reply to your letter of December 21, asking us to mail to Mr. Fred W. Jackson, Company B, 102nd U. S. Engineers, Camp Wadsworth, Spartanburg, S.C. information concerning Call No. 72 for Army Aviators, and application blank, we enclose these papers herewith, in order that you may keep in your own hands, as the Bureau prefers to have the Adjutants do, all dealings with applicants or inquirers concerning the calls we issue.

Yours very truly,

Dear Mr. Jackson:

I have written to Washington concerning your application for Commission. Replying to my question as to your eligibility they have sent me the enclosed circular and application blank. Probably the best thing for you to do is to fill out the blank and forward it to the War Department.

Dear Lieut. Jackson,

Thank you very much for the souvenir menu of the banquet given in Bordeaux on Thanksgiving Day. It is very interesting, and will be a most valuable addition to our collection of war relics. It is good of you to think of us and we appreciate your interest.

Sincerely yours,

My dear Mr. Silvers:

To-day I was quite surprised to receive the letter of the Bureau direct here and certainly want to commend you for such good service. You seem to have a sort of uncanny way of learning our addresses. Two weeks ago to-day while in Washington I went to see Lt. Col. Betts and he remarked to about how a

very short time after he was ⁽²⁾
made a lieutenant-colonel
he received your publication
addressed with his new rank,
and he wondered how you
had learned of it so quickly.

I surely appreciate your
interesting letters and promise
to do my part in keeping
you posted on further changes
in my address.

I am here for a few weeks
course in L. M. work.

The weather is "some" hot
and we have finally found
the "Sunny South," something

we expected to enjoy in
Spartanburg last winter.

Best wishes for a big
commencement week,

Sincerely

Fred W. Jackson

My dear Mr. Jackson:

News of the Rutgers men
in the service comes to us through various
channels. The men, too, are responding very
well and it is a mighty hard job to get out
of touch with us entirely.

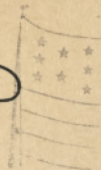

I wish you all success in
your training course.

Dear Mr. Sivers:

Yesterday I received
your War Service Letter, Number
XXVII, dated September 19, and
I was very thankful to the
college news even as old as that.

Now that I am more
or less permanently settled I
would like to ask you to kindly
send me a copy of each of the
subsequent letters up to the
present date, if that is possible.
I surely appreciated them

last year and am anxious
to learn of the college doings
this year under the new
conditions.

Here we are all looking
forward to our return to the
States.

Best wishes for the holidays.

Sincerely

Fred W. Jackson
