Mr. E. R. Silvers,
New Brunswick, N. J.,

Dear Sir,

Yesterday I happened to call at my old address, 5028 Calumet Ave, for some things I had left there and found some mail awaiting me which had been accumulating since I had moved several months ago. The landlady had mislaid the forwarding address I left. Among the mail were several notices regarding Alumni Quarterly dues etc., the last one having been received only a day or two before.

So am sending \$1.⁰⁰ to cover 1917 subscription to the Quarterly, a copy of which I will be very glad to receive, as I have not seen one in some time. Also not having met any Rutgers

men out here, I have not been very familiar with recent activities at college. Was pleased to see in this morning's paper that Ursinus was defeated at football yesterday 25-0. I suppose the war has affected the attendance this year as has been the case at other colleges.

I am now with the Western Electric Co, of Chicago and am living just outside the city in Cicero. Am getting along very well and like it out here very much. Regret however that it is too far to be able to make a trip to New Brunswick once in a while, especially just now during foot ball season. Although it is some time off to speak of now, I hope to get around at the next Commencement which will be the fifth reunion of our class.

If I should move again I will
send new address but think I
will be here for some time.

With best wishes

I am yours in '13

Fred Johnson.

Dear Silver,

The notice of Alumni Association dues for the coming year being payable has finally been forwarded to me from Cicero, Ill. I notice by the post mark that it was mailed a couple of weeks ago at New Brunswick. I should be inclosing the \$3.00 but I find that I shall have to postpone my payment for a while but will surely come across with it later, especially so as I will be glad to see an Alumni Quarterly again so as to find out where the men are located and what they are doing.

I have been here at Camp

Jackson since last June and
have yet to meet a Rutgers man.
I suppose they were mostly in
Northern Camps however and
a good many got across to
France.

I am in the field artillery
here and was certain I was
to go over several times but
each time was disappointed, so
it turned out to be a pretty
tame war for me staying around
in camp here.

Will probably be discharged
in 2 or 3 months and if I get
anywhere near New Brunswick
I will be sure and look you
up.

Dear Fr ed:-

I am mighty glad to have your letter of
December 11th and to know what you have been doing for the
past few months. Rather than write you a long letter,
I am sending you under separate cover a copy of the Alumni
Quarterly which will give you all the news of the classes
and the college. Please write me whenever you change your
address again and do not let me get out of touch with you.

Yours in 1913.
