Dear Mr. Silvers;

After receiving your last letter,  
I felt it my duty to write you.

I certainly appreciate your  
letters, and think that we are all  
greatly indebted to the alumni who  
have made it possible for us to keep  
in touch with the college.

I have been with the eighth  
regiment ever since it formed at Quantico, Va.  
On the 18<sup>th</sup> of August, it will be

nine months since we landed here from the U. S. S. Hancock. Since then, we have skirmished from one of the island to the other, by day, and by night. Of the original regiment, there are only about 100 men left, all non-coms. The rest have gone to France, and a large number wounded in battle.

I would appreciate it very much if you would remember me to different members of the faculty, with whom I might have been connected ~~with~~ during my short, but pleasant stay at college, and I also wish you the best luck for a

successful year.

Sincerely

Richard F. Potter.
