My dear Mr. Prince:-

Thank you very much for your postal
of October 10th. We are very anxious to keep in touch
with all Rutgers men especially those in France, so that
we may send them regular news letters of the college and
keep them advised as to what is going on at home. As
soon as you know definitely what your address will be on the
other side, I would greatly appreciate word from you. The
matter is really of great importance to the college and
I do hope that you will write me at your earliest convenience.

With best wishes,

Very sincerely yours,

Dear Mr. Silvers:—

I have just learned from one of our Rutgersmen down here of your ideal plan of keeping in touch with the Alumni in the Service. I have read a couple of your spicy letters which I readily recognize as yours. Probably there is some misunderstanding I have not been receiving these letters and am quite anxious about it.

I am, Neal D. Trumbly of the class of 1919 and am in the U.S. M.F. and am stationed at Naval Training Camp, Pelham Bay Park, N.Y. Co. 2 Batt. 1 Regt. However I hope to be where I can collect some real trophies soon, hoping to hear from you soon and remain yours for Rutgers, N.D.

Dear Silvers: Well my move again
this time to the above address
was surprised to run into the
second Rutgers man I have
met from the distant. The first was
Davis is who I met in Alcorn
and now St Emory who
I remember used to collect
our perfectly good money from
Mack. He & I went in Ordinance
and has an office right over
ours. He looked as if life
were treating him ^{other} under
the "bars".

Have been pushed up a
notch or so which helps
some in these days
of high cost of living & living
at which even they are.
