

EARL REED SILVERS

ALUMNI HOUSE

NEW BRUNSWICK, N. J.

Until October first I was stationed on a coast Guard cutter on patrol duty off the Atlantic coast. On that date, however, the ship was accidentally rammed and sunk by another steamer. As yet I have not been assigned to another cutter. The best address is: 185 Clapp Ave., N. B. The news letter is a fine idea. I shall be interested in it.

Dear Rud,

As Director of the War Service Bureau you have been sending me your interesting letters to South Battimore, Md. My enlistment in the Coast Guard having expired on May 8th, I enlisted on May 9th in Naval Aviation and have been sent to Cambridge to train at M. I. T. At present I am on the Receiving Ship awaiting assignment to Tech, when I shall have a ten weeks course.

Bill Story is here and is a company commander. He has shown me the ropes. Mahony, who, Bill says, is a Rutgers man, is an Ensign here, one of the instructors. I have not yet met him.

Please send your letters and the Quarterly to me at the address below.

Sincerely yours,

Anton L. Raven, Jr. '16
