Dear June:

I was mighty glad to get your letter of October 25th and to hear of your transfer. The war service bulletins are still being sent out and I am sorry that they have not been reaching you. I am enclosing the latest letter which will give you a fair idea of what has been happening during the past few weeks. Larry Braine is captain in Tank Corps at Camp Colt. I am sure that he will be mighty glad to see you.

Very sincerely yours,
