POST CARD

Earl Reed Silvers

Rutgers College

New Brunswick, N. J.

U.S.A.

Dear Belvers -

Just a line - to
say Monday to
Rutgers. Have been
so busy that I haven't
been able to do much
in the line of commu-
nication. I have been
in the line for some
time and over here
since the middle
of April. Saw "Jimmy"
Sanger the other
day - he was just as
natural as ever. Tell
everyone its a great
war - we are now
developing a Foster
sawed attack -
July 29 E. M. ^{who is} this?

May 23, 1919.

Mr. W. M. Simmons,

194 Joralemon Street,

Brooklyn, N. Y.

My dear Mr. Simmons:-

Rutgers College is planning to publish a book which will contain letters from our alumni and undergraduates who saw service in the Army and Navy of the United States. If you have any letters from Mr. E. Brooks Simmons which you think may be of interest in such a publication, we shall be grateful for them. Anything you send us will be carefully preserved and returned to you within two weeks of their receipt.

We are very anxious to make our War Book as complete a record as possible, and will appreciate your cooperation.

Sincerely yours,

Assistant to the President.
