LEWISTOWN TO ALTOONA EN ROUTE TO PITTSBURGH. A TRIP TAKEN BY THE WRITER IN OCTOBER

The sketch lines show the route described. The bracketing is intended to indicate roughly the position of the chief mountains.

Eye view of the molderings of the Juniata; it was late to attempt, by a more description, to make him realize the actual magnificent of the Juniata scenery, as viewed by the way.

For the month of July, the last reported at this date, the increase is not so marked, however. The figures are as follows:

Great Britain: 1284,243
France: 15,845

Germany: 27,885
Other Europe: 52,869
B. N. America: 20,581

C. A. States and S. America: 2,744
