RUTGERS COLLEGE

NEW BRUNSWICK, N. J.

TO RUTGERS MEN WHO ARE, OR HAVE BEEN, IN THE SERVICE OF THE UNITED STATES:

As soon as the necessary data can be obtained, Rutgers College will publish in book form as complete a history as possible of the part the College and her sons have played in the great world war. The volume will contain several hundred pages of valuable historical matter.

One chapter of the book will be devoted to the *individual war* records of graduates, former students, and undergraduates. We are trying to secure the complete record of *every* Rutgers man who was a member of the United States military or naval forces during any period of the conflict.

Will you please cooperate with us and prepare an outline of your own career in the army or navy. Even if you were only in service for a week, we need the information in order to make the College's record complete. It makes no difference whether you served in France, England, or the U. S. A., the information is necessary if our War Book is to be a success.

Use the other side of this sheet, using the two following paragraphs as models for your own sketch. And please reply at your earliest convenience.

Very sincerely yours,

EARL REED SILVERS,
Director War Service Bureau.
