CORNELL UNIVERSITY

Record of War Service

Cornell University is recording a great amount of information regarding the service of Cornellians in the present war. This information is collected and kept at the University Secretary's Office, in Morrill Hall.

The University is doing its best to make the record complete, accurate and useful. The work is by no means finished.

The University will be grateful for information about any Cornell man in the national service of America or of any of America's allies. The form on the other side of this sheet may be used for noting such services. The Secretary of the University will gladly send *additional blank forms* to all persons who may be so good as to tell him of their readiness to send facts about more than one Cornellian for this record.

An important purpose of the Cornell war record is to enable the University to keep track of its own men and help them whenever it can do so. Another purpose is to make sure that every honor or distinction won by a Cornellian is chronicled. Will anybody who contributes to this record therefore *send supplementary information as occasion may arise? A note about a change of station, a promotion, a mention in dispatches, or a casualty, will help make the record serviceable.*

Cornell University is a member of the American University Union in Europe. Cornell men in foreign service therefore are eligible to the privileges of the Union, which maintains in Paris a headquarters for American university men at the Royal Palace Hotel, 8 Rue de Richelieu and Place du Théâtre Français. Here are such arrangements as one would find in a university club in the United States. The Union has a branch office in London at 16 Pall Mall East, S. W. 1 (near Cockspur Street and Haymarket, S. W.)

Secretary.

RUTGERS COLLEGE

NEW BRUNSWICK, N. J.

TO RUTGERS MEN WHO ARE, OR HAVE BEEN, IN THE SERVICE OF THE UNITED STATES:

As soon as the necessary data can be obtained, Rutgers College will publish in book form as complete a history as possible of the part the College and her sons have played in the great world war. The volume will contain several hundred pages of valuable historical matter.

One chapter of the book will be devoted to the *individual war* records of graduates, former students, and undergraduates. We are trying to secure the complete record of *every* Rutgers man who was a member of the United States military or naval forces during any period of the conflict.

Will you please cooperate with us and prepare an outline of your own career in the army or navy. Even if you were only in service for a week, we need the information in order to make the College's record complete. It makes no difference whether you served in France, England, or the U. S. A., the information is necessary if our War Book is to be a success.

Use the other side of this sheet, using the two following paragraphs as models for your own sketch. And please reply at your earliest convenience.

Very sincerely yours,

EARL REED SILVERS,
Director War Service Bureau.
