MEMORANDUM FOR REGISTRAR

The Alumni Quarterly will come out within the next two or three weeks. Because of postal regulations, it is impossible to send the magazine to all men in service; but we are trying to collect enough money from our alumni to cover subscriptions for our boys in France. You men in camp will have to subscribe, I guess; it only costs a dollar, and surely it's worth a good deal more than that. We have only a limited edition, so send your dollar in right away. There are 1,165 Rutgers men in service.

PRESIDENT'S OFFICE RUTGERS COLLEGE NEW BRUNSWICK, NEW JERSEY.

TO ENDOWMENT SUBSCRIBERS:

The successful issue of our million dollar financial campaign during the last year has been a great asset and addition of strength to the college. The generous subscriptions of alumni and friends have been most gratefully appreciated. The general and substantial payment of amounts subscribed has provided at once new income greatly helping in the maintenance of the college. The necessity that a substantial part of the subscription come gradually by installments through three or four years more as proposed by the donors is also clearly understood.

It seems necessary, however, to make clear the pressing need of larger immediate income and therefore the great desire of the college that every subscription become a part of the actual income-bearing endowment of the college at the earliest possible moment. It may be that many who have arranged to pay by installments will be able by some special effort or arrangement to pay in full at once or very soon.

The campaign gifts actually received since July 1, 1919, with some bequests paid in, have added to the productive endowment of the college about \$500,000; the income of this amount will meet the \$25,000 deficit which, occurring in the last fiscal year, would have been anticipated again this year. Tuition and room charges have been increased; the additional income thus received will meet the new costs in facilities and all ordinary lines of maintenance, about \$15,000.

The increase of salaries of teaching staff found absolutely necessary July 1, 1920, is thus still unprovided for. The total annual amount of this increase is about \$25,000. It calls for the income of \$500,000 endowment, not yet received by the college.

All installments, and especially all payments in full, will immediately and very greatly serve the college welfare.

To the Rutgers M en

of the War Service!

You on the old campus. You have been serving your country in strange and splendid way, devoting every power to the cause of justice, truth and mercy in a world-wide conflict. Trustees and Faculty, fellow-graduates and fellow students have counted your devotion and sacrifice a gift also of the college itself to the great enterprise and have gloried in the greatness and patriotic fruitfulness of Rutgers. We have watched you all along the line and held always aloft a banner of pride in all copurage and endurance. In our utmost sorrow for those who have fallen we have been proud of their last great sacrifice, that they kept the faith as, having fought their fight, they finished their course. In honor of them, in the joy of national triumph and in loyal love to old Queen's we gather at Commencement time!

Dear Sir:

A movement has been started to install a new organ in the College Chapel as a memorial to our late Registrar and Treasurer, graduate of the Class of 1881, Irving Strong Upson. The subscription has been generously started and it seems appropriate that every graduate should have opportunity to contribute.

You are well aware of the extraordinary service rendered to Rutgers by Mr. Upson for thirty-four years in the business affairs of the college, in a remarkably close and helpful relation with all undergraduates, and in unfailingly familiar relation with the alumni. Widely among us all must be the personal, grateful remembrance of him for service rendered to us individually as to our Alma Mater.

An organ has been chosen as appropriate memorial because of Mr. Upson's devotion to the Chapel, to its service, and to music; and because such a memorial will be every day serving the college in definite and noble way, as he might wish; and because it is urgently needed by the college at this time. The present organ was installed in the old Chapel before the present Chapel was built, nearly fifty years ago: it cost \$1,000. It has served wonderfully well, but it is now constantly out of repair, and it is never adequate for the more ambitious use which would often be appropriate.

It is desired that at least \$7,000, and if possible \$10,000, be secured for the new organ. Gifts from a half dozen anniversary classes available for it amount to about \$3,000. The individual subscriptions included in this amount range from \$100 to \$5 or less. Any who can give \$100 or \$50 or \$25 or \$10 are earnestly invited to do so: but the smaller amounts from all who, wishing to share, can only give less, will be sincerely welcomed: and every contribution, it is hoped, will be in answer to a welcome opportunity rather than to an urgent request.

Make checks payable to the Treasurer of Rutgers College.
I am,

Faithfully yours, W. H. S. DEMAREST.

Mr. Henry P. Schneeweiss, Treas.

Dear Sir:-

Please fine enclosed check in payment for the enclosed bill.

Mr. Noales, Assistant Boys and Girls Club Leader in the Extension Division of the Experiment Station would like very much to obtain lodging in the Alumni House. I believe there are several vacancies. Mr Voorhees who formerly shared my room has not been in for several months since taking up Army Y.M.C.A. Work. I do not know Mr. Voorhees' plans nor his present whereabouts but if Mr. Noales could share my room, even temperarily during Mr. Voorhees' absence it would be satisfactory to both of us.

Will you kindly see that the above inquiry gets into the proper hands and that Mr. Noales is informed as to how to go about securing accomodations.

Thanking you for the favor,

Very sincerely,

J. B. R. Dickey

July 11,1918 Mr. J. B. R. Dickey Alumni House. City. My dear Mr. Dickey: Mr. Schneeweiss has turned over to me your letter of July 6th. We shall be glad to have Mr. Moales share your room with you. Just at present we do not know whether or not Mr. Voorhees is coming back but I rather think that he will remain in Y.M.C.A. work. However Mr. Moales may have the room definitely until October 15th and probably for permanent occupancy. The cost to him will be \$2.50 per week and he is welcome to come in at any time. If you could find a big wooden box or get some stiff wrapping paper and gather up Wr. Voorhees' belongings together, I shall see that they are placed somewhere for safe keeping and then they will not remain in your room. If Mr. Noales decides to take the room will you please advise either me or Wr. Schneeweiss? We appreciate your interest in the metter. Very sincerely yours, ERS/W

To the Editor addrest

You may be interested to note in your columns that I have been in this Library War Service since 3 Aug 1918, and will remain here as Camp Librarian until 15 Sept, when my volunteer service and leave of absence from the University of Illinois Library will end for the time being. I rather hope to be able to give more time later.

The service is rendered by the American Library Association under the Fosdick Commission on Camp Activities, and I have been giving civilian service here.

Very cordially yours

Dear Mr. Davidson:

May we continue your advertisement in Volume V of the Rutgers Alumni Quarterly---one-fourth page for the four issues at a contract price of \$10. for the year? We feel that the Quarterly is doing a very definite service to the college in these war times and we shall be most grateful for your continued loyal support.

If you desire any change of copy

I will appreciate it if you will advise us sometime
before October 10th.

Very truly yours.

RUTGERS COLLEGE NEW BRUNSWICK, NEW JERSEY

November 26, 1918.

Dear Sir:

It is the earnest hope of the college that you will be able to return promptly to your college work. In the absence of definite announcement we are uncertain whether immediate release or transfer in each instance is surely possible. I venture to suggest that, if agreeable to you, you present the situation to your Commanding Officer in any appropriate way with a view to resuming your studies here on December 30th.

The faculty will arrange suitable work for you during the second and third quarters, i.e. from December 30th till the end of the academic year, so that, if finished satisfactorily, it may count, together with your service in the army, as a full year's credit toward your degree.

Full opportunity will also be given for the removal of any conditions from last year which may exist.

May I have a word from you as to your desire and plans?

Faithfully yours,

President.
