Dear Sir:

I received your letter relative to the fact that you are unable to locate me at the present time. I have to inform you that I was commissioned a captain in the Medical Reserve Corps on July 10th, but being unable to obtain the Governor's consent I was unable to accept the commission.

I am still at the Middletown State Hospital. If, in the future I find I am able to accept the commission I will notify you.

Dear Mr. President:

I am preparing a little article addressed to High School Seniors entitled "The World Calls You."

I wish to illustrate the theme by referring to young college men who are now occupying strategic positions of international importance in foreign lands. I already have considerable material of this kind.

I have no doubt but that you count among your alumni one or more such young men or women. If so, please tell me about them.

By the way, I hope you can use some of our leaflets, samples of which are enclosed. Please place your order and we will deliver them now, or at such time in the future as you may indicate.

Assuring you of our desire to serve you, and hoping that we may have an early reply, I am

Sincerely yours,

Robert L. Kelly.

To President Demarest

My Dear Sir.

To the proud
possessor of an honorary
degree of your historic
College, may I venture
to offer my services in
any available capacity
to any alumni who may
be coming to England
on military duty & who may
be stationed in or near

this University.

On the 25th March
I deemed it my duty
to resign from my temporary
appointment at the Admiralty
& to volunteer for active
service in the Army.
Some time later I joined
the Royal Garrison Artillery
as a Gunner, & three
weeks ago was transferred
to a Cadet Battalion
here.

I am not stationed

at this my own College,
but at Christ's (the College
of Milton) & my full
address is:

Cadet E. A. Jones
5th Company
22nd Officers' Cadet Battalion
Christ's College
Cambridge.

It may, however, be
safer to address me as
plain Mr. E. A. J. at
Clare College, in case
I may be suddenly

transferred elsewhere.
Letters will always be
forwarded to me from
Clare, wherever I may
be stationed.

With profound respect
I am

Yours very sincerely

R. Alfred Jones

Mr. Robert L. Kelly,
Executive Secretary,
19 South La Salle St.,
Chicago, Ill.

Dear Mr. Kelly:

In response to your letter of January 23rd to President Demarest, I would say that I do not know of any of our young college men who are occupying as important positions as you mention. Three of our graduates of the class of 1915 are captains in the Infantry and one graduate of the class of 1912 is the assistant to the Military Attaché American Legation, Berne, Switzerland.

Our boys, of course, are doing their part in the task which is facing the nation. Almost a hundred have been commissioned Lieutenants and we have two major generals, but none of the young alumni, except possibly the men in Switzerland occupy any position of International importance.

I am wondering if you have received the two photographs of the Rutgers College Cadet Corps which were sent you by registered mail a week or two ago. If you cannot use these photographs, I would appreciate it very much if you would return them at your convenience.

Very truly yours,

Assistant to the President

Dr. William M. Irvine
The Mercersburg Academy
Mercersburg, Pa.

Dear Dr. Irvine:

In reply to your letter of August 14th to President Demarest I would say that we do not know of any Rutgers men who may wish positions at the Mercersburg Academy . It occurs to me as I write that Mr. D. Hudson Bowman of 269 Academy Street, Jersey City, N.J., might possibly meet the qualifications as an english teacher. If you will write him, I am sure he will give the matter careful consideration. He is at present on the staff of Collier's magazine. Your letter has been turned over to Dr. C.H. Elliott, our Professor of Education, who, I am sure, will give the matter his careful consideration.

Very truly yours,

Assistant to the President.

Mr. Arthur Kuntz,

Iselin, N.J.

Dear Mr. Kuntz;-

By a new army ruling just made, it will be impossible for you to enlist at present in any branch of service. Possibly, if your appeal is not sustained, a letter from the college would be of some worth. We shall be glad to write such a letter at your suggestion.

Many of our agriculturists who have been drafted have, by appealing to their company commanders, been transferred to certain branches of the service which is more in keeping with their training. That perhaps is your best method of procedure.

Very sincerely yours,

Dear Sir:-

We are mailing you under separate cover a copy of the Alumni Quarterly as per your letter of November 30. We beg to advise you that twenty-five cents in stamps was not enclosed in your letter. We shall appreciate your kindness if you will send us the same at your convenience.

Very truly yours,

Doctor J. Addison Jones,
Madison Avenue Reformed Church,
Albany, N. Y.

Dear Doctor Jones:-

We are very anxious to print in the Rutgers Alumni Quarterly, the official magazine of Rutgers College, an account of the experiences of a Y. M. C. A. worker on the French front. I understand that you have just returned from France, and I am wondering if you can find time from the pressure of your duties to write us a thousand words or two descriptive of your experiences in the army. We shall be very grateful for such an article, which will be printed in the Alumni Quarterly and also in the permanent book we are planning to publish within the next year.

I am venturing to make this request of you because of your connection with the College through the granting of an honorary degree.

With highest esteem,

Very sincerely yours,

Dr. William H. Demarest, President,
Rutgers College,
New Brunswick, N.J.

My dear Doctor:

My attention is called to the army service record card of Rutgers received sometime ago. I did not fill this card out for the following reason:

I was commissioned a Captain in the Medical Reserve Corps on July 10th, 1917. There was a marked shortage of physicians on the Staff of this institution at that time, and our Superintendent refused to grant my request to enter the service on this account. It was necessary to receive his consent in order that the Governor of the State of New York approve the acceptance of the commission. I did not feel that it was proper for me to resign outright, on account of my family, so that my service consisted in doing the other man's work here at the hospital.

Yours very truly,

William E. Kelly

My dear Mr. Kuehnle:-

I appreciate very much your letter of June 26th, explaining your position in regard to service during the recent war. It is to be regretted, of course, that you could not accept the commission which was offered you, but I am sure that you should feel a good deal of satisfaction in the service you did perform for the Government.

Very sincerely yours,

Dear Harry:-

As a personal favor to me, will you please fill out the enclosed blank and let me have it at your earliest convenience. I am almost finished preparation for the Rutgers War Book, and the book will not be of any real value unless we have as completely as possible the records of our men in war service. I shall be very grateful for your help in making the book worth while.
