Dear Dr. Demarest,

I am interested in
having Herbert Fricke
724 Prospect Ave.
(The Bronx) New York, N.Y.
enter Rutgers next Fall.

He has just graduated
from Stuyvesant High School.

I shall be out of the
city all summer and cannot
keep in touch with him.

If Ralph Voorhees could
see him once in a while I
think we can get a good
student for Rutgers.

Roy entered the U.S. Service
June 15, and was sent to Cornell Univ.,
to School of Mechanics for intensive
training.

Yours very truly

My dear Professor Lappin:

The editors of the Rutgers Alumni Quarterly are deeply grateful for your kindness in preparing for us and article upon Joice Kilmer '08. I have neglected writing you before because of the fact that I did not know your address, but I trust that you will pardon this delay in acknowledging answer which we all appreciate greatly.

If you will advise me how many copies of the October issue of the Quarterly you desire, I shall be most pleased to send them to you as soon as the October number appears.

Faithfully yours,

Dear Mr. Selous,

I am so glad to have been of use;
and I hope I haven't given the magazine a prominent
black eye with critical readers!

I should like six copies of the QK. if possible,
and indeed, if you could spare them, I could use
seven or eight. I want to send them to some
of Kellogg's admirers abroad.

Thanks for your kind letter.

Very truly yours,

published. We have been greatly delayed owing to

Dear Silvers:

Notice concerning the Alumni Association reached me yesterday. I was under the impression that the class of '18 paid in full just before we graduated. Can you give me a little light on that subject?

I notice you call attention to the work of the Alumni Ass'n along Interscholastic Debating Lines. Is that quite fair? That movement was really an Undergraduate Enterprise, handled and sponsored officially by Philo, and though all the real work was done by an Alumnus, Ralph Voorhees, still in my mind ~~the~~ it remains an undergraduate affair. I believe firmly, however, that the thing has grown altogether too large for Philo and the Undergraduates, and if it is to continue, some permanent organization should certainly be effected among the Alumni, sanctioned by the Ass'n.

I received and was very pleased with the last issue of the Quarterly. May I express my admiration of the work you have done in connection with War Service bureau. That is by far the biggest thing ever attempted by Rutgers Alumnus.

Very truly yours,

Noel D. Ludlow '18

STATE OF NEW JERSEY

AGRICULTURAL EXPERIMENT STATION

NEW BRUNSWICK, N. J.

December 21, 1918.

Dr. W. H. S. Demarest,
Rutgers College,
New Brunswick, N. J.

Dear Dr. Demarest:

I have a letter from Dr. S. A. Waksman, of our Soil Department, in which he advises me that he has accepted a very attractive offer from the Takamine Laboratory Inc., of Clifton, N. J.. He suggests that he will continue, if agreeable to us, to serve as consulting Soil Biologist of the Experiment Station. He would be in a position, through an arrangement made with Dr. Takamine, to give one day a week to the service at New Brunswick, and in addition such spare hours as he may be able to make available.

In view of Dr. Waksman's peculiar ability, and fitness for soil research, I am led to recommend that he be allowed to continue as consulting Soil Biologist of the New Jersey Agricultural Experiment Station at a salary of \$600.00 per annum. The payment would come entirely out of the Adams' Fund of the Experiment Station. Your advice in this connection would be duly appreciated.

Sincerely yours,

Dear Mr. Ludlow:-

I hope that you will pardon us for sending you a second bill for membership in the Alumni Association. You will of course be a paid up member for the present fiscal year and the mailing you of a bill was due to a clerical error here in our office.

While we appreciate all that Philo has done for the interscholastic debating, the Alumni Association feels justified in claiming it as a part of its work in as much as the burden of the program was carried by our alumni secretary, Mr. Voorhees and the money for clerical help was paid by us; We do not wish to take any credit whatever from the undergraduates and that was not the intention of our communication.

Thank you very much for your good word about the Quarterly and the War Service Bureau.

Very sincerely yours,

Dear Silvers:-

I am enclosing a letter to Dr. Demarest urging the selection of Regt. Sgt. Major Patrick Mullaney of the 48th. Infantry as an assistant to the Instructor of the Military Dept. This man is a very unusual non-commissioned officer in all respects, and I strongly urge, Sil, that you use any and all methods at your command to do what you can to get him. See Dr. Demarest, of course, and advise him strongly to secure him. As for references, they are legion, and can be supplied in any quantities you want. It would be a good thing for the Corps to get him, and I am relying on you to do your best.

Hoping to see you very shortly, I am

Mr. Earl Reed Silvers,
Editor, Alumni Quarterly,
Rutgers College,
New Brunswick, N. J.

My dear Mr. Silvers:

Will you please advise me if it would be possible for me to subscribe to the Rutgers Alumni Quarterly, and if so, what the cost is, of a year's subscription, beginning with the first issue after the one of July, 1918, as that is the last one that I received.

I have become greatly interested in this quarterly as I had always been receiving it from my fiance', Rudolph Elmer '17, up until the time of his death, and had always looked forward to receiving it.

Although I am a perfect stranger to you, you are not so, to me, as "Dutch" often spoke of you, and I want to thank you in advance, for advising me regarding the subscription.

Sincerely,

Margaret E. Lott.

Dear Augiel-

In going over our war records, I find that I have you listed as a Chief Quartermaster in Artillery. Is that the right classification; it seems to me that some one told me a short time ago that you were a Lieutenant, or some such thing. I shall appreciate it very much if you will advise me just as soon as you can, so that we can have you listed right in our coming War Book.

With kindest regards,

Very sincerely yours,
